Office of Light-House Engineer

ELEVENTH DISTRICT.

Port Clinton & Tayloport
L. H. Sites

Detroit, Mich., June 12 1889

Wm S. S. Stubbs

Postmaster

Highland Park Ills.

Dear Sir

I am a stranger both to Port Clinton & Taylorport. I wish to settle the sale of the Light House sites at those places without delay.

Please therefore inform me whether both sites are distinctly marked. Are there any buildings on the sites? How far apart are the sites? How can you reach the one from the other? How do you reach either from Chicago? If the weather should be bad on the day of sale are there any buildings on either site in which the sale could be held? The only records in this office show the Taylorport site to contain about

72

3 acres. How much does the Port contain? If you will give me the infor and any other that you may think of value will confer a great favor on

Yours Respectfully
(Signed) G. Weitzel
Major of Engineers U.S.
