Commissioner of Lighthouses:

Referring to its letter of March 21, 1912, requesting that in recommending a person for temporary appointment a statement be made as to whether there are any members of the person's family in the Government Service, the Department invites attention to the fact that this information has not been supplied in the case of Mr. Edward Dahill, who has been recommended for temporary appointment as laborer at Point Pinos Light Station, California.

As Mr. Dahill's appointment is desired pending appointment from an eligible register, the Department has issued an order appointing him to the position mentioned subject to the provisions of Section 9 of the Civil Service Act, which prohibits the appointment of more than two members of the same family in the classified service.

The Department expresses the hope, however, that field officers will be instructed to use more care in seeing that this information is supplied at the time the nomination for appointment is submitted.

Mr. Edward Dahill, Laborer,

Sir:

1. The Board states that your efficiency rating for 1909 is unsatisfactory. It seems that you are not giving an equivalent amount of work for the salary paid you. This condition will not be tolerated by the Board, and you are therefore given 30 days from August 1, 1909 in which to demonstrate that you are such a competent employee as to warrant your retention in the Light-House Service.

2. If in that time it is found that you are still below a fair standard of efficiency, recommendation will be made to the Department that you be dismissed from the Light-House Service.

3. This letter of reprimand is written by direction of the Department, based upon the efficiency report submitted in your case by the Light-House Inspector.

Respectfully,

APPOINTMENT DIVISION RECEIVED JUN 6 1912 4:05 DEPT OF COMMERCE AND LABOR.

Secretary of Commerce and Labor.

The Bureau is informed by telegram from the Inspector of the Eighteenth Lighthouse District, San Francisco, California, that the laborer Louis Bentz at Point Pinos Lightstation, California, at $384 per annum, has resigned. The effective date of the resignation is not stated by the Inspector, who requests authority to employ immediately a temporary laborer, the name of the person selected and the date of entrance on duty to be later reported, pending entrance on duty of regular man.

Approval of the Inspector's telegraphic request is recommended and it is requested that the Bureau be informed of the action taken by the Department, so that the Bureau may advise the Inspector in regard thereto at the earliest practicable moment.

A nomination in proper form will be submitted to the Department as soon as received by the Bureau from the Inspector.

Wrote Bureau 6-7-12

Commissioner of Lighthouses:

The Department is in receipt of the Bureau's letter of the 6th instant, asking approval of the Eighteenth Inspector's request for authority to employ immediately a temporary laborer at Point Pinos Light Station, California, and to report the name of the person selected and the date of his entrance on duty at a later date. It is noted that this request is based on the resignation of Mr. Louis Bentz, the present incumbent of the position, which has not yet been received at the Department.

In response the Department has to state that it can not comply with this request, as such action would not be in accordance with the provisions of the Solicitor's opinion relative to the matter of making appointments effective on a date prior to that on which they are actually authorized by the head of Department. Moreover, the Department does not feel that this case is as urgent as the Inspector's request would indicate, it appearing from the records of this office that Mr. Bentz, the present incumbent of the position mentioned, did not enter upon duty until October 7, 1911, whereas his predecessor resigned at the close of August 31, 1911, so that the position remained vacant for a period slightly in excess of five weeks.

In the event that it is absolutely necessary to assign some one to duty at once, however, the Department will authorize the appoint-

ment as soon as it is advised of the name of the person selected, but from what has been stated in the foregoing paragraph it would seem that this action is not necessary.

Acting Commissioner.

June 17, 1912.

Commissioner of Lighthouses:

Referring to its letter of March 21, 1912, requesting that in recommending a person for temporary appointment a statement be made as to whether there are any members of the person's family in the Government Service, the Department invites attention to the fact that this information has not been supplied in the case of Mr. Edward Dahill, who has been recommended for temporary appointment as laborer at Point Pinos Light Station, California.

As Mr. Dahill's appointment is desired pending appointment from an eligible register, the Department has issued an order appointing him to the position mentioned subject to the provisions of Section 9 of the Civil Service Act, which prohibits the appointment of more than two members of the same family in the classified service.

The Department expresses the hope, however, that field officers will be instructed to use more care in seeing that this information is supplied at the time the nomination for appointment is submitted.

2. The Bureau is reminded that conditions at this station have radically changed since the time quoted above, the light having been changed from fixed (requiring comparatively little attendance) to occulting requiring constant watching, frequent timing and rewinding. Moreover, the keeper is a woman 64 years of age, and since the resignation of the laborer on June 7th, 1912, this important coast light has had but one official employee of the government tending it. The keeper has thus been keeping a watch herself all night since. It is believed that the above statement will make it clear that my request was as urgent as indicated.

Office of Inspector, 18th District
San Francisco, Cal.

May 19th, 1914.

Subject: Assistant Keeper, Point Pinos Lt. Sta.

Returned to the Commissioner, together with copies of letters from Edward Dahill, Laborer at the Point Pinos Light Station, and the Keeper of the station dated April 19th, and with the request that the Bureau reconsider its decision in this matter.

Edward Dahill, the present laborer, has been at the Point Pinos Light Station nearly six years, and is a thoroughly reliable and efficient man. It is understood that the previous keeper of this station in addition to giving Mr. Dahill his board, paid him a certain additional amount for his labors at the station.

It is understoos that if Mr. Dahill is not given an increase in pay, he will resign, which action would entail considerable additional expense, as it would then be necessary to construct additional quarters for an assistant keeper at the station, as Mr. Dahill at present has merely one room in a small shed or outbuilding on the grounds.

The grounds at the Point Pinos Light Station are very well kept, and constitute one of the show places of Pacific Grove. It is considered that Mr. Dahill's duties are as exacting as those of any assistant keeper in the district, and it is recommended that the Bureau give favorable consideration to his nomination to the position of assistant keeper at $540 per annum.

OFFICE OF INSPECTOR 18TH DISTRICT
CUSTOMHOUSE
SAN FRANCISCO, CAL.

April 20th, 1914.

The Commissioner of Lighthouses.

1. Owing to the fact that the duties of the authorized laborer at the Point Pinos Light Station, at a salary of $384 per annum, are similar in all respects to those of ~~other~~ assistant keepers in this district, and in view of the fact that the pay for the authorized position of laborer at this station is not considered sufficient for the character of service rendered, it is recommended that an assistant keeper be authorized for this station with pay at the rate of $540 per annum to date from May 1st, or as soon thereafter as the person to be appointed thereto enters on duty.

2. This recommendation involves an additional expenditure of $90 from the appropriation "Salaries of Keepers of Lighthouses, 1914".

3. Attention is called to the fact that the salary recommended is not in excess of that paid during the previous fiscal year for similar services, attention being invited to the fact that the assistant keepers at the Cape Mendocino Light Station where the duties are similar to those at Point Pinos Light Station receive $600 and $540 per annum, respectively.

Sir:-

The enclosed letter of Mr. Edward Dahill (laborer at this station) has been handed me to forward, and I would respectfully state that an Assistant is necessary at this station. The duties here are more than one person can attend to - the light requires constant attention when in operation and also requires intelligence - more than could be expected or required of a laborer at the emolument he receives.

Commissioner of Lighthouses:

For the reasons set forth in the Eighteenth Inspector's letter of the 20th ~~ultimo~~ April, and in accordance with the Bureau's recommendation of the 8th instant, the Department has authorized the position of assistant keeper of Point Pinos Light Station, California, at $516 per annum, effective on the date of entrance on duty of the person to be appointed thereto, and has discontinued the position of laborer, at $384 per annum, effective at the close of the date immediately preceding that on which the former position becomes effective.

In accordance with the Bureau's further recommendation, the Department has issued an appointment to Edward Dahill as assistant keeper of the above-mentioned station, effective on the date of entrance on duty.
