Isle La Motte Lt.Sta.

1. You are advised that William W. Grant, Keeper of Isle La Motte Lt.Sta.,Vt. has to-day been directed to report to you at some convenient date for physical examination.

2. The reason for this examination is to determine whether or not Mr.Grant is physically capable of performing the duties of his position, with a possible view of retirement. The regulations pertaining to such retirement require that recommendation for the retirement of an employee must be accompanied by a proper medical certificate based on examination by a Medical Officer of the United States , stating if the disability is permanent, and if not, the Medical Officers' view as to when reexamination is desirable, and also stating whether the disability is due to vicious habits, intemperance, or willful misconduct. Will you kindly have Mr.Grant examined and furnish this office with a certificate on the attached Form 9a, supplying the information called for therein. In preparing the report on Form 9a it would be appreciated if the information furnished is quite complete so that sufficient definite information is available for basing action on the applicants request for retirement on account of disability.

September 17, 1914.

Lighthouse Inspector, Portland, Maine:

There is returned herewith, canceled, your nomination of September 1, 1914, for the probationary appointment of Cheever J. Prentice as second assistant engineer of the Lilac, with the information that there is no vacancy at this time in the position referred to, for the reason that the regular second assistant engineer of that tender, W. W. Grant, is on detail to the tender Mangrove. J. F. Grant, 2d assistant engineer of the tender Hibiscus, is on detail to the Lilac, for a period not to exceed three months from August 5, 1914. At the present time there is no vacancy to which W. W. Grant could be transferred, in order to create a vacancy on the Lilac, but the Bureau will give further consideration to so transferring him as soon as opportunity presents itself.

Upon the termination of the detail of John F. Grant, 2d, to the Lilac, you may make recommendation in accordance with Bureau circular 286 for an extension of the detail for a period not to exceed three months, or six months, if it is practicable to spare his services from the Hibiscus. In this connection your attention is invited to the fact that by details in accordance with Bureau circular 286 you may make such an arrangement as may be practicable in your district with regard to engineer officers on the tenders in your district until such time as the Bureau will be in a position to give you a regular second assistant engineer for the tender Lilac. Furthermore,

in the event of the occurrence of a vacancy in the position of second assistant engineer of the Lilac, the Bureau desires to consider cadet engineer C. E. Meek, now on the tender Arbutus, in the Seventh Lighthouse District, for transfer and promotion to that position. License held by Meek: 2d asst. engineer, ocean steamers of 2,000 gross tons, and 3d asst. engineer of unlimited tonnage.

You should advise the local district civil service secretary of the cancelation of the nomination in the case of Prentice.

ONE inclosure.

Commissioner of Lighthouses:

There is transmitted herewith a nomination for promotion for Mr. W. W. Grant to the position of First Assistant Engineer. The tender Mangrove rates this position, the duties of which have been performed by Mr. Grant since July 12, 1913, with the rank and pay of Second Assistant Engineer.

Unless, therefore the Bureau has reasons unknown to this office for continueing the present arrangement, I recommend that Mr. Grant's detail for this vessel as Second Assistant Engineer be terminated, and that he be given a regular appointment as First Assistant Engineer on this vessel.

Inspector.

Grant is 2A Tulip @ 1020 on detail to Mangrove
Perry is 1A Esquire @ 1080 on detail to Mangrove
Grant cannot be promoted to 1A Mangrove until Perry leaves 1A Esquire on Mangrove.
Reason this promotion be made at first opportunity which presents itself in future. Not recommended that he be made now as there is no vacancy & as it is not thought advisable to recommend an additional position & further comply with these details.

The Bureau is unable at this time to approve your recommendation for the reason that Grant is the regular second assistant engineer of the tender Lilac, at $1020 per annum, on detail to the Mangrove in the place of Harry Perez, first assistant engineer of the Mangrove at $1080 per annum, on detail to the Arbutus. Grant cannot therefore be promoted, vice Perez until Perez vacates his present position. It is further not considered advisable to authorize an additional position of first assistant engineer of the Mangrove in order to permit of the promotion in question. Referring to your letter of June 18, 1915, reporting the termination of the detail of W. W. Grant, Second Assistant Engineer in the Lighthouse Service, from the tender Lilac to the tender Mangrove.

Attention is invited to the fact that the last Bureau authority for the extension of the detail of Grant to the Mangrove was for not to exceed six months from July 12, 1914, and you should therefore have requested an extension of the detail referred to for the period from January 12, 1915 to the close of June 18, 1915. In view of your failure to ask such authority, the Bureau hereby extends the detail of Grant from the Lilac to the Mangrove for the period from January 12, 1915 to the close of June 18, 1915, and will regard the assignment of Grant to the Mangrove as being effective beginning June 19, 1915.

Commissioner of Lighthouses:

Referring to the next to the last paragraph of Circular Letter #73:

I have to report that there are no details of officers of tenders in this district, except that of W. W. Grant who is the regular Second Assistant Engineer of the tender Lilac. He is detailed to the tender Mangrove where he has acted as First Assistant Engineer since July 12, 1913, with the rank and pay of a Second Assistant Engineer.

My understanding of the new arrangement is that it is not the desire of the Bureau to assign an officer holding an appointment as Second Assistant Engineer to duty on a tender where he will be required to perform the duties of a First Assistant Engineer.

I am therefore inclosing herewith a nomination for the promotion of Mr. W. W. Grant to the position of First Assistant Engineer in the Lighthouse Service at large, with the recommendation that he be assigned to duty as First Assistant Engineer of the tender Mangrove.

Lighthouse Inspector, Charleston, S. C.

Referring to the vacancy in the position of engineer at $1500 per annum, assigned to the tender Magnolia, 8th District, created by the death of James P. Williams, on June 4, 1915.

It is requested that you advise the Bureau at the earliest practicable date whether or not William W. Grant, second assistant engineer in the Lighthouse Service, at $1020 per annum, assigned to duty on the tender Mangrove, 6th District, would, if offered, accept transfer and promotion to the position referred to in the first paragraph above, and, if so, whether or not you would recommend such promotion. In the event of a response in the affirmitive, the Bureau will consider the payment of Grant's actual and necessary traveling expenses to his new post of duty. See Bureau indorsement of June 16, 1915, and subsequent correspondence in this matter.

In regard to your letter of June 25, 1915, you are advised that the Bureau has today recommended to the Department the transfer and promotion of Francis T. Douglass, from the position of cadet officer at $660 p. a., assigned to the Mangrove, 6th District, to the position of second assistant engineer at $840 p. a., for assignment to the tender Orchid, 5th District. The Bureau has under consideration for the position in question William W. Grant, second assistant engineer in the Lighthouse Service, at $1020. per annum, assigned to duty on the tender Mangrove, Sixth District, would, if offered, accept transfer and promotion to the position of engineer at $1500 per annum, assigned to the tender Magnolia, Eighth District.

The promotion of Mr. Grant is recommended.

H. L. BECK.

Lighthouse Inspector.

HHW-WES.

Wm. W. Grant,
promotion.

July 19, 1915.

Secretary of Commerce:

The Bureau recommends the promotion of Mr. William W. Grant, from the position of second assistant engineer in the Lighthouse Service, at $1020 per annum, assigned to duty on the tender Mangrove in the Sixth Lighthouse District, to the position of engineer in the Lighthouse Service at $1500 per annum, for assignment to duty on the tender Magnolia, in the Eighth District, vice James P. Williams, who died on June 4, 1915, Effective on date of Entrance on duty.

Careful consideration has been given to all qualified employees available for consideration for promotion to the position in question, and Mr. Grant is considered entitled to the promotion by reason of his efficiency and the fact that he has a greater length of service and better license than any other engineer officer available for consideration. Mr. Grant has indicated his willingness to accept the transfer referred to. It is also recommended that provision be included in the appointment certificate of Mr. Grant for the payment of his actual and necessary traveling expenses from the tender Mangrove, Sixth District, to the tender Magnolia, Eighth District.

Appropriation: Salaries, Lighthouse Vessels.

Mr. Grant possesses license sufficient to cover the position to which his promotion is recommended. The present position occupied by Grant belongs to the normal force of the tender Lilac, which is now laid up.

Pursuant to Executive Order dated April 11, 1917 issued under authority of the Act of Congress approved August 29, 1916 (39 Stat. 602) the Tender MAGNOLIA its personnel and equipment was transferred to the service and jurisdiction of the War Department on April 11, 1917. At the close of June 30, 1919 the Tender MAGNOLIA was restored to the service and jurisdiction of the Lighthouse Service in the Department of Commerce.

Under a decision of the Judge Advocate General of the Navy dated August 20, 1924 it was held that personnel transferred by the Executive Order above referred to were entitled to adjusted compensation. The personnel in question were also awarded the Victory Medal and have been granted the benefits of the War Risk Insurance Act in recognition of their status as veterans.

Enlistment, Commission, and discharge papers were not issued by the Navy and/or War Department to individuals to cover their status with respect to such service under those Departments, and in the absence thereof certificates were issued by the Commissioner of Lighthouses to persons properly eligible therefor in evidence of their status in the matter.

At the time of appointment with the Lighthouse Service Mr. Grant listed his wife Annie Grant, Alburgh, Vermont, as person to notify in case of emergency. His place and date of birth was shown as Vinal Haven, Maine June 8, 1871.

A copy of Form 3102 is returned herewith.
