INSTRUCTIONS

The nominee's name (include full Christian name and middle initial or initials, if any) should be correctly spelled and the official name of the position and station accurately stated. In nominating a person already in the Lighthouse Service his last appointment should be examined for official name of position, station, salary, etc.

In case a nominee's legal residence as stated on this nomination is different from that contained in his last appointment, or is different from that stated on the eligible register if the nomination is for probationary appointment, a statement to that effect should be made under "Remarks."

The instructions in regard to transfers of employees, as set forth in Regulations, 1927, articles 415 and 429, should be carefully followed.

Under "Action recommended" indicate clearly the kind of appointment desired, as temporary, probationary, etc. If temporary, indicate under that heading or under "Remarks" the period for which appointment is desired and the necessity therefor.

If a license from the Steamboat Inspection Service is required for the position to which appointment is recommended, state grade, waters, and tonnage covered by the license, and whether or not the same is sufficient to cover the position.

When it is proposed to fill a new position, indicate the fact by inserting, after the words "Previous incumbent," the words "New position," and give the date of Department letter. Always ascertain that proper report or recommendation for the disposition of the services of the previous incumbent has been made before submitting recommendation for the appointment of a successor.

In recommending the reinstatement, or original appointment, of a person whose papers show that he has already served under some branch of the Department of Commerce, include a brief note of that fact on the nomination.

Recommendation for permanent or temporary appointment or extension of appointment to positions for which eligible registers are maintained by the Civil Service Commission at Washington, D. C., or for appointment to excepted positions, or for transfer, promotion, reduction, or reinstatement, shall not be forwarded through the civil service district secretary, but all other recommendations for permanent or temporary appointment or extension shall be forwarded through the district secretary.

When a person recommended for probationary appointment, or reinstatement, states that he has two or more members of his family in the Government service, he should be directed to properly fill out civil service Form No. 1769, which should be forwarded with the nomination.

When a person recommended for reinstatement has been out of the service over one year, Form S. S. 93–A, supplemental, should be submitted in duplicate.

In recommending the appointment of a keeper, state under "Remarks" whether or not quarters are furnished by the Government for his family.

After "Other eligibles considered" superintendents will state the names of the eligibles who "declined" or "failed to reply," and those "who were merely considered without other action," and will indicate the same after each name by the use of the key terms "D," "FR," and "C," respectively.

Opposite "Rank on eligible list" superintendents will state whether the person recommended stands first, second, or third, as the case may be, of the eligibles available for appointment to the position in question.

In submitting nominations for temporary appointment, state under "Remarks" whether or not the work is job employment, and, if job employment, make certificate that upon completion of the work the services of a person in the position will no longer be required. State also as definitely as possible the period for which the services of the person will be needed.

Commissioner of Lighthouses:

The Department is in receipt of the Nineteenth Inspector's communication of the 19th ultimo transmitting resignation of Daniel P. Haleamau, first assistant keeper of Kilauea Point Light Station, T. H., at $816 per annum, forwarded by the Bureau on the 30th ultimo with the recommendation that the same be accepted "not without prejudice", effective at the close of March 31, 1914.

In this connection the Department has to state that it can see no reason why Mr. Haleamau's resignation should not be accepted in the usual manner. While it is true that his services in the past have not been entirely satisfactory, yet the Inspector reported on February 17, 1914, that this employee had exerted considerable effort to correct his shortcomings with the result that he had brought his efficiency up to the average for other keepers.

Should Mr. Haleamau's resignation be accepted with prejudice, it would probably militate against his chances for employment elsewhere, and the circumstances in his case are hardly such as to warrant the action recommended by the Bureau, as the acceptance of a resignation "not without prejudice" has the effect of a dismissal. The Department has therefore accepted the resignation of Mr.

INDEXED

Haleamau in the usual manner, and his service record will be taken into consideration in the event his name is ever considered in the future for reappointment in this Department.

DIVISION OF APPOINTMENTS AND PROMOTIONS MAR 5 - 1914 DEPT OF COMMERCE

Referring to Department letter of August 15, 1913, requesting that a further report, accompanied by proper recommendation, be made at the expiration of six months in the case of Daniel P. Haleamau, 1st Assistant Keeper, Kilauea Point Light Station, who was cautioned on July 9, 1913, by the Lighthouse Inspector.

The Inspector has kept in close touch with this station during the past six months. In October and November 1913, there was considerable lack of harmony among the keepers which resulted principally from the lack of good judgment on the part of the keeper in the administration of regulations,- especially in minor points not covered by the regulations. The Inspector has practically succeeded in adjusting this matter.

Mr. Haleamau has exerted considerable effort to correct his short comings and his services have greatly improved thereby. He has not again been guilty of sleeping during his watch. He manifests considerable interest in his work which now rates as average. In view of these facts it is respectfully recommended that no further action against Mr. Haleamau be taken in this case.

Because of the importance of this station and of its rather

complicated illuminating apparatus, it is highly essential that all keepers render best of service and should show signs improvement in the operation of the light.

On account of the small number of high order stations in this district and the comparative larger number of lens lantern stations there have been of necessity some promotions of keepers from the latter to the former. Such keepers invariably show considerable weakness when first transferred. This will be carefully watched and in the future any of these keepers who may fail to show proper improvement and interest will be transferred to simpler stations.

AEA-GKM:

McC. Bureau of Lighthouses,

Commissioner of Lighthouses:

The Department is in receipt of the Bureau's communication of the 5th instant, forwarding copy of letter dated July 16, 1913, and enclosures, from the Inspector of the Nineteenth Lighthouse District, relative to charges of neglect of duty on the part of Daniel P. Haleamau, first assistant keeper of Kilauea Point Light Station, T. H., as reported by the keeper of that station.

It is noted that in the letter of caution addressed to Mr. Haleamau under date of July 9, 1913, he was charged with being asleep on duty and with manifesting no interest in his work or the upkeep of the station. Upon consideration of Mr. Haleamau's statement of July 13, however, and in view of his previous good record, the Department approves the action taken by the Inspector in this case, but requests that a further report, accompanied by appropriate recommendation, be made at the expiration of six months.

(Through the Keeper).

Sir:

I have your reply of July 13th to letter of caution from this office dated July 9th.

In reply as to neglect of duty as set forth under statements 1 and 2, I note that you attribute this to the fact that your wife has not been well since June 29th. It is believed that the Keeper would take such matters into consideration in his requirements as to the duty to be performed by you at such a time, especially as this matter was mentioned to him by the Inspector on June 28th, when at the station.

In reply to statement 3 that you cannot understand how much more work is expected of you. The keeper will require you to do one-third of the work at the station and the quality of your work and the interest manifested in same must be improved upon.

You have had a copy of regulations govering lighthouse keepers since you entered the Service and that station is provided with such a copy. You should study these regulations thoroughly in order to understand their application to a station of that class.

Copy of regulations will be mailed to you.

You will take care that other complaints against you in this connection do not arise in the future.

Respectfully,

Inspector, 19th Lighthouse Dist.

DEP'T OF COMMERCE

Kilauea Point Light Station.
July 13th, 1913.

To Inspector 19th L. H. Dist.
Honolulu, T. H.

Sir;

Your caution letter of July 9th has been received and in reply to the following report sent in by the keeper namely;

1st, Asleep during watch on July 5th.
I admit of my being half asleep, for cause of having very little rest since June 29th, that on this date my wife gave birth and that no one to attend and care for with the small children, during the week, but myself.

2nd, Neglect of duty assigned on July 6th, to received visitors. I admit for the first time in this case. I have been up ready to received visitors to 2:30 P.M. when I happened to lay for an hour rest, on which I have to stand watch again during the night, and that my wife was still in her delicate condition, whom the only one that

may assist me in this matter by awakening me.

2nd That I manifest no interest in the the work or upkeep of the station. At this point I can not stated how much more I love to work. Although I have worked and upheld all undertakings to the best of my abilities, moreover I do and am honestly interested in the work, though I am duly ignorant to avoid and to follow the regulation of such a station of this kind, and I therefore beg you to furnish me a copy of instructions and regulation of the U.S.L.H.S. to which I will study it carefully and follow by it accordingly,

I will tried to do better and perform to upheld and keep all duties in all respect in the coming future. I close and remain.

OFFICE OF
ASSISTANT TO THE ENGINEER, 12TH DISTRICT
HONOLULU, HAWAII

July 9, 1913.

Mr. Daniel P. Haleamau,
1st Assistant Keeper, Kilauea Point Light Station,
Kilauea, Kauai.

(Through the Keeper).

Sir:

The Keeper at your station reports the following neglect of duty on your part as 1st Assistant Keeper:

1. That you were asleep during your watch on the night of July 5, 1913.

2. That you neglected certain duties assigned to you on July 6, 1913, namely: To receive visitors and keep a general outlook on the reservation and giving as your excuse in this case that you went to sleep.

3. That you manifest no interest in the work or upkeep of the station.

In this connection your attention is called to paragraph "Obedience to orders", page 143 of the regulations, in which you are required to obey readily and strictly, and to execute with promptitude and zeal the lawful orders of your superior.

Your attention is also called to paragraph "Watches", page 160 of the regulations, in part as follows: "Watches shall be stood in such place and manner as to give continuous and the best possible attention to the light and the fog signal when in operation".

Your failure to properly observe orders from the Keeper and to keep a continuous watch of the light on account of your going to sleep while on duty, constitutes such grave inefficiency on your part that you are hereby cautioned that any failure in the future, to live up to the requirements of the regulations, will be considered sufficient cause for taking more drastic action.

The statement of the Keeper that you show no interest in the work or upkeep of the station is borne out by information furnished me by the Superintendent, who reports that since taking up the duties of 1st Assistant Keeper at that station, you have manifested a spirit of indifference toward your work.

Immediately upon the receipt of this letter you will submit any reply which you may have to account for these short-comings.

Your past record warrants satisfactory service.

Respectfully,

Inspector, 19th Lighthouse Dist.

Office of
Assistant to the Engineer, 12th District
Honolulu, Hawaii

July 16, 1913.

The Commissioner of Lighthouses:

I have to transmit herewith, in duplicate, a letter of caution addressed to Mr. Daniel P. Haleamau, 1st Assistant Keeper of Kilauea Point Light Station, because of certain neglect of duty as reported by the Keeper.

Mr. Haleamau's services as Keeper at Kailua Light Station had been so satisfactory that he was offered the position of 1st Assistant Keeper at Kilauea Point Light Station which he readily accepted. About the time his appointment was received in this office a request not to be transferred, giving certain childish reasons for not wishing to make the change was received from him. As he had been given the chance to accept or refuse this station, I required him to accept the transfer, as his appointment had already been issued, if he wished to remain in the Lighthouse Service. He seemed to be considerably displeased at this and failed to manifest the proper interest in the work at the new station.

It is believed that the letter of caution will have the desired effect. If, however, he continues to manifest a manner of indifference and inefficiency he will have to be demoted to a lens lantern station or dismissed from the service.

INSTRUCTIONS

The nominee's name (include full Christian name and middle initial or initials, if any) should be correctly spelled and the official name of the position and station accurately stated. In nominating a person already in the Lighthouse Service his last appointment should be examined for official name of position, station, salary, etc.

In case a nominee's legal residence as stated on this nomination is different from that contained in his last appointment, or is different from that stated on the eligible register if the nomination is for probationary appointment, a statement to that effect should be made under "Remarks."

The instructions in regard to transfers of employees, as set forth in Regulations, 1927, articles 415 and 429, should be carefully followed.

Under "Action recommended" indicate clearly the kind of appointment desired, as temporary, probationary, etc. If temporary, indicate under that heading or under "Remarks" the period for which appointment is desired and the necessity therefor.

If a license from the Steamboat Inspection Service is required for the position to which appointment is recommended, state grade, waters, and tonnage covered by the license, and whether or not the same is sufficient to cover the position.

When it is proposed to fill a new position, indicate the fact by inserting, after the words "Previous incumbent," the words "New position," and give the date of Department letter. Always ascertain that proper report or recommendation for the disposition of the services of the previous incumbent has been made before submitting recommendation for the appointment of a successor.

In recommending the reinstatement, or original appointment, of a person whose papers show that he has already served under some branch of the Department of Commerce, include a brief note of that fact on the nomination.

Recommendation for permanent or temporary appointment or extension of appointment to positions for which eligible registers are maintained by the Civil Service Commission at Washington, D. C., or for appointment to excepted positions, or for transfer, promotion, reduction, or reinstatement, shall not be forwarded through the civil service district secretary, but all other recommendations for permanent or temporary appointment or extension shall be forwarded through the district secretary.

When a person recommended for probationary appointment, or reinstatement, states that he has two or more members of his family in the Government service, he should be directed to properly fill out civil service Form No. 1769, which should be forwarded with the nomination.

When a person recommended for reinstatement has been out of the service over one year, Form S. S. 93–A, supplemental, should be submitted in duplicate.

In recommending the appointment of a keeper, state under "Remarks" whether or not quarters are furnished by the Government for his family.

After "Other eligibles considered" superintendents will state the names of the eligibles who "declined" or "failed to reply," and those "who were merely considered without other action," and will indicate the same after each name by the use of the key terms "D," "FR," and "C," respectively.

Opposite "Rank on eligible list" superintendents will state whether the person recommended stands first, second, or third, as the case may be, of the eligibles available for appointment to the position in question.

In submitting nominations for temporary appointment, state under "Remarks" whether or not the work is job employment, and, if job employment, make certificate that upon completion of the work the services of a person in the position will no longer be required. State also as definitely as possible the period for which the services of the person will be needed.

Commissioner of Lighthouses:

The Department is in receipt of the Nineteenth Inspector's communication of the 19th ultimo transmitting resignation of Daniel P. Haleamau, first assistant keeper of Kilauea Point Light Station, T. H., at $816 per annum, forwarded by the Bureau on the 30th ultimo with the recommendation that the same be accepted "not without prejudice", effective at the close of March 31, 1914.

In this connection the Department has to state that it can see no reason why Mr. Haleamau's resignation should not be accepted in the usual manner. While it is true that his services in the past have not been entirely satisfactory, yet the Inspector reported on February 17, 1914, that this employee had exerted considerable effort to correct his shortcomings with the result that he had brought his efficiency up to the average for other keepers.

Should Mr. Haleamau's resignation be accepted with prejudice, it would probably militate against his chances for employment elsewhere, and the circumstances in his case are hardly such as to warrant the action recommended by the Bureau, as the acceptance of a resignation "not without prejudice" has the effect of a dismissal. The Department has therefore accepted the resignation of Mr.

Sir:

Having tendered your resignation as first assistant keeper of Kilauea Point Light Station, T. H., at $816 per annum, the Department has accepted the same, effective at the close of March 31, 1914.

complicated illuminating apparatus, it is highly essential that all keepers render best of service and should show signs of improvement in the operation of the light.

On account of the small number of high order stations in this district and the comparative larger number of lens lantern stations there have been of necessity some promotions of keepers from the latter to the former. Such keepers invariably show considerable weakness when first transferred. This will be carefully watched and in the future any of these keepers who may fail to show proper improvement and interest will be transferred to simpler stations.

The Commissioner of Lighthouses:

Referring to Department letter of August 15, 1913, requesting that a further report, accompanied by proper recommendation, be made at the expiration of six months in the case of Daniel P. Haleamau, 1st Assistant Keeper, Kilauea Point Light Station, who was cautioned on July 9, 1913, by the Lighthouse Inspector.

The Inspector has kept in close touch with this station during the past six months. In October and November 1913, there was considerable lack of harmony among the keepers which resulted principally from the lack of good judgment on the part of the keeper in the administration of regulations,- especially in minor points not covered by the regulations. The Inspector has practically succeeded in adjusting this matter.

Mr. Haleamau has exerted considerable effort to correct his short comings and his services have greatly improved thereby. He has not again been guilty of sleeping during his watch. He manifests considerable interest in his work which now rates as average. In view of these facts it is respectfully recommended that no further action against Mr. Haleamau be taken in this case.

Because of the importance of this station and of its rather

Commissioner of Lighthouses:

The Department is in receipt of the Bureau's communication of the 5th instant, forwarding copy of letter dated July 16, 1913, and enclosures, from the Inspector of the Nineteenth Lighthouse District, relative to charges of neglect of duty on the part of Daniel P. Haleamau, first assistant keeper of Kilauea Point Light Station, T. H., as reported by the keeper of that station.

It is noted that in the letter of caution addressed to Mr. Haleamau under date of July 9, 1913, he was charged with being asleep on duty and with manifesting no interest in his work or the upkeep of the station. Upon consideration of Mr. Haleamau's statement of July 13, however, and in view of his previous good record, the Department approves the action taken by the Inspector in this case, but requests that a further report, accompanied by appropriate recommendation, be made at the expiration of six months.

Subject: Daniel P. Haleamau, caution.

Submitted to Secretary of Commerce for his information, and concurring in the action taken by the Inspector in this case.

If Haleamau continues to maintain a manner of indifference and inefficiency, further report accompanied by appropriate recommendation will be made to the Department.

Acting Commissioner.

Bureau file.

July 9, 1913, 19th Inspector, addressed letter to Daniel P. Haleamau, 1st asst. keeper, Kilauea Point L. S., stating that he was asleep on watch, neglect certain duties, and manifested no interest in his work. Invites his attention to the regulations. Cautions him that failure in the future to live up to requirements of the regs will be considered sufficient cause for taking drastic action.

July 13, 1913, Haleamau, responds to above letter, admits being half asleep on watch on July 5, assigning as cause his wife's illness. Admits neglect of duty on July 6 in receiving visitors, on account of taking rest which he needed. As to the charge of lack of interest in his work, states that he has worked and upheld all undertakins to the best of his ability; that he does the work and is honestly interested therein.

July 16, 1913, 19th Inspector, writes Haleamau to the effect that he believes the Keeper would have taken the matter of his wife's health into consideration in his requirements as to the duty to be performed; that the keeper will require him to do one-third of the work at the station and that the quality and interest manifested in his work must be improved upon.

Bureau file

The Commissioner of Lighthouses:

I have to transmit herewith, in duplicate, a letter of caution addressed to Mr. Daniel P. Haleamau, 1st Assistant Keeper of Kilauea Point Light Station, because of certain neglect of duty as reported by the Keeper.

Mr. Haleamau's services as Keeper at Kailua Light Station had been so satisfactory that he was offered the position of 1st Assistant Keeper at Kilauea Point Light Station which he readily accepted. About the time his appointment was received in this office a request not to be transferred, giving certain childish reasons for not wishing to make the change was received from him. As he had been given the chance to accept or refuse this station, I required him to accept the transfer, as his appointment had already been issued, if he wished to remain in the Lighthouse Service. He seemed to be considerably displeased at this and failed to manifest the proper interest in the work at the new station.

It is believed that the letter of caution will have the desired effect. If, however, he continues to manifest a manner of indifference and inefficiency he will have to be demoted to a lens lantern station or dismissed from the service.

Amounts due to the estates of deceased creditors of the United States are payable primarily to the executors or administrators of the estates of such creditors. In each such case a short certificate of letters testamentary or of administration, if issued, with a showing whether still in force and effect, and this application signed by the executor or administrator, shall be submitted to the proper official.

If an executor or administrator has not been and will not be appointed and an amount not in excess of $500 is due the estate of a deceased creditor of the United States, the amount due may be paid to the person or persons who under the laws of the domicile of the decedent or an applicable Federal statute would be entitled to receive the money if administration were had. In such case this form of application should be executed by such person or persons and submitted to the proper official.

In case of an *incompetent* creditor, a short certificate showing the appointment and qualification of a guardian or committee of the estate of the incompetent, whether bond, if required, has been given, and whether appointment is still in force and effect, and application on this form for the payment of the sum or sums from the United States, signed by the guardian or committee, shall be submitted to the proper official.

Payments to be made on this form are for the convenience and accommodation of the claimants and the burden of proving the existence of the conditions under which such payments may be made rests upon them.

Dear Sir:

In reply to your letter of January 21st, in regards to Haleamau Estate, have investigated the matter thoroughly at the Public Land Office and found out that Mrs. Haleamau transferred the property in question to the deceased (Mr. Haleamau) sometime before she died. So Mr. Haleamau was the present owner of the property.

According to the Land Department regulations Mr. Haleamau cannot WILL this property to anyone because he did not own it in fee simple (still T. H. land) so he died intestate.

As far as the law is concerned all the children have an interest in the estate.

The son that is residing on the property has filed a 1935 "Home Exemption Claim".

Dear Sir:

This acknowledges the receipt of your letter of January 21, 1935.

The late Daniel P. Haleamau left no will or any other papers with me. I understand, however, that James M. I am of the same opinion that Mr. Haleamau died intestate.

Dear Sir:

With reference to the unfortunate loss of Mr. Daniel P. Haleamau who was serving in this Service as 2nd Assistant Keeper at Kilauea Point Light Station, up to the time of his death, it is respectfully requested that you advise this office by return mail whether Mr. Halemau (who, it is understood, was a very good friend of yours) left a will or any other of his personal papers in your possession. Mr. Haleamau's daughter Mrs. Catherine Kaili and one of his sons, Mr. John Haleamau are now in Honolulu and they together with this office are trying to establish definitely whether Mr. Haleamau died testate or intestate in order that definite steps may be taken by them and this Service in connection with the administration of his estate as well as collection of any moneys due him by reason of his Service with the Federal Government.

It would be deeply appreciated if you would advise this office as soon as practicable relative to the foregoing. For your convenience, there is enclosed a self-addressed franked envelope for this purpose.

Dear Sir:

This office regrets to advise you of the unfortunate loss of Mr. Daniel P. Haleamau, who up to the time of his death was serving as 2nd Asst. Keeper, Kilauea Point Light Station.

It is understood that Mr. Haleamau was guardian of the estate of Mrs. Haleamau as covered by will left by Mrs. Haleamau at time of her death. It is believed that all papers in connection therewith as well as a will signed by Mrs. Haleamau were left either in your care or in care of one of his personal friends in your office. It is respectfully requested that you make an exhaustive search in an effort to locate any documents left by Mr. Haleamau, advising this office at the earliest practicable time as to your findings.

For your information, two of Mr. Haleamau's children are at this time in Honolulu and they, together with this office are making an effort to ascertain whether Mr. Haleamau died testate or intestate in order that necessary action may be taken relative to administration of his estate as well as collection of any moneys due his heirs (by reason of his services in the Federal Government). For your information, there is enclosed a self addressed franked envelope for your reply.

Dear Sir:

This office desires to express its appreciation for your interest and material assistance in the recent death and funeral of the former Second Assistant Keeper, Daniel Haleamau, of the Kilauea Point Light Station.

Mrs. Catherine Kaili, daughter of Mr. Haleamau, indicated to the Superintendent that the family was very appreciative of your kind assistance during their recent bereavement.

I desire to state that upon radio advice of the Keeper of the death of Mr. Haleamau, it was ascertained by radio-telephone conversation with the Keeper, that in view of the fact that two of Mr. Haleamau's sons were on Kauai, and that funeral arrangements would be made for burial on Kauai, it was unnecessary for this office to send a representative to Kauai for the purpose of perfecting the arrangements.

Be assured that this office fully appreciates your cooperation with the Keepers of the Kilauea Point Light Station.

My dear Mrs. Kaili:

In connection with the regrettable loss of your father, Mr. Daniel P. Haleamau, in order that this office may assist you in receiving payment of salary due Mr. Haleamau up to the close of December 25th, it is respectfully requested that you furnish the following information:

1. Did Mr. Haleamau leave a will ?
2. If so, have you a copy of same ?
3. If he did leave a will, and you have no copy, do you know who is in possession of same ?
4. Have all funeral expenses been paid ? If so, please furnish copy of undertaker's receipted bill; if not, advise what steps have been taken to take care of the funeral expenses.

Upon receipt of this information, you may rest assured that this office will take all steps possible to see that Mr. Haleamau's heirs or beneficiaries receive salary due him at the earliest practicable time.

In connection with the foregoing, please call at this office as soon as practicable to confer with the Chief Clerk relative to the foregoing questions.

1. For your information, advice has been received from the Bureau of Lighthouses that in view of the fact that your certificate of baptism does not show the month or day of birth, such information lacking, the certificate was not acceptable to the Bureau and it will be necessary that you take other means to establish conclusive evidence as to the date of birth, in accordance with one of the procedures outlined in Form 2473, attached herewith.

2. You are advised that the Bureau of Lighthouses requests this evidence at the earliest practicable time, and in order to safeguard your present status in the Service, you are directed to take immediate steps to furnish the information that is desired. In this connection, your particular attention is invited to paragraphs 5 and 6 of Form 2473 which seem to be the only remaining means by which you may substantiate your date of birth in view of the fact that copy of baptism certificate did not show the month or day of birth.

INSTRUCTIONS

The nominee's name (include full Christian name and middle initial or initials, if any) should be correctly spelled and the official name of the position and station accurately stated. In nominating a person already in the Lighthouse Service his last appointment should be examined for official name of position, station, salary, etc.

In case a nominee's legal residence as stated on this nomination is different from that contained in his last appointment, or is different from that stated on the eligible register if the nomination is for probationary appointment, a statement to that effect should be made under "Remarks."

The instructions in regard to transfers of employees, as set forth in Regulations, 1927, articles 415 and 429, should be carefully followed.

Under "Action recommended" indicate clearly the kind of appointment desired, as temporary, probationary, etc. If temporary, indicate under that heading or under "Remarks" the period for which appointment is desired and the necessity therefor.

If a license from the Steamboat Inspection Service is required for the position to which appointment is recommended, state grade, waters, and tonnage covered by the license, and whether or not the same is sufficient to cover the position.

When it is proposed to fill a new position, indicate the fact by inserting, after the words "Previous incumbent," the words "New position," and give the date of Department letter. Always ascertain that proper report or recommendation for the disposition of the services of the previous incumbent has been made before submitting recommendation for the appointment of a successor.

In recommending the reinstatement, or original appointment, of a person whose papers show that he has already served under some branch of the Department of Commerce, include a brief note of that fact on the nomination.

Recommendation for permanent or temporary appointment or extension of appointment to positions for which eligible registers are maintained by the Civil Service Commission at Washington, D. C., or for appointment to excepted positions, or for transfer, promotion, reduction, or reinstatement, shall not be forwarded through the civil service district secretary, but all other recommendations for permanent or temporary appointment or extension shall be forwarded through the district secretary.

When a person recommended for probationary appointment, or reinstatement, states that he has two or more members of his family in the Government service, he should be directed to properly fill out civil service Form No. 1769, which should be forwarded with the nomination.

When a person recommended for reinstatement has been out of the service over one year, Form S. S. 93–A, supplemental, should be submitted in duplicate.

In recommending the appointment of a keeper, state under "Remarks" whether or not quarters are furnished by the Government for his family.

After "Other eligibles considered" superintendents will state the names of the eligibles who "declined" or "failed to reply," and those "who were merely considered without other action," and will indicate the same after each name by the use of the key terms "D," "FR," and "C," respectively.

Opposite "Rank on eligible list" superintendents will state whether the person recommended stands first, second, or third, as the case may be, of the eligibles available for appointment to the position in question.

In submitting nominations for temporary appointment, state under "Remarks" whether or not the work is job employment, and, if job employment, make certificate that upon completion of the work the services of a person in the position will no longer be required. State also as definitely as possible the period for which the services of the person will be needed.

INSTRUCTIONS TO ELIGIBLES.

1. This office should be informed of any change of post-office address. A failure to do so may result in losing an appointment. All correspondence should give legal residence, kind of examination, date when taken, and the rating obtained.

2. Relative standing on any particular register is constantly changing by the addition or dropping of names with higher averages, by the restoration to the register of the names of persons who have declined appointment, etc. The average percentage obtained, and not the date of examination, determines the position of a name on the register.

3. The term of eligibility is one year from the date of entering the name on the register. The entry is usually made within a few days after the date of the notice of rating. Extension of eligibility is made only when the needs of the service require it, and then must apply to the entire list of eligibles.

4. This office has no knowledge of when vacancies may occur, and therefore can not express an opinion in regard to the prospect of an eligible for appointment.

5. When there is a vacancy to be filled this office considers the names of the three persons standing highest on the proper register. Any one of the three names considered may be selected.

6. An eligible who declines appointment will be dropped from the eligible register and his name will not be restored unless it appears that circumstances beyond his control prevented acceptance of the appointment, and unless assurance is given that he will accept the next appointment offered.

7. Eligibles should keep this office advised of changes in their circumstances which prevent the acceptance of appointment.

8. An eligible can not be considered more than three times for the same position as the result of one examination.

9. An eligible may request in writing that his eligibility be suspended for a stated period within the term of eligibility, but such suspension will not extend the term of eligibility.

10. The appointment of a person whose name is on more than one register removes his name from all registers of the same or lower grade. Upon request in writing made during the term of eligibility, the name may be restored for the remainder of such term to the register or registers other than the one from which he received an appointment, except that appointment finally cancels all eligibility resulting from one and the same examination.

11. If, while a person is eligible, he is again examined for the same position and makes a higher average than in the previous examination, his name will be entered on the register resulting from the later examination on the same date with other eligibles, the new entry canceling the old. If a lower average is made, the name will not be entered on the register until the expiration of the first year's eligibility. If an eligible average is not obtained, the former eligibility is not affected.

12. Appointment is made for a probationary period of six months, during which the conduct and capacity of the probationer are to be considered by the appointing officer to determine his fitness for retention in the service.

13. Section 10, Civil Service Act, provides—

"That no recommendations of any person who shall apply for office or place under the provisions of this act, which may be given by any Senator or Member of the House of Representatives, except as to the character or residence of the applicant, shall be received or considered by any person concerned in making any examination or appointment under this act."

Through Keeper, Barbers Point Light Station

Dear Sir:

Confirming Superintendent's verbal statements to you of December 29th, I regret to advise that it was necessary to withdraw your nomination for probationary appointment to the position of Assistant Keeper at the Barbers Point Light Station, Island of Oahu, T.H.

As indicated in our original letter of December 8th, you were to proceed to Honolulu at your own expense with the understanding that it would be necessary for you to first pass a physical examination before the nomination could be forwarded.

As heretofore stated the physician's report which indicated a large inguinal hernia prohibits consideration of your name for probationary appointment at this time.

You are, therefore, advised that your temporary appointment as substitute laborer at the Barbers Point Light Station will terminate on January 17th, 1934.

At this time the Depot truck will call at the Light Station to return you to Honolulu. Please call at this office for a further conference with the Superintendent before you return to Hilo.

The Government property heretofore furnished you including the army cot will be left in the 2nd Assistant Keeper's dwelling in the custody of the Keeper of the Light Station.
