Sir

I have already fell about nine acres of the trees & bushes on the Island at a very great expence and have expended a Considerable Sum in Clearing Several acres Round the buildings and must be at a great expence this Spring in Clearing the Remainder of the land in order to have the immediate use of it — in my present Situation it would be very Convenient to Receive at least one half or if you think proper two thirds of the whole Sum as Soon as you Can make it Convenient to Send it or to direct Mr. Webb to pay it.

I Should take it as a favour if you would let me know by the Bearer who I must apply to for the pays due to me and what form must be observed to Receive it. and if Convenient, I Should be glade to Receive it in Boston,

I am Sir

With Respect your humble Servant
John Poleretzky

Sir

when I left Seguin last fall, Majr. Poleretzky had fell about eight or nine acres of trees & bushes on the Island at a great expence, and had cleared up some part of it, and had done considerable of labour towards clearing more. I suppose he must have expended not much short of one hundred dollars, he had imployed several hands at very high wages. & his provisions came very high. —

Mr. Coxe assured me that he should request you to buy for a boat for Seguin, which I informed him was building at Reeds. the boat is completed.

I am Sir with real esteem
your Hble Servt Henry Dearborn
