2. This notice of change of pay was intended to cover transfer of Hanson from the position of first assistant keeper, Tillamook Rock Light Station, to the position of Third Assistant Keeper at Cape Flattery Light Station.

3. Due to the fact that there are no facilities for providing high school education for his children, Mr. Hanson declined to take the transfer.

4. The recommendation for the transfer was based on Hanson's request but he changed his mind after considering the expense of sending his children to high school away from home.

5. The necessary nomination will be submitted to the Bureau as soon as arrangements have been made for securing someone else to fill the position of 3rd assistant keeper at Cape Flattery Light Station.

(Through Commissioner of Lighthouses).

Dear Mr. Hanson:

I have read with much interest a report of the extraordinary service of you and your fellow keepers during the severe storm which began on October 21 and which caused serious damage to the station and its equipment. I noted especially that at times the entire station was washed by the seas, flooding the quarters and disabling the light and fog signal; also how you and your fellow keepers laboring under the hazardous and difficult conditions succeeded in establishing a temporary light and in contriving a short wave radio set, thus reestablishing communication with the mainland after the marine telephone cable had been broken at the beginning of the storm.

It gives me genuine pleasure to commend and congratulate you in the warmest terms for your courage and resourcefulness in these hazardous circumstances, and to have the matter made a part of your official history.

Sincerely,

Subject: Hugo HANSON, former Lighthouse Keeper.

Reference: (a) Headquarters' letter 28 April, 1942 (CP-75)

Inclosure: (A) Form 2806.

1. Inclosure (A) is forwarded, corrected to show Hugo Hanson transferred from the War Department to the Lighthouse Service on 13 December, 1932, at $1320 per annum, and with no break in his service in February, 1933. Entries on Form 2806 previously furnished Headquarters were taken from forms 42 (service record card), which indicated he was employed at a laborer at $110 per month from 13 December, 1932 to 31 January, 1933, and from 2 February, 1933 to 28 February, 1933. Office copy of Form 2806 has been corrected in accordance with Headquarters' pencilled notations on form 2806 returned with reference (a).

2. Aggregate basic salary has been shown for the fiscal years 1933 to 1942, inclusive; this data can not be computed for his employment from 1 May, 1910 to 15 August, 1925 in the U.S. Engineer Department and Puget Sound Navy Yard, as the actual number of days worked, for which compensation was received, is not known.

Subject: Hugo Hanson, former keeper.

Inclosure: (A) Form 2806.

1. Form 2806 is returned for completion as to the aggregate basic salary and for correction. The record of the Department shows that Mr. Hanson was transferred on 13 December, 1932, to a temporary additional position of keeper, at-large, at $1320 per annum in the former Lighthouse Service from the War Department rather than having been given a temporary appointment as laborer, at $110 a month as shown on the inclosed Form 2806 furnished by your office. There is nothing in the Department's record to show that there was a break in service in February, 1933, but it does show that he was viced into the regular at-large position on 1 March, 1933. It is requested that the record be examined and that these matters be explained in your reply.

Bureau of Lighthouses, Washington,
September 18, 1936

SUBJECT: 17th Superintendent's letter of 8/26/36 re Keeper Hugh Hanson.

Returned to the Superintendent of Lighthouses, Portland, Oregon.

As Mr. Hanson is still in the Lighthouse Service, not having resigned or been discontinued, he should be advised to return to duty and that he will be allowed such annual leave as has accumulated to his credit. In the event he does not have sufficient leave to cover the entire period of his absence, the additional leave shall be without pay. This appears the only procedure practicable in view of your statement in paragraph 4 that he would be recommended for reinstatement if separated, which action might be questioned.

In future similar cases when an employee fails to return to duty following his authorized leave of absence, he should be advised to return to duty or submit his resignation.

For the Commissioner:

Administrative Assistant

~~A L M~~

What is your view on this case?

RV

Do not see that his services can be discontinued in accordance with the Regulations (Art.436 or 439) and immediately reinstated thereafter.

He could be permitted to resign without prejudice at the close of June 14, 1936. In this case, however, Bureau circular No. 507 of July 23, 1935, requires an explanation of the circumstances, if resignation without prejudice, to show that proper maintenance of the work of the Service was not interfered with by the employee's action. Or, it appears, he might be continued in the Service, given all accumulated leave, and suffer the consequences of being placed on leave without pay for any period of absence for which he does not have leave to cover. Suggest the latter in view of fact that his actions appear to have been along line of what he thought was his personal interest rather than the interest of this Service.

Think also that the District office should have ordered him to return to duty upon termination of his authorized period of leave or submit his resignation for action as his case merited. Do not think his case warrants permitting him to resign without prejudice for purpose of accepting the temp. employment in U.S.Engrs. and then recommending his reinstatement in this Service immediately thereafter.

Commissioner of Lighthouses
Washington, D. C.

1. Reference is made to Bureau endorsement of August 14, 1936, returning 17th District letter dated August 10, 1936, re employment of Hugh Hanson, 2nd assistant keeper, Tillamook Rock Light Station, in two branches of the Government service, etc.

2. The accumulated compensatory and annual leave due Hanson on June 15th at the time he began work for the United States Engineers, together with additional annual leave that might accrue during the calendar year would be insufficient to enable paying him by this Service as on leave up to the present time. Aside from this it appears that it might be possible to pay him from Salaries, Keepers for the entire period of his employment with the U. S. Engineers and consider that his services were merely loaned to them for that time. In this case, however, such action is not recommended as there has been no application for loan of his services and no intention by this Service of so doing.

3. If the Bureau offers no objection it is proposed now to pay Hanson for the first 14 days of June, mentioned in paragraph 1, District letter of August 10, as still unpaid, and report his services discontinued without prejudice at the close of June 14th. It is believed this action would make him eligible for the temporary employment he has had with the U. S. Engineers, and no refund or other adjustment would be required.

4. If this action is approved it is probable that application will soon be made for his Civil Service reinstatement and re-appointment as an assistant keeper, Tillamook Rock Light Station. Please advise.

E. C. Merrill
Superintendent of Lighthouses

August 14, 1936.

Letter from 17th Dist. dated August 10, 1936, re employment of Hugh Hansen, 2nd Asst. Keeper, Tillamook Rock, in 2 branches of the Government, etc.

Returned to Supt. of Lighthouses, Portland, Oregon, with advice that since this Keeper is still in the Lighthouse Service and was never separated therefrom, that he was improperly employed in another branch of the Federal Service while he was on leave from this Service, and that, accordingly, while he is properly due compensation from this Service, he is not entitled to compensation from the other Service.

Accordingly, it appears necessary for your office to inform the office of the U. S. Engineer so that it may be arranged with Keeper Hanson for a refund or other adjustment which may be required.

In connection with this question, attention is invited to Comptroller General's Volume 12, page 76.

Commissioner of Lighthouses,
Washington, D. C.

1. Hugh Hanson, Second Assistant Keeper, Tillamook Rock Light Station, began duty as a blacksmith (temporary) with the U. S. Engineers on June 15, 1936, being at the time on shore leave from the station. He has been continuously employed in this District since his transfer from the Engineers on December 13, 1932. Owing to uncertainty as to his status on account of accepting employment with another branch of the Government while on leave, he has not yet been paid for the first 14 days of June.

2. It was Hanson's expectation that he might obtain permanent employment with the Engineers, and arrange for a transfer back to that service. However, at this time it appears doubtful whether his services will be required there much beyond the end of this month. He is now applying for three months leave without pay, effective June 15, 1936, with the probability of his desiring to return to duty at Tillamook Rock Light Station at the end of that period, or with perhaps a short extension.

3. Advice is requested as to whether an employee on leave without pay from this Service may properly be employed by another Government agency, and be paid for such services. If this is permissible it is proposed to grant him leave without pay as requested, also to pay him for the period June 1-14, 1936, and permit him to return to active duty status as soon as his present temporary employment with the U S Engineers is terminated. There is still due him in this Service approximately thirty days accumulated annual and compensatory leave.

No - yes -

Does he ask leave because this is in terms of pay?

E. C. MERRILL
Superintendent of Lighthouses

PS. This situation is due to Hanson's ignorance of the regulations and proper procedure in such cases, he not being aware of the necessity of resigning (in the absence of having been discharged) before accepting employment with another Government agency. Neither was he aware of the requirement of applying through official channels for the transfer. XX

2. This notice of change of pay was intended to cover transfer of Hanson from the position of first assistant keeper, Tillamook Rock Light Station, to the position of Third Assistant Keeper at Cape Flattery Light Station.

3. Due to the fact that there are no facilities for providing high school education for his children, Mr. Hanson declined to take the transfer.

4. The recommendation for the transfer was based on Hanson's request but he changed his mind after considering the expense of sending his children to high school away from home.

Mr. Hugo Hanson, Assistant Keeper,
Tillamook Rock Light Station, Oregon.
(Through Commissioner of Lighthouses).

Dear Mr. Hanson:

I have read with much interest a report of the extraordinary service of you and your fellow keepers during the severe storm which began on October 21 and which caused serious damage to the station and its equipment. I noted especially that at times the entire station was washed by the seas, flooding the quarters and disabling the light and fog signal; also how you and your fellow keepers laboring under the hazardous and difficult conditions succeeded in establishing a temporary light and in contriving a short wave radio set, thus reestablishing communication with the mainland after the marine telephone cable had been broken at the beginning of the storm.

It gives me genuine pleasure to commend and congratulate you in the warmest terms for your courage and resourcefulness in these hazardous circumstances, and to have the matter made a part of your official history.

Sincerely,

The first four named above were reported on Form 106 of December 31,1933. R.Lund, also named in that report has since resigned. For recommendations concerning these four see accompanying letter and forms 73 herewith.

Regarding the others named:

F.M.Christner was recently transferred to 2d Assistant Keeper, Destruction Island Light Station, and no further action is recommended pending further trial. He was cautioned by the Commissioner by letter of June 4,1934.

C. Mykol has been recommended for transfer to Assistant Keeper, Umpqua River Light Station, with demotion in pay. See recent correspondence re: his case. No further action recommended pending further trial.

See Com. letter 7/30/34 to 17th filed with efficiency reports

Continued on second sheet

W. Mabin was reported on Form 106 of June 30,1933, was subsequently transferred to Keeper, Turn Point Light Station for further trial and was omitted from the last report. Recent inspections of that station, however, show marked neglect and inefficiency on the part of this keeper. He will be recommended for demotion when a suitable opportunity occurs.

W. T. Albee has been reported by inspecting officers and other district field employees visiting or employed at Cape Arago Light Station as inefficient, and there has been evidence of neglect of station duties and upkeep of appurtenances. See also reprimand of this keeper by Superintendent's letter of June 2,1932. He will be recommended for transfer to another station for further trial when a suitable opportunity occurs.

Tillamook Rock Light Station is a primary seacoast light located on a rock about a mile and a quarter off-shore. This is a five-keeper station and it is important that all positions be filled to maintain this aid to navigation. There is also a fog signal at this station. This is an important aid to navigation and in order to maintain proper watches it is necessary that all positions be filled for the saving of life and property. Storms frequently cause the seas to break over the tower, breaking the glass and requiring all hands to secure new glass in place and put the light again in operation.

Rec. for furlough of Hanson was not sent to Supt. & is canceled
H M

Commissioner of Lighthouses,
Washington, D. C.

1. Answering Bureau letter of August 3, 1933, relative to furlough of Hugo Hanson, the Bureau is advised that Veteran preference was considered in this recommendation but Mr. Hanson's efficiency record and short service in the district put him at the bottom of the list for consideration for retention on duty. There was also considered the matter of employment of wife of employee but there is no keeper in the district whose wife is or has been employed in the Government service.

2. Relative to 17th telegram of August 8, 1933, and Bureau telegram of August 9, 1933, replying, the Bureau is advised that recommendation on Form 73 of July 26, 1933, and telegram of August 8, 1933, were admittedly in error. In making recommendation of July 26 it was overlooked that he was on duty on temporary detail at Tillamook Rock Light Station and has so continued to date, his services being necessary to provide the required personnel for proper and efficient operation of the station and at the same time allow the keepers to go on their earned leave, so very necessary to keep up the morale of the personnel of the station. Instructions were issued prior to June 30 that Hanson should be sent ashore on or before July 1, but this was not done but was approved due to changed conditions making necessary his retention on duty. The changed conditions necessitating his retention on duty were overlooked when recommendation was submitted on July 26 for Hanson's furlough.

3. Every keeper in the district has been on duty every day since July 1 and prior and was necessary for the proper and efficient operation of aids to navigation maintained for the protection of life and property. The error in recommending Hanson for furlough is very much regretted, and it is now requested that it be withdrawn and canceled, leaving Hanson in duty status the same as if recommendation for his furlough had not been submitted.

4. Early telegraphic approval of cancellation of Hanson's furlough effective July 1, 1933, is desired in order that his status may be definitely determined to enable payment for his services for the month of July.

1. Effective beginning December 13, 1932, Hugo Hanson was transferred from the U. S. Engineers, War Department, Portland, Oregon, to a temporary additional position of Keeper at large in the Seventeenth District, at $1320 per annum, pending the formal transfer of Keeper Albert Beyer, Jr. to New Dungeness Light Station. His appointment was accordingly limited to not exceeding three months from December 13.

2. Since the formal transfer of Keeper Beyer to New Dungeness Light Station has now been effected, as per Form 73a submitted this date, it is recommended that the temporary limitation on the appointment of Hugo Hanson be removed effective March 1. Form 73a covering the change in vice is herewith submitted, together with justification form which it is understood is necessary.

1. Reference is made to Form 93 of December 6, reporting death of A. Beyer Sr., Keeper of Ediz Hook Light Station on December 2, 1932, there are transmitted herewith Forms 73, nominations for promotion of C. C. Waters from assistant keeper to Keeper Ediz Hook Light Station; Wallace Ervin from 2d assistant keeper, Umpqua River Light Station to Assistant Keeper, Ediz Hook Light Station; F. W. SArgant from 2d assistant keeper, New Dungeness to 2d assistant keeper, Umpqua River.; A. Beyer Jr., additional keeper to second assistant keeper, New Dungeness Light Station; Hugo Hanson, transfer from position Handyman, U.S. Engineers, Portland, Oregon to Additional Keeper.

2. These nominations are submitted on basis of lowest step in range to which promoted or corresponding steps if in the same grade except in the case of A. Beyer Jr., who is being recommended at $1320 per annum whereas the lowest step in the range is $1200 per annum. This is considered fully justified for the reason that Mr. Beyer Jr., has previously been first assistant keeper at different stations and additional keeper which it is considered ranks with first assistant. It is strongly recommended that the transfer be affected at his present rate of pay of $1320 per annum. All these nominations show December 9 as the effective date except in the case of Hanson who will report for duty on December 13. Justification sheets and travel orders for department approval are inclosed herewith.

Justification:

This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The nonfilling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

BUREAU OF LIGHTHOUSES
WASHINGTON

December 28, 1932

Submitted to the Secretary of Commerce, approved., and with recommendation that the transfer of Hugo Hanson be made formally effective as of December 13, the Bureau concurring with the Superintendent that his assignment to duty on that date constituted an emergency involving the safeguarding of life and property.

The vacancy in the position to which it is proposed to transfer Mr. Hanson will result from a series of transfers which have been separately recommended. Pending these formal transfers, the personnel involved have been detailed and in order to provide for the transfer of Mr. Hanson at this time it is necessary that a temporary additional position be authorized until such time as the regular position of Additional Keeper becomes vacant upon the formal transfer of its present incumbent. Attention is invited to the Superintendent's statement that the transfer is satisfactory with the Engineer Office at Portland.

*Acting Commissioner of Lighthouses.*

Form 375 is inclosed.
