Superintendent of Lighthouses,
Key West, Florida.

Receipt is acknowledged of your letter of November 28 and the writer wishes to assure you of the appreciation of this office for the thoughtfulness of certain members of the personnel in your district insofar as sending floral pieces and attending the funeral of George I. Herbolt, Retired Keeper, in this district, who passed away at the Marine Hospital, Key West, on November 23, 1938.

In further reference to Mr. Herbolt's death it might be stated that upon receipt of advice in this respect from the authorities at the above hospital, this office communicated with a cousin residing at Provincetown, Massachusetts, who the deceased previously indicated as his next of kin, and advice was received that the Government might dispose of the remains as it saw fit.

In view of Mr. Herbolt having no family, as well as the disposition of the cousin as stated above, it is gratifying to realize that our Service, in which this man was employed for so many years, was further able to recognize his earlier efforts by the abovefinal tribute accorded by your district.

Subject: Salary due George I. Herbolt, Retired Lighthouse Keeper, deceased.

On November 23, 1938, George I. Herbolt, a retired keeper of this district, died at the U.S.Marine Hospital, Key West, Florida. His next of kin is a cousin, Mrs. William B. Lewis, 7 Cook Street, Provincetown, Massachusetts, with whom we have been in communication regarding the payment of salary due Mr. Herbolt at the time of his death. She has informed this office that there is to be no administrator or executor appointed for his estate, since she is of the opinion that he could have left but little money under his existing circumstances, and that to locate his other cousins residing in New York and California, have his personal belongings forwarded from Florida to Massachusetts, etc., would not be worth the trouble and expense involved.

It therefore appears that no claim will be filed for payment of the salary which was due Mr. Herbolt at the time of his death. Will the Bureau please advise if under the circumstances it is correct for this district to assume that this case is closed.

Sir:

No administrator has been appointed for George I. Herbold's affairs. It would cost so much to do it - to locate other cousins he did have in New York and in California, years ago, we decided it best to drop it all. He couldn't have left much money in Florida - to have his things sent north would cost so much it doesn't seem worth it, it would ~~cost~~ cost over $100 to do it all and we doubt he left that much money. While he was at Nauset Light he supported his mother & father and since he left the station he had not been at all well. The money you have that would have gone to him, after taking out enough to pay yourself for your services, use the rest for the

men in the Chelsea Marine Hospital. There must be some there who need some help. We thank you very much for all you did.

Sincerely yours

Dear Sir:

Since receipt of your letter of December 10, this office has been endeavoring to ascertain information in regard to the settlement of Mr. George I. Herbolt's estate, if any.

In reply to our inquiry, the Medical Officer of the U.S. Marine Hospital at Key West, Florida, states he is holding the personal belongings of Mr. Herbolt pending the appointment of an administrator, and that he was writing to you and suggesting that you take the necessary steps towards the appointment of an administrator or executor to whom these belongings could be delivered.

Our interest in this matter is merely in reference to the salary which was due Mr. Herbolt at the time of his death - November 23, 1938 - and which amounts to but $33.94. If you have any further information regarding this matter, it will be appreciated if you will so advise this office.

Dear Madam:

This is in further reference to the recent telephone conversation which our Mr. Curran, Chief Clerk, had with you relative to the death of Mr. George I. Herbolt (since you were his next of kin), Retired Lighthouse Keeper, on November 23, 1938, and to your statement that you did not desire his body to be sent you.

The Medical Officer in Charge of the U.S.Marine Hospital at Key West, Florida, has informed this office that the remains of Mr. Herbolt were buried locally. Services for him were held at the chapel in the funeral home on November 26 at 3 P.M. However, due to inclement weather, burial was postponed until November 27. He was interred in the Key West City Cemetery in a plot set aside for seamen, grave No. 5061.

It will be appreciated if you will advise this office whether ornot there is to be an administrator or executor appointed for Mr. Herbolt's estate, and if so the name and address of such person. If you have not this information, can you advise where we should be likely to obtain it?

The lamp at this station is an incandescent oil vapor lamp, it burns kerosene oil which is fed to the lamp by air pressure from a tank in the lantern which is pumped by hand twice between sunset and sunrise.
The lens is a revolving lens operated by a clock which is wound by hand twice between sunset and sunrise.
Starting one hour before sunset the lamp is heated by denatured alcohol until it is hot enough to generate a gas or vapor which fills the mantle on the lamp and the light comes on to full candle power. After lighting the light I remain on watch until 11 o'clock P.M. and then retire rising at intervals of from one to two hours until sunrise to look at the light and see that everything is all right except on nights when there is a severe storm then I remain on watch all night. This work takes 40% of working time every night.

At sunrise I put out the light wipe the lens, clean brass work, wash the windows, sweep floors and stairways in tower fill oil tank and make everything ready to light up again at sunset.

Dear Sir! -

I am in doubt about the regulations for sending men of the lighthouse service to the Marine Hospital. George D. Herbert, Keeper of Nauset Beach Light Station should go to the Marine Hospital for X-Ray examination of his stomach, as I am suspicious of cancer. Will you kindly inform me if there are any papers to be made out as to the C. S. Service.

Dear Sir:

The person named at the bottom of this sheet is one of your employes who is devoting spare time to study. A lesson has just been completed, and the information may be worthy of a place among your efficiency records. If you can find a way to make your interest in this worthy effort for self improvement known to the student, you may do much to help make a better employe and a more useful citizen.

We are daily making several hundred of these progress reports to employers, and the results are surprisingly good. Students are encouraged in their study and many of them thus earn and receive promotion.

Dear Mr. Eaton:

You are doubtless interested in the efforts George I. Herbolt is making for self improvement. He has just completed with a grade of 97% the first lesson in our course in Concrete Engineering.

This student's record card has been marked so that you will be notified whenever a lesson has been graded. It will probably help to sustain interest and assure success if you will show interest in the progress made and give a word or two of commendation when it is merited.

If the work on a student's lesson does not merit a grade of from 90 to 100, it is our practice to withhold the grade and to request further work on the lesson. Although this standard is higher than is required by resident schools, experience has proved the wisdom of rigidly maintaining it in correspondence work.

Very truly yours,
