Subj: World War I non-service-connected pension.

1. Reference is made to your letter of 7 July 1959 inquiring into your entitlement to a World War I pension provided by laws administered by the Veterans Administration. Information regarding this benefit is contained on page 3 of the enclosed VA Fact Sheet IS-1. It will be noted that the pension is payable to World War I veterans who are permanently and totally disabled from reasons not traceable to service. Since the administration of this law is entirely within the jurisdiction of the Veterans Administration, the Coast Guard has no authority to determine whether or not you are eligible to receive the World War I pension.

2. The records at Headquarters show that you were retired from the United States Coast Guard on 1 January 1946 for a service-connected disability rated at 60%.

Dear Sir:

Some time ago I wrote you concerning my World War I Pension if I am intitled to it, you referred me to V.A. and they say I am not eligible as my retired pay is from the "Coast Guard", but I know other then state employs that are drawing retired pay and Social Security pay and still drawing World War I Pension. And they receive more retired pay than I do, also "Light Keepers" retired, plus their Social Security.

Please inform me if I am entitled to my World War I Pension as read in the paper any married man, getting less than $2700 a year may receive it.

Thanking you,

Commandant, U.S. Coast Guard

Dear Sir:

I am writing you for some information regarding my retirement pay. I entered the Light House Service in 1921 then enlisted in the Coast Guard in 1940, retired in 1946 on disability before the board in Cleveland Marine Hospital. I did notify the inlistment board about my disability check of $20.00 from World War I Army Service at the time they didn't know if I'd loose it or not, but check continued coming until I retired on disability. Than I was notified by the V.A. that I owed them $1600.00 and some, and how I wanted to pay it back, so the only thing I could do was take $10.00 out of my check each month, still owe over $900.00. The inspecting Officer wanted to give me a higher rating Chief B.M.C. told me to study pay & supply, same year I got a severe heart attack and the board advised me to retire, which I did and I have not been able to work since, they said as a rule when one retires they automatically give them a step of promotion which I didn't get or ask for.

It seems because I worked for the government from 1921 till 1946 I am not intitled to my World War I check of $78.75 which all retired veterans get at 65 yrs of age, that's why I am asking you if I am intitled to receive my World War I pension or old age pension with my retirement pay from the U.S. Coast Guard.

Thanking you I am

Respectfully yours,

Earl Malloch B.M. 1C. Retired

1. In accordance with request contained in reference (a) you are advised that there is no authority for automatic advancement based only on retirement. In cases where a man has served in a rate higher than that held on retirement, he may be considered by a Coast Guard Board convened at Headquarters and a determination made concerning his retirement in a higher rate, if his service was satisfactory in that higher rate.

2. It is suggested that you write to Veterans Administration for information concerning any payments made to retired veterans.

1) Man who came in CG from Light house Service 1940 – 06 Same rules for det. of highest rate held; or is there any automatic Adv on Ret?

---

2) What about 78.75 for people who worked for govt WWI who Ret now 06? Would this be for PS?

ANSWERS.

1) – Knows of no authority for automatic advancement on retirement. Army used to advance a man to Master Sergeant w/ 30 yrs retirement but Comp. Gen. made them stop.

2) – Know nothing about this. Should apply to VA.

W.P.N.

ANS- Tell him NO Auth for Automatic Advancement just because he retires. IF he had held a higher rate than he held when he retired, A board at headquarters ~~or~~ can consider his record and a determination may be made if ~~he served satisfactory~~ his service was satisfactory in that higher rate. in which case he could be retired in higher rate.

Suggest he write to VA for info on 78-75 Chart for retired veterans.

Commandant U. S. Coast Guard,
Cleveland 13, Ohio.

Dear Sir:

I am writing you for some information regarding my retirement pay. I entered the Light House Service in 1921 - than inlisted in the Coast Guard in 1942, due to the fact the board suggested we would be further ahead by entering the Coast Guard, at which time I was receiving a disability check of $20.00 a month from World War I Army Service, I did notify the enlistment board about it and they didn't know if I'd loose it or not, I did receive it until I retired in 1946 on disability before the Board in Cleveland, Ohio Marine Hospital, than it was taken from me and I was notified by the V.A. that I owed the government $160.00, how I wanted to pay it back the only way was to take $10.00 of my check each month, I still owe them ~~$80.00~~ $720.00, that makes it hard for me, as my wife has been ill so much these last years, food, living expenses high.

The Inspecting Officer wanted to give me a higher rating as Chief B.M.C. told me to study 1 day and apply each year, I had several

heart attack, the board advised me to retire and I have not been able to work since, I was told by an Inspector as a rule when you retire they automatically give them a step higher of promotion, which I did not receive, and I still feel entitled to it, as I know I had more years of service than some men I know off in the Light House and they retired under Chiefs rating.

It seems because I worked for the government from 1921 to 1946, I am not entitled to my World War I check of $78.75 - which all retired veterans receive at 65 yrs of age, so I am asking you if I am entitled to receive it.

All men here retired from any job even Highway dept receive their retirement pay beside the World War I Pension, which I too could use.

Respectfully yours

1. Reference is made to your letter of 17 August 1960 regarding an increase in your retired pay.

2. Retired pay for former lighthouse service employees is based on law which provides that computation is to be made under the retirement provisions of the Lighthouse Service laws and also under the retirement provisions of the Coast Guard. This was done 1 January 1946. At the time of retirement you were paid under the Military section. This was the greater amount and has kept ahead of the Lighthouse provisions over the years.

3. You were retired for physical disability with 25 years and 2 months creditable service, and were asked to choose in December 1950 which provision of the Career Compensation Act you wished your pay to be computed. You chose the greater amount.

4. As your retired pay has been established in accordance with law, and each increase authorized has been given you, there is no way for the Coast Guard to increase the amount of your retired pay.

Gentlemen:

Reference is made to a letter from this office under date of 21 November, 1950, your file 29R4AA - C #221-459, in the case of Earl Malloch, BM1, U. S. Coast Guard, Retired, who is indebted to the Veterans Administration in the sum of $1,640.50 for overpayment of disability compensation.

Summary of case history:

Reference: CG File 73 531. Letter of 24May 1945 from DCGO Cleveland, Ohio

Subject-man was sent to the hospital for Board of Medical Survey. On admission he had no complaints and stated he felt fine. On May 2 and May 14, 1945, this patient had two attacks in which he had a feeling of choking and pain in the upper chest which extended to the arms. On May 14th during the second attack he had considerable more pain which extended to the left arm and to the jaw, and patient was forced to remain in bed three weeks. Since this last episode he has noted nothing unusual other than shakiness and some dizziness when he walks fast. He had a cough at the time of his illness but he stopped smoking and the cough has disappeared.

Physical examination showed a well developed, well nourished, white male who did not appear acutely ill. There was a small sebaceous cyst on the left chest posteriorly and a scar of a previous empyema operation, rib resection, right side. Eyes showed an arcus senilis. The mouth was edentulous. There was a deviated nasal septum. Examination of the chest showed dulness in the right base around the area of the rib resection, with a few rales in the left base. Examination of the heart was essentially negative except for a slight inequality of the pulse while at rest. Tolerance test pulse 72, after exercise 130, two minutes later 100. The abdomen was obese and there was a slight impulse in the right inguinal canal;- small left inguinal hernia was also

present. Laboratory studies showed negative urine, blood count within nofmal limits, negative serology. Electrocardiogram showed left axis deviation, inverted T2 and T3; low voltage QRS-2, suggestive of myocardial damage, probably residual of posterior myocardial infarct.

Because of the findings and age of subject-man and type of work he is doing, it is fecommended that he either be placed on limited duty on class M or that he be called before a Retiring Board and reitred from active Coast Guard duty. He has exapressed a desire to remain in Service. He states that his present berth is ideal for his condition - there is no rigorous duty and he is not subjected to climbing stairs or ladders. If he be retained in his present position he can be placed on Class M satisfactorily. If this cannot be done it is recommended that he be retired from active duty.

If released subject-man may return to civilian life without danger to himself or the public. There are no environmental or behavior factors in this case. He has been returned to light duty pending action on this Survey

He was placed on light duty after being discharged from the hospital and has had only occasional precordial distress and palpitation on exertion.

Physical examination reveals a well developed and nourished rather obese white male in no acute distress. Height 66 inches, weight 175 pounds, blood pressure 100/70. Eyes show arcus senilis. There is limitation of excursion of the right chest. There are occasional moist rales in the left lower base of the lung. There is evidence of a scar from a previous empyema operation on the right side. There is dullness of the right base in the region of the old rib resection. The heart is not enlarged to percussion. There is a soft systolic murmur at the apex which is not transmitted. There is slight accentuation of the first sound at the apex. There is normal tolerance to exercise. The abdomen is slightly pendulous. There are no masses, rigidity or tenderness. There is a small incomplete inguinal hernia on the left. The remainder of the physical examination is essentially normal. Extremities: There is slight tortuosity of the radial vessels.

Laboratory Findings: Urinalysis normal. Complete blood count normal. Blood Eagle and Mazzini negative. X-ray of the heart for size and contour is normal. Sedimentation rate is 20 mm. in one hour. Electrocardiogram reveals left axis deviation with a high T4, inverted T2 and elevated ST3, which is compatible with posterior myocardial infarction.

We believe Boatswain's Mate First-class Malloch to be suffering from arteriosclerotic heart disease, thrombosis of the posterior coronary artery with infarction of the myocardium, generalized arteriosclerosis, and a small left inguinal hernia.

We consider his disability to be permanent, by reason of which he is incapacitated for active service in the Coast Guard, and that his incapacity is the result of an incident of service and is not the result of his own vicious habits.

COAST GUARD RETIRING BOARD,

U. S. Marine Hospital,

Cleveland, Ohio, September 18, 1945.

From: Surgeon Paul E. Walker and Passed Assistant Surgeon C. Dudley Miller, U. S. Public Health Service.

To: President, Coast Guard Retiring Board.

Subject: Examination of Boatswain's Mate First-class Earl Malloch (221-885), U. S. Coast Guard.

1. We have carefully and separately examined Boatswain's Mate First-class Earl Malloch, U. S. Coast Guard, as to his past and present physical and mental condition, together with the records pertaining to his case, and report as follows:

Boatswain's Mate First-class Malloch is 54 years old and has been 19 years 8 months in the Lighthouse Service, 11 months in the U. S. Army and 4 years and 2 months in the Coast Guard.

He has suffered from some of the common ailments, including general arteriosclerosis and left inguinal hernia, which are shown to have originated in the line of duty, and with pneumonia, empyema, and the usual childhood diseases, which are shown not to have so originated. The foregoing ailments, except the arteriosclerosis, have no bearing on his present condition.

On September 5, 1945, he was transferred from the U. S. Coast Guard Station, Manistique, Michigan, to the U. S. Marine Hospital, Cleveland, Ohio, with arteriosclerotic heart disease, generalized arteriosclerosis, infarction of the myocardium, and small left inguinal hernia, which originated in the line of duty.

On July 5, 1945, the patient was transferred from his station to the U. S. Marine Hospital, Chicago, Illinois, for a Board of Medical Survey. At that time he had no complaints and stated that he felt fine.

On May 2 and again on May 14, 1945, the patient had an attack of choking plus pain in the upper chest which extended down both arms. On May 14 his attack was more severe and the patient was supposed to remain in bed 3 weeks after being seen by a physician. Since that time he has had occasional dizziness and weakness on exertion. There has been no cough in recent weeks. The Medical Board of Survey recommended that he appear before a Retirement Board or that he be retained in M classification.

The board met at 11:50 a.m.

Present:

Commodore James A. Hirshfield, U. S. Coast Guard, president;
Commander Nelson N. Ard, U. S. Coast Guard, member;
Lieutenant Commander E. Edmund Binder, U. S. Coast Guard Reserve, member and recorder;
Surgeon Paul E. Walker, U. S. Public Health Service, member;
Passed Assistant Surgeon C. Dudley Miller, U. S. Public Health Service, member;

Andrew W. Rathbun, chief yeoman, USCGR, entered as reporter and was duly sworn.

The board decided to sit with open doors.

Earl Malloch, boatswain's mate first class, USCG, the party under examination, entered and stated that he did not desire counsel.

The recorder read the precept and the orders to the party under examination, copies hereto prefixed marked "A", "B", "C" and "D".

The party under examination was informed of his rights.

The party under examination stated that he did not object to any member.

The board and the recorder were duly sworn.

No witnesses not otherwise connected with the inquiry were present.

The recorder read a letter, copy appended marked "E", which was received from Headquarters transmitting the papers named therein, which are appended marked "1 to 8" inclusive.

The medical members were directed to examine into the past and present physical and mental condition of Earl Malloch, boatswain's mate first class, copy of letter of instructions appended marked "9". The medical members stated that the examination had been made.

The party under examination was asked by the president whether he wished to be retired and replied in the affirmative.

The party under examination was duly sworn as a witness.

Examined by the recorder:

1. Q. In your own words, will you state the nature of your disability, its cause and how long you have suffered from it?

A. The empyema I had over in France in the last war. The heart trouble - I had a spell this spring that lasted a couple of hours. My wife wanted me to call a doctor, but I said no. I had that pain through my chest when I was on duty at Manistique. That day, I went down town - we had company until midnight and then I went on watch in the morning. The next attack I got about two weeks later.

2. Q. What happened at that time - were you knocked out?
A. I was knocked right out. They called the doctor and he told me to stay in bed for six weeks, but I got out of there before that.

3. Q. What were your duties there at Manistique?
A. Light keeper and general work. They had a couple of radio beacons there, one at Port Inland.

4. Q. After the six weeks, what happened?
A. I got along good. I had no pain since that time.

5. Q. Who ordered you before the board of medical survey?
A. In Chicago I guess. They sent me to the hospital there as soon as I was able to travel. The doctor there asked me if I would like to get out and I told him I would rather have light duty. He told me I should get out of the service so I suppose it was through Chicago.

Examined by the board:

6. Q. You apparently came in the Coast Guard in 1941 from the Lighthouse service?
A. Yes sir.

7. Q. Were you given a physical examination at that time?
A. Yes sir.

8. Q. Did you pass that physical examination without any waivers?
A. Yes sir, I must have.

Neither the board, the recorder, nor the party under examination desired further to examine this witness. The witness resumed his seat as the party under examination.

The medical members submitted their report which was sworn to, read, and appended marked "10(1)" and "10(2)".

Passed Assistant Surgeon C. Dudley Miller, USPHS, junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does Malloch's disability proceed?
A. Arteriosclerotic heart disease, thrombosis of the posterior coronary artery with infarction of the myocardium, generalized arteriosclerosis, and a small left inguinal hernia.

2. Q. Is the disability permanent?
A. Yes sir.

3. Q. Is Malloch's disability such as to incapacitate him for active service?
A. Yes sir.

4. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. Yes sir.

5. Q. Is his disability the result of an incident of service?
A. Yes sir.

6. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. No sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness. The witness resumed his seat as a member.

Surgeon Paul E. Walker, U. S. Public Health Service, senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. Doctor Walker, do you concur with the testimony of Doctor Miller?
A. I do.

Neither the board, the recorder, nor the party under examination desired further to examine this witness. The witness resumed his seat as a member.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

Earl Malloch, boatswain's mate first class, USCG, the party under examination, desired to make no statement or argument.

The recorder desired to make no argument.

The inquiry was finished, the party thereto withdrawing, having been informed that he would receive due notification when he might regard himself as discharged from further attendance before the board.

After full and mature deliberation, the board finds as follows:

That Earl Malloch (221-885), boatswain's mate first class, U. S. Coast Guard, is incapacitated for active service by reason of arteriosclerotic heart disease, thrombosis of the posterior coronary artery with infarction of the myocardium, generalized arteriosclerosis, and a small left inguinal hernia; that his incapacity is permanent; is the result of an incident of service; and is not the result of his own vicious habits.

Dear Mr. Mallock:

Reference is made to your claim for waiver of payment of premiums on your National Service Life Insurance under Section 602(n) of the National Service Life Insurance Act of 1940, as amended.

A decision has been rendered holding that you are totally disabled and entitled to waiver of payment of premiums from June 1, 1945 on your National Service Life Insurance in the amount of $ 5,000 . It will not be necessary to make further payment of premiums on this insurance as long as you continue to be totally disabled for insurance purposes. All unearned premiums will be refunded.

In the event you resume employment of a substantially gainful nature, you should immediately notify this office, stating the facts so that action may be taken to terminate the waiver of payment of premiums and advise you of the action which may be taken to continue the contract of insurance on a premium-paying basis.

Very truly yours,

RAYMOND J. COOK
Chief
Disability Insurance Claims Division

PS. This supersedes and rescinds letters dated October 28, 1946, and January 27, 1948. No further action is required on your appeal dated October 14, 1948.

Dear Sir:

I am writing you for some information.

Will you please write and let me know what per cent of disibility was given me at the Cleveland Marine Hospital before I was retired first of January, 1946, as I have not been able to do any work since than as I just have to take it easy if I want to be up and around at all.

I figured I am intitled to waiver of Insurance, and also for dependent allowance.

Would appreciate some information and help from you.

Sincerely yours

Commandant
U.S. Coast Guard Headquarters
Washington 25, D.C.

In receipt of your letter March 11th in regard to my Insurance Allotment, I wish to explain that when I converted my Insurance to $20.65 Monthly payments, the Veterans Counsellor told me he was sure I would be waivered of paying Insurance Premium, due to the fact I am not able to work, than I was called to Detroit to Veterans Administration Bldg. for Examination, seems I was not intitled to waives of premums.

I have not sent any money into Veterans Administration for Insurance.

But I do wish you to take $20.65 out of my retirement pay, to pay premiums on my converted Insurance.

Sincerely Yours,
Earl Malloch. B.M.1.C. Ret.

Subj: Insurance allotment, information concerning

1. This office is in receipt of a Veterans Administration Form 9-1575, Request for Allotment Information, which states that you have a National Service Life Insurance Policy No. N10-922-471, effective 1 June, 1943, with a monthly premium of $7.20 which was converted to Policy No. V6-038-930, effective 1 March, 1947, with monthly premiums of $20.65.

2. The records in Coast Guard Headquarters show that you registered an allotment in the amount of $7.20 per month effective 1 May, 1943, in payment of monthly premiums on your National Service Life Insurance, Policy No. N10-922-471 which is still in effect and deductions are being made from your monthly retired pay. However, there is no record of an allotment in the amount of $20.65 in payment of monthly premiums on your converted Insurance Policy No. V6-038-930.

3. It is requested that you advise this office as to whether or not you have made payments on your converted insurance direct to the Veterans Administration. In the event you have not made payments direct and you wish to have the premiums on your converted insurance paid by an allotment from your retired pay, it is requested that you sign the inclosed Form 2528A for $7.20, stopping the allotment now in effect after payment for February 1948, and Form 2528 for $20.65, first payment March 1948. You should contact the Veterans Administration for any adjustment relative to amounts due on your converted policy.

NOTE-- I served in the 12th. L.H. District, as Asst. Supt., from 1912 to 1938. As Malloch is comparatively young, he must have entered the service as Asst. Keeper, some time after 1912, the exact date is not in my memory, and I have no records here in Milwaukee for reference. I know that he served at Pottawattomie for many years, perhaps 15 or more. As to what other stations he may have served at I do not remember.

Malloch was always competent, quiet in manner, and gave satis faction at his station, and was never complained against to my knowledge. He is worthy of full recommendation.

1. A Health Record will be opened (issued) for each person commissioned, warranted, appointed, or enlisted in the Coast Guard: For cadets, upon reporting at the Academy; for an officer appointed from civil life, upon reporting at first unit; for enlisted persons, upon enlistment.

2. The medical officer, if any, shall have custody of the Health Records of all persons attached to the unit, including the personnel of smaller units attached to a larger unit. If there be no medical officer attached, the custody of the Health Records will devolve upon the executive officer, if he be a commissioned officer; otherwise the custody of the Health Records will devolve upon the commanding officer. The officer having custody of the Health Records shall be responsible for their proper care, continuation, and disposition.

3. In case of medical examination for promotion, retirement, annual commissioned officers' examination, or medical survey, the Health Record shall be furnished to the president of the board. If not received, it should be requested. When the board shall have finished with the Health Record, it shall be returned to its custodial officer. In all cases, brief notation of the findings of the board will be made on the Medical History Sheet, signed by the president of the board. This notation does not take the place of the full report which is submitted for administrative action.

4. A person on detached duty at some distance from where his Health Record would be kept may be given custody of his Health Record.

5. If a Health Record is lost or destroyed, a new one shall be immediately opened in full by the first custodial officer aware of such loss, who will note the fact in the new record and continue the record with such previous data as may be obtainable. If the old record be found, all data subsequent to its loss will be detached from the new and attached to the old record. A skeleton Health Record shall not be issued.

6. No photographs, folded papers, or forms are to be attached to the Health Record. The findings on laboratory and other reports in the case shall be entered on the Medical History Sheet.

7. **Transfer.**—Upon transfer of any person, except as a patient, the Health Record shall be forwarded through official channels to the new destination, or if the person is ordered to unusual, detached, or uncertain duty, it shall be retained or forwarded, as the case may be, with the person's service record. (See par. 4.)

8. The Health Record shall accompany a patient when transferred to or from hospital or when applying at an out-patient office. It shall not be forwarded through official channels, but shall be taken by the patient in a sealed envelope or by a responsible person accompanying him, and delivered with the patient to the official receiving the patient. Upon the patient's return to his unit the Health Record is to be delivered to the custodial officer.

9. If for any reason it becomes necessary to forward the Health Record to Headquarters, other than for termination of service noted thereon, it shall be accompanied by a letter stating the reason.

10. **Physical Examination Record.**—The Coast Guard Board or officer making the request for physical examination shall send to the medical board or officer two forms for physical examination record, already made out down to but not including place and date. The medical board or officer shall make out the rest of the Physical Examination Record in duplicate. In case of appointments or promotion of an officer, both forms shall be mailed by the board or officer direct to Headquarters. When promotion is made the original will be forwarded to the unit for insertion in the Health Record on top of the last Physical Examination Record. The Health Record shall be retained, but altered to show the promotion and new rank. No part of the Health Record is to be sent to Headquarters at this time. In case of enlistment both forms shall be returned to the enlisting officer, who will forward the original to Headquarters with other supporting papers after enlistment has been accomplished. The duplicate will be placed in the man's Health Record. In cases of reenlistment both forms will be forwarded to Headquarters for action and reenlistment will not be effected until duplicate copy is returned showing Headquarter's action. Upon receipt of duplicate copy from Headquarters same will be inserted in the Health Record.

11. The record shall be typewritten, if possible, and must be completely filled in as called for by the items on the form and in accordance with the instructions relative to the making of physical examinations. If any space is insufficient, the space under "Remarks" may be used.

12. The nature and degree of all physical defects of persons accepted for service in the Coast Guard must be fully described in order that no improper claims for compensation or pension may be allowed. Particular attention should be paid to those conditions which may not be disqualifying but which might be made the basis of such claims on the ground that they have developed or have become disabling while the person was in service. Waivers may be recommended by the medical examiner in accordance with the instructions relative to physical examinations, but the waiver must be authorized by the Commandant before the person is accepted.

INSTRUCTIONS

Enter result as "Primary reaction" (PR); "Accelerated reaction" (AR); "Immunity reaction" (IR) or "Failure" (F).

Inspect primary vaccinations ten (10) to fifteen (15) days after vaccination, revaccinations two (2) to four (4) days after revaccination and later if a primary or slow accelerated reaction is developing. Upon a revaccination first make a control scarification unless the "multiple pressure" method is used.

PR.

Primary reactions are those in which the broadest redness occurs eight (8) to fourteen (14) days after vaccination; they always have a vesicle.

AR.

Accelerated reactions are those in which the broadest redness occurs four (4) to seven (7) days after vaccination; they also have a vesicle.

IR.

Immunity reactions are those in which the broadest redness occurs eight (8) to seventy-two (72) hours after vaccination; such a reaction is evidence of immunity only if fully potent vaccine was used. The vaccine should be kept constantly at or below freezing or be used within two weeks after leaving the manufacturers and be kept in an icebox meanwhile. If these conditions are not known to have been fulfilled, an apparent immunity reaction should be marked with a question mark (IR?).

F.

Failures are all other reactions or no reaction.

When either vaccination or inoculation is completed and entered on the record sheet, a duplicate entry shall be made on a duplicate sheet which shall be immediately forwarded to Headquarters.

13. **Extension of enlistment or change of name** shall be noted on the Medical History Sheet. In the case of change in name, the name shall be corrected wherever appearing in the Health Record.

14. **Termination of Health Record Sheet.**—Upon termination of a person's service (discharge, resignation, desertion, retirement, or death) the termination of Health Record Sheet shall be filled in and the Health Record forwarded to Headquarters. If for reasons other than physical disability, a physical examination of the person shall be made in accordance with Coast Guard Regulations, and notations made as called for by the form. Termination of service should be understood as definite separation from the service or from active duty in case of retirement. Discharge for immediate reenlistment, at the same unit, resignation of temporary status to continue in regular status, or retirement with continuation on active duty are not to be considered as termination of service.

15. **Dental Record.**—The Dental Record is intended for the use of dental officers only. The record of first dental examination should be filled in at the first visit to the dental officer. All dental treatments following the first examination shall be recorded on the proper diagram and noted on the reverse of the sheet with sufficient entries to show beginning and end of treatment, diagnosis, and nature of treatment.

16. Dental treatments shall not be entered in the Medical History Sheet except those incident to treatment of a medical condition. However, notes of unusual dental conditions or treatments which may be of medical interest may be made in the medical history.

17. When a patient is sent for dental treatment, the Health Record will be sent to the dental officer concerned. Upon completion of treatment and necessary entries on the Dental Record Sheet, the dental officer will immediately return the Health Record to the custodial officer.

18. Dental officers shall notify the proper medical officer of any case which may require medical attention.

19. When dental work is done by a private dentist, the person will take a blank dental record sheet to the dentist and request him upon completion of treatment to enter briefly thereon the dental work done. This sheet shall then be inserted in the Health Record.

20. **Vaccination and Inoculation Record.**—Smallpox vaccination and typhoid prophylaxis shall be noted in the spaces provided for these entries. These spaces shall be used only for these operations done after the person has entered the Coast Guard. Statements of these operations done previously shall be noted in the Medical History. Results of smallpox vaccination shall be entered as "PR" (primary reaction); "AR" (accelerated reaction); "IR" (immunity reaction); of "F" (failure). These terms are explained on the back of the record sheet. When vaccination or inoculation is completed, report of same with result shall be entered on the record sheet.

21. **Medical History Sheet.**—As the medical history is continuous, care must be taken to indicate the name of the place and date of each entry and to number the sheets consecutively. The full name, serial number, rank, or rating of the patient shall be entered upon each sheet. The name of a Coast Guard unit is usually sufficient when a man is treated there; as, "CHELAN", "BASE TWO", etc. The name of the city or town should be stated when necessary to complete the sense; as, "U.S. Marine Hospital, Stapleton, N.Y."; "U.S.P.H.S. Relief Station, Philadelphia, Pa.", etc.

22. Daily entries are not obligatory, but entries shall be made as often as required to give concisely the diagnosis, origin, misconduct status, and all essential details regarding symptoms, course, laboratory findings, treatment or refusal of treatment, and results. If a conflicting opinion relative to origin, misconduct status, etc., is subsequently expressed by the same or some other medical officer, the reason for such change shall be fully stated. Diagnosis shall conform by name and number to the Official Nomenclature of the U.S. Public Health Service.

23. Trivial affections not requiring admission to the sick list may be indicated by a "note." No case of venereal disease and no case involving absence from duty on account of sickness shall be recorded as a "note" on the Medical History Sheet.

24. Should a wrong entry be made, it shall not be erased or changed, but an additional entry shall be made showing wherein and to what extent the original entry is in error, then signed by the medical officer.

25. In the case of a unit having a pharmacist's mate but no medical officer attached to it, the pharmacist's mate shall make and sign entries in the Health Record covering treatments given by him. In case there is neither medical officer nor pharmacist's mate, entries should be signed by the officer who gives the treatment.

26. As the Health Record is to continue during a person's entire service, it may become too bulky, by reason of accumulation of Medical History Sheets, to be conveniently handled. In such cases these sheets may be removed and forwarded to Headquarters, except a few sheets of the latest dates. An abstract will be made of the removed sheets when received by Headquarters and the abstract will be forwarded to the unit to be inserted in the Health Record. After the receipt of the abstract the unit when forwarding additional Medical History Sheets from time to time will enter upon the Abstract Sheet the data as shown in the Medical History Sheets prior to mailing to Headquarters. In this manner the Abstract Sheet will always be current after it is once issued.

27. The Medical History Sheets for officers are kept in the same manner as for enlisted men, but should be disposed of in the following manner: Upon completion of annual physical examination, all sheets containing medical history entries made during the preceding 12 months shall be detached and forwarded attached to annual physical examination reports to the Commandant, U.S. Coast Guard, care being taken to place the name in full, together with the date on the top sheet. If on the sick list at the time, procedure may be delayed until discharged from treatment. Attention is invited to the fact that the complete Health Record should be taken by the officer to the examining board at time of examination. (See par. 3.)

NOTE-- I served in the 12th. L.H. District, as Asst. Supt., from 1912 to 1938. As Malloch is comparatively young, he must have entered the service as Asst. Keeper, some time after 1912, the exact date is not in my memory, and I have no records here in Milwaukee for reference. I know that he served at Pottawattomie for many years, perhaps 15 or more. As to what other stations he may have served at I do not remember.

Malloch was always competent, quiet in manner, and gave satis faction at his station, and was never complained against to my knowledge. He is worthy of full recommendation.
