Washington, D. C.

Gentlemen:

Referring to the Commission's form letter of September 30, 1925 (File MAS), requesting a medical certificate (Form 1600) and Form 381 Supplemental in the case of Edmund Moore, whose reinstatement as Keeper in the Lighthouse Service was requested on September 24, 1925, the Department quotes below a statement received from the Sixteenth Superintendent,

> "Referring to Form 1600, it is not practicable to have this form executed at this time as Mr. Moore is now at Cape Sarichef Lightstation, Alaska, under temporary appointment, there being no physician available in that locality who could make the medical certificate. It is not known when this can be obtained as it is the practice in this district to have keepers serve at this isolated station for about three years before bringing them in on the tender. An effort will be made to have the certificate executed by the medical officer of one of the Coast Guard vessels operating in the Bering Sea. Prior to Mr. Moore's departure for Cape Sarichef he was examined by the local U. S. Public Health Service surgeon, whose certificate on Form 2413, dated September 5, 1925, is inclosed herewith."

The Department transmits herewith Forms 2413 and 381 Supplemental.

By direction of the Secretary:

Respectfully,

1. Inclosed herewith is Form 381, Request for Reinstatement, in regard to reinstatement of Edmund Moore, formerly keeper of Cape Sarichef Lightstation, Alaska, and recently recommended for temporary appointment. See Form 73 dated August 26, 1925, nominating Mr. Moore for this temporary appointment, and the accompanying letter.

2. The waiver of the one year limitation so as to allow the reinstatement of Mr. Moore under the provisions of Executive Order of June 25, 1921, amending Civil Service Rule IX, section 1, paragraph (a), would be in the interest of the Service for the following reasons:

(a) Mr. Moore is an experienced lighthouse keeper whose services were highly satisfactory during the period from Sept. 21, 1911, to July 16, 1923, the date of his resignation. He served as Keeper of Cape Sarichef Lightstation, Alaska, from July 1, 1921, to July 16, 1923, and thus is thoroughly familiar with conditions at the station to which it is proposed to reinstate him.

(b) At the present time there are no assistant keepers in the district available for promotion to the position of Keeper of Cape Sarichef Lightstation who are competent to perform the duties of that position, and there are no qualified keepers at other stations in the district who desire transfer to Cape Sarichef. It is fortunate, therefore, that the services of Mr. Moore are available at this time.

3. Form 73, recommending the reinstatement of Mr. Moore in accordance with the above is inclosed herewith.

1. Referring to Form 73, dated Aug. 26, 1925, attached hereto, it will be noted that Mr. Edmund Moore has been recommended for temporary appointment as Keeper of Cape Sarichef Lightstation, Alaska, at a salary of $1800 per annum, although the minimum salary in the range for this position is $1680 per annum. The salary recommended is the same as that now received by Mr. Soren Olsen, the outgoing keeper, it being considered that in view of the long previous service of Mr. Moore, (from July 14, 1911, to July 16, 1923, ten years of which period was in the capacity of Keeper at Scotch Cap and Cape Sarichef Lightstations) he should be paid as much as Mr. Olsen who has served for a considerably shorter period.

2. Although Mr. Moore has been out of the service for a little more than two years it is the intention to recommend him for reinstatement in the Lighthouse Service under the provisions of Executive Order of June 25, 1921, amending Civil Service Rule IX, section 1, paragraph (a), which order provides for waiver of the one year limitation when the reinstatement is in the interest of the Service.

Members of family in Government Service, None.

Date of birth, October 13, 1864.

Remarks: This appointment is necessary in order to relieve the present keeper, Soren Olsen, in order that he may take accumulated leave due him in accordance with regulations applying to this district and station. Mr. Moore has previously served as Keeper at Cape Sarichef Lightstation, his services being highly satisfactory. There are no suitable assistant keepers who can be recommended for promotion to this position. It is proposed to recommend Mr. Moore for reinstatement in the near future in the interests of the service. His previous record extended from July 14,1911 to July 16,1923,when he resigned. See attached letter recommending that he be appointed at a ~~higher~~ rate higher than the minimum of the salary range for this station. Not job employment.

Selection regular, ~~subject to the action of the~~ under the provisions of Sec. 1, Civil Service Rule 8

Approved: Temporary pending action on recomendation for ~~transfer or~~ reinstatement.

APPOINTMENTS
OCT 28 1914

Sir:

Referring again to your letter of July 2, 1914, transmitting extracts from reports of the Bering Sea Fleet, with reference to the services performed by that fleet in delivering supplies to certain light stations in Alaska, and to letter of this Department of July 10, 1914, expressing its appreciation of the courtesies extended and the valuable assistance rendered by the officers of the Revenue Cutter Service in this connection.

With reference to that part of the extracts relating to the apparent indifference manifested by certain keepers at the time such deliveries were made, I have to state that the matter has been investigated and that steps have been taken which it is believed will render improbable the recurrence of such indifference on the part of the keepers referred to.* Should the keepers of the light stations in Alaska exhibit any indifference at the time future visits may be made to their stations by officers of the Revenue Cutter Service in delivering supplies, this Department would be very glad to be advised of such remissness, in order that such further action may be taken in the matter as may be justified.

Respectfully,

(Signed) Wm. J. Harris.

Complaint having been made through official channels by officers of the Revenue-Cutter Service that the Keepers at Unimak Pass Light stations have shown indifference and lack of interest when supplies and provisions were landed at the stations by the Cutters during the past summer, the Inspector states that such unfavorable reports concerning employees of this district are received with regret. All keepers at the above named stations are requested to render every possible assistance to vessels which may in future visit or land supplies at their stations.

Sir:

I have to request that, if practicable, steps be taken whereby the Revenue Cutter Service arrange to have one of the first revenue cutters to reach the Bering Sea, Alaska, at the opening of the coming season, but not before April 1, 1914, call at Cape Sarichef Light Station, and Scotch Cap Light Station, Unimak Pass, Aleutian Islands, Alaska, inorder that a lighthouse keeper may be landed at the former station and that requisition for supplies needed for the next fiscal year may be obtained from both stations and forwarded to the office of the Lighthouse Inspector at Ketchikan, Alaska, in time to permit purchase of supplies to be made promptly after July, 1, 1914. As is well known, the mail service to those stations is very uncertain and it is especially inconvenient to send the lighthouse keeper by commercial steamer, for the reason that the vessel cannot wait for more favorable conditions if landing is impracticable at the time it arrives at the locality, and the passenger must return to Sand Point or Seward and await the next monthly voyage. The lighthouse keeper, whom it is desired to transport, is at Ketchikan, and it will be necessary to know at what place he may join the revenue cutter.

If it is practicable to make the above requested arrangements, it is desired that this Department be advised of the name and address of the officer of the Revenue Cutter Service designated to perform this duty, with whom the Lighthouse Inspector at Ketchikan, Alaska, may communicate directly as to details.

Respectfully,

The Department is in receipt of the Bureau's letter of the 15th instant, recommending that the traveling expenses of Edmund Moore from Ketchikan, Alaska, to Eldred Rock Light Station, Alaska, under his appointment to the position of second assistant keeper of that station on May 21, 1913, be authorized.

Inasmuch as it appears to have been the understanding with Mr. Moore that these expenses were to be allowed and that he acted in good faith in taking the position above referred to, the Department has authorized his actual and necessary traveling expenses between the above-mentioned points.

APPOINTMENTS DEC 19 1913

Secretary of Commerce:

Referring to Department letter of May 21, 1913 appointing Edmund Moore to the position of Second Assistant Keeper at Eldred Rock Light Station, Alaska, at $600 per annum.

This appointment was in response to the Bureau's recommendation of May 17, based on telegram from the Lighthouse Inspector, Sixteenth District. It appears that it was the intention to pay Mr. Moore's traveling expenses from Ketchikan to the station, but that owing to the recommendation being made by telegram, request for authorization of traveling expenses was not included. The Inspector, however, issued a travel order to Moore to proceed to his station, and the latter now submits a voucher, claiming reimbursement in the sum of $16.75 for expenses incurred on this travel.

Inasmuch as it appears to have been the intention and understanding with Mr. Moore that he was to be allowed his traveling expenses in proceeding to his station, and inasmuch as the omission to authorize the allowance of traveling expenses in the appointment was due to the exigencies of communication, the Bureau recommends that the Department now authorize such expenses.

APPOINTMENT DIVISION

Washington

August 1, 1913.

The Acting Secretary:

On May 27, 1913, the Department authorized increases in the compensation of the keepers and assistant keepers of Scotch Cap, Cape Hinchinbrook, and Cape Sarichef Light Stations, Alaska, effective on dates to be fixed by the Bureau and reported to the Department, which dates were later fixed at June 25, 1913, with the exception of the position of keeper of Scotch Cap Light Station, which was fixed at June 19, 1913. However, the latter position was not filled on that date, and the Bureau now recommends the promotion and transfer of Edmund Moore from the position of first assistant keeper of Cape Hinchinbrook Light Station, Alaska, at $900 per annum, to that of keeper of Scotch Cap Light Station, Alaska, at $1080 per annum, effective August 16, 1913, or as soon thereafter as he enters on duty, vice Michael Ludescher, who resigned on October 31, 1912. As Mr. Ludescher was paid at the rate of $1000 per annum, the question arises whether Mr. Moore can be appointed at $1080 per annum.

In this connection attention is invited to the fact that on June 18, 1913, the Department requested an expression of opinion from the Comptroller of the Treasury as to whether the words "same or similar services," as used in the legislative, etc., appropriation act approved March 4, 1913, were to be interpreted as applying to services rendered at a particular station, or to those rendered at other stations where the duties to be performed and the conditions to be met were substantially the same. In his reply of June 24, the Comptroller stated as follows:

" * * * the words quoted are not to be interpreted as applying to services rendered at a particular station but to other stations as well when the duties performed and conditions met are practically the same."

In view of the fact that the keepers of Cape Hinchinbrook Light Station and Cape Sarichef Light Station were each paid a compensation of $1080 per annum prior to July 1, 1913; of the fact that the "duties performed and the conditions met are practically the same" at these stations as at Scotch Cap Light Station; and of the further fact that the pay of the position of keeper of Scotch Cap Light Station was increased to $1080 per annum on June 19, 1913, although the position was not actually filled on that date, it is believed that the appointment of Mr. Moore as keeper of the last-named station may be made at $1080 per annum without violating Section 7 of the act approved March 4, 1913, supra.

The Inspector also recommends that Mr. Moore's actual and necessary traveling expenses from Cape Hinchinbrook Light Station, Alaska, to Scotch Cap Light Station, Alaska, be authorized, in which recommendation the Bureau concurs, and it is suggested that this recommendation be approved.

The Commissioner of Lighthouses,
Washington, D.C.

Edmund Moore was reinstated to the position of 2nd Asst. Keeper at Eldred Rock Light Station and entered on duty June 1, 1913, vice John C. Walker promoted the same date.

Mr. Moore reported for duty at Ketchikan, Alaska, was ready to proceed to his station, and travel order was issued directing that he proceed on May 30 from Ketchikan in order to make connections with the boat leaving Juneau June 1 for Eldred Rock. It was the intention to pay his travel expense from Ketchikan to the station.

Mr. Moore now submits an expense account for this travel but as a portion of this expense was incurred on May 30 and May 31 (a total of $11.00), and these two days are prior to the effective date of his entrance on duty, there is doubt as to the legality of paying this portion of his travel expense. Mr. Moore acted in good faith, and the error, if such, is chargeable to the employe issuing the travel order

Expense voucher for $21.35 is enclosed herewith, with a request for information as to the legality for the payment of the $11.00 referred to above.

December 15, 1913.

Secretary of Commerce:

Referring to Department letter of May 21, 1913 appointing Edmund Moore to the position of Second Assistant Keeper at Eldred Rock Light Station, Alaska, at $600 per annum.

This appointment was in response to the Bureau's recommendation of May 17, based on telegram from the Lighthouse Inspector, Sixteenth District. It appears that it was the intention to pay Mr. Moore's traveling expenses from Ketchikan to the station, but that owing to the recommendation being made by telegram, request for authorization of traveling expenses was not included. The Inspector, however, issued a travel order to Moore to proceed to his station, and the latter now submits a voucher, claiming reimbursement in the sum of $16.75 for expenses incurred on this travel.

Inasmuch as it appears to have been the intention and understanding with Mr. Moore that he was to be allowed his traveling expenses in proceeding to his station, and inasmuch as the omission to authorize the allowance of traveling expenses in the appointment was due to the exigencies of communication, the Bureau recommends that the Department now authorize such expenses.

Commissioner of Lighthouses:

The Department is in receipt of the Bureau's letter of the 15th instant, recommending that the traveling expenses of Edmund Moore from Ketchikan, Alaska, to Eldred Rock Light Station, Alaska, under his appointment to the position of second assistant keeper of that station on May 21, 1913, be authorized.

Inasmuch as it appears to have been the understanding with Mr. Moore that these expenses were to be allowed and that he acted in good faith in taking the position above referred to, the Department has authorized his actual and necessary traveling expenses between the above-mentioned points.

Referred to Lighthouse Inspector, Ketchikan, Alaska, for his information, guidance and files. The attention of the Inspector is invited to Bureau letter of May 10, 1913, to the Department, last paragraph, page three, in which the recommendation was made that the Department authorize the placing on duty of the relieving keeper and the promotion, etc., of the other keepers at the station, without the Inspector being compelled in each case to telegraph for prior authority from the Department, the necessary approval of the civil service district secretary, however, to be obtained by the Inspector in each case, where necessary, the Inspector to then submit the necessary nominations, stating the actual date of entrance on duty. This feature of the plan was approved by the Department in its letter of May 27, 1913. The object of this is to avoid needless telegraphing and any unnecessary delay.

Be guided accordingly in future similar cases.

In this connection attention is invited to Bureau recommendation to the Department of June 27, 1916, a copy of which was indorsed to you on the same date, and Department letter of July 6, 1916, copy of which was indorsed to you on July 13, 1916. All the features of the system of granting leave under Department Approval of May 27, 1913, are in force, except as modified by Department letter of July 6, 1916.

Report of Assistance Rendered.

1. Edmund Moore, keeper Scotch Cap Lightstation, Alaska, reports that on May 13, 1919 between one and 2 o'clock A.M. the American three mast schooner "Premier" 300 tons, owned by the Alaska Packers Association, home ort, San Francisco, California, bound from Grays Harbor, Washington to Bristol Bay, Alaska, laden with lumber, ran ashore on Cape Lutke, Unimak Island, Alaska in thick fog. At five P.M. on May 17th Captain Phillipson and one seaman, Walter Helin, arrived at the lightstation in an exhausted condition, having walked over-land through a rough country from the scene of the wreck. They were furnished with food, dry clothing and shelter by the keepers. On the 19th the Keeper signalled the SS Catherine D, which was passing; this vessel in turn sent a wireless message to the SS Kvichak. It is understood that the latter vessel picked up the two shipwrecked men at the lightstation and took off the remaining eight members of the crew at the scene of the wreck. There were no lives lost on account of the wreck, but it is understood that the vessel will be a total loss. The records show that the two men who reached the lightstation remained there for a period of three days before being picked up.

2. The Assistant Keepers at Scotch Cap at that time were F. E. Butler, 1st Assistant and Nick Kashevaroff, 2nd Asst. It is not considered necessary that a letter of commendation be issued in this instance.

I herewith make report that on August 13th, 1919 at about noon, the three mast barque "Hecla" 1435 net tons, owned by the Red Salmon Canning Co., San Francisco, Calif., R. T. Moller, Master, went ashore in Tigalda Bay, Tigalda Island, 19 miles S.S.W. of this Station. Capt. Moller and nine men landed here on the 14th at 3:30 P.M. We furnished them with food and shelter until 1:00 P.M. of the 15th, when they put off in their small boat to try to intercept a south bound steamer. Said steamer would not respond to distress signals from this Station. Shortly after Capt. Moller and crew left here, fog set in and since that time I have not had news of them. On account of the fog I was unable to tell whether they got to the steamer or not. Capt. Moller was of the opinion there was not much damage to the "Barque". Her cargo consisted of canned salmon together with 85 men including crew and fishermen.

Very respectfully submitted.

I here-with report that on April 7-1920 Two trappers in a small, open boat, landed at this Station. They were out of provissions and gasolene, This Station supplied them with enough of both, gasolene and provissions to take them to Unalaska. They departed from here on the 8-inst. When out in Unimak Pass they encountered a N.W. gale. Their engine broke down, and after having some trouble they mangged to get ashore in the neighborhood of Middle Point and returned to this Station overland. They were furnished with shelter and food untill May 2 when they departed on the gas boat "Eloise" for Unalaska.

Respectfully submitted.

1. Inclosed herewith is Form 381, Request for Reinstatement, in regard to reinstatement of Edmund Moore, formerly keeper of Cape Sarichef Lightstation, Alaska, and recently recommended for temporary appointment. See Form 73 dated August 26, 1925, nominating Mr. Moore for this temporary appointment, and the accompanying letter.

2. The waiver of the one year limitation so as to allow the reinstatement of Mr. Moore under the provisions of Executive Order of June 25, 1921, amending Civil Service Rule IX, section 1, paragraph (a), would be in the interest of the Service for the following reasons:

(a) Mr. Moore is an experienced lighthouse keeper whose services were highly satisfactory during the period from Sept. 21, 1911, to July 16, 1923, the date of his resignation. He served as Keeper of Cape Sarichef Lightstation, Alaska, from July 1, 1921, to July 16, 1923, and thus is thoroughly familiar with conditions at the station to which it is proposed to reinstate him.

It is not known when this can be obtained as it is the practice in this district to have keepers serve at this isolated station for about three years before bringing them in on the tender. An effort will be made to have the certificate executed by the medical officer of one of the Coast Guard vessels operating in the Bering Sea. Prior to Mr. Moore's departure for Cape Sarichef he was examined by the local U.S.Public Health surgeon, whose certificate on Form 2413, dated September 5, 1925, is enclosed herewith.

1. Ed. Moore, Keeper Cape Hinchinbrook Lightstation, has applied for seventy-nine days' shore liberty or leave with pay from April 1, to June 18, 1933, inclusive, this leave with pay to replace leave without pay heretofore granted and taken.

2. Mr. Moore was relieved from duty as keeper at Cape Sarichef Lightstation in the summer of 1932 for vacation after three years continuous duty on station. He was then entitled to approximately one year's leave with pay in accordance with leave regulations of keepers applying to this district. However, owing to the provisions of the Economy Act, only compensatory leave could be allowed him during the operation of the Act so far as it applied to leave. As Mr. Moore, after his long period of duty, desired to take more leave than could be allowed him with pay, he applied for leave without pay from December 18, 1932, to June 18, 1933, inclusive. He returned to active duty on June 19, 1933.

3. The Comptroller General has ruled (Decision A-48494 of April 28, 1933) that in Alaska unused accrued leave due on June 30, 1932, may be granted subsequent to April 1, 1933, so far as such accrued leave has not lapsed in accordance with regulations in effect at the time the Economy Act was passed. Mr. Moore had on June 30, 1932, more than enough accured and unused leave to cover the leave now requested and it is recommended that the leave without pay during the period April 1, to June 18, 1933, be converted to leave with pay and that Mr. Moore be paid for this period. He is justly entitled to the compensation owing to the fact of his long period of duty for three years without any vacation.

4. An additional allotment of $38.73 will be needed to enable this office to pay Mr. Moore's salary for the period indicated, and if the recommendation herein submitted is approved by the Bureau it is requested that an additional allotment of $38.73 be made to this district from appropriation "Salaries Keepers, 1933".

Superintendent of Lighthouses, Ketchikan, Alaska.

In reference to your recommendation for the compulsory retirement of Keeper Edmund Moore, effective at the close of October, on the basis of 19 years, 1 month, and 3 days service:

It is noted that under remarks you state he was on leave without pay from December 18, 1932, to June 17, 1933, while it is stated in the summary of the last five years of service that leave without pay was from December 18, 1932, to June 18, 1933, inclusive. It is also noted that Moore will reach the compulsory retirement age on October 13, but that in computing his total service you show to and including October 31, 1934. In this connection attention is invited to Bureau circular letter No. 196, dated November 3, 1930. From paragraph 2, compulsory retirement, of that letter the following is quoted: "In computing the total period of service for which credit may be allowed toward retirement, as well as in computing the annuity itself, no credit shall be given for the period between the date the employee becomes eligible for automatic retirement and the date of commencement of annuity". Therefore, while the employee may be continued in a duty status to the close of October, the period beyond the date on which he becomes eligible for automatic retirement should not be counted in arriving at his total service for retirement purposes.

In your computation of the annual rate of retired pay, it is noted that you show the cash salary of the employee, plus quarters, less the percentage deduction applicable to the particular period. The value of quarters is not taken into consideration in computing retired pay and should not be shown on the form in that connection. As to the percentage deductions, these are applicable in arriving at the active duty pay of an employee, but they are not applicable in arriving at the salary on which retirement pay is based, your attention in this connection being invited to section 205 of the Act of June 30, 1932. Form 9 is herewith returned for proper amendment and recomputation of the retired pay.

Superintendent of Lighthouses, Ketchikan, Alaska.

In further reference to the retirement of Edmund Moore, proposed effective at the close of October:

The Bureau has corrected the first entry under civilian employment to show May 31, 1912, instead of 1921. The second entry has been amended to show beginning June 1, 1913, instead of June 25. Both Bureau and Department records show June 1 to be the date of reinstatement. This brings Moore's total service to 19 years, 1 month, and 9 days. The annual rate of retired pay has been recomputed by the Bureau and is found to be ($1965.33 x 19.1083 yrs. ÷ 40) $938.85.

For the Commissioner:
