Benj. Lincoln Esq.

Sir

Genl Dearborn informed me some time ago of his intentions of visiting Boston by way of making preparations for the execution of his contract for 6 Ships in the Court of North Carolina, & that he would submit his Securities for your approbation & then either deposit the Contract & Bond in your hands to be sent on to me or send them himself: as I have not heard from you on this Subject & the Contract &c have not appeared I beg you will request Genl Dearborn to let you know the State of the business, in order that it may be settled or conform'd to his former advices

I am respectfully
Your obed. Sert
