Sir

Treasury Department
Revenue Office 8th April 1799

I have written to Edward Pope Esqr. Collector of the Port of New Bedford, on the subject of the proposed Light House at Gayhead; If you should visit New Bedford, I wish you to aid in determining the plan, and in ascertaining the means of compleating it as soon as practicable. —

The sum appropriated was small, from an expectation that the great height of the Land at Gayhead would render any considerable additional Elevation unnecessary. Mr. Pope thinks otherwise — I am afraid the Funds (3000 Dollars) are too circumscribed to answer his Views —

Favor me with your opinion &c

I am respectfully
your Obdt. Servt.

Wm Miller
Commissioner of the Revenue
