JAN 6 1937 LIGHTHOUSES

INSTRUCTIONS

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.
In the case of a reinstatement, the department in which the employee is reinstated should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each **fiscal year**, or part of **fiscal year**, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

Mr. Edward Pecor,

Dear Sir:

Your letter of December 17, addressed to the Civil Service Commission has been referred to this office for reply since the position of keeper in the Lighthouse Service is not subject to the Civil Service Retirement Law.

The position of keeper in this Service comes under the Lighthouse Service Retirement Law of June 20, 1918, as amended; however, the provisions of that law require a minimum of 30 years service, after which one may retire voluntarily at age 65. Retirement is mandatory at age 70 without regard to length of service.

According to the record you were born June 28, 1869. Therefore, the Bureau regrets to advise that as you did not have 30 years of active government service and had not reached the age for either optional or compulsory retirement at the time of your separation from the service, effective September 3, 1919, you were not eligible for retirement under the terms of the Lighthouse Service Retirement Law.

Edward Pecor,

OFFICE OF INSPECTOR, 16TH DISTRICT
KETCHIKAN, ALASKA

CHIEF CLERK
OCT 20 1915

October 7, 1915.

The Commissioner of Lighthouses,
Washington, D. C.

I forward herewith papers in the matter of charges preferred by G. A. Lee, Keeper of Tree Point Lightstation, against Edward Pecor, 1st Assistant Keeper at the same station, the papers consisting of, (1) copy of memorandum of charges as noted down by Superintendent R. R. Tinkham in the absence of the Inspector at the time the charges were stated verbally to him by Mr. Lee; (2) a copy of the charges as presented to Mr. Pecor; (3) Mr. Pecor's reply.

This matter has been investigated carefully and at length by the Inspector, both at the station and in the office, witnesses examined being the three keepers and Mrs. Pecor. It is considered unnecessary to burden the correspondence between this office and the Bureau with the lengthy details of the evidence bearing upon the matter, and only general aspects of the case and the conclusions reached by the Inspector, which are believed to be sound and just, will be presented.

Mr. Pecor is charged with (1) dishonesty, (2) incompetency when in charge of station, (3) being quarrelsom and insubordinate, (4) responsible on account of himself and his boys for much breakage and excessive wear of station tools and equipment, (5) neglecting the education of his children, (6) intention of having his son-in-law and family live with him at the station.

The charges as to dishonesty have not been proven, and they appear to have had their foundation in hearsay, suspicion and personal dislike. In defense of the accusation that he stole articles prior to his entry into the Lighthouse Service, Pecor states that while employed in the Puget Sound Navy Yard, where he worked for 13 years, he once took an American flag from a condemned pile which had been ordered burned, and that he used condemned tools but did not take them out of the yard. No proof has been found that he has committed any theft during his period of employment in the Lighthouse Service and the only evidence submitted to this effect is the expressed belief of the keeper that he took a brass lock off an abandoned boat house and that he sold it or retained it in his possession. This lock has since been turned over to the keeper by Pecor, who disclaims any intention of diverting it to his personal use.

In regard to the alleged incompetence of Pecor while in charge of station, the Inspector does not consider him fitted for taking charge of a station for any length of time, for the reason that he is deficient in knowledge and lacking in good judgment. The Keeper pointed out to the Inspector the poor condition of his (Pecor's) dwelling at the station. The dwelling undeniably is in unsatisfactory condition, but this seems to arise more from ignorance of paints and painting and proper care of a dwelling than from willful neglect.

The charge that he is quarrelsome and insubordinate has to some extent been substantiated. No specific instance has been

proven, however, where he refused to obey the orders of the Keeper. Ill feeling between the Keeper and the Second Assistant Keeper on the one hand and Pecor on the other is very evident, rumors even having reached the Inspector of possible violence to persons or property by Pecor. The latter denies any such threats or intentions on his part. The ill feeling is believed to be due in part to differences in temperament and nationality between Pecor and the Keeper and to the presence of four boys at the station, two of ~~which~~ whom are sons of Pecor and one belonging to each of the other two keepers. The animosity existing between the two assistant keepers appears to have been brought about by a personal matter, the First Assistant having filed on a mining claim located near the station, which each claims to have discovered before the other. Pecor's present wife, who was married to him during the past summer, left her husband after living with him at the station five weeks, alleging ill treatment.

In regard to the incident alleged to have occurred at Cape Sarichef, Pecor explains with detailed account of the circumstances that the Second Assistant Keeper (Wm. J. Pearson) set ~~his~~ a tomato can, which he was using as a cuspidor, on the table where he (Pecor) was preparing the meal and he (Pecor) picked it up and threw it out the open window.

As to the breakage of station equipment, there is not conclusive evidence that breakage by Pecor or his boys is excessive, although two specific cases of breakage of small tools are cited and admitted. In regard to some cases of damage to tools or other property by the boys at the station it is disputed as

to which boy is responsible therefor.

Pecor denies that he has neglected the education of his children but states that at the present time he is financially unable to send them to school. He indignantly denies the accusation that one of his sons was sent to a reformatory for shooting at an old man. It appears that this story came from the youngest Pecor boy (about 9 years old). The Inspector has not considered it necessary to look up the previous record of the Pecor boys.

On the whole, the Inspector does not consider that the evidence developed against Pecor is sufficient to warrant separating him from the Service, but it is essential to proper administration that he be removed from Tree Point. Nomination is submitted herewith for his transfer and appointment as First Assistant Keeper at Cape Hinchinbrook Lightstation at $900 per annum, subject to the regulations applying to that position, vice George West, to be transferred and appointed First Assistant at Tree Point Lightstation, as per nomination herewith. This will mean an advancement in salary for the former, but it is hardly a promotion on account of the greater isolation of the station, and this position has been selected for Pecor for the reason that his transfer thereto permits the changing of West to a married man's station in accordance with his request on file, and for the further reason that at Cape Hinchinbrook the keeper gets no annual leave until he is regularly relieved at the end of three years, and it is not necessary therefore that the First Assistant have charge of the station during his absence on leave. Pecor is not now entitled to residence at a

married man's station, since he has been divorced from his former wife and his present wife does not live with him.

Pecor is on shore leave pending action in his case by the Bureau.

Inspector.

1. In reply to the charges preferred by G. A. Lee, Keeper, are untrue.

2. I will admit that I did take an American flag that was condemned and sent out to be burnt. Being an American born and a lover of my flag and country I could not see my flag burnt.

3. That I did take some small tools off of the scrap pile for usage in the Navy Yard, Puget Sound, but did not take any out of said yard.

That while the Keeper was on leave I took a heavy brass lock off of an abandoned boat house. I considered it valuable to the Government. I did not intend to keep the lock. It was an oversight of not turning it over to the Keeper. That I have turned the lock over to the Keeper.

That I did have some trouble in making out reports, that be new work and not having any previous experience.

4. That I did state that I threw a cuspidor out through the window but not at the Keeper. The 2nd. Asst. Keeper put the cuspidor on the table and I did not think it proper so I threw the cuspidor out.

5. That I did break one small 3/16 tap in repairing the heater in the tower that I had to grind other tools so they would fit for usage. One of the boys broke a 1/4 inch chisle. They never broke any garden tools to my knowledge. That I told the Keeper if we needed any thing to do the work with the Government would furnish what we needed.

6. I did not allow any of my boys to play with a high power rifle. The boy 14 year old went out hunting and on his return had the misfortune of the gun going off accidently but did not do any damage.

7. That my boys went to school regularly. The only time they were out of school was from Nov. 6th, 1914 to Oct. 6, 1915. That the records of the schools at Charleston, Wash. Kitsap Co. will show that it is untrue. That the boy 14 was sent to the reform school for shooting at an old man. The records of the county seat at Port Orchard will show that is not true.

8. I did intend to have my son-in-law come to work on a claim I have in the hills but not on the reservation.

9 The only reason why the keepers made the charges was because I went ahead and did repairs that they paid not attention to.

Respectfully Submitted

July 17, 1915.
MEMO. for Inspector.

On the above date the Keeper of Tree Point Light made the following statements to me regarding friction between him and 1st Asst.

That the 1st Asst. is a self confessed thief, having told both the Keeper and 2nd Asst. of theft he had made when employed in a U. S. Navy Yard. Also that has told of stealing small tools from places where employed. Further that 1st Asst's. boy has told of other thefts his father has made. This record is the reason for Keeper leaving keys with 2nd Asst. instead of 1st. It is the Keeper's belief that the 1st Asst. took the heavy brass lock from the boat house, and either sold it to junk dealer or still has it in his possession.

That 1st Asst. is incompetent to make reports. Keeper claims that he has had to be with him and tell him everything to put down on such reports as he has made. This he claims is the reason 1st Asst. has not made annual report, not that he could get no blanks.

That 1st Asst. is quarrelsome and insubordinate. Has stated in presence of both keeper and 2nd Asst. that he once threw a cuspidor at a keeper at Cape Sarichef which missed and went through both sash of double window. The 2nd Asst. stated to Keeper that he would not return from present leave of absence if 1st Asst. was still at station. Keeper speaks highly of competence of 2nd Asst.

That 1st Asst. is responsible for much breakage and ex-

cessive wear of station tools and equipment in spite of warning from keeper. Some of this due to fact that he allows his 9 and 13 year old boys to use the carpenter and garden tools which has resulted in considerable damage. When warned 1st Asst. has said the Gov't. was able to furnish more.

That 1st Asst. allows his boys to play with his high power rifle to the danger of all at the station. Once shot it accidently into side of house narrowly missing the other boy. Keeper's objection to this scoffed at. Keeper requests that handling of guns by children be prohibited on the station.

That the only education children of 1st Asst. have received to date is one year in Reform School for the 13 year old boy, several years in Reform School for the oldest boy just released and lately at the station, and none at all for the youngest boy who is ignorant for child his age. Thinks 1st Asst. able to send all to school and should be so required. Oldest boy sent to Reform School for shooting at an old man with rifle.

That 1st Asst. contemplates having his son-in-law and family live with himat the station.

Keeper requests a transfer of either 1st Asst. or himself.

Edward Pecor, 1st Asst. Keeper,
Tree Point Lightstation,
Ketchikan, Alaska.

You are informed that charges were made against you by G. A. Lee, Keeper of Tree Point Lightstation on July 17, 1915, the charges being stated verbally to the Superintendent who noted them down in writing.

It is charged:

That you have told both the keeper and the 2nd Assistant Keeper of theft that you made while in the employ of a United States Navy Yard, and that you have also told of stealing small tools at places where you have worked. That it is the Keeper's belief that you took the heavy brass lock off the abandoned boat house and either sold it or still have it in your possession. The above is the reason why Keeper left the station keys in the charge of 2nd Assistant Keeper during his absence on vacation.

That you are incompetent to make reports and that he has had to be with you and tell you everything to put down on such reports as you have made. Keeper claims that this is the reason for your delay in submitting monthly report of station during his absence and not because he did not leave the blanks where you could have access to them.

That you stated in the presence of both Keeper and 2nd Assistant Keeper that you once threw a cuspidor at a Keeper at Cape Sarichef, which missed the keeper and passed through both sash of double window.

That you are responsible for much breakage and excessive wear of station tools and equipment in spite of Keeper's warnings, some of this being due to the fact that you permit your 9 and 13 year old boys to use carpenter and garden tools. That when warned you replied that the Government was able to furnish more.

That you allow your boys to play with a high power rifle to the danger of all at the station. That once the rifle was accidently discharged the bullet nearly missing the other boy and passing into the side of a house. That you scoffed at the Keeper's objection to the boys handling firearms.

That the only education your boys have received to date is one year in the reform school for the 13 year old boy, said to have been sent there for shooting at an old man with a rifle, several years in the reform school for the oldest boy, just released and lately at the station, and none at all for the youngest who is ignorant for a child of his age.

That you contemplate having your son-in-law and family with you at the station.

Keeper requests transfer of either yourself or himself.

You should submit to this office written answer to the above charges as promptly as practicable.
