Passamaquody - Jan.y 17th 1806

Respected Sir

In Conversation with Major Stead he Communicated that He had some Talk with you Relative to our Petition for the Light House at West Passamaquody - was to have waited on you for further Conversation but his Business would not admit of it -

I have to Communicate to you the desire of the petitioners that you will have the Goodness to forward the Petition to General Chandler - one of Our Representatives to Congress if it is not allready done - you will also have the Goodness to advocate it - as you may Judge it a most essential Accomodation to Navigation here -

am with all Respect Esteem
your Obed.t Servant

Lewis Fred.k Delesdernier -
