Answer to Question 25, P.C.B.Form No.14

This employee is principal keeper in charge of a lighthouse built on submarine foundation. The structure consists of a 2 story house about 30 feet square on a foundation interbraced iron piles, and surmounted by a glazed lantern containing Fresnel lens for display or light which may be either kerosene wick lamp or incandescent oil vapor apparatus. The house is also equipped with fog bell operated by clockwork. Communication with shore is by motor launch kept at station. Each of two keepers is allowed 8 days ashore per month and when both are at station, they divide watches of light and fog signal. The principal keeper is in responsible charge and his first duty is to see that the light never fails to burn from sunset to sunrise nor the fog signal to sound when needed. All apparatus is required to be kept in perfect condition of cleanliness and operating efficiently and the entire structure thoroughly clean and well painted inside and outside, and minor repairs made as needed within his capacity. Owing to exposed location and salt water, proper preservation of metal work, especially iron foundations, requires constant attention. He is also required to keep all station records including journal watch book, fog-signal record and property accounts.

The attendance upon minor lights grouped under care of this keeper's station is an important duty and requires skill and considerable risk in operating motor launch oftentimes under stormy conditions, and knowledge of the care and operation of acetylene gas apparatus.

"Item 25 "

Brant Island Shoal Station, of which I am keeper is considered one of the most isolated stations in North Carolina. The trips made for mail and supplies, have to be made in a small motor boat, across the roughest part of Pamlico Sound. During the winter season, this trip as well as the long trip required to reach all the beacons in our charge is both dangerous and uncomfortable. We are often delayed in reaching our station by severe weather conditions, and forced to seek harbor and safety in various places.Proper attention to these beacons is one of the most [redacted]rtant tasks required of us.

APPOINTMENTS
FEB 19 1918

Commissioner of Lighthouses, Washington, D.C.

Subject: Leave with pay, V.L.Watson.

Reference: Keeper's letter of Feb. 11, attached.

It is recommended that Victor L. Watson, keeper, Gull Shoal Light Station, North Carolina, be granted 60 days leave with pay effective March 1, 1918 for the reasons set forth in his letter above referred to.

Mr. Watson is a keeper of over 18 years service in this District and one of our most reliable employees and I think the action recommended warranted in his case.

In the event of approval of the above recommendation, the authority of the Bureau is requested to assign Mr. David E. Quidley, present assistant keeper, Wade Point Light Station, N.C. to duty at Gull Shoal Light Station at his present rate of pay for the period of Keeper Watson's sick leave and pending the repair and reestablishment of Wade Point Light Station, N.C., which was one of the stations badly damaged by ice during the recent heavy weather.

Sir:

Reference is made to the case of David E. Quidley, lighthouse keeper, U. S. Lighthouse Station, Hooper's Island, Md. Mr. Quidley is now a patient in this hospital, being admitted on August 9, 1940.

On admission to the hospital, Mr. Quidley complained of pain in the lower back and right side. Careful physical and laboratory examinations show Mr. Quidley to be suffering from hypertension(high blood pressure); chronic hypertrophic arthritis of the spine, moderate, and neurasthenia.

Mr. Quidley has been under intensive treatment for the above named conditions since August 9, 1940 and shows very little, if any, improvement. It is our opinion that this patient is totally disabled for any useful and active service, by reason of the above named conditions. We believe that if he were going to show any improvement in any of his conditions, he would show some evidence of it in this length of time. In view of the nature of this man's disabilities and his lack of response to treatment, it is our belief that it would be advisable to institute steps toward his retirement.

I respectfully request that I be granted twenty five days annual leave, beginning August 8th and ending September 1st, inclusive, which I have earned, and that a relief keeper be furnished during this period.

My reason for requesting this leave is that I may visit my mother and children, at Buxton, N.C., whom I have not seen for a year, due to the fact that the travelling expense for the trip is about thirty dollars and four days travelling time is required. If I made this trip on eight days leave, I would only be able to spend four of it at home,

1. Referring to your letter of 4 July, 1940, requesting that an allotment of $60.00 per month be made from your salary for the support of your wife and family, you are advised that there is no provision for making allotments from civilian salaries. All civilian light keepers of this district are paid once a month, and it is not deemed advisable to make an exception in your case. There would appear to be no reason why you can not make adequate arrangements for the support of your wife without affecting pay matters in this office.

All of my children are married, or working, and able to look out for themselves, except the three smallest ones and $60.00 per month will take care of them and give me a chance of stopping nagging reports being received in your office against me. Dear Sir:-

With reference to your letter dated 29 June, 1940, I can only repeat that I was held up while enroute home to see my children.

I did not reach an incorporated town until between thirty and forty minutes after the hold-up party ordered me to go back the same way I had come, and being extremely unnerved at the time I concluded that making a report to the police would be practically useless.

Regarding the report that I have been seen in a beer place: This no doubt refers to one of the stores where we get provisions as the owner does have a license to sell beer. However, his business is general merchandise, and he not only conducts his business in a respectable manner, but also has that reputation.

From the inquiries which I understand the local authorities made in Hoopersville, they were more zealous in gathering information which might discredit my report than in their endeavor to apprehend the robbers.

It was not my intention to avoid any responsibility toward my wife and children in reporting this robbery to your office, and since reporting it, I have mailed her a money order.

I am not an habitual drunkard, and have always attended to my duties to the best of my ability,

Respectfully,

Subject: Hold-up.

Reference: (a) Your letter 13 June, 1940.

1. This matter was referred to the Maryland State Police, and we are informed that grave doubt exists as to the facts stated in your letter. The fact that you did not, so far as could be ascertained by the State Police, report your loss to any police authorities, can mean only that you were not robbed, or you were in such a state that you could not report the incident to the proper police authorities.

2. The police also report that you are practically an habitual drunkard, and that when you are on shore leave you are most always seen in a beer place. This statement has received the serious consideration of the District Commander, and you are advised that a continuation of this state of affairs will lead only to your summary dismissal.

3. In addition you may be certain that this office will not consider the alleged hold-up as an excuse for not complying fully with any financial transactions, of which this office is cognizant, especially funds to support your wife and dependent children.

R. L. LUCAS,
Acting.

Dear Sir:

Replying to your communication under date of June 15, 1940, relative to the report of one D. E. Quidley alleging that he had been held up on the morning of June 10, 1940 in this State, I am attaching hereto copy of report received from Corporal Paul J. Randall, Commander, Barracks "I", Troop "D", this Department, located at Easton, Maryland, in which this alleged hold-up is said to have occurred.

Trusting that the information contained in this report will be of assistance to you, and assuring you of our desire to be of service at all times, I am,

RETURNED: Noted.

Respectfully report that Trooper 1/c C.C. Serman was assigned to the investigation in question and he has the following to report: On June 19th, 1940 Trooper Serman interviewed D.E. Quidley at Hoopersville and he related to Serman that he was held-up on June 10th on the road ten (10) miles East of Cambridge, this was a different direction than what is reported in the complaint, he further stated that there were two men, he was unable to furnish a description of either of the men, but specified that one was armed with a 45 Cal. revolver. He stated that they took from him between $100 and $138 in cash, he stated that he had just had his pay check cashed and was on his way home to Cape Charles, Va. Trooper Serman advises that this man had requested trust for a gasoline purchase at the store in Hoopersville, just before the hold-up was supposed to have taken place. Trooper Serman reports that this man is practially a habitual drunkard. He is separated from his wife and seven children and most always when on shore leave is seen in a beer place. Quidley was asked why he hadn't notified the authorities relative this alleged hold-up and he stated that he didn't think that it would do him any good. Investigation discloses that immediately after the hold-up he, Quidley turned around and rode back through the city of Cambridge where Police are duty day and night, but failed to make any notification of it at all. We know that he failed to notify any of the authorities and that further he never mentioned it to any of his neighbors at Hoopersville Trooper serman concluded from the above facts that this alledged hold-up never occurred and that he too concluded the same as Captain Crapster that it was a possible means of avoiding his financial obligations.

Gentlemen:

I have a report from one D. E. Quidley, lighthouse keeper stationed at Hooper Island Light Station, the shore base of which is Hoopersville, Md., who reports that at or about 3:30 A.M. on 10 June, 1940, he was held up and robbed at point of gun at a position on the road ten or twelve miles south of Cambridge, Maryland.

I would appreciate any advices you have relative such an incident, or if not within the ordinary course of the duties of your organization, it would be appreciated if you would forward me the title and address of the police agency which might have been informed relative this matter.

The reason for this request is that Quidley has been previously in some difficulties relative matters of finance, and it is felt that possibly this was presented as an excuse for not complying with certain financial obligations.

Dear Sir:-

On June 10th,1940,I left Hoopersville,Md.,by automobile, enroute home (Buxton,N.C.) about 3;30 A.M.

I was held up and robbed about 10 or 12 miles south of Cambridge,Md.,by two men,at the point of a gun.The men went through my pockets,taking everything I had,which included between $128.00 and $130.00 in cash.Therefore,I had to return to my station without money to pay my bills.

I have written home and told my people what happened to prevent me from saching home,or sending them any money,

Sirs:

1. Answering your letter of 25 November, File 659821, this office desires to explain that every Lighthouse Keeper in this District has information as to designated physicians to whom he should apply for treatment when injured in the line of duty, but in the case of Mr. Quidley, as explained on reverse of Form CA-1 submitted to your office on 3 November, he apparently was not able to secure treatment from the regularly designated physician. See in this connection copy of his letter dated 6 September addressed to this office.

2. It appears, however, that the list of designated physicians in Elizabeth City furnished by this office to our keepers does not agree with the list given on the bottom of your letter of 25 November. The latest information that we appear to have on this subject is Form C.A. 76 issued in 1934, which lists in Elizabeth City

Dr. W. A. Peters, 106 School St.,
Dr. W. W. Sawyer, 5 Noyth Elliott St.,
Dr. W. H. C. White, 5 North Elliott St.

Dear Sir:

Reference is made to the case of David E. Quidley, employed as keeper Wade Point Light Station, Elizabeth City, North Carolina, who was injured July 28, 1939.

It is noted that the services of a private physician were utilized in this case. The Commission's Regulations are mandatory with respect to the use of designated medical facilities wherever available in preference to private medical facilities. As there are three designated physicians available in Elizabeth City, it is desired to know whether this employee was given an opportunity or made any attempt to secure treatment for the injury from a designated physician. Unless a reasonable and satisfactory explanation is given, Mr. Quidley will be expected to assume responsibility of any medical expense incurred as a personal obligation.

It is suggested that in the future any civil employee coming under your supervision, injured in the performance of official duty, be referred to a designated physician. For your information, there is listed below the designated physicians in Elizabeth City.

David E. Quidley, lighthouse keeper, Wade Point Light, Elizabeth City,N.C., came to see me the 5th of September with a letter from your office authorizing an examination by me.

It seems that he was injured about 4 P.M. July 28 when he fell from the station landing between rocks on the foundation. He sustained injury to the left leg just above the ankle, abrasions of both arms. At the time of injury he was unable to locate either Dr. Peters or myself and found it necessary to consult another doctor. He was treated by Dr. H.J. Combs, of this city. At that time I was away on my vacation.

On examination I found a chronic, slowly healing ulcer about one inch in diameter on the left leg about two inches above the ankle. The other cuts and abrasions had all healed. I estimated that it would take at least two weeks from that time for this ulcer to heal.

Mr. David E. Quidley was in to see me today relative to the injury which he received about July 28 which Dr. Combs took care of.

When Mr. Quidley came to see me September 5 since Dr. Combs had been treating him since the time of his injury in July I advised him to continue under Dr. Combs' care.

Today the ulcerated condition on the leg looks much improved and it is my opinion, after talking with Dr. Combs and examining the leg, that it would be about October 2 before he can return to regular work.

Dear Sir:-

Enclosed you will find a money order for $5.00 for which give me credit on my bill to you,and also please send me a receipt so I will know hereafter how much I am paying.And I think you had better see Mrs. Ivey,and collect her part of this bill,or pull her for false pretenses,as I am not able to pay her bills.

If you recall,this bill came up after I had been trading with you only a short time,and the day I found out she was charging groceries to me,I had you,or your son Roy,go to her home and take about $2.50 worth of groceries she had got that day,and I told you then I would not pay her bills.

I kept on trading with you until I was transferred-a period of about two years-and kept my bills paid up,besides making some payments on a loan I had with you,and you said nothing more about her bills until you learned that I was being transferred,at which time,instead of saying more to me,and in spite of the fact that a few days prior to this I had offered to borrow money from the bank to pay my bill with you only to have you tell me that it would be satisfactory if I would continue to pay you in monthly payments,you went to the Commander's office with it.Fortunately, I happened to be there at the time.

I hope you have taken an itemized account of this bill to the office, showing who made the purchases,because I know that no one authorized by me made purchases reaching this amount.And you are well aware that I did not,in any way,authorize you to charge anything purchased by Mrs.Ivey to my account.

If you recall,at the time I first learned that this woman was getting things from you and charging them to me,your son Roy said that she had been getting things "right along" and he could remember of at least twelve or fifteen dollars worth of merchandize she had charged to my account "in the past week or two".

Wishing you success in business,I remain,

Yours very truly,

I am in receipt of a report dated 22 January from the U. S. Marine Hospital, Norfolk, Va., going into considerable detail concerning your case, but concluding that your physical condition does not warrant retirement. This report recommends that you continue with your present duties.

Sir:

In accordance with your request of December 28th, 1939, David E. Quidley, Keeper of Wade Point Lighthouse, an applicant for retirement on account of disability, was admitted to this hospital on even date for physical examination and discharged on January 3, 1940, and the following report is made:-

Case History: Patient states that for last three years he has not been feeling well. He has a fluttering of the heart when moving and working, shortness of breath, dizzy spells, when he bends over or straightens up feels quite dizzy and sight becomes "dark", headaches of frontal type appearing frequently and marked moving scotomas, no ringing of ears except a roar of left one (site of old infection). Lately he has not been sleeping well and does not know why. He has no nocturnal suffocations but is sometimes short of breath during the night; ankles swell up in the night, especially right ones. For the past five to six years he has had a steady pain in both tibias with burning of feet.

Physical examination:- General Inspection: Fairly well developed, of longliness, rather athletic constitution, well nourished, intelligent white male of 48, appearing older than that. Hair is grey-whitish. Height 5 ft. 11 inches. Weight 162 lbs. Head, scalp and skull: Negative. Ears: Both drums appear atypical and have not the normal shine, being here more diffuse and appear also thinner than normally; alterations more marked on left side where inspection is painful. Normal ducts. Eyes: Conjunctivas clean, photophobia to inspection, iris pigmented with peculiar brownish pointing. Pupils equal and round, transparent mediae fair, crystalous-thirds images fairly well seen. Pupils react normally to light, accommodation and consensual. Fundi: Sclerosed arteries, thin brilliant, deviating veins. Papillae appear normal. Nose: Deviation of septum to left. Mouth: Dirty, not carious teeth, gums moderately infected. Pharynx: Negative. Tonsils absent. Sinuses: Clear to transillumination. Neck: Negative for nodes, vessels, thyroid. Chest: Normal expansion. Lungs clear throughout to auscultation. Cardio-vascular: Apex on fifth interspace at mid-clavicular line. Rate 72, regular. Sounds strong. No murmurs nor thrills. Some accentuation of 2nd sound on base. Blood pressure 155/95. Vessels: Markedly sclerotic. Abdomen: Soft, rather flat. Liver not large. Spleen and kidneys not felt. Splatter on left lower quadrant and some tenderness around umbilicus. Inguinals: No hernia. Rectal: No hemorrhoids.

Physical examination: (continued)
Normal prostate.
Genitalia: Well developed. No evidence of scar or other pathology. Skin: Tatoo on forearms, has a slight senile character though patient is only 48. Nodes: Palpable, rather large nodes of both axillas. On right one they are somewhat tender (has infected burn of right hand). Reflexes: Physiological, active, no clonus. Babinski and Romberg negative. Extremities: Right shoulder shows chronic acromio-clavicular separation, tender on those points. On lower extremities no edema is appreciated but skin is erythematous on heels and pressure in there produces some pain. Skin here appears to have circulatory impairment. Ankles are free; a fracture healed (injury on June, 1939) appears to exist on lower third of left fibula. Over it there is a scar, site is tender. Flexion of toes produces some tenderness. Pedial artery beats rather poorly on both sides. Posterior tibial arteries appear tortuous and markedly sclerosed, beating poorly on right.

Laboratory Reports:- Urinalysis: Reaction, acid. Albumin and sugar, negative. Sp.Gr. 1.021. 1-4 pus cells per field. Few epithelial cells. Trace of mucus. Blood Kahn and Eagle negative. Blood sugar 98.8 mgs. per 100cc of blood.

X-ray of chest: Bony thorax normal. Diaphragms regular. Lung fields clear. Heart and great vessels normal.

Diagnoses: Arteriosclerosis, general.
Hypertension, arterial, essential.

The amount of arteriosclerosis present is out of proportion to patient's age but does not as yet appear to have disabled him to any great extent. There is no reason to believe that the present duties which he performs are in any way deleterious to his health, nor will they promote the rapidity of his pathological changes in arteries and as long as patient can continue as at present, it is recommended that he continue with his present duties.

Respectfully,

1. The conference I had in my office this morning with you and Mr. Quidley culminated in an arrangement with Mr. Quidley in accordance with the attached signed statement under which he is to pay you one-half of his pay check, or $77.50 per month. He is to furnish you with provisions for the present month and the contemplated arrangement will start with next month. He will receive his pay check in the early part of November and should promptly arrange to make remittance to you as agreed.

2. It is my wish that you advise me without delay when Mr. Quidley defaults under this arrangement. You should under no conditions wait an unreasonable length of time in submitting a report to this office.

3. I trust this arrangement is satisfactory and will work out to the advantage of all concerned.

420 Federal Building,
Norfolk, Va.

Sir:

I hereby agree, starting with my next check, to send my wife, Mrs. Quidley, of Buxton, a sum not less than one-half of my check, which, at my present rate of pay, would be $77.50.

My total indebtedness at this time is approximately $150.00.

Respectfully,

D. E. Quidley,
Keeper, Wade Point Light Station.

Sir:

I hereby agree, starting with my next check, to send my wife, Mrs. Quidley, of Buxton, a sum not less than one-half of my check, which, at my present rate of pay, would be $77.50.

My total indebtedness at this time is approximately $150.00.

Keeper, Wade Point Light Station.

9 October, 1939.

Capt. Manyon: What is your name?

Mrs. Quidley: My given name is Lilla.

Q : Where do you live?

A : Buxton, North Carolina.

Q : David Quidley is your husband?

Q : What are his initials?

A : His initials are D. E. He is my husband.

Q : How long have you been married?

A : I have been married 27 years.

Q : How many children have you?

A : I have nine children living. They are all away at work except four young children. I have had thirteen children - four dead.

Q : Does Mr. Quidley live at the same house you do?

A : He does when he is there. He goes home.

Q : When he comes off the light station does he go to your home?

A : Not often. He was there when I was sick this summer. The doctor said it was rheumatism. He came home one afternoon and left the next day at 12 o'clock.

Q : How often has he been home in the last year?

A : He usually comes home every three months.

Q : How long does he stay?

A : Two or three days and one time he spent a week.

Q : When was he home last?

Mrs. Quidley: He was home in August when I was in bed with an attack of rheumatism in my ankles. That was the last time he was home.

Capt. Manyon: What part of August was that?

A : Around the first, I reckon.

Q : Was it the first part or the last part.

A : It was around the first.

Q : When did he last give you any money?

A : He sent me a postoffice money order four years ago December. He sent a money order for $10.00 and gave the children $50.00 the last time he gave me any money. When we send the grocery list to Mr. Quidley sometimes he sends all the things on the list and sometimes he doesn't.

Q : When did you last send him a grocery list?

A : I sent it the 28th. I was at his brother's and I mailed it from Hobucken on the 28th of September in order to get it in time for this month's groceries.

Q : How much worth of groceries was it?

A : I don't know; I would judge it was $25.00 or $30.00 worth.

Q : Did you get these groceries?

A : I haven't been home. He told me a few minutes ago he sent the groceries. They have to go to Hatteras and I have to pay someone to bring them from Hatteras to my door, which costs me around 50¢ or $1.00.

Q : Do you send a grocery list every month?

A : I usually try to make out the order for groceries about the 28th or 29th and get it in time to send it off, and sometimes I have waited as long as two weeks before I received the groceries.

Q : Does this list consist only of groceries, or groceries and clothing?

A : Just groceries. Our family has not had any clothing since the school closed when I ordered four pairs of white shoes, a pair for each boy and for each girl, and the little girls' dresses costing $1.00 each. I don't know the price of the shoes and the boys had a white shirt apiece. Four pairs of shoes, two

Mrs. Quidley: white shirts, and two dresses - that's all the clothing we have had since May.

Capt. Manyon: When did you get some before that?

A : I guess it was in the fall, probably Christmas.

Q : What did you get then, do you remember?

A : No, sir, I don't. It was similar to this order in May. They may have got some shoes.

Q : Shoes, and anything else you can remember at all?

A :: I don't remember.

Q : During all this time since you received that money order five years ago next December, you are sure you have received no cash or money order of any kind?

A : No, sir. I haven't had any money. I ordered what I had. If they wanted to send it all right or wait three weeks, it was all right.

Q : Did your husband give any reason for not sending money?

A : No, he said he was in debt and wanted to get out, so I tried to manage as economically as I could.

Mr. Rebbel : Is he in debt, Mrs. Quidley.

A : He isn't that I know of, except for one or two bills. He was at first.

Mr. R. : What kind of debt?

A : I think he owed a fellow Williams some money. He just told me a few minutes ago he paid.

Mr. R. : What was the debt for?

A : That was money he had borrowed, I guess.

Mr. R. : Do you know what he borrowed it for?

A : No, I don't.

Capt. Manyon: Have you any idea how much the debt was?

Mrs. Quidley: He told me he borrowed $400.00 from Charley Williams but he has that almost paid, or he said he did.

Q : What was it for?

A : I don't know what it was for.

Q : Did he do any repairs on the house at that time?

A : Not that I know of at that time. There hasn't been anything done to the house, only shingling part of the kitchen.

Q : How much has he spent on the house in the last four years?

A : That is the only thing that has been done. The house leaks now and I have to move my beds when it rains to keep them from getting wet.

Mr. Rebbel : Does he own an automobile?

A : Not to my knowledge he doesn't.

Capt. Manyon: How much do you think he should contribute to your support?

A : I think we should get along very comfortably on $80.00 a month to properly feed my children and carry on things economically. I'm not extravagant and am willing to live and let live.

Mr. Rebbel : How many minor children have you?

A : There are four children we should now support - a boy 16, one 13, a little girl 10 and one 8. That's the baby.

Capt. Manyon: Do you know how much a month he makes?

A : I have been told. I never saw his check since he came up from Roanoke River. The last I remember it was from Kent Island. I cashed them, sent off money orders, and paid each bill. If he wanted so much it was there when he came home.

Q : You don't know how much he gets, then?

A : No. He gets $157, I have been told. I have never seen his check.

Mr. Rebbel : Do you know what he does with his money?

A : I don't.

Capt. Manyon: Then we can say that in the last 4-1/2 years he has only contributed groceries to the amount of $25.00?

Mrs. Quidley : Not over $45.00 a month in clothing and groceries.

Capt. Manyon : And you know of no reason why he should not send you more money?

A : I don't. I don't see why he shouldn't.

Mr. Rebbel : When he comes ashore does he live anywhere other than at your home?

A : No, he always comes to my home.

Capt. Manyon : And he comes to your home about once in three months?

A : Sometimes it is that long.

Q : Has he been home recently?

A : He was home when I was in bed in August. That is the last time he has been home.

Mr. Rebbel : Mrs. Quidley, didn't you state when you were up here before that he lived somewhere else?

A : I said he said he was boarding at a plce in Elizabeth City.

Capt. Manyon : To whom do you send this grocery order?

A : I send it to him direct. I don't know whether he fills it or carries it to the merchant.

Q : Have you anything else you would like to say?

A : No, I haven't anything else to say.

9 October, 1939.

Capt. Manyon : To whom do you send this grocery order?

A : I send it to him direct. I don't know whether he fills it or carries it to the merchant.

Q : Have you anything else you would like to say?

A : No, I haven't anything else to say.

9 October, 1939.

Capt. Manyon: What is your name?

Mr. Quidley: D. E. Quidley.

Q : Where do you live?

A : Buxton. That is my home.

Q : When were you home last?

A : It has been sixty days.

Q : When were you home before that?

A : I go there almost every month.

Q : How often do you miss?

A : I don't know. I hardly miss going home every month, when I have a chance.

Q : What do you mean?

A : Sometimes I have my work to do and don't have a chance every month. The last sixty days I have been under the doctor.

Q : Where have you been living?

A : I have been boarding with Joe Riggs.

Q : All the time?

A : Every meal.

Q : Since you have been laid up?

A : Sixty days.

Q : When did you send your wife any money?

A : I don't know.

Q : What do you do to support her?

A : I send her everything she asks for, the groceries and clothing. She has a list in her hand now. I sent an order off one day last week. Sent an order off for groceries for $70.00.

Capt. Manyon: How much do you contribute in groceries and clothing a month for your wife?

Mr. Quidley: I figure about $75.00. I haven't had money to send for the past four or five months. I have had so many grocery bills to pay. I borrowed money from the bank.

Q: What were those bills?

A: For clothing.

Q: Clothing for your family?

A: Yes, sir.

Q: How much did these bills amount to?

A: I think the last one was for $75.00.

Q: Then you don't give your wife any money at all?

A: She hasn't asked for it. I usually send whatever they want.

Q: Why don't you give your wife some money?

A: I usually write her a check or any way she wants it. My bills will be hard to catch up on unless I get someone to go on my note.

Q: You are willing to divide your check with her?

A: Yes. I will not trade at home.

Q: You will divide the check in half?

A: Yes. I will split it in half.

Q: You will give it to her in a money order or cash?

A: I asked if two checks could be made out from the office.

9 October, 1939.

Capt. Manyon: What is your name?

The matter of your indebtedness to Mr. C. T. Williams of Avon, North Carolina, has again been brought to the attention of this Office. Mr. Williams advises that you owe him a balance of $50.10, and that you have paid him nothing since June 6, 1938.

The records of this Office show that your indebtedness to Mr. Williams dates back to July 1933. Since that time you have made numerous promises to make monthly payments until the account was cleared up. This you have failed to do.

You are directed to get in touch with Mr. Williams at your very first opportunity and make some satisfactory arrangements with him for liquidating this indebtedness. Furthermore, you will be expected by this Office to live up to any promises you make to him.

Advise this Office as early as practicable of your intentions in this matter.

N. C. Manyon,
Superintendent of Lighthouses.

Copy to Mr. C. T. Williams,

Sir:

Mr D.E. Dudley Keeper of Wade Point Lighthouse, Pasquotank River Elizabeth City, N.C. On July 20-1933 came to me in a critical way stating that the local Merchant Mr D.T. Meekins had reported him to the Baltimore office and that he had been notified that unless he paid Mr Meekins by a certain date that he would loose his job. and I through great sympathy for the man loaned him $4 86 to pay this account on a promise that he would repay me back at the rate of $2 50 per Month.

The last payment I received from said man was March 6/1935 in the sum of $10 00 which leaves a balance of $ 151 10 I have written him several times begging for Monthly payments of any amount. and he always puts me off with promises which never materialize. I thought perhaps that a word of encouragement from you & this man would cause him to resume his payments. any help that you can be to me will be highly appreciated

Thanking you. Respectfully

1. I am in receipt of Form CA-16 dated April 13 indicating you received treatment from Dr. W. H. C. White, Elizabeth City, N. C., for rheumatism and Lumbago. Please be informed that Form CA-16 is to be used only in case of injury in the line of duty. Rheumatism and Lumbago does not indicate such an ailment.

2. You are directed to replace the Form CA-16 with Form 207, supply of which is herewith. It is presumed that Dr. White is the regular Public Health Service physician. If not, the Government will not pay the bill.

From all reports from his people and neighbors, also how his children are clothed and fed, he is not giving his wife enough to support them.

Some time ago I was talking with a merchant at Hatteras, where Mrs Dridley was doing her trading, and he told me Dare was going to give her $50.00 of his salary to—live on, but he must have fell down on that,—or got behind in some way, because I hear he is just—sending provisions from

E. City now, how much I do not know, but there is one thing I do know, if his wife hasn't changed a lot since she traded with my father some years ago, she could easily run the family on half his salery, for I've heard my father say she was one of the most economical women in buying he had ever seen.

Dave used to have a good garden spot, but some years ago he stopped working it, and let it grow up and the fence is all down, whiskey and bad women have ruined many a man.

I trust ever what steps you take will be best for both him and family. I had rather talk to you personally, than to write so much

1. A matter is pending before this Office which requires me to determine whether or not Keeper D. E. Quidley of Wade Point Light Station is adequately supporting his wife and family. I note from our records that Mrs. Quidley resides in Buxton, and it occurred to me that you might possibly be cognizant of the actual conditions in this respect.

2. I am endeavoring to determine whether or not Mrs. Quidley is amply provided for, considering, of course, Mr. Quidley's income. From my investigation so far it would appear his expenditures on Mrs. Quidley and the family are ample. Furthermore, I would like information as to whether or not the home in which Mrs. Quidley lives has ample ground for raising produce to assist in providing the family with vegetables. I have been advised no effort has been made in this respect by members of his family, although there is ample opportunity to do so. Any light you can throw on this matter will be appreciated and will, of course, be kept strictly confidential.

Dear Sir,:-

In reply to you letter dated Sept I3th,In regards to an estimate as to the amount that D.E.Quidley spends on his family each month with Twiddy & White for clothing.

Mr Quidley hasan unlimited credit with us and has had for some time.

As he is not in our City so many times when we recive orders from Mrs Quidley at Buxton,N.C.Dare Co.

He of course does much of the buying of the shoes dresses and clothing.Yet it is understood with us that we are to fill all order to us from his wife be it what it may.

I would say on an average of 20.00 or more each month.

We only wish that we could get more business from this family as all bills are paid the First to the I0th,Of each month.

Wade Point Light Station,
Elizabeth City, North Carolina.

1. It has come to the attention of this Office that you are not adequately providing for your family. It has also been intimated the reason therefor is the fact that you have been supporting another woman.

2. This Office is not disposed to delve too deeply into personal matters that do not involve an employee's conduct in the Service, but the Regulations of the Service require employees to adequately support their families, and if you are not complying therewith, it will be necessary for this Office to take some disciplinary action. I believe, however, that with this suggestion you will take such measures as will prevent further criticism.

Dear Madam:

I have your letter of November 21 concerning the conduct of your husband, etc.

The authority of this Office in matters of this nature is somewhat limited. This matter will be taken up with your husband, without of course mentioning your name, and an effort will be made to have him adequately support his family.

If after a reasonable period there is no improvement in the situation, you might communicate further with this Office.

Respectfully,

Superintendent of Lighthouses.

Kenyon Quimby -

This office has decided that there must be some justification for the complaint of your wife that she is not being supported by you - and will if pressed will have to proceed against you in the proper court of law.

Your letter from various merchants in Elizabeth City have been considered, but unfortunately many other bills have existed to show that perhaps you have not been all that you should have been to the lady who bore your eleven children.

This office requires that its member being no disgrace on it by their conduct, and it would be well for you to come to some agreement with your wife that would be satisfactory to that lady and yourself and this office wishes you to arrange such an agreement at your earliest convenience, and desires to be informed by both your wife and yourself that such an agreement has been reached

Brant Island Shoal Station, of which I am keeper is considered one of the most isolated stations in North Carolina. The trips made for mail and supplies, have to be made in a small motor boat, across the roughest part of Pamlico Sound. During the winter season, this trip as well as the long trip required to reach all the beacons in our charge is both dangerous and uncomfortable. We are often delayed in reaching our station by severe weather conditions, and forced to seek harbor and safety in various places. Proper attention to these beacons is one of the most important tasks required of us.

I judge that my daily official work requires an average of 10 or eleven hours per day.
My Station is isolated, and I have to obtain my supplies from a distance of about 45 miles.
I have two motor boats at the station which I personally attend to keeping up.

21. I hereby certify that the foregoing was composed by me after reading P. C. B. Form No. 15, and that it is a true statement of my duties.

D. E. Quidley

Answer to Question 25, P.C.B.Form No.14

This employee is principal keeper in charge of a lighthouse built on submarine foundation. The structure consists of a 2 story house about 30 feet square on a foundation inter-braced iron piles, and surmounted by a glased lantern containing Fresnal lens for display or light which may be either kerosene wick lamp or incandescent oil vapor apparatus. The house is also equipped with fog bell operated by clockwork. Communication with shore is by motor launch kept at station. Each of two keepers is allowed 8 days ashore per month and when both are at station, they divide watches of light and fog signal. The principal keeper is in responsible charge and his first duty is to see that the light never fails to burn from sunset to sunrise nor the fog signal to sound when needed. All apparatus is required to be kept in perfect condition of cleanliness and operating efficiently and the entire structure thoroughly clean and well painted inside and outside, and minor repairs made as needed within his capacity. Owing to exposed location and salt water, proper preservation of metal work, especially iron foundations, requires constant attention. He is also required to keep all station records including journal watch book, fog-signal record and property accounts.

The attendance upon minor lights grouped under care of this keeper's station is an important duty and requires skill and considerable risk in operating motor launch oftentimes under stormy conditions, and knowledge of the care and operation of acetylene gas apparatus.

Gentlemen:

Reference your file Mise-2883148.
Inclosed is a letter of Mr. David E. Quidley, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period January 1, 1941 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Standard Form 50 (9 Part) describing this retirement. This form shows correct computation of retired pay to be $1114.95 per annum, whereas, for the period January 1, 1941 to June 30, 1947, Mr. Quidley was paid at the rate of $1079.41 per annum - an underpayment of $35.54 per year, or $2.96 per month.

Computation of the amount due and appropriations chargeable are as follows:

2011255 - Retired Pay, Former Lighthouse Service, Coast Guard,	1941	$ 17.77
2021255 " " " " " " "	1942	35.54
2031255 " " " " " " "	1943	35.54
2041255 " " " " " " "	1944	35.54
2051255 " " " " " " "	1945	35.54
2061255 " " " " " " "	1946	35.54
2071255 " " " " " " "	1947	35.54
	TOTAL	$231.01

For tax withholding purposes, the records of this office show that Mr. Quidley claims 7 exemptions.

Mr. Quidley's mailing address is Old Trap, North Carolina, and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

Very truly yours,

A. F. MACKAY, LIEUTENANT, USCG

Misc-2883148-WSS

Treasury Department,
United States Coast Guard,
Washington 25, D. C.

Sirs:

Transmitted herewith for administrative examination and report is the claim of David E. Quidley, Lighthouse Keeper, Retired, Old Trap, North Carolina, for the difference between retirement pay received based on net salary and that alleged to be due based on gross salary, as a former employee of the United States Lighthouse Service.

In connection therewith, it is requested that this office be furnished with a copy of claimant's employment records, showing all salary received for the five-year period immediately preceding the date he became separated from the service and placed on retirement, together with a copy of his notice of retirement, showing the date retired and the last day of duty.

It is also requested that a payroll voucher be furnished showing the basis on which his retirement pay was computed and the amount he would have received if his retirement pay had been based on his gross salary, together with any other pertinent facts relative thereto. The payroll voucher should include complete citation to the appropriation or appropriations from which paid from the beginning of his retirement to the present time.

The enclosure should be returned with your report.

Respectfully,

P. E. Sours

In accordance with the Comptroller General's Decision B-70029 dated 10-23-47, which reversed Decision A-31584 of 5-28-30, your retirement pay has been recomputed on the basis of the average gross pay (which includes the valuation of quarters for the period occupied) received during the last five years of your active duty. The computation on this basis changes the rate of your retirement pay from $1079.41 to $1114.95, and this notice is issued in order that you may have accurate information as to the rate of retirement pay which you are authorized to receive.

Total Service: 23 years, 8 months, 11 days

Gentlemen: Re: Retirement Pay Check

This is to advise that a voucher card was not enclosed with my check. Please let me have this card right away so that I can mail it in the end of this month.

I made a note of two numbers on my check which I just received. The one at the top was 4.481 and at the bottom was 18460.

Thanking you to let me have the card as soon as possible so that I will not be held up at the end of the month, I am

Sir:

On May 15, 1934, the Tug M. Sue of Elizabeth City, N.C., come to my station in a fresh gale to the southwest and requested me to try and go to the Barge Wright No. 1 about three miles in the Sound from this station sinking with three men on it and stand by to take the men off until he could go to Elizabeth City for help. After a long time trying, I managed to get my boat out of the falls and went to the barge and found it to be about gone down, it being loaded with logs. I suggested that we put overboard some of the logs and try to save her. We put some fifty or more over and saved the barge until the Coast Guard come to its assistance. I stayed by and helped with pumps until it was towed in the North River, where it was in a harbor, arriving there at 2:30 a.m. on the 16th. The crew of the barge were most exhausted before the barge got into harbor.

Respectfully,

Sir:-

On March 24th 1925 I went to S.W. Pt. Royal Shoal to do some work I picked up the Motor Boat Mable of. newyork. with two men on board they having lost their rudder in a strong north East wind. and was unable to handle the Boat. they was with out provisions. and the Boat was leaking bad. I stayed by them untill the wind moderated the after noon and towed them to Portsmouth where the Coast Guard crew rendered them assistance in getting to railways for repairs.-

Respectfully yours
