Copy

District of Passamaquoddy
Collectors Office July 1st 1806

Sir

Conformable to my last that I would make a more accurate and final examination by causing Flags to be hoisted as high as I could possibly erect them this was performed the 27th ultimo the weather proving favorable.

Inclosed is a copy of minutes of Examination. there being a number of Vessels in port I availed myself of the occurance and selected several masters of the most experienced Coasters and have caused them to Subscribe a Report as I judged such individuals best qualified to form a Judgment on so important an object, so interesting and advantageous in their occupations.

Conformable to your instructions, after that I have forwarded all the information in my capacity to obtain with all the advantages and disadvantages and the localities connected with the Subject, I presume to State that the Site marked C in the Plan is the most eligible.

I have also inclosed a Statement of the Expenses for all the performances necessary in the

the examinations, which I hope will be approbated.

I have the Honor to be with all

Esteem & Respect

Sir

Your Most obed^t humb^l Servant

(Signed) Lecuis Fred^k Delesdernier

P. S. the Report Signed by the master as mentioned within it was not in my power to get Subscribed before the departure of the mail - but will be sent the next trip.

The Hon^ble the Secretary of the
Treasury of the United States.
