Mrs. John B. Quidley,
Beaufort, North Carolina.

My dear Mrs. Quidley:

The Department sincerely regrets to learn of the death of your husband, Mr. John B. Quidley, revealed in the official notice which has recently been received. His long period of service, more than twenty-seven years, including duty as keeper in the Fifth Lighthouse District, has thoroughly identified him with this phase of the Department's activities, and the loss of men of such experience is always a matter of concern.

I beg you to accept my deepest sympathy in your bereavement.

Sincerely yours,

DANIEL C. ROPER

Memorandum for Mr. Kerlin

Herewith is a communication prepared for the Secretary's signature to the widow of John B. Quidley, a former Keeper in the Lighthouse Service. This letter follows the form recently agreed upon for the surviving spouse or next of kin of deceased employees.

Mr. Quidley was retired on account of disability in July, 1929. He died on October 27, 1936. That being the case the phraseology of the communication seems to be inappropriate.

A specimen of the letter heretofore used in cases of death after retirement is inclosed for your information.

CERTIFICATE OF MEDICAL EXAMINATION

In the claim of John B. Quidley
employed as Keeper
for retirement on annuity under the provisions of the Act approved March 4, 1925 (42 Stat., 1261), providing for retirement for disability in the Lighthouse Service, the claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: About two years ago, noticed that his leg felt bad; the skin from the knees to hips felt numb; cold sensation to touch but burning sensation to him. This condition has gradually gotten worse; knees swell with rheumatism. For 10/15 years has been subject with headaches, post-occipital, but could be relieved by rubbing. Feet tire very easily; tired all the time and has to rest between each flight of steps; has to climb 180 feet. Two weeks ago he fell out twice; got cold and short of breath.

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination:

Birthplace Avon, N. C. Age 52 years
Height 66 inches Weight 169 pounds Complexion Ruddy
Color of eyes Blue Color of hair Grayish

Scars of various operations about anus.
Acar from pterygium operation, left eye.

Here describe fully nature of disability, state whether partial or total, and whether of a permanent character
Patient is a well nourished, adult male. Examination is essentially negative except as follows: Scars of various operations about the anus. Scar of pterygium having been removed from left eye. Heart shows evidence of myocarditis, chronic. Has incontinent anal sphincter from fistula in ano. Has defective hearing. Urinalysis shows trace of albumin, otherwise negative.

hereby certify that upon examination, find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part. Patient is permanently and totally disabled for useful and efficient service by reason of chronic myocarditis, defective hearing and incontinent anal sphincter the result of fistula in ano.

Subject: Charge of misconduct against John B. Quidley, Keeper, Cape Charles Light. 1440

1. There are forwarded herewith the copies of following corrpspondence in connection with charges preferred by Miss Maude O'Neale, Hatteras, North Carolina, against John B. Quidley, Cape Charles Light Station: Letter Feb. 7, 1927, to this office from Miss Maude O'Neale, Hatteras, N. C.; my letter Feb. 10th to John B. Quidley; his reply Feb. 14th; letter Feb. 15th from 1st Assistant Keeper, Cape Charles; letter March 6th from L. D. Farrow, Sheriff, Dare County, N. C.

2. While the charges are of a serious nature yet there is no indication in the letter from the Sheriff of Dare County that they have ~~not~~ been seriously considered by either the sheriff or the plaintiff's attorney. It will be noted that there is no disposition on the part of the sheriff to arrest Mr. Quidley, in view of which fact this office is without means of establishing definitely the guilt or innocence of Mr. Quidley, and it is accordingly recommended that the matter be dropped until such time as Mr. Quidley might be apprehended and placed on trial at which time this office might take cognizance of the decision of the court.

Sir: In reply to yours of the 10th relative to the report or request of Miss Maud O'Neal of Hatteras, N. C., will state that I am at a loss to understand what grounds she has for making such a request. As to transfer to Cape Hatteras, N. C. I never expected to be sent there as I am quite sure the present keeper will not leave there until he is retired from the service and by that time I would not be able to fulfil his place. I have had the chance to go there as 1st assistant but would not accept it as the salary would not justify me doing so, and as to there being a warrant for me in Dare County, N. C., I don't see why it has not been served on me before now, as I was down there in January and on the night of January 7th I had to stop on my way home to Avon at Manteo, N. C., and I saw the Sheriff of Dare County and talked with him about one-half hour and if there had been any warrant for me he should of arrested me that night, and relative to the insane woman she speakes of I am sure surprised at her statement about her. I would call her enything else but insane as I happened to be thrown in her company one time at Hatteras, N. C. neer 3 years ago or after she had returned from the State Sanatorium and she told me the cause of her having to be sent away that sometime previous she weighed 185# and that her sister a Miss Manerva O'Neal who was a trained nurse in some hospital send her some records for exercising to reduce her weight and more than that I happened to be on the Steamer Trenton that runs from Elizabeth City, N. C. to Manteo, N. C. In the month of October last 2 years ago and the same Maud O'Neal was a pasinger on the boat the same time and I talked with her about her sister who was then in the sanitorium at Raleigh, N. C. and she told me herself that the cause of her sister being where she was that it was caused by reducing her weight from 185# to 130# in less than 30 days when she was not supposed to reduce but 5# per month and that was what everybody thought was the cause of it, and I would respectfully state relative to young lady, Miss Oma O'Neal that what little acquaintance I have had with her I found her to be a very nice and refined young lady and I am sure I treated her as one not only for one reason only but for several firstly that her father was a man that I was well

acquainted with and thought lots of and allso Mr. J. M. Burrus Keeper of Bluff Shoal Lt. St.,N. C. was my asst at Hatteras Inlet Lt. St. N. C. and I thought of him as a brother and I found him to be an allright man in every respect allso we are Bros in Lodges and the vows that I have taken would not allow me to take advantage of one of his family. He is Miss Omas half brother. I have never herd one word of harm about the young lady in my life that is the worst word I can say of her but I sure can't say the same of Miss Maud O'Neal who is not alowed to take a public school in N. C., and as many times as I have been to Cape Hatteras, N. C. for the past 3 years I can safely say that I have not spoken to the young lady but one time since she came from the sanitorium and then it was by chance meeting as I met her on the Public Road and am sure I did not talk with her over 3 or 4 minutes at the outside and I sure can't understand what grounds she had for accusing me of seduction of an insane woman, and I did not know that she had been in the State Sanitorium but once. I have never seeked to get in the young ladys company in my life and if there had ever been anything between us it looks like I would of done so, and as for the young lady I am sure she has never thought of me in a light her sister has intimated for she know that I am a family man and I take her to be more of a lady than that, and I further state that I stay at my station and tend to my affairs and am leading a clean life as far as imorality with other wimen and the office has had letters to that effect, so I absolutely deny the charge prefered against me except the warrant that I am to my first off.

Yours very respectfully J. B. Quidley, Keeper.

Hon. Sir:

Please note.

I understand that John B. Quidley of your branch of Government Service is seeking a transfer from some point in Virginia to Cape Hatteras, N. C. or vicinity. Also Hon. Sir, I wish to call your attention to fact that there is a warrant issued in this (Dare County) N. C. against this said John B. Quidley for seduction of an insane woman, said woman having been twice removed from home and family to State Hospital for Insane Patients because of this degraded man, I suppose in good standing in Government Service.

Facing facts stated, will you please not transfer the man mentioned to this vicinity, same will prevent a suit ending in penitentiary sentence.

I hold the warrant referred to, Sir, issued against John B. Quidley of the U. S. Lighthouse Service. The woman referred to in case in my sister, under my dependence and protection.

Thank you,

(Signed) Miss Maude O'Neale,

The Honorable

The Secretary of Commerce.

Sir:

In compliance with the Department's request of October 2, this letter may be regarded as authority for the restoration of John B. Quidley to his former position as keeper in the Light-house Service from his present position as laborer. The record shows he was appointed October 10, 1901, and has been continuously in the service.

By direction of the Commission:

Very respectfully,

John T. Doyle

Commissioner of Lighthouses, Washington, D.C.

Referring to Bureau approval of January 25, 1916 on Forms 70 of January 19, 1916 for the establishment of Bogue Sound Lights Nos. 8 and 13, Bogue Sound, N.C.

It is recommended that these two new lights when established about May 19, 1916 be placed in charge of Mr. John B. Quidley, present laborer in charge of Bogue Sound Lights, N.C. without change in designation but with increase in compensation to $1020. per an., payable from the appropriation "Salaries, Keepers of Lighthouses."

Both of the proposed lights are to be 8-day post lanterns. No. 8 is to be located about 1-1/8 miles in a westerly direction from Bogue Sound Light No. 11; No. 13 is to be located about 5/8 of a mile from No. 8. Both lights are similar to the other lights now established in Bogue Sound.

It would be both practicable and advisable to have these two new lights cared for by laborer in charge Quidley in addition to the lights already in his charge. Mr. Quidley will continue to reside at Baaufort, N.C., his present base for attending to Bogue Sound Lights.

Salary recommended is reasonable, justified, and not in excess of that paid for the same or similar work during this or the preceding fiscal year.

Commissioner of Lighthouses:

Receipt is acknowledged of the Fifth Inspector's letter of the 4th instant, forwarded by Bureau endorsement of the 14th instant, in response to the Department's letter of November 24, 1914, relative to the loss of the Government-owned motorboat assigned to John B. Quidley, laborer-in-charge of Bogue Sound and Core Creek Lights, North Carolina.

In view of the circumstances in the case, the Department has approved the recommendation to the effect that Mr. Quidley's salary be allowed to remain as at present, viz, $780 per annum, with the understanding that he will furnish a boat at his own expense until a boat is furnished by the Government, at which time consideration will be given to changing the rate of pay of the position held by him. The Department has also approved the Bureau's recommendation to the effect that the Regulations, 1914, paragraph 366, section 2, be waived in this case in order that the cost of maintenance of the boat furnished by Mr. Quidley while on official business may be borne by the Government for the period from October 11 to November 27, 1914.

DEPARTMENT OF COMMERCE

BUREAU OF LIGHTHOUSES

WASHINGTON

December 14, 1914.

Subject: 5th Inspector's letter Dec. 4, 1914, pay, J. B. Quidley.

Submitted to Secretary of Commerce, attention being invited to Department letter of November 24, 1914, with statement that the boat referred to in the Inspector's letter of October 24, 1914 (station motor boat No. 288), was furnished for the use of Mr. Quidley in the care of the lights under his charge on September 16, 1913, and was used by him until it was destroyed by fire on October 11, 1914. The cost of maintenance of this boat for the period stated was borne by the Government. As compared with other groups of lights in the Fifth District, the present rate of pay received by Mr. Quidley is not in excess of that paid for the same or similar services during the preceding fiscal year, and it is recommended that his salary be allowed to remain as at present, $780 per annum, in view of the fact just stated and the further fact that he will be required to furnish his own motor boat and necessary gasoline and supplies for its operation at his own expense, with the understanding, however, that the fact that on October 1, 1912, his salary was increased from $600 to $660 per annum, to cover the cost of the operation of the boat then furnished by him in the performance of his official duties, will be taken into consideration when he is again furnished a Government boat, or when it may be considered advisable to raise his pay. In this connection there is inclosed for the further information of the Department a copy of Bureau indorsement of November 23, 1914, to the Fifth Inspector, in this case. Should the above recommendation of the Bureau be approved the Fifth Inspector will be directed to make, at the time another Government motor boat is furnished the incumbent of this position for the care pf these lights or when the Inspector recommends an increase in the rate of pay of such employee, statement as to whether or not the pay of the employee in question should be reduced $60 per annum, in view of the increase from $600 to $660 per annum, above referred to, which became effective October 1, 1912.

As the Inspector has already informed Quidley that the Government would pay the cost of maintenance of the boat used on official business for the period from October 11 to November 27, 1914, and as the period is so short, the Bureau recommends that the Regulations, 1914, par. 366, sec. 2, be waived in this case. The Bureau will instruct the Inspector to make no such allowance in the future in any case for the maintenance of privately owned boats used on official business.

OFFICE OF INSPECTOR, 5TH DISTRICT
BALTIMORE, MD.

Dec. 4, 1914

Commissioner of Lighthouses, Washington, D.C.

Referring to the Department's letter of Nov. 24, 1914 referred to this Office by Bureau indorsement of Nov. 30, 1914, as to whether or not the cost of maintenance of a boat was included in the salary now received by the laborer-in-charge of Bogue Sound and Core Creek Lights, N.C., etc.

The Bureau is informed that Mr. Quidley's salary was increased from $660. to $780. per annum without taking into consideration the cost of maintenance of a suitable boat in which to attend the lights in his charge and such boat was not furnished him until Sept. 16, 1913, when he received boat No. 288, destroyed by fire on Oct. 11, 1914.

The increase in Mr. Quidley's salary of $180. per annum was recommended because the six lights in Core Creek were placed in his charge and such additional compensation was not considered in excess of that paid for similar work during the preceding fiscal year.

Referring to the salary now paid Mr. Quidley, it will be seen from the table below that the lights at present kept by him are being maintained at a lower average cost per light per annum than other similar groups of lights in this District kept by laborers-in-charge:—

	Number of Keepers	Gasoline allowance per an.	Number of Lights	An- nual Sal- ary	Average cos per light per annum
Bogue Sound and Core Creek Lts., N.C.	1	0 gals.	16	$780.	$48.75
Core Sound Lts.,N.C.	2	0 "	23	1380.	60.00
Newbern Harbor Lts., N.C.	1	0 "	13	840.	64.61

Bogue Sound Lts., N.C. had an authorized allowance of 35 gallons of gasoline a month for the operation of power-boat from Sept. 12, 1912 to Jan. 9, 1914, on which latter date the allowance was increased to not to exceed 60 gallons a month.

In accordance with Bureau's indorsement of Nov. 23, 1914, subject, "5th Inspector's letter of Nov. 7, 1914, loss of Boat No. 288", it is contemplated that the laborer-in-charge of Bogue Sound and Core Creek Lights, N.C. will furnish his own boat in which to attend these lights and the necessary gasoline and supplies for the operation of same at his own expense.

In view of the above facts, it is recommended that the salary of Mr. Quidley remain as at present without decrease and without increase until this matter is taken up as directed in 1st paragraph of Bureau indorsement of Nov. 23, 1914.

Station Boat No. 288 was furnished Mr. Quidley as heretofore stated on Sept. 16, 1913 and was used by him until it was destroyed by fire on Oct. 11, 1914 and the cost of maintenance of same was borne by the Government.

On Nov. 25, 1914, Mr. Quidley was informed by letter that the Government would pay the cost of maintenance of a boat to be used by him between Oct. 11, 1914 and Nov. 27, 1914, which latter date was considered a fair limit in view of Bureau indorsement of Nov. 23, 1914, and it being understood that such boat would be considered as a temporary substitute that might be replaced at any time by a Government-owned boat.

Department Letter is returned herewith.

Ruland.

November 24, 1914.

Commissioner of Lighthouses:

The Department acknowledges receipt of copy of the Fifth Inspector's letter of the 24th ultimo, forwarded by the Bureau on the 20th instant, addressed to John B. Quidley, laborer in charge of Bogue Sound and Core Creek Lights, North Carolina, regarding the loss by fire of the Government-owned motor boat in his charge. It is noted that the loss of the boat is ascribed to Mr. Quidley's carelessness, and that the Bureau does not propose to furnish a new boat at this time, it being contemplated that the laborer in charge will furnish his own boat and the necessary gasoline and supplies for the operation of the same at his own expense.

In this connection the Bureau's attention is invited to the fact that on October 1, 1912, Mr. Quidley's salary was increased from $600 to $660 per annum, upon recommendation of the Bureau, to cover the cost of operation of the boat furnished by him in the performance of his official duties, such increase to continue until a suitable boat was furnished by the Government. Upon the addition of the care of Core Creek Lights, North Carolina, to Mr. Quidley's duties on December 7, 1912, his salary was increased to $780 per annum, but in recommending this rate of pay no mention was made by the Bureau of whether or not the same included the cost of maintenance

of a boat. The Department therefore requests to be advised when the boat referred to in the Inspector's letter of the 24th ultimo was furnished for Mr. Quidley's use and whether the cost of maintaining the same was borne by him or by the Government.

November 23, 1914.

Subject: 5th Inspector's letter Nov. 7-1914, loss of boat No. 288.

Returned to Lighthouse Inspector, Baltimore, Md., with statement that the Bureau does not at this time approve the recommendation for change in pay of the laborer in question from $780 to $900 per annum. You may, however, bring this matter up for further consideration after one year from date of loss of the boat. In view of the statement of J. B. Quidley in his letter of October 12, 1914, that he stayed with the boat until he became exhausted and that then two men had to take him to a doctor for treatment, you are advised that report of injury should be submitted under the employees compensation act, provided Quidley was injured so as to be incapacitated for duty for one day or more, although he may not be entitled to compensation under the act. See Regulations, 1914, last sentence par. 481)

A copy of your letter of October 24, 1914, to Quidley has been submitted to the Department for its information.

The Bureau has advised the Department that it does not propose at this time to furnish the laborer in question with a new boat, it being contemplated that he will furnish his own boat and the necessary gasoline and supplies for the operation of the same at his own expense.

Loss by fire of Boat No. 288.

WROTE BUREAU NOV 24 1914

Oct. 24, 1914.

Laborer-in-charge Quidley, Bogue Sound &c Lts.:

Referring to your letter of Oct. 12, 1914 reporting the loss by fire of motor-boat No. 288.

Your report has been carefully read by this office and it is surprised to know that you continued to operate this motor boat knowing there was an accumulation of gasoline in the bottom of the boat. You must have known the common fact that gasoline exposed to the atmosphere forms a highly explosive gas which in contact with the smallest spark or flame causes a violent explosion. It should have been your first duty to remove this accumulation of gasoline from the bottom of the boat.

The fact, also, of your lighting your sidelights in the cabin without taking the precaution of opening doors and windows for ventilation and dispersal of gasoline fumes and knowing of the gasoline in the bottom of the boat cannot be considered anything but gross carelessness on your part.

This Government-owned boat in your hands was entitled to the same degree of care as you would have given your own motor boat and this office feels that you allowed conditions to prevail on Boat 288 which you would not have tolerated on your own motor-boat.

Paragraph 342 of the "Regulations for the Lighthouse Service, 1914"

CHIEF CLERK
NOV 23 1914

provides as follows:

"Responsibility for safe-keeping of property.--All persons having charge of property belonging to the Lighthouse Service are held responsible for its preservation and safe-keeping, and are required to take all proper measures to protect it from loss or damage, and when such property is not satisfactorily accounted for, the officer or other person to whom it was intrusted shall be charged with its value."

Your report of October 12, 1914, and a copy of this letter has been referred to the Commissioner of Lighthouses for his disposition of the matter and you will be advised in due course of the decision of the Commissioner.

September 28, 1912.

The Acting Secretary:

The Laborer in Charge of Bogue Sound Lights, North Carolina, of which there are ten, receives $600 per annum. Inasmuch as he is at present furnishing his own boat which is required in the performance of his official duties in looking after the lights under his charge, the Bureau recommends an increase of his salary to $660 per annum to cover the cost of gasolene which he expends to operate his boat, the increase to continue until such time as a suitable boat is furnished by the Government.

It is believed that the Bureau's recommendation should be approved.

Secretary of Commerce:

The Bureau states that Newport Marshes Lower Light, Newport River, North Carolina, will be established on a date later to be determined and reported to the Department.

The light in question, when established, will be placed in charge of the laborer in charge of Bogue Sound and Core Creek Lights, North Carolina, at $780 per annum, without increase in his rate of pay or change in designation, for the reason that the light referred to will be situated in Core Creek, and will therefore come under the designation of Core Creek Lights. The present laborer in charge of the lights in question is John B. Quidley.

Acting Commissioner

Referred to Lighthouse Inspector, Baltimore, Md., for his information, guidance, and files.

Report by letter, in duplicate, the date on which the light in question is actually established.

Bogue Sound and Core Creek Lights, N.C.
Loss by fire of Boat No. 288.

Oct. 24, 1914.

Laborer-in-charge Quidley, Bogue Sound &c Lts.:

Referring to your letter of Oct. 12, 1914 reporting the loss by fire of motor-boat No. 288.

Your report has been carefully read by this office and it is surprised to know that you continued to operate this motor boat knowing there was an accumulation of gasoline in the bottom of the boat. You must have known the common fact that gasoline exposed to the atmosphere forms a highly explosive gas which in contact with the smallest spark or flame causes a violent explosion. It should have been your first duty to remove this accumulation of gasoline from the bottom of the boat.

The fact, also, of your lighting your sidelights in the cabin without taking the precaution of opening doors and windows for ventilation and dispersal of gasoline fumes and knowing of the gasoline in the bottom of the boat cannot be considered anything but gross carelessness on your part.

This Government-owned boat in your hands was entitled to the same degree of care as you would have given your own motor boat and this office feels that you allowed conditions to prevail on Boat 288 which you would not have tolerated on your own motor-boat.

Paragraph 342 of the "Regulations for the Lighthouse Service, 1914"

provides as follows:

"Responsibility for safe-keeping of property.---All persons having charge of property belonging to the Lighthouse Service are held responsible for its preservation and safe-keeping, and are required to take all proper measures to protect it from loss or damage, and when such property is not satisfactorily accounted for, the officer or other person to whom it was intrusted shall be charged with its value."

Your report of October 12, 1914, and a copy of this letter has been referred to the Commissioner of Lighthouses for his disposition of the matter and you will be advised in due course of the decision of the Commissioner.

(Signed) RULAND

Bureau of Lighthouses, Washington

NOV 20, 1914

Submitted to Secretary of Commerce for his information.

The Bureau does not propose at this time to furnish the laborer in question with a new boat, it being contemplated that he will furnish his own boat and the necessary gasoline and supplies for the operation of the same at his own expense.

Commissioner of Lighthouses:

The Department acknowledges receipt of copy of the Fifth Inspector's letter of the 24th ultimo, forwarded by the Bureau on the 20th instant, addressed to John B. Quidley, laborer in charge of Bogue Sound and Core Creek Lights, North Carolina, regarding the loss by fire of the Government-owned motor boat in his charge. It is noted that the loss of the boat is ascribed to Mr. Quidley's carelessness, and that the Bureau does not propose to furnish a new boat at this time, it being contemplated that the laborer in charge will furnish his own boat and the necessary gasoline and supplies for the operation of the same at his own expense.

In this connection the Bureau's attention is invited to the fact that on October 1, 1912, Mr. Quidley's salary was increased from $600 to $660 per annum, upon recommendation of the Bureau, to cover the cost of operation of the boat furnished by him in the performance of his official duties, such increase to continue until a suitable boat was furnished by the Government. Upon the addition of the care of Core Creek Lights, North Carolina, to Mr. Quidley's duties on December 7, 1912, his salary was increased to $780 per annum, but in recommending this rate of pay no mention was made by the Bureau of whether or not the same included the cost of maintenance

C

of a boat. The Department therefore requests to be advised when the boat referred to in the Inspector's letter of the 24th ultimo was furnished for Mr. Quidley's use and whether the cost of maintaining the same was borne by him or by the Government.

Commissioner of Lighthouses, Washington, D.C.

Referring to the Bureau's indorsement of Nov. 23, 1914, above subject, wherein it is stated that report of injury should be submitted in the case of John B. Quidley, laborer-in-charge, Bogue Sound and Core Creek Lts., N.C. under the employees compensation act provided he was injured so as to be incapacitated for duty for one day or more, etc.

The Bureau is informed that this matter was taken up with Mr. Quidley and the necessary forms sent him with directions to fill them out.

Under date of Nov. 28, 1914 he returned the forms to this Office not completed stating that he did not lose any time from his work and was able to make the regular trip to his lights when the time came. He further stated that he did not consider the employees compensation act would apply in his case and he would not think of trying to get anything under it in the circumstances.

Inclosed is a certificate of Dr. J. J. Davis, Beaufort, N.C. as to Mr. Quidley for the Bureau's information.

It is recommended that no further steps be taken in this matter.

One inclosure.

Dept ltr OK as per HRW notes Dec 12

Dec. 4, 1914

Commissioner of Lighthouses, Washington, D.C.

Referring to the Department's letter of Nov. 24, 1914 referred to this Office by Bureau indorsement of Nov. 30, 1914, as to whether or not the cost of maintenance of a boat was included in the salary now received by the laborer-in-charge of Bogue Sound and Core Creek Lights, N.C., etc.

The Bureau is informed that Mr. Quidley's salary was increased from $660. to $780. per annum without taking into consideration the cost of maintenance of a suitable boat in which to attend the lights in his charge and such boat was not furnished him until Sept. 16, 1913, when he received boat No. 288, destroyed by fire on Oct. 11, 1914.

meaning from $600 the original salary before the war increase to $660 & then to $780. HRW 12/10/14

The increase in Mr. Quidley's salary of $180. per annum was recommended because the six lights in Core Creek were placed in his charge and such additional compensation was not considered in excess of that paid for similar work during the preceding fiscal year.

the increase from $600 to $660 was to continue until suitable boat was furnished by Dept & increase was to cover cost of gasoline used in his own boat on official business. HRW 12/10

Referring to the salary now paid Mr. Quidley, it will be seen from the table below that the lights at present kept by him are being maintained at a lower average cost per light per annum than other similar groups of lights in this District kept by laborers-in-charge:—

	Number of Keepers	Gasoline allowance per an.	Number of Lights	Annual Salary	Average cost per light per annum
Bogue Sound and Core Creek Lts., N.C.	1	0 gals.	16	$780.	$48.75
Core Sound Lts., N.C.	2	0 "	23	1380.	60.00
Newbern Harbor Lts., N.C.	1	0 "	13	840.	64.61

Bogue Sound Lts., N.C. had an authorized allowance of 35 gallons of gasoline a month for the operation of power-boat from Sept. 12, 1912 to Jan. 9, 1914, on which latter date the allowance was increased to not to exceed 60 gallons a month.

In accordance with Bureau's indorsement of Nov. 23, 1914, subject, "5th Inspector's letter of Nov. 7, 1914, loss of Boat No. 288", it is contemplated that the laborer-in-charge of Bogue Sound and Core Creek Lights, N.C. will furnish his own boat in which to attend these lights and the necessary gasoline and supplies for the operation of same at his own expense.

Recom OK in view of the above facts, it is recommended that the salary of Mr. Quidley remain as at present without decrease and without increase until this matter is taken up as directed in 1st paragraph of Bureau indorsement of Nov. 23, 1914.

Recom OK in view of average costs as shown by Insp 5th

Station Boat No. 288 was furnished Mr. Quidley as heretofore stated on Sept. 16, 1913 and was used by him until it was destroyed by fire on Oct. 11, 1914 and the cost of maintenance of same was borne by the Government.

Recom OK with understanding the fact be not overlooked that he is virtually receiving $60 a yr for expenses and that that fact will be considered when he is again furnished a boat or when it is desired to raise his pay as contemplated by Insp one year from Oct. 1914.

APW

On Nov. 25, 1914, Mr. Quidley was informed by letter that the Government would pay the cost of maintenance of a boat to be used by him between Oct. 11, 1914 and Nov. 27, 1914, which latter date was considered a fair limit in view of Bureau indorsement of Nov. 23, 1914, and it being understood that such boat would be considered as a temporary substitute that might be replaced at any time by a Government-owned boat.

Department Letter is returned herewith.

If this was private boat think Quidley should pay of maintenance for this period.

See your letter of December 4, 1914.

In the event the recommendation of the Bureau is approved submit proper report and recommendation as to the increase of $60 per annum in question when you recommend that this employee be again furnished a Government motor boat, or when you recommend that his pay be increased as contemplated in your letter of Nov. 7, 1914, referred to in Bureau indorsement of November 23, 1914.

Be governed in the future by the second sentence of the last paragraph of Bureau indorsement of December 14, 1914, to the Department, copy attached, should the Department approve the Bureau's recommendation in this case.

Acting Commissioner

HRW-McC.

One inclosure. December 14, 1914.

Subject: 5th Inspector's letter Dec. 4, 1914, pay, J. B. Quidley.

Submitted to Secretary of Commerce, attention being invited to Department letter of November 24, 1914, with statement that the boat referred to in the Inspector's letter of October 24, 1914 (station motor boat No. 288), was furnished for the use of Mr. Quidley in the care of the lights under his charge on September 16, 1913, and was used by him uhtil it was destroyed by fire on October 11, 1914. The cost of maintenance of this boat for the period stated was borne by the Government. As compared with other groups of lights in the Fifth District, the present rate of pay received by Mr. Quidley is not in excess of that paid for the same or similar services during the preceding fiscal year, and it is recommended that his salary be allowed to remain as at present, $780 per annum, in view of the fact just stated and the further fact that he will be required to furnish his own motor boat and necessary gasoline and supplies for its operation at his own expense, with the understanding, however, that the fact that on October 1, 1912, his salary was increased from $600 to $660 per annum, to cover the cost of the operation of the boat then furnished by him in the performance of his official duties, will be taken into consideration when he is again furnished a Government boat, or when it may be considered advisable to raise his pay. In this connection there is inclosed for the further information of the Department a copy of Bureau indorsement of November 23, 1914, to the Fifth Inspector, in this case. Should the above recommendation of the Bureau be approved the Fifth Inspector will be directed to make, at the time another Government motor boat is furnished the incumbent of this position for the care of these lights or when the Inspector recommends an increase in the rate of pay of such employee, statement as to whether or not the pay of the employee in question should be reduced $60 per annum, in view of the increase from $600 to $660 per annum, above referred to, which became effective October 1, 1912.

As the Inspector has already informed Quidley that the Government would pay the cost of maintenance of the boat used on official business for the period from October 11 to November 27, 1914, and as the period is so short, the Bureau recommends that the Regulations, 1914, par. 366, sec. 2, be waived in this case. The Bureau will instruct the Inspector to make no such allowance in the future in any case for the maintenance of privately owned boats used on official business.

Commissioner of Lighthouses:

Receipt is acknowledged of the Fifth Inspector's letter of the 4th instant, forwarded by Bureau endorsement of the 14th instant, in response to the Department's letter of November 24, 1914, relative to the loss of the Government-owned motorboat assigned to John B. Quidley, laborer-in-charge of Bogue Sound and Core Creek Lights, North Carolina.

In view of the circumstances in the case, the Department has approved the recommendation to the effect that Mr. Quidley's salary be allowed to remain as at present, viz, $780 per annum, with the understanding that he will furnish a boat at his own expense until a boat is furnished by the Government, at which time consideration will be given to changing the rate of pay of the position held by him. The Department has also approved the Bureau's recommendation to the effect that the Regulations, 1914, paragraph 366, section 2, be waived in this case in order that the cost of maintenance of the boat furnished by Mr. Quidley while on official business may be borne by the Government for the period from October 11 to November 27, 1914.

Dept recom 4/20/16

It is recommended that these two new lights when established about May 19, 1916 be placed in charge of Mr. John B. Quidley, present laborer in charge of Bogue Sound Lights, N.C. without change in designation but with increase in compensation to $1020. per an., payable from the appropriation "Salaries, Keepers of Lighthouses." $900 pres. fun. $120 add'l for care twelfths, or $5 each for two.

Both of the proposed lights are to be 8-day post lanterns. No. 8 is to be located about 1-1/8 miles in a westerly direction from Bogue Sound Light No. 11; No. 13 is to be located about 5/8 of a mile from No. 8. Both lights are similar to the other lights now established in Bogue Sound.

It would be both practicable and advisable to have these two new lights cared for by laborer in charge Quidley in addition to the lights already in his charge. Mr. Quidley will continue to reside at Beaufort, N.C., his present base for attending to Bogue Sound Lights.

Salary recommended is reasonable, justified, and not in excess of that paid for the same or similar work during this or the preceding fiscal year.

Sirs,

I dont know that this is the proper Dept, to Address but there is a matter at this place that should be looked after I think, There is a man here in the employ of the Goverment that is making a great--deal of troble in the town, His name is John. Quidly, Quidley PC he has charge of some of the Beacons, in the Harbor, He has a good Wife and several children which he has been neglecting for long time, recently he has abandon them I am informed their condition is very pitiful indeed,

Quidly, is running after almost evry woman in the town of bad repetation, Has seperated one man and wife, Is said to of ruined a little girl named Conway, then hired her Mother to move away, She went to Kinston, N.C. He is being prosecuted, under two warrents, now for trying to prostitute mens wifes.

He is doubtless contributing more to distroy the morals of the Town than any other person in the town, I cant think the Goverment, wants to contribute to the coruption of our little town, If this is not the right Dept, will you please send it where it should go, A nd Oblige,

Subject: Conduct, John B. Quidley.
Reference: Bureau endorsement March 4.

1. This matter will be investigated in a quiet way as soon as suitable opportunity offers. Informal inquiry of various employees in this office who are acquainted with employees of the Lighthouse Service in the vicinity of Beaufort, fails to develop any knowledge of anything but a good reputation on the part of Mr. Quidley.

2. In view of the fact alleged by the Clerk of Court that Mr. Quidley is now being prosecuted under two warrants, it would appear to be proper for this Service to await the results of this prosecution. If found guilty, it would appear that Mr. Quidley should be separated from the Service. If found not guilty it would appear unnecessary to take further action in the matter. I do not wish to take hasty action in this case, on account of the possibility of the existence of personal motives and spite in connection with the case.

March 23rd, 1920.

Subject: Alleged misconduct of John Quidley, Keeper Bogue Sound Lights.

1. Pursuant to your verbal instructions of March 9th, I visited Beaufort, North Carolina, on the 10th and investigated the accusations made by K. J. Respess of Beaufort, N.C., against John Quidley, Keeper of Bogue Sound Lights.

2. I was unable to locate the Conway girl or her mother or learn anything definite about them. Mr. Herman Howland advised me that it was rumored around the neighborhood that the Conway girl had become a mother recently and the Superintendent of the Cottom Mills was supposed to be the father of the child. Howland also stated that the mother of the Conway girl was weak minded and silly.

3. Quidley was prosecuted under two separate warrants: one for assault with a deadly weapon, and the other was termed an affray. He was aquitted of the first charge, but was found guilty of the affray charge and he and the party with whom he had the trouble were each fined $5.00.

4. It appears that Quidley was not to blame for either of the two prosecutions as a Henry M. Marshall of Beaufort accused Quidley of showing improper attention to his (Marshall's) married sister, a Mrs. Belle Howland of Beaufort.

5. According to the evidence in the case, as cited to me by Mr. C. H. Bushell, Mayor of the town, Marshall attempted to chastise Quidley on the street one night for accompanying Mrs. Howland home. Marshall claims that Quidley pulled a gun on him and Quidley claimed vica-versa. The case came to trial and was dismissed as nothing could be proven against either party.

6. Mr. Herman Howland, husband of Mrs. Belle Howland, stated to me that Quidley is a gentleman and has acted properly towards his wife at all times and that his wife's brother (Marshall) is of poor repute.

7. I talked with some of the best citizens in town, namely: J. B. Jones, T. S. Willis, C. D. Jones, and others and they all were of the opinion that while Quidley may have acted indiscreet on several occasions, he was a good citizen and they knew of nothing that should cause any action being taken against him.

8. I visited Mr. K. J. Respess, Clerk of the Court and Juvenile Officer of the Court for the Beaufort District. I interrogated him and he knew nothing definite of any of the accusations he had made against Mr. Quidley, he stating that it was all hear-say and at the time he wrote the letter Quidley was being held for Court under the warrants referred to and he thought that something ought to be done.

9. Mr. Respess came to the conclusion that he had done wrong in making the accusations against Quidley and wished to do all he could to retract what he had done and signed the enclosed statement.

10. According to information received, Quidley was separated from his family for a short period a short time ago, due to some family trouble, but he is now living with his family and according to reports everything is running smoothly again.

11. In summing up all the information and evidence in the case, it appears that Quidley may have acted indiscreetly at times, but it is believed that there is nothing in any of his actions that would warrant the Government taking any action against Quidley, especially in view of the fact that he is an exceptionally good man for the Lighthouse Service.

Respectfully submitted,

T. S. Johnson

Assistant Superintendent.

Dear Sir:-

Referring to my letter of recent date relative to certain accusations against John B. Quidley, I now feel inclined and desire to have you not press this matter any further as Mr. Quidley has somewhat improved in conduct, no doubt fearing exposure, and I believe we will have little or no trouble in the future from Mr. Quidley.

Subject: Charge of misconduct against John B. Quidley, Keeper, Cape Charles Light.

1. There are forwarded herewith the copies of following corrpspondence in connection with charges preferred by Miss Maude O'Neale, Hatteras, North Carolina, against John B. Quidley, Cape Charles Light Station: Letter Feb. 7, 1927, to this office from Miss Maude O'Neale, Hatteras, N. C.; my letter Feb. 10th to John B. Quidley; his reply Feb. 14th; letter Feb. 15th from 1st Assistant Keeper, Cape Charles; letter March 6th from L. D. Farrow, Sheriff, Dare County, N. C.

2. While the charges are of a serious nature yet there is no indication in the letter from the Sheriff of Dare County that they have ~~not~~ been seriously considered by either the sheriff or the plaintiff's attorney. It will be noted that there is no disposition on the part of the sheriff to arrest Mr. Quidley, in view of which fact this office is without means of establishing definitely the guilt or innocence of Mr. Quidley, and it is accordingly recommended that the matter be dropped until such time as Mr. Quidley might be apprehended and placed on trial at which time this office might take cognizance of the decision of the court.
