Mr. Wilson D. Rawls
Oriental, N.C.

Dear Mr. Rawls:

As a result of an informal decision of General Accounting Office dated 22 August, 1950, $123.44 was collected from you for alleged overpayment of accrued annual leave.

Coast Guard Headquarters was advised of this matter and in accordance with their opinion you are entitled to 60 hours salary covered by the refund you were required to make.

For your information a formal decision has not been rendered by the General Accounting Office in respect to this matter. In case the General Accounting Office reverses the opinion of Headquarters, you will be advised.

Inclosed herewith is check in the amount of $106.48 covering 60 hours salary for annual leave.

Subj: Leave Accruals in cases of disability retirement

1. Reference is made to your letter of 21 November 1950, in reply to the letter from this office dated 16 November 1950, both of which concerned the above subject.

2. The decisions of the Comptroller General, which you cited as the basis for computing Mr. Austin's leave so that there was no accrual of leave after it was administratively known that Mr. Austin was to retire, have been examined. The decision 23 Comp. Gen. 837, has no bearing on subject case since it was rendered prior to the promulgation by the Civil Service Commission of Sec. 30.402 of the Annual and Sick Leave Regulations. The circumstances as presented in unpublished decision B-59600, 11 September 1946, are in no way analogous with the circumstances in Mr. Austin's case.

3. During an informal discussion of the case, the Civil Service Commission stated that the regulation meant exactly what it said, and that Mr. Austin was entitled to earn leave while he was in a leave with pay status since he did not return to duty by reason of his retirement for disability. It was brought out, however, that once it is officially determined that an employee will be retired for disability he should not be allowed to accrue leave on any annual leave granted beyond the pay roll period current when notice is received that the employee is to be retired. The official notice in the case of Mr. Austin was Headquarters letter dated 16 November 1950 and the date on which you officially knew that Mr. Austin would be retired for disability was the date you received that letter.

4. In accordance with the foregoing a new leave statement has been prepared as follows:

Sick Leave

554 hours - Balance to credit on 1-1-50
118 hours - Accrued 1-1-50 through 12-26-50
672 hours
672 hours - Granted from 8-28-50 through 12-26-50

Commander, 5th Coast Guard District

PC
4 January 1951

Annual Leave

720 hours	-	Balance to credit on 1-1-50
206 hours	-	Accrued from 1-1-50 through 12-26-50*
926 hours		
24 hours	-	Granted from 12-27-50 through 12-31-50
902 hours		
902 hours	-	Lump sum payment for 112 days 6 hours annual leave from 1-1-51 through 6 hours on 6-11-51.

* Date accumulated and accrued sick leave was exhausted.

5. Lump sum payment for annual leave should be made to Mr. Austin in accordance with the above.

6. In your letter you mentioned that refunds have been obtained from Mr. Wilson G. Rawls and Mr. Chester L. Austin both of whom retired for disability under the provisions of the Lighthouse Retirement Act. These refunds were secured after informal exception based on the decision cited in Paragraph 2 above, were received from the General Accounting Office.

7. On the basis of the procedure outlined in Paragraph 3, the leave statement for Mr. Rawls which was contained in your letter of 13 January 1950, has been adjusted (see inclosure I) and on the basis of this adjustment he is entitled to payment for all but 9 hours of the period covered by the refund which he was required to make.

8. In the case of Mr. Chester L. Austin, the leave statement contained in your letter of 28 November 1949 has been adjusted (see inclosure II) and on the basis of this adjustment Mr. Chester L. Austin is entitled to payment for all but 15 hours of the period covered by the refund he was required to make.

9. If repayment in these cases can not be made by your District, Mr. Rawls and Mr. Austin should be advised to submit claims to your office for recovery of the amount due them. These claims together with short-form pay rolls should then be submitted to Commandant (PC) for transmittal to the General Accounting Office for settlement.

NARRATIVE SUMMARY

(Sign and date at end of narrative)

This 40 years old Lighthouse Keeper was admitted to this hospital on December 15, 1949, with an enterance complaint of back pain. Patient stated that approximately 2 weeks prior to admission he was cranking an outboard motor when he felt sudden weakness in his lower back. He had no further disability until the following day when attempting to pick up a 5 gallon can of gas he felt this similar weakness and a very severe shap pain in the middle of his low back without radiation. Since that time the patient has had persistent back pain in the same region, particularly when he attempts to walk about. He is fairly comfortable when he can sit but is required to change position frequently as his pain gradually comes on. Coughing and sneezing tend to aggravate his back pain but give no radiation. During the past 6 months this patient has been admitted to this hospital on 3 occasions for episodes of back pain and the history reveals that since 1940 the patient has had intermittent attacks of back pain which are increasing in severity and are occurring more frequently as the disease progresses. Since 1945 the patient's episodes have lasted from 1 day to a month, during which time he is absolutely helpless and has laid in bed. Examination on each occasion revealed intermittent swelling and disability of the knees and ankles and a mixed type of arthriti to be present both on physical and x-ray examination. This arthritis appears to be generalized in character involving the spine and extremities. Reflex and sensory examination fails to reveal the presence of any neurological involvement and would tend to rule out disc syndrome. The use of physical therapy in the form of heat and massage along with salicylates have usually conrtolled the patient's attacks. During this hospital stay the patient was placed on radiant heat to his back as well as rapid sinusoidal stimulation to the muscles. He was also placed in a hard bed and made a gradual steady improvement during his hospitalization.

In view of the fact that this patient's job requires him to be ready at all times for any type of emergency in the way of life-saving measures at sea, it is not felt that he is capable of continuing on his work as a light-house keeper. His attacks are becoming more frequent and of longer duration particularly during the past 6 months of which I have been associated with this patient. He is being discharged at this time as not fit for duty, and it is recommended that he be retired from the Lighthouse Service for medical reasons on the basis of a mixed type of arthritis, generalized.

Diagnosis: Mixed type of arthritis, generalized

Subj: Inclusion of Military Service in Retirement Computation

1. Reference is made to your letter of 17 January, 1950 regarding the comtemplated retirement of Wilson D. Rawls, Keeper, and requesting advice as to whether military service should be included in the last five years computation of earnings.

2. Inasmuch as military service has always been considered as creditable service in retirement matters, it has been the practice of the Coast Guard, when military service was performed during the last five years of service of an employee retiring under the Lighthouse Act, to use in the computation of this annuity the base pay, including longevity, received by the employee during such military service.

3. The military pay records have been examined in the case of Mr. Rawls and the following information is forwarded as requested to assist you in computing his annuity: Base pay for the period 1 January, 1945 to 5 December, 1945 was $138.00 per month and for the period 6 December, 1945 to 15 December, 1945 it was $144.90 per month.

ASSISTANT CHIEF, BUDGET AND REQUIREMENTS DIVISION

Via: Personnel Budget Officer

1. The Norfolk District has recommended the reestablishment of Keeper position No. 908, in the range $2034-2430, at $2166 per annum, including $60 per annum for quarters, at Hooper Island Light Station, Maryland, and the transfer and promotion thereto of Wilson D. Rawls who is now occupying Keeper position No. 925, in the range $1968-2364, at $2166 per annum, including $60 per annum for quarters, at Sandy Point Light Station, Maryland.

2. If the necessary funds in the appropriation Civilian Employees are available and may be used for that purpose, it is intended to authorize the reestablishment of Keeper position No. 908 at Hooper Island Light Station, in the range and at the salary as above. The resulting vacancy in Keeper position No. 925 at Sandy Point Light Station will be discontinued.

Subj: Reestablishment of Keeper position No. 908 at Hooper Island Light Station, Maryland

1. In accordance with recommendation in your Form 2660 of 6 March, 1946, for the reestablishment of Keeper position No. 908 at Hooper Island Light Station and the transfer and promotion thereto of Wilson D. Rawls, Headquarters hereby authorizes the reestablishment of this position, in the range $2034-2430, at $2166 per annum, including $60 per annum for quarters, payable from the appropriation Civilian Employees, at Hooper Island Light Station, Maryland. The resulting vacancy in Keeper position No. 925, in the range $1968-2364, including $60 per annum for quarters, at Sandy Point Light Station, Maryland, will be discontinued.

2. Form 2249 for the transfer and promotion of Mr. Rawls to Keeper position No. 908 will be forwarded upon approval.

3. In view of the fact that personal travel at Government expense is involved in this transfer, it is requested that Form 2659 be furnished Headquarters promptly. Your attention is invited to Finance and Supply Circular No. 125-45 dated 14 August, 1945, under the subject "Civilian Employees; transportation of dependents and household effects and transportation of remains." In all future cases where personal travel and transportation of household effects are involved Form 2659 should be forwarded with Form 2660.

1. In reply to your letter requesting to be tendered induction in the grade of chief machinist's mate, for duty on a light-house tender, you are advised that induction of keepers is confined to duties of that grade; that subsequent to induction you would be eligible for promotion to the next higher grade in the same manner and under the same conditions as other men in the Coast Guard, to fill vacancies as they occur.

2. Because your letter (reference a) and further statement at the bottom are inconsistent, it is requested that you inform Headquarters specifically whether or not you desire induction in the grade tendered you.

Subj: Leave Accruals in cases of disability retirement

1. Reference is made to your letter of 21 November 1950, in reply to the letter from this office dated 16 November 1950, both of which concerned the above subject.

2. The decisions of the Comptroller General, which you cited as the basis for computing Mr. Austin's leave so that there was no accrual of leave after it was administratively known that Mr. Austin was to retire, have been examined. The decision 23 Comp. Gen. 837, has no bearing on subject case since it was rendered prior to the promulgation by the Civil Service Commission of Sec. 30.402 of the Annual and Sick Leave Regulations. The circumstances as presented in unpublished decision B-59600, 11 September 1946, are in no way analogous with the circumstances in Mr. Austin's case.

3. During an informal discussion of the case, the Civil Service Commission stated that the regulation meant exactly what it said, and that Mr. Austin was entitled to earn leave while he was in a leave with pay status since he did not return to duty by reason of his retirement for disability. It was brought out, however, that once it is officially determined that an employee will be retired for disability he should not be allowed to accrue leave on any annual leave granted beyond the pay roll period current when notice is received that the employee is to be retired. The official notice in the case of Mr. Austin was Headquarters letter dated 16 November 1950 and the date on which you officially knew that Mr. Austin would be retired for disability was the date you received that letter.

4. In accordance with the foregoing a new leave statement has been prepared as follows:

Sick Leave

554 hours - Balance to credit on 1-1-50
118 hours - Accrued 1-1-50 through 12-26-50
672 hours
672 hours - Granted from 8-28-50 through 12-26-50

PC

Commander, 5th Coast Guard District 4 January 1951

Annual Leave

720 hours - Balance to credit on 1-1-50
206 hours - Accrued from 1-1-50 through 12-26-50*
926 hours
24 hours - Granted from 12-27-50 through 12-31-50
902 hours
902 hours - Lump sum payment for 112 days 6 hours annual leave from 1-1-51 through 6 hours on 6-11-51.

* Date accumulated and accrued sick leave was exhausted.

5. Lump sum payment for annual leave should be made to Mr. Austin in accordance with the above.

6. In your letter you mentioned that refunds have been obtained from Mr. Wilson G. Rawls and Mr. Chester L. Austin both of whom retired for disability under the provisions of the Lighthouse Retirement Act. These refunds were secured after informal exceptions based on the decisions cited in Paragraph 2 above, were received from the General Accounting Office.

7. On the basis of the procedure outlined in Paragraph 3, the leave statement for Mr. Rawls which was contained in your letter of 13 January 1950, has been adjusted (see inclosure I) and on the basis of this adjustment he is entitled to payment for all but 9 hours of the period covered by the refund which he was required to make.

8. In the case of Mr. Chester L. Austin, the leave statement contained in your letter of 28 November 1949 has been adjusted (see inclosure II) and on the basis of this adjustment Mr. Chester L. Austin is entitled to payment for all but 15 hours of the period covered by the refund he was required to make.

9. If repayment in these cases can not be made by your District, Mr. Rawls and Mr. Austin should be advised to submit claims to your office for recovery of the amount due them. These claims together with short-form pay rolls should then be submitted to Commandant (PC) for transmittal to the General Accounting Office for settlement.

Subj: Inclusion of Military Service in Retirement Computation

1. Reference is made to your letter of 17 January, 1950 regarding the comtemplated retirement of Wilson D. Rawls, Keeper, and requesting advice as to whether military service should be included in the last five years computation of earnings.

2. Inasmuch as military service has always been considered as creditable service in retirement matters, it has been the practice of the Coast Guard, when military service was performed during the last five years of service of an employee retiring under the Lighthouse Act, to use in the computation of this annuity the base pay, including longevity, received by the employee during such military service.

3. The military pay records have been examined in the case of Mr. Rawls and the following information is forwarded as requested to assist you in computing his annuity: Base pay for the period 1 January, 1945 to 5 December, 1945 was $138.00 per month and for the period 6 December, 1945 to 15 December, 1945 it was $144.90 per month.

CLINICAL RECORD

NARRATIVE SUMMARY

DATE OF ADMISSION	DATE OF DISCHARGE	NUMBER OF DAYS HOSPITALIZED
Dec. 15, 1949	Jan. 7, 1950	23

(Sign and date at end of narrative)

This 40 years old Lighthouse Keeper was admitted to this hospital on December 15, 1949, with an enterance complaint of back pain. Patient stated that approximately 2 weeks prior to admission he was cranking an outboard motor when he felt sudden weakness in his lower back. He had no further disability until the following day when attempting to pick up a 5 gallon can of gas he felt this similar weakness and a very severe sharp pain in the middle of his low back without radiation. Since that time the patient has had persistent back pain in the same region, particularly when he attempts to walk about. He is fairly comfortable when he can sit but is required to change position frequently as his pain gradually comes on. Coughing and sneezing tend to aggravate his back pain but give no radiation. During the past 6 months this patient has been admitted to this hospital on 3 occasions for episodes of back pain and the history reveals that since 1940 the patient has had intermittent attacks of back pain which are increasing in severity and are occurring more frequently as the disease progresses. Since 1945 the patient's episodes have lasted from 1 day to a month, during which time he is absolutely helpless and has laid in bed. Examination on each occasion revealed intermittent swelling and disability of the knees and ankles and a mixed type of arthrit to be present both on physical and x-ray examination. This arthritis appears to be generalized in character involving the spine and extremities. Reflex and sensory examination fails to reveal the presence of any neurological involvement and would tend to rule out disc syndrome. The use of physical therapy in the form of heat and massage along with salicylates have usually conrtolled the patient's attacks. During this hospital stay the patient was placed on radiant heat to his back as well as rapid sinusoidal stimulation to the muscles. He was also placed in a hard bed and made a gradual steady improvement during his hospitalization.

In view of the fact that this patient's job requires him to be ready at all times for any type of emergency in the way of life-saving measures at sea, it is not felt that he is capable of continuing on his work as a light-house keeper. His attacks are becoming more frequent and of longer duration particularly during the past 6 months of which I have been associated with this patient. He is being discharged at this time as not fit for duty, and it is recommended that he be retired from the Lighthouse Servi for medical reasons on the basis of a mixed type of arthritis, generalized.

Diagnosis: Mixed type of arthritis, generalized

Dear Sir:

Reference is made to your letter dated 20 January, 1950, advising that a narrative summary from the clinical record of Mr. Wilson David Rawls had been forwarded to this office on 17 January, 1950, and to letter from this office dated 19 January, 1950, requesting that Form 2523, in duplicate, be furnished in this case.

In this connection, you are advised that Form 2523 must be completed in every case where Lighthouse Keepers are retired on account of physical disability, and the above mentioned narrative summary of clinical record will not be sufficient for this purpose, since Forms 2523 are required by Coast Guard Headquarters in all cases.

It is again requested that Form 2523, in duplicate, be executed in this case and forwarded to this office as soon as possible in order that necessary action may be taken to effect the retirement of Mr. Rawls.

Your cooperation in this matter will be greatly appreciated.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL ( )

As of 31 March, 1950 based on performance during period from 4-1-49 to 3-31-50

RAWLS, Wilson D. — Keeper
(Name of employee) (Title of position, service, and grade)

Treas-CG-5th District-Norfolk, Va. - Sandy Point Light Station, Md.
(Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Very Good

APR 20 1950
(Date of notification)

R. F. REA, Commander, USCG,
Chief, Personnel Division
(Signature)
(Title)

Interpretation of Efficiency Rating

Your efficiency rating is an official record of the way you are doing the work of your job.
Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection

You are entitled to inspect your efficiency rating sheet (Standard Form 51), or a copy of it, upon request to your supervisor or personnel officer. You are also entitled to inspect the final ratings (not the rating forms) of all employees in your office or station.

Significance of Efficiency Ratings

An efficiency rating of "Good," "Very Good," or "Excellent" is necessary in order to receive a periodic within-grade salary advancement.
An efficiency rating of "Fair" requires a one-step salary reduction if an employee's pay rate is above the middle rate for his grade (the fourth step in six-rate grades).
An efficiency rating of "Unsatisfactory" requires that the employee be dismissed or reassigned to other work in which he could be reasonably expected to render satisfactory service.
Efficiency ratings are a factor in determining the order in which employees are affected by reduction in force.

Appeals

If you believe your rating is wrong, you should first discuss it with your supervisor or personnel officer. You have the right, if your position is subject to the Classification Act, to appeal your rating within certain time limits to a board of review established for your agency. Appeals or requests for additional information concerning appeals should be addressed to the Chairman, Board of Review, care of Civil Service Commission, Washington 25, D. C.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL ( )

As of 31 March, 1949 based on performance during period from 4-1-48 to 3-31-49

Efficiency rating: Very Good

MAY 3 1949
(Date of notification)

R. F. REA, (Signature) Comdr., USCG
Chief, Personnel Division
(Title)

Interpretation of Efficiency Rating

Your efficiency rating is an official record of the way you are doing the work of your job.
Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection

You are entitled to inspect your efficiency rating sheet (Standard Form 51), or a copy of it, upon request to your supervisor or personnel officer. You are also entitled to inspect the final ratings (not the rating forms) of all employees in your office or station.

Significance of Efficiency Ratings

An efficiency rating of "Good," "Very Good," or "Excellent" is necessary in order to receive a periodic within-grade salary advancement.
An efficiency rating of "Fair" requires a one-step salary reduction if an employee's pay rate is above the middle rate for his grade (the fourth step in six-rate grades).
An efficiency rating of "Unsatisfactory" requires that the employee be dismissed or reassigned to other work in which he could be reasonably expected to render satisfactory service.
Efficiency ratings are a factor in determining the order in which employees are affected by reduction in force.

Appeals

If you believe your rating is wrong, you should first discuss it with your supervisor or personnel officer. You have the right, if your position is subject to the Classification Act, to appeal your rating within certain time limits to a board of review established for your agency. Appeals or requests for additional information concerning appeals should be addressed to the Chairman, Board of Review, care of Civil Service Commission, Washington 25, D. C.

Subj: Inclusion of Military Service and Retirement Computation

1. Headquarters is advised that Wilson D. Rawls, Keeper at Sandy Point Light Station, will be recommended for retirement due to physical disability. However, before recommendation is submitted, information is requested as to the method to be followed when part of the last five years of service is military service.

2. In this case, approximately 7-1/2 months of the five years will be military service and advice is requested whether military service should be included in the last five years computation of earnings. If so, it will be necessary to obtain such information from Headquarters.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1948 based on performance during period from 4-1-47 to 3-31-48

RAWLS, Wilson D. (Name of employee) — Keeper (Title of position, service, and grade)

Treas-USCG-5th CG Dist., Norfolk, Va. - Sandy Point Light Station, Md. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Very Good

APR 29 1948 (Date of notification)

R. F. REA, Commander, USCG (Signature)
Chief, Personnel Division (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

ORDER NO. 051445-48 3 February, 1948

From: Commander, Fifth Coast Guard District
To: Wilson D. Rawls, Keeper, Hooper Island Light Station

Subj: New assignment; orders; travel; civilian personnel

1. At such time as you are properly relieved by an enlisted man, you are detached from all duties previously assigned. Proceed to Sandy Point Light Station, Maryland, and upon arrival thereat assume duties as Keeper at that station.

2. Travel from Hooper Island Light Station, Maryland, to Sandy Point Light Station, Maryland, is necessary in the interest of the Government.

3. Per diem at the rate of $6.00 per day is authorized in lieu of subsistence. Travel by privately owned automobile at the rate of five cents per mile, if more economical and advantageous to the United States than travel by common carrier, is authorized. If travel is by privately owned automobile, a statement certifying that such travel is more economical and advantageous than travel by common carrier must be attached to these orders prior to reimbursement. The expense incident to the travel herein authorized is chargeable against the 5th Coast Guard District travel allotment, Symbol No. 05-20.

4. This order includes authority for transportation of dependent wife and two children. Transportation of household effects at Government expense is authorized in accordance with existing instructions.

5. This is Headquarters' Travel Order No. 510141.

29 January, 1948

From: Commander, 5th Coast Guard District
To: Wilson D. Rawls, Keeper, Hooper Island Light Station

Subj: Transfer

1. Inclosed herewith is Form 2249 authorizing your transfer and promotion, from Keeper, Hooper Island Light Station to Keeper, Sandy Point Light Station, at $2619.72 per annum, including $60.00 per annum for quarters.

2. Transportation for yourself and dependent wife and two children is authorized, with per diem of $6.00 in lieu of subsistence. Travel by privately owned automobile at the rate of 5¢ per mile, if more economical and advantageous to the United States than travel by common carrier, is also authorized. If travel is by privately owned automobile, a statement certifying that such travel is more economical and advantageous than travel by common carrier must be attached to the voucher.

3. Payment for transportation of household effects is also authorized. It will be necessary for you to arrange and pay for all services in connection with the shipment of your household effects subject to reimbursement. Claim for reimbursement shall be submitted to Headquarters (FA-PV) via this office.

4. In lieu of the payment of actual expenses of transportation, packing, crating, drayage, and unpacking of household goods and personal effects, reimbursement will be made on a commutated basis at rates per hundred pounds as fixed by zones. The amount payable shall be the product of the applicable rate and the net weight of household goods and personal effects actually shipped within the weight limitation of 7,000 pounds of household goods uncrated.

5. It will be necessary for you to submit the carrier's original bill of lading, or a certified copy thereof, when using common carrier service. If no bill of lading is required, other evidence showing point of origin, destination, and weight shall be required. In instances in which no adequate scale is located at point of origin or at any point within a radius of ten miles thereof, a constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used.

6. You are advised that for the purposes of determining the rates and computing the amounts to be allowed for the household goods and personal effects shipped at Government expense, there shall be used the net weight of such goods and effects uncrated, and such weight shall include the weight of containers and packing materials which are required to protect articles of

fragile or breakable nature. However, when such goods and effects are crated and packed for shipment, the net weight for consideration herein shall be eighty per cent of the gross shipping weight. For employees with immediate families such net weights shall not exceed 7,000 pounds while for employees without immediate families, such net weights shall not exceed 2,500 pounds. (The weight of the household goods and personal effects transported at Government expense shall not exceed 7,000 pounds if uncrated or 8,750 pounds if crated, or the equivalent thereof when transportation charges are based on cubic measurement and when the amount payable by the Government is computed solely on the basis of the cubic measurement of the goods shipped.)

7. It is not necessary for the travel of your dependents to be performed at the same time as your travel is performed. All travel and transportation allowable under this authority shall begin within two years from the effective date of your transfer. It should, however, be performed at the earliest practicable date.

8. You are to advise the Commander, 5th Coast Guard District the date of your arrival at Sandy Point Light Station, and you are not to depart from Hooper Island Light Station until an enlisted man has reported to complete the complement of the station. The attached travel orders should be indorsed by you to show the hour and date of departure from Hooper Island Light Station and the hour and date of reporting to Sandy Point Light Station.

MEMORANDUM FOR CHIEF, AIDS TO NAVIGATION SECTION

Subj: Wilson D. Rawls, Keeper; transfer of

1. Subject employee contacted this office by telephone yesterday and when advised that family quarters at Fort Washington Light Station were no longer available to him, declined the transfer. He was therefore directed to resume his duties at Hooper Island Light Station. In view of the above this office will request HQ to cancel the Intra-Agency Transfer and Promotion of Mr. Rawls. No further action will be taken to fill this vacancy unless advised to the contrary, as it would require a change in the salary range which must be approved by HQ, together with an explanation as to why quarters are no longer available.

2. Mr. Rawls expressed a desire for transfer to Pamlico Point Light Station as Assistant. However, Mr. Mills has also requested this Station. To date his request is the only reply received to the inquiry sent to all keepers regarding the vacancies at Sandy Point and Pamlico Point.

6. You are advised that for the purpose of determining the rates and computing the amounts to be allowed for the household goods and personal effects shipped at Government expense, there shall be used the net weight of such goods and effects uncrated, and such weight shall include the weight of containers and packing materials which are required to protect articles of fragile or breakable nature. However, when such goods and effects are crated and packed for shipment, the net weight for consideration herein shall be eighty per cent of the gross shipping weight. For employees with immediate families such net weights shall not exceed 7,000 pounds while for employees without immediate families, such net weights shall not exceed 2,500 pounds. (The weight of the household goods and personal effects transported at Government expense shall not exceed 7,000 pounds if uncrated or 8,750 pounds if crated or the equivalent thereof when transportation charges are based on cubic measurement and when the amount payable by the Government is computed solely on the basis of the cubic measurement of the goods shipped.)

7. It is not necessary that the travel of your dependents be performed at the same time as your travel is performed. All travel and transportation allowable under this authority shall begin within two years from the effective date of your transfer. It should, however, be performed at the earliest practicable dates.

8. You are to advise the Commander, Baltimore Section sufficiently in advance of the date of your moving in order that he may provide a replacement as it will be necessary for you to remain at Hooper Island until such relief arrives. 1. Inclosed herewith is Form 2249 authorizing your transfer and promotion from Keeper, Hooper Island Light Station to Keeper, Fort Washington Light Station at $2619.72 per annum, including $240.00 per annum quarters.

2. Transportation for yourself and dependent wife and two children is authorized with per diem of $6.00 in lieu of subsistence. Travel by privately owned automobile at the rate of 5¢ per mile, if more economical and advantageous to the United States than travel by common carrier, is also authorized. If travel is by privately owned automobile a statement certifying that such travel is more economical and advantageous than travel by common carrier must be attached to the voucher.

3. Payment for transportation of household effects is also authorized. It will be necessary for you to arrange and pay for all services in connection with the shipment of your household effects subject to reimbursement. Claim for reimbursement shall be submitted to Headquarters (FA-PV) via this office.

4. In lieu of the payment of actual expenses of transportation, packing, crating, drayage, and unpacking of household goods and personal effects, reimbursement will be made on a commutated basis at rates per hundred pounds as fixed by zones. The amount payable shall be the product of the applicable rate and the net weight of household goods and personal effects actually shipped within the weight limitation of 7,000 pounds of household goods uncrated.

5. It will be necessary for you to submit the carrier's original bill of lading, or a certified copy thereof, when using common carrier service. If no bill of lading is required, other evidence showing point of origin, destination, and weight shall be required. In instances in which no adequate scale is located at point of origin or at any point within a radius of ten miles thereof, a constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used.

2. Transportation for yourself and dependent wife and two children is authorized with per diem of $6.00 in lieu of subsistence. Travel by privately owned automobile at the rate of 5¢ per mile, if more economical and advantageous to the United States than travel by common carrier, is also authorized. If travel is by privately owned automobile a statement certifying that such travel is more economical and advantageous than travel by common carrier must be attached to the voucher.

3. Payment for transportation of household effects is also authorized. It will be necessary for you to arrange and pay for all services in connection with the shipment of your household effects subject to reimbursement. Claim for reimbursement shall be submitted to Headquarters (FA-PV) via this office.

4. In lieu of the payment of actual expenses of transportation, packing, crating, drayage, and unpacking of household goods and personal effects, reimbursement will be made on a commutated basis at rates per hundred pounds as fixed by zones. The amount payable shall be the product of the applicable rate and the net weight of household goods and personal effects actually shipped within the weight limitation of 7,000 pounds of household goods uncrated.

5. It will be necessary for you to submit the carrier's original bill of lading, or a certified copy thereof, when using common carrier service. If no bill of lading is required, other evidence showing point of origin, destination, and weight shall be required. In instances in which no adequate scale is located at point of origin or at any point within a radius of ten miles thereof, a constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 3-31-47 based on performance during period from 4-1-46 to 3-31-47

Rawls, Wilson D. (Name of employee)

Keeper (Title of position, service, and grade)

Treas., 5th CG Dist., Norfolk, Va. - Hooper Island Lt. Sta., Md. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Very Good

2 May, 1947 (Date of notification)

R. F. REA (Signature)
Comdr., USCG
Chief, Personnel Division (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

MEMORANDUM TO CIVILIAN PERSONNEL

Subj: Proposed transfer W. C. Rawls, 1st Asst. Keeper, Sandy Point Light Station

1. It is realized that frequently transfers involve some personal inconvenience, however, the Coast Guard as a whole and particularly this district must receive first consideration. The skilled personnel available for distribution to light stations is at an especially low ebb at this time, therefore, it is very definitely to the advantage of the Coast Guard to have this man transferred as previously indicated.

2. However, it can be stated that if in the future a vacancy occurs at Sandy Point, Thomas Point or any station in the area, this man will receive first consideration.

Ref: DCGO (pcp) Letter 1 February, 1946., file 75.

1. Transfer proposed in your letter of 1 February, 1946, is very undesireable for the fallowing reasons.

(a) My home is at Eastport, (Annapolis), Md., am purchasing same on monthly payment plan and have too much invested to throw away.

(b) Transfer would entail added expense in travel to and from home, there being no commercial carrier serving that area nearer than to Cambridge, Md.

(c) Having just returned from Military duty Overseas, personal business matters require my attention frequently.

2. As my transfer to Hoopers Island Light Station would cause me monetary loss and possibly family hardship, I wish to refuse, provided my refusal will not react unfavorably on my record.

1. Due to the shortage of experienced lighthouse keepers it is the desire of this Office to transfer you to position of Keeper of Hooper Island Light Station. Even though this transfer would be at your present salary it would actually represent a promotion for you inasmuch as the pay range of that station is $2034 - $2430 whereas the pay range of your present position is $1968 - $2364. You will be advised at a later date as to the effective date of this proposed transfer.

2. In connection with this transfer, advise this Office promptly whether or not there will be any household effects to be moved; if there are, it will be recommended to our Headquarters that the cost thereof be paid by the Government. Information is also requested as to how you will travel from your present post of duty to Hooper Island. REMARKS: Hooper Island Lt. Sta. is in close proximity to the U. S. Naval Air Station, Patuxent River, Md., and its importance has been tremendously enhanced by the enlargement of the Air Station. Therefore, for the efficient operation of this station, it is recommended that Keeper position be re-established and that Wilson D. Rawls be transferred thereto. Furthermore, it is recommended that position #925 be abolished coincident with the transfer of Rawls. Inasmuch as this transfer is for the benefit of the Government it is recommended that Mr. Rawls' traveling expense be paid by the Government. No moving of household effects will be involved in this transfer.

MEMORANDUM TO CIVILIAN PERSONNEL

Subj: Proposed transfer W. C. Rawls, 1st Asst. Keeper, Sandy Point Light Station

1. It is realized that frequently transfers involve some personal inconvenience, however, the Coast Guard as a whole and particularly this district must receive first consideration. The skilled personnel available for distribution to light stations is at an especially low ebb at this time, therefore, it is very definitely to the advantage of the Coast Guard to have this man transferred as previously indicated.

2. However, it can be stated that if in the future a vacancy occurs at Sandy Point, Thomas Point or any station in the area, this man will receive first consideration.

Subj: Discontinuance of vacant Keeper positions

1. The position of First Assistant Keeper at Thimble Shoal Light Station formerly occupied by William J. Clark has been discontinued in accordance with your letter of 20 August, 1943.

2. In your letter of 17 August, 1943, you recommended that the following positions be discontinued:

Finance Number	Position	Incumbent	Light Station
7388	Asst. Keeper	G. J. Catton	Craighill Channel Fort Range, Md.
7426	Keeper	L. R. Carman	Sandy Point, Md.
7427	1st Asst. Keeper	W. D. Rawls	Sandy Point, Md.

The records indicate that these employees are on military furlough. Therefore, their positions are to be continued on the records in order that they may be returned to duty after completion of their tour of military duty.

3. The position of Assistant Keeper at Great Shoals Light Station, Finance Number 7394, referred to in your letter of 17 August, 1943, has been discontinued on the records of Headquarters.

1. It has been noted in your Monthly Report of Absences that both you and Assistant Keeper W. D. Rawls have enlisted in the Military branch of the Coast Guard. The Civilian Personnel Division of this office has received no official information relative thereto. It will be necessary for you and Rawls to submit to this office your resignation from your civilian position which should show the effective date as of the close of the day previous to that on which you were sworn in as an enlisted man.

2. It will also be necessary for you and Rawls to furnish this office with a copy of your military orders directing you to report to duty at Sandy Point as an enlisted man. It is suggested that you send the originals and certified copies will be made in this office, and the originals will be returned to you immediately.

3. It appears that due to the lack of knowledge that you and Rawls had been enlisted, the civilian payroll section continued both names on the payroll for the whole month of December. Upon receipt of your orders, the leave and payroll accounts will be checked to determine whether or not you have been over-paid.

UNITED STATES COAST GUARD

WASHINGTON

1 April, 1942.

From: Commandant.
To: District Coast Guard Officer, Fifth Naval District.

Subject: Administrative promotions for certain lighthouse keepers.

1. The Secretary of the Navy, under date of 1 April, 1942, has approved within-grade administrative promotions of the lighthouse keepers listed below under your jurisdiction, effective 1 April, 1942. These promotions are not made under the provisions of Public Law No. 200, approved 1 August, 1941.

2. It will not be necessary to give these employees an official notification of this promotion, but this data should be typed on their Form 2806.

3. In the event that any of the employees named herein have received salary increases subsequent to 1 April, 1942, they are not entitled to and should not receive this promotion. They are, however, entitled to receive this additional compensation from 1 April, 1942 up to and including the day before they received a promotion.

From: Senior Coast Guard Officer, Fifth Naval District.
To: First Assistant Keeper W. D. Rawls.

Via: Keeper, Sandy Point Light Station.

Via: Commanding Officer, Baltimore Base.

Subject: Notice of resignation; advance notice required.

Reference: (a) Your letter 30 October, 1941.

1. In answer to above reference, you are informed that about fifteen days' notice, in this case, will be sufficient if you intend to resign. However, it is believed that the Naval Academy will require you to secure consent of the Coast Guard before they will appoint you in the Navy Department. You should make inquiry relative thereto before you submit a resignation.

Subject: Notice of Resignation., time required in advance.

1. Some time past this writer made application for the position of senior fireman with the U. S. Naval Academy labor board, at Annapolis, Md.

2. As there now appears that an opening in this rating may occur at the Academy, the Labor Board has requested information as to the minimum notice required should I be called for this position.

3. Although Instructions to Employees of the Light House Service of 1927 state that 30 days notice is essential, should I be called it would be appreciated if this requirement could be waived, or modified.

1. In reply to your letter requesting to be tendered induction in the grade of chief machinist's mate, for duty on a lighthouse tender, you are advised that induction of keepers is confined to duties of that grade; that subsequent to induction you would be eligible for promotion to the next higher grade in the same manner and under the same conditions as other men in the Coast Guard, to fill vacancies as they occur.

2. Because your letter (reference a) and further statement at the bottom are inconsistent, it is requested that you inform Headquarters specifically whether or not you desire induction in the grade tendered you.

Sir:

In the event of a vacancy, in the Fifth Lighthouse District for an Assistant Lighthouse Keeper, I should like to be considered.

For the past twelve years, I have been employed in the Lighthouse Service, on Lightships and Tenders, two years of which I served in the deck department.

As I have a Civil Service Status, I respectfully request that I be considered for transfer to fill such vacancy.

Respectfully,
Wilson D. Rawls

Respectfully forwarded,
