Honorable Warren G. Magnuson
United States Senate

My dear Senator Magnuson:

Reference is made to your letter of 28 January 1959 and to my letter of 9 December 1958 regarding the request you forwarded from the law offices of Hoof, Shucklin and Harris, Seattle, Washington, relative to alleged overtime of Mr. George John Smith, former Lighthouse Keeper, in 1946 and 1948.

We have contacted our field office in an effort to locate the attendance records covering Mr. Smith's employment for the period indicated, but have been advised that such records are no longer available, having been disposed of or sent to the Federal Records Center, St. Louis, Missouri, following Mr. Smith's retirement. We have contacted the Federal Records Center in connection with this matter but that office advises that the "Time and Attendance Reports for the Alki Point Light Station are not available here."

A General Records Schedule issued by the General Services Administration, latest revision dated 8 October 1957, to provide disposition standards for records common to several or all Federal agencies, provides that "Time and Attendance Reports" shall be disposed of "2 years after audit by the General Accounting Office." In view of the fact that Mr. Smith retired from the position of Keeper at Alki Point Light Station at the close of August 1951, it appears likely that the attendance records in his case would have been disposed of in accordance with the schedule referred to above some few years ago, and that any further search for them will be fruitless.

It is indicated in correspondence in 1948 that Mr. Smith filed a claim with the Comptroller General of the United States relating to alleged overtime from 28 March 1934 to 14 May 1948. That office advised him in letter of 13 May 1949 that "There was no law authorizing the payment of additional or overtime compensation to Lighthouse keepers paid per annum salaries prior to the Act of 22 December 1942, 56 Stat. 1068...." It also advised him that:

> "The record discloses that you were paid the 10 per cent and 15 per cent additional compensation provided by the acts of December 22, 1942, and May 7, 1943, supra, and

RE: George John Smith

Dear Admiral Richmond:

On December 9, you wrote me, regarding the above stating that an investigation would be made of alleged overtime work which dated back to May 1946, and that I would be further advised as soon as possible. To date I have heard nothing and I am wondering just what further information you have on this case.

Kind regards.

1. Reference is made to your letter dated 20 January 1959 requesting additional information regarding subject retired Keeper.

2. Our present Payroll Clerk has advised this office that attendance reports covering the period 6 May 1946 to 28 June 1949 for the Alki Point Light Station were included in files sent by the Pay and Voucher Section to the Federal Records Center, St. Louis, Missouri, in 1956 unless they had been removed previously in connection with the first claim made by Mr. Smith. If they had been removed it is believed they would be with the former file regarding this matter.

3. A check was made with the Legal Office in this District as the Payroll Clerk on duty during part of the period in question has stated he recalls that the Legal Officer was investigating this case. However, that office has advised that it has destroyed most of its files which are more than three years old and they have no file on this case. Possibly the Legal Division at Headquarters might have a file on it.

Re: George John Smith

Dear Warren:

We represent George John Smith of Portage, Washington who retired from the Lighthouse Service on August 31, 1951 after almost 34 years of service.

As preliminary to investigating the amount of overtime coming to Mr. Smith for which he was not compensated, it will be appreciated if you will request the Lighthouse Service to send a compilation of the overtime recorded in his employment file.

According to Mr. Smith, for the period from May 6, 1946 to May 6, 1948 alone, he spent 3,867 hours on overtime for which he should be compensated at the rate of $1.71 per hour. Would you kindly look into this and let me know what information can be obtained at this time.

With all good wishes for the holiday season.

Very truly yours,

HOOF, SHUCKLIN & HARRIS

Subj: SMITH, George J., retired Keeper; Adjustment in rate of retired pay

1. Reference is made to ALDIST 42 #132200Z dated 14 June 1952, authorizing change in effective date of pay increases granted 28 October 1951 retroactively to 8 July 1951 for Keepers, Light Attendants and Lamplighters.

2. Std. Form 50 for George J. Smith dated 31 August 1951 covering Retirement (Optional) cob 31 August 1951 shows the annual rate of retired pay as $2321.70. Advice is requested as to whether the computation will be adjusted by HQ's office and new Std. Form 50 issued to reflect the corrected amount or whether the change should be made by this office.

3. Adjustment has been made correcting the amount of the lump-sum payment made to Mr. Smith for unused annual leave at the time of his retirement.

1. Reference is made to H/L dated 10 August 1951 file (PC), calling attention to a discrepancy in the period of service covered as shown in statement of leave submitted by the District under date of 13 July 1951.

2. This office is aware of the proper reckoning of holidays in leave accounts but erred in stating that Mr. Smith would be paid for 644 hours unused annual leave to his credit. This should have been broken down to show 620 hours unused annual leave plus three holidays (24 hours) or a total of 644 hours for which he would receive payment. With this modifying statement, the period of service covered remains correct as originally stated, i.e., from 1 September 1951 through 4 hours on 24 December 1951.

3. The District's records have been amended to reflect this change and it is requested that HQ make the necessary adjustment.

1. Subject employee has applied for retirement effective 31 August 1951. He will have rendered faithful service for 32 years, 9 months and 28 days as of that date, and it is the opinion of the District that he merits the Albert Gallatin Award based on his record of service. It is requested that he be considered for this award.

2. If HQ's is in agreement that this should be awarded by the Treasury Department, the District would appreciate receiving it in time to be presented on the date of his retirement.

1. In checking the statement of leave submitted for Mr. Smith, a discrepancy was noted in the period of service covered. Six hundred forty-four hours would cover the period 1 September 1951 through 4 hours on 28 December 1951 which includes four holidays. In computing the period covered by lump-sum payments, you are advised that since no leave is charged for holidays, the number of such holidays occuring in the leave period should be added to the number of days of annual leave and payment made for the total, in this case, 84 days and 4 hours.

2. Form 50 will be processed in accordance with the above unless after a recheck you find some inaccuracy in the result obtained.

1. Reference is made to your letter dated 28 July, 1950 and indorsement on same by CO, CG Group, Seattle dated 6 August, 1950. This indorsement states: "Forwarded. It is believed that no additional compensation is justified for work performed by personnel of Alki Point Light Station in connection with Duwamish Head light and fog signal."

2. Inasmuch as your letter states that you do not service the Duwamish Head light or fog signal, an increase in salary would not be warranted. HQ letter of 5 June, 1950 states in part: "If the operation involves merely observing the light and the operation of the fog signal an increase would not be warranted."

George J. Smith,
c/o United States Coast Guard,
13th Coast Guard District,
Seattle 4, Washington

Sir:

Your claim for additional overtime compensation for services rendered as an employee of the United States Lighthouse Service and United States Coast Guard, during the period March 28, 1934, to May 14, 1948, has been carefully examined and it is found that no part thereof may be allowed for the reasons hereinafter stated.

There was no law authorizing the payment of additional or overtime compensation to lighthouse keepers paid per annum salaries prior to the act of December 22, 1942, 56 Stat. 1068. The provisions of Section 23 of the act of March 28, 1934, 48 Stat. 522, cited in partial support of claim, have no application to such per annum employees (13 Comp. Gen. 265 and 15 Comp. Gen. 937).

Under the act of December 22, 1942, supra, effective December 1, 1942, additional compensation of 10 per cent was authorized for employees haveing intermittent or irregular hours of duty (Section 7, Executive Order 9289, dated December 26, 1942). By Section 3(a) of the act of May 7, 1943, 57 Stat. 75, such employees were authorized to be paid 15 per cent additional compensation. The two said acts have been construed to authorize additional or overtime compensation only for the time spent in the actual performance of duty as distinguished from "stand-by" or "on-call" time during which employees hold themselves in readiness for the performance of duty should occasion arise (Conn et. al v. United States, 107 C. Cls. 422). Where such hours of actual work are intermittent or irregular, the statutes provided for the payment of additional compensation referred to in lieu of overtime.

Under the Federal Employees Pay Act of 1945, 59 Stat. 295, and subsequent legislation--which omitted the provision for additional compensation to employees having irregular or intermittent hours of duty--the administrative workweek for lighthouse

keepers was established at 44 hours based upon administrative finding that that number of hours closely approximated the hours of actual work performed by such employees each week and overtime compensation was authorized accordingly.

The record discloses that you were paid the 10 per cent and 15 per cent additional compensation provided by the acts of December 22, 1942, and May 7, 1943, supra, and the overtime compensation authorized by later legislation, thus having been fully paid in accordance with existing law during the period of your claim.

I therefore certify that no balance is found due you from the United States.

Subj: George J. Smith, Keeper; transfer to Seattle Base

1. It is proposed to transfer George J. Smith from Alki Point Light Station, Keeper in Charge, at the rate of $2949.72 per annum, including $240 per annum quarters allowance, to the Seattle Base as Maintenance Mechanic at the rate of $13.52 per diem (approx. $3515.20 per annum).

2. The authorized personnel complement for Alki Point Light Station is 3 men. Only 2 family quarters are available. At present 2 civilian keepers are attached to the station, each occupying quarters and each standing watch for 12 hours per day. It is desired to transfer Mr. Smith in order to make quarters available for 2 military men at the station. This will make it possible to complete the complement and also eliminate the excessive time worked by the 2 keepers under the present conditions.

3. This transfer has not been requested by the employee but is considered to be for the best interest of the Government. Providing HQ does not object to the proposal, Forms 2660 and 62 will be forwarded so that transfer can be effected.

Subj: George J. Smith, Keeper; claim for overtime compensation

1. Reference is made to HQ letter of 15 September 1948, CG-75 (PC). From 1 December 1942 to 30 April 1943 Mr. Smith was paid 10% additional compensation in lieu of payment for overtime. From 1 April 1943 to 30 June 1945, 15% additional compensation was paid in lieu of overtime. The rate of pay was $1920 per annum plus $240 per annum for quarters making 15% the maximum allowed. From 1 July 1945 to the present time Mr. Smith has been paid basic compensation for 80 hours per pay period plus 4 hours at overtime rate for each Saturday, providing he actually worked 44 hours during the work-week and was not in a leave status.

2. The attached information was compiled from the pay cards and time and attendance reports on file in this office. Time and attendance records on Forms 1130 and 1135 date from 30 June 1946 and indicate the hours on duty each pay period. There is no detailed record of the actual hours worked from 1 July 1945 through 29 June 1946. The annual rates of pay including $240 per annum for quarters were $2160 through July 30 1945; $2298 through 30 June 1946 and $2619 from 1 July 1946.

3. The general personnel shortage has created the situation explained in the claim submitted by Mr. Smith.

Sirs:

There is transmitted herewith for administrative examination and report the claim of George J. Smith for compensation for overtime (excluding night differential) performed for the United States Lighthouse Service.

With the return of the enclosure, it is requested that if any amount is found due there be submitted a short form pay roll, properly approved, showing rate of pay and period covered.

Since the claim was received in this office on May 26, 1948, and in view of the provisions of the act of October 9, 1940, 54 Stat. 1061, it is to be noted that recovery would be barred of any overtime compensation that may be found due prior to May 27, 1938. The appropriation applicable to each year should be separately set forth.

Refs: (a) 5 USC 673 (c)
(b) 24 Op. Comp. Gen., 1945, 867 (B-49448)
(c) Article 452, Regulations for the USLHS, 1927

Dear Sir:

Pursuant to references (a) and (b), the undersigned employee desires to and does hereby claim credit for overtime compensation for periods worked in excess of the forty-hour week as provided for in the act of 28 March, 1934, on the basis of that which is contained below.

The undersigned was employed in the U. S. Lighthouse Service (now U. S. Coast Guard) from 1 November, 1925 to the present. On 28 November, 1933, he was assigned to duty on board the USLHS Lightship No. 113 (Swiftsure Bank), as first officer. The station for Swiftsure Bank Lightship No. 113 is 13 3/4 miles west of Cape Flattery, Washington, and was classified, therefore, as a Class I lightship station for the purpose of leave and liberty as outlined in reference (c). This lightship had but two officers assigned, between the period 28 November, 1933 and 1 April, 1941, the undersigned as first officer and Mr. Eric H. Lindeman as master. The around-the-clock watch system on board this vessel as directed by LHS and CG Regulations required that either Mr. Lindeman or the undersigned be on watch at all times. As a result the undersigned, except during periods of shore leave, was on watch for twelve hours per day, seven days per week, or a work week of 84 hours for all but 120 days per year. On 1 April, 1941, the undersigned was transferred from Lightship 113 to a similar post on board Umatilla Reef Lightship No. 88, with station 13 miles south of Cape Flattery, Washington, Mr. L. A. Larsen, master, and at which station he served until 25 August, 1942. Consequently, the undersigned believes that he is entitled to overtime compensation for the above period from the enactment of reference (a) to 25 August, 1942, as follows:

Date	Days	Overtime (In Excess 8 hrs)	Base Pay
3-28-1934 - 1-1-1935	158	@ 4 hrs - 632 hrs	$2100.00
1-1-1935 - 1-1-1936	245	@ 4 hrs - 980 hrs	
1-1-1936 - 1937	245	@ 4 hrs - 980 hrs	
1937 - 1938	245	@ 4 hrs - 980 hrs	
1938 - 1939	245	@ 4 hrs - 980 hrs	
1939 - 1940	245	@ 4 hrs - 980 hrs	
1940 - 1941	245	@ 4 hrs - 980 hrs	
1941 - 1942	245	@ 4 hrs - 980 hrs

24 May, 1948

On 26 August, 1942, the undersigned was assigned to Alki Point Light Station as keeper. At this station between 26 August, 1942 and 22 April, 1945, there were but the undersigned and one other man assigned. Regulations for the government of LH's directed a continual watch which necessitated the standing of watches at this station 12 hours per day, 7 days per week, or an 84 hour work week. As a result the undersigned worked at least 12 hours per day. On 22 April, 1945, a third man was assigned to the station which allowed the station personnel to work a three watch system or 8 hours per day, 7 days per week or a work week of 56 hours per week. This status continued until 13 September, 1946, when the third man assigned to Alki Point Lighthouse Station was transferred and the station watches reverted to the two man system of 12 hours per day, 7 days per week or a work week of 84 hours, except during periods of annual leave. Accordingly, I believe that I am entitled to overtime compensation for service at Alki Point Light Station as follows: (These figures takes into consideration 30 days annual leave.)

Date	Days	Overtime (In Excess 8 hrs)
8-26-42 - 1-1-43	127	@ 4 hrs - 508
1-1-43 - 1-1-44	335	@ 4 hrs - 1340
1-1-44 - 1-1-45	335	@ 4 hrs - 1340
1-1-45 - 4-22-45	111	@ 4 hrs - 444
		(In Excess 16 hrs per wk)
4-22-45 - 1-1-46	224	32 weeks x 16 hrs - 512
1-1-46 - 9-13-46	226	32 weeks x 16 hrs - 512
		(In Excess 8 hrs)
9-14-46 - 1-1-47	109	@ 4 hrs - 436
1-1-47 - 1-1-48	335	@ 4 hrs - 1340
1-1-48 - 5-24-48	145	@ 4 hrs - 580
		Total Overtime hours - 7,012

During the period 31 July, 1946 to the present (24 May, 1948) I have received overtime compensation at the rate of 4 hrs per week as established by the policy of the Commandant, U. S. Coast Guard in a Civilian Personnel Circular (#15-45) dated 14 July, 1945, paragraph (3) of which is quoted for the convenience of your office:

"3. While the Navy Department considers that under the new legislation it is necessary for the basic work week for Keepers, Light Attendants, and Vessel employees to be 40 hours a week, Monday to Friday inclusive, as stated in its message above referred to, the Department has subsequently approved an administrative workweek of an average of 44 hours per week for these groups of employees. The matter of establishing a tour of duty for these groups must be considered as a somewhat arbitrary action in that for practical operations it will not change the actual working situations long in effect. However, because such employees have long been considered to be on a 44 hour week for sick and annual leave purposes and because it has been estimated that they perform work for the Government on an average of 44 hours a week, the effect of the present action will be to recognize 4 hours of the administrative workweek as overtime for such employees and to compensate them at the overtime rate for these 4 hours.

George J. Smith
CG-75

24 May, 1948

In this connection it appears that an administrative estimate has been made to the effect that the average keeper works for the Government at the rate of 44 hours per week. This certainly cannot be construed to mean that all keepers work at such a rate. In particular this cannot apply to the station which maintains fog signals and/or radio beacons which require around the clock watches and which is readily apparent from the foregoing analysis of my duties."

In summarizing the foregoing, I hereby claim overtime credit as follows:

3-28-34 - 8-25-42	8120 hours overtime
8-26-42 - 4-21-45	3552 hours overtime
4-22-45 - 9-13-46	768 hours overtime
9-14-46 - 5-14-48	2308 hours overtime
	14748 hours overtime credit

I respectfully request, therefore, the consideration of the Comptroller General, in determining my overtime credits and the settlement of this claim.

Very truly yours,

George J. Smith

Subj: George J. Smith, Keeper; claim for overtime compensation

1. There is transmitted herewith for your consideration and report a copy of a letter from the General Accounting Office, dated 9 July, 1948, together with the subject claim.

2. Since there was no provision for the payment of overtime or additional compensation to keepers or vessel employees prior to 1 December, 1942, the effective date of Public Law 821, 77th Congress, approved December 22, 1942, that portion of the claim dating from 28 March, 1934 to 30 November, 1942, can be disposed of with a statement to that effect.

3. From 1 December, 1942, through 30 April, 1943, keepers, light attendants, and vessel employees were entitled to 10% additional compensation in lieu of payment for overtime under Public Law 821 above referred to. See in this connection the Navy Department's regulations dated 26 December, 1942 forwarded by Headquarters Circular letter of 5 January, 1943 (CP-75). From 1 May, 1943 to 30 June, 1945, Keepers, Light Attendants, and vessel employees received additional compensation under the provisions of Public Law 49, 78th Congress, approved 7 May, 1943. See Headquarters Circular Letter dated 13 May, 1943 particularly paragraph 3 thereof, a part of which is quoted below.

> "3. Intermittent and irregular employees:
> (a) With basic salary rates of less than ~~$200~~ $2000 per annum shall be paid additional compensation at the rate of $300 per annum or at the rate of 25% of earned compensation during each pay period, whichever is the lower.
> (b) With basic salary rates of $2000 per annum and over shall be paid additional compensation at the rate of 15% of the earned basic compensation which is earned at a rate not in excess of $2900 per annum."

If Mr. Smith received the additional compensation provided under the laws and regulations above referred to during the period 1 December, 1942 to 30 June, 1945 a statement to that effect will apparently be sufficient to answer that part of his claim.

4. Beginning 1 July 1945, keepers were compensated under the provisions of Public Law 106, 79th Congress, approved 30 June, 1945. Under that law and regulations issued by the Civil Service Commission, employees who worked more than 40 hours a week were required to be paid on an overtime, rather than on an additional compensation, basis.

5. Headquarters Civilian Personnel Circular No. 15-45 contained instructions relative to the hours of duty and overtime for the different groups of employees.

Keepers, light attendants, and vessel employees were, with the approval of the Navy Department, placed on an administrative 44-hour work week. This contemplated the payment of 4 hours at the overtime rate, provided employees worked the additional four hours above the basic 40 hour week. In other words, keepers were not to be paid at the overtime rate during periods of absence on annual or sick leave when overtime duty was not performed.

6. If your office finds that Mr. Smith was required to perform duty for hours in addition to the administrative 44-hour work week established for keepers, an explanation of the authority and necessity for requiring the additional hours of duty should be submitted; and separately, the dates and number of hours, by pay periods, of regular pay, overtime paid pursuant to Civilian Personnel Circular No. 15-45 (4 hours per week if worked), and the hours and amount of additional overtime beyond that provided for in the circular above referred to should be tabulated, in order that Headquarters may have a full and accurate statement of the amount already paid Mr. Smith and the amount due, if any, on the basis of hours shown to be on duty under proper authority.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Mr. Friend, Room 215, General Accounting Office DATE: 22 August, 1947

FROM : Chief, Civilian Personnel Division, U. S. Coast Guard

SUBJECT: Subsistence allowance for former Lighthouse vessel personnel when detailed ashore

1. Reference is made to your telephonic request for information relative to Article 363 (f), U. S. Lighthouse Service Regulations, which relates to per diem allowances for lighthouse employees while on temporary duty.

2. You are advised that in so far as this office could determine Article 363 (f) as contained in your copy of the Lighthouse Service Regulations has not been amended.

3. It is the opinion of this office that subject allowances in effect for Coast Guard civilian personnel during the period covered by the claim of Mr. George J. Smith, were set forth in U. S. Coast Guard Personnel Bulletions Nos. 26-42 and 98-42, dated 11 March, 1942, and 15 October, 1942, respectively (copies attached).

4. The records in this office disclose that Mr. George J. Smith, First Officer on Umatilla Reef Lightship 88, was detailed as Keeper, Alki Point Light Station, Washington, effective 26 August, 1942. The regular keeper at Alki Point departed on annual leave beginning 26 August, 1942 and continued in that status until the close of 31 October, 1942, when he was retired. Mr. Smith was then given a permanent change in station and designation as Keeper, Alki Point Light Station.

5. In view of the circumstances outlined above and the provisions of Personnel Circulars 26-42 and 98-42, it appears that Mr. Smith should have received per diem allowances for the period of his temporary detail to the light station.

(b) Headquarters' letter dated 26 May 1942 (CP-75).
(c) Headquarters' circular letter dated 13 June 1940 (PB-75).

1. Your office brought up the question in reference (b) as to the eligibility of the subject employees for an administrative increase in compensation.

2. The record shows that all three of these employees were transferred to positions of keeper at rates of pay above the maximum of the salary range for the position in pursuance of the policy established in reference (c) from which the following is quoted -

> (b) "If a transfer cannot be effected as outlined under (a) and the person to be transferred is disqualified for induction through no fault of his, he shall receive the pay of the position to which transferred if it be higher than that he is receiving at time of transfer; if the pay of the position be lower, he shall be transferred at the rate of pay he was receiving in the former position."

3. Since these employees are now paid at rates above the maximum of the grade, they are not eligible to receive within-grade administrative increases given keepers on the basis of 18 months' of service, efficiency, and satisfactory conduct.

1. Some time ago, this office was advised in reference (a) that George J. Smith, transferred from Lightship #88 to Alki Point Light Station, effective 1 November, 1942, was eligible for automatic promotion as of 1 January, and requested that efficiency rating be furnished. This was done, but to date notice of promotion of Mr. Smith has not been received.

2. Mr. Anderson and Mr. McNelley are in a similar status, having transferred from COLUMBIA RIVER Lightship to Point No Point Light Station on 1 August, 1942 and 21 July, 1942, respectively. Mr. Anderson received his last increase in pay on 20 June, 1939, and Mr. McNelley on 16 June, 1938. Information as to eligibility of these three employees for automatic promotion is requested. Efficiency ratings of Messrs. Anderson and McNelley will be forwarded with the annual report of efficiency ratings due 31 March, 1943.

(B) Form 375, in duplicate.

1. Complying with reference (b), nomination for the transfer of George J. Smith from 1st Officer, Umatilla Reef Lightship, to Keeper, Alki Point Light Station, is forwarded for Department approval. While the regular keeper of Alki Point Light Station will not retire until the close of 31 October, 1942, he will depart on annual leave beginning 26 August.

2. To provide for relief of the keeper from 26 August to 31 October, it is recommended that a temporary additional position of keeper, Alki Point Light Station, be authorized, and that transfer of Mr. Smith to fill the position be approved. Funds allotted are available to cover the transfer.

OFFICE OF
SENIOR COAST GUARD OFFICER
NORTHWESTERN SECTOR
THIRTEENTH NAVAL DISTRICT

From: District Coast Guard Officer, Seattle, 13th Naval District.
To : Commandant, Coast Guard Headquarters.

Subject: George J. Smith, 1st Officer; transfer to shore station.

Reference: (a) Headquarters' dispatch 161600 (February, 1942).

1. Charles N. Elliot, Keeper, Alki Point Light Station, will be automatically retired for age at the close of 31 October, 1942. It is proposed to fill the resulting vacancy by transfer of George J. Smith, 1st Officer, UMATILLA REEF, recommendation for which will be submitted at the proper time.

2. Reference (a) authorizes transfer to shore stations of certain civilian personnel from lightships "without change in pay or status." Mr. Smith's present pay is $2160 per annum, in addition to which he receives 66¢ per diem subsistence on the lightship. In the event he is transferred to the light station, quarters would be furnished at the rate of $240 per annum. Information is requested as to the rate of pay to which Mr. Smith would be entitled if transferred to this position.

From: Commandant.
To: District Coast Guard Officer, 13th Naval District, Seattle, Washington.

Subject: George J. Smith, First Officer; proposed transfer to keeper.

Reference: (a) Your letter of 29 April, 1942 (75).
(b) Headquarters circular letter dated 13 June, 1940 (PB-75).

1. Reference (a) inquires as to the rate of pay Mr. Smith would receive if transferred to Alki Point Light Station vice Charles E. Elliot, who is to retire at the close of 31 October, 1942.

2. Reference (b) established the policy for the transfer of the civilian employees of the former Lighthouse Service whose positions placed them under the jurisdiction of the Lighthouse Service Retirement Law of June 20, 1918, as amended. Paragraph 2(b) of that circular letter is as follows:

> (b) "If a transfer cannot be effected as outlined under (a), and the person to be transferred is disqualified for induction through no fault of his, he shall receive the pay of the position to which transferred if it be higher than that he is receiving at time of transfer; if the pay of the position be lower, he shall be transferred at the rate of pay he was receiving in the former position."

The record shows that Mr. Smith was not eligible for induction into the military branch of the Coast Guard, since he had insufficient service to meet the requirements as to age. The cash salary range of the position of keeper at Alki Point is $1380-1740 and family quarters valued at $240 per annum are attached to the position. Only a few transfers where the present pay of the individual was above that provided in the compensation schedule have been made and in those cases the family quarters were deducted from the present cash pay of the employee, so that his gross pay was not reduced; and those cases were effected while the Coast Guard was operated under the Treasury Department. However, if it is still desired to transfer George J. Smith vice Elliot upon the latter's retirement you may submit nomination together with Form 375 in duplicate

and Headquarters will endeavor to have his transfer approved without change in his present pay of $2160 per annum, that is at a cash pay of $1920 plus quarters valued at $240 per annum.

MEMORANDUM TO CHAIRMAN PERMANENT BOARD

1. The vacancy to which First Officer George J. Smith, of Swiftsure Bank Lightship, requests promotion will not occur until about 1 October, next.

2. Promotion in his case involves the question of policy, since the position has been occupied for some time by a boatswain in the Military Branch of the Service.

C. H. JONES.

James L. Hall	Seaman	Swiftsure Bank L.S.#113	$75 Mo.	Columbia River L.S.#93	E.O.D.

2. As indicated above, the transfers of Messrs. Smith and Harris have been reported to the Department as effective 1 April, 1941, since there is no change in pay or designation and travel expense is not involved, and the positions are shown to be vacated by the resignation of previous occupants. The other cases involve travel at Government expense with the exception of George A. Woods. The effective date is to be determined and reported in the cases involving travel at Government expense and also in the case of Woods since his transfer cannot be made effective prior to that of Maxwell J. Short.

3. Headquarters will advise you promptly when these cases have been approved by the Department.

Commander, Seattle Division,
U.S.Coast Guard,
Seattle, Wn.

Dear Sir:

Please accept my thanks for your prompt response to my request of January 5, for medical attendance and the removal of Mate George J. Smith, in command of RELIEF Lightship on Swiftsure Bank station.

Report received from RELIEF Lightship indicates that the injured officer was removed by the Coast Guard Cutter SNOHOMISH at 7:45 p.m., January 5, at which time Ensign C. H. Stover of the SNOHOMISH was left on board pending arrival of the relief officer, and that at 7:45 a.m. January 6, the SNOHOMISH put aboard RELIEF Lightship Erik Lindman, Master SWIFTSURE BANK Lightship, who had transferred to the SNOHOMISH off Crescent Bay from the Coast Guard patrol at 2:00 a.m. same date, thus relieving Ensign Stover.

Please convey to those under your command who are concerned, and to the medical officer who accompanied the SNOHOMISH, an expression of my appreciation for their prompt service and cooperation.

Yours very truly,

R. R. Tinkham
Superintendent of Lighthouses

It is desired for comm to write a ltr to CG 1/13

cc - Master, SWIFTSURE BANK Lightship,113, for his information and the files of the vessel.
cc - Commissioner of Lighthouses. RELIEF Lightship on Swiftsure Bank station reported Jan. 5 that Mate George J. Smith in command of that vessel had been seriously injured by a fall involving broken ribs, requiring prompt removal to a hospital and medical attention before being removed from the vessel. The Division Commander, U.S.Coast Guard at Seattle was immediately requested to attend and remove the injured man and he promptly issued orders to the C.G. Cutter SNOHOMISH at Port Angeles to comply with this request, taking a U.S. Public Health Service surgeon with them. The Master of SWIFTSURE BANK Lightship, then in dry dock in Seattle, was dispatched promptly to take command of RELIEF Lightship but missed connections with the SNOHOMISH and was taken on-board later that night as indicated above. No detailed report has yet been received as to the cause or extent of injuries to Mr. Smith.

Justification for Filling Vacancy under Authority of the Act approved June 30, 1932.

Bureau or Office: Lighthouse Service, 17th District.
Swiftsure Bank
Position: Mate, Lightship 113

Compensation: $2100.

Location: Swiftsure Bank Lightship 113, Pacific Ocean.

Appropriation: Salaries, Lighthouse Vessels

Date of Vacancy: Oct. 31, 1933.

Justification: This vacancy was caused by the retirement of A. G. Anderson at the close of October 31, 1933.

Lightship 113 is a single screw vessel, 133 ft. 3" over all, in length, with personnel of 16 officers and crew, required to remain on station anchored in the open Pacific continuously in all kinds of weather, as an aid to navigation consisting of light, radiobeacon and fog signal. All positions authorized on this vessel must be filled at all times to insure the continuous and efficient operation of the vessel as an aid to navigation, and for the handling of the vessel to prevent its breaking its moorings during heavy weather which might prevail at any time in the open sea. It is therefore necessary that this position be filled for the protection of life and property.

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority of
the Act Approved June 30, 1932.

Bureau or Office: Lighthouses, 17th District, Portland, Oregon

Position: Mate

Compensation: $2100 per annum

Location: Lightship No. 113

Appropriation: Salaries, Lighthouse Vessels

Date of Vacancy: November 1, 1933

Justification: The vacancy in this position came about through the retirement of the previous incumbent whose pay was $2220 per annum.

The complement of this lightship provides two deck officers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The non-filling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.

It is proposed to fill this vacancy by the transfer of a lighthouse keeper, who was formerly a vessel officer, with increase in pay from $1740 to $2100 per annum, the latter being the minimum of the range on the lightship indicated.

In filling this position the need for economy and retrenchment has been given full consideration, and notwithstanding the reduction in available appropriations the position is considered essential to be filled.

Sir:

I beg to advise you that on November 5, 1932, at 11:30 p.m. a 35-ft. yacht by the name of LANETA of Tacome ran aground here abreast of the light. The night was clear with a fresh s'ly wind blowing, and owing to an ebb tide, it was impossible to refloat the vessel until the next flood tide. There were five persons aboard the LANETA which were cared for by the Keeper and his wife. The next morning the assistant keeper and keeper helped to carry out anchors into deep water, and at 9:30 a.m. November 6, the LANETA was refloated and proceeded on her pleasure trip.

There were no charges made for the food or shelter either by me or the assistant keeper. I am not claiming any compensation for the meals.

Subject: Furlough of George J.Smith,
Add. 2nd Asst. Keeper L.H.Service,
at Scotch Cap Light Station, Alaska.

On account of ill health Mr. Smith has been granted shore leave with pay until January 10,1918, this being the maximum amount of leave with pay allowable to Mr. Smith under the regulations. He has now recovered but as there is no position available and acceptable to him to which he can be assigned he has been placed on furlough without pay effective beginning January 11,1918.

It may be practicable to assign Mr. Smith to duty again within the next six or seven months. It will not be necessary within the probable duration of this furlough to appoint another person to the position now held by Mr. Smith.

Mr. G. J. Smith, Keeper,
New Dungeness Light Station.

1. Referring to your recent appointment to the position of Keeper of Yaquina Head Light Station at $1440.00 per annum:

2. There is also a vacancy of Keeper at Cape Disappointment Light Station, and it is thought possibly you might just as well desire or even prefer to be Keeper at Cape Disappointment Light Station, at $1560.00 per annum in the range of $1500.00 to $1800.00, instead of going to Yaquina Head.

3. Cape Disappointment is inside and on the north side of entrance to the Columbia River, a two keeper station, without fog signal, and is electrically lighted, current generated at the station. School is at Ilwaco, Wash., about 3½ miles by road. School bus calls at the station for children. Coast Guard station adjoins lighthouse dwellings.

4. While the office is not requiring that you take this station instead of Yaquina Head Light Station, by going to Cape Disappointment you will make possible the promotion of an Assistant Keeper who desires to go to Yaquina Head but who does not desire Cape Disappointment. Please advise soon.

SMITH SECOND OFFICER

HAGEN
(Master tender Rose) 138P

Dec 11

Form 73 of December 11 1925, recommending transfer Geo[illegible] J. Smith to Keeper, Smith Island Light Station.

REMARKS: This recommendation is made persuant to Regs. 1918, Art. 474, (Transfers to Light Stations and depots), and is for the good of the Service. Smith is a probationary appointee, having entered on duty as 2d Officer on the tender HEATHER on November 1, 1925. His services on the tender have been satisfactory. He recently informed the Superintendent that he desired transfer to a light station in order that he might be with his family.

There is no keeper or assistant keeper in this district who has signified a desire for transfer to Smith Island Light Station. During the past week the position has been offered to three assistant keepers, all of whom have declined the transfer.

Inclosed is telegram of December 11, 1925, from Mr. Hagen.

Smith has had the following previous service in the Lighthouse Service:

Probationary 3d Asst. Keeper, Scotch Cap Light Station, Alaska,
at $660 per annum, entered on duty May 26, 1916,
Promoted to 2d Assistant Keeper, Scotch Cap Light Station, Alaska,
at $720 per annum, entered on duty July 19, 1916,
Last day as above January 11, 1918.

The approval of this recommendation will not be in violation of section 2 of Civil Service rule I relatife to political or religious opinions or affiliations.

Quarters for his family are furnished by the Government.

Attention is invited to the Superintendent's letter of November 30, 1925, addressed to the U. S. Employees' Compensation Commission, copy of which was furnished the Bureau, forwarding letters of guardianship to Mrs. Meagher, wife of Bernard B. Meagher, to receive compensation on his behalf due to his injury in the performance of duty. No information has yet been received from the Commission as to final action it has taken in regard to awarding to Bernard B. Meagher compensation for an indefinite period, but it is expected that the allowance has been or will soon be made, and it is desired to transfer a permanent keeper to the light station in the place of Bernard B. Meagher. In view of the decision of the Assistant Comptroller of the Treasury of March 30, 1920, (Civil Service Act and Rules amended September 1, 1924, page 63, column 2), it appears that Bernard B. Meagher may be considered during the period that he receives conpensation from the Commission as still holding the position of Keeper at this light station. He has been on leave without pay since his injury last spring. In view of these facts the position to which Smith is recommended for appointment is designated as a temporary additional keeper in case this procedure is necessary in view of the decision by the Assistant Comptroller of the U. S. Treasury refered to. If it is not necessary in this case to authorize a temporary additional position an ordinary appointment as Keeper vice Bernard B. Meagher is recommended; if a temporary additional position is authorized it is not known for what period of time it may be required.

Telegraphic action is desired.

Mrs. Meagher has been employed as a substitute in charge of the station since her husband entered on leave without pay

1. Reference is made to H/L dated 10 August 1951 file (PC), calling attention to a discrepancy in the period of service covered as shown in statement of leave submitted by the District under date of 13 July 1951.

2. This office is aware of the proper reckoning of holidays in leave accounts but erred in stating that Mr. Smith would be paid for 644 hours unused annual leave to his credit. This should have been broken down to show 620 hours unused annual leave plus three holidays (24 hours) or a total of 644 hours for which he would receive payment. With this modifying statement, the period of service covered remains correct as originally stated, i.e., from 1 September 1951 through 4 hours on 24 December 1951.

3. The District's records have been amended to reflect this change and it is requested that HQ make the necessary adjustment.

1. In checking the statement of leave submitted for Mr. Smith, a discrepancy was noted in the period of service covered. Six hundred forty-four hours would cover the period 1 September 1951 through 4 hours on 28 December 1951 which includes four holidays. In computing the period covered by lump-sum payments, you are advised that since no leave is charged for holidays, the number of such holidays occuring in the leave period should be added to the number of days of annual leave and payment made for the total, in this case, 84 days and 4 hours.

2. Form 50 will be processed in accordance with the above unless after a recheck you find some inaccuracy in the result obtained.

Subj: SMITH, George J., Keeper, Alki Point Light Station, Seattle; retirement of and consideration for Albert Gallatin award

1. Subject employee has made application for retirement effective 31 August 1951 after having served the Government for 32 years, 9 months and 28 days. A copy of his application for retirement is attached which gives a record of his service.

2. Reference is made to Civilian Personnel Memorandum No. 5-51 on the subject of "The Albert Gallatin Award in Recognition of Service." In order for an employee to receive the award, it must be recommended by the District Commander. Examples of outstanding services should be given.

3. The Chief, Aids to Navigation Section was contacted on this subject, and he stated that he felt Mr. Smith had rendered long and faithful service such as would be expected of any employee, but that he did not think the award was merited.

4. The Commanding Officer of the CG Group, Seattle was also contacted, and he stated that he recognized that Mr. Smith had served many years and had performed his duties in a very satisfactory manner; however, he did not think that it could be called "outstanding" service. He further stated that in his estimation an employee should have made suggestions for the improvement of the service, or had other instances of outstanding service to be entitled to the award. He was of the opinion that if an award were presented to Mr.Smith it would establish a precedent for other Keepers who retire in the future, and that every Keeper would feel he was entitled to the award based on long and faithful service.

5. It is requested that this matter be brought to the attention of the Chief of Staff and the District Commander, if you see fit. In order that the award, if granted, might be presented before Mr. Smith retires, it would be necessary that the recommendation be mailed to HQ not later than 27 July.

George J. Smith,
c/o United States Coast Guard,
13th Coast Guard District,
Seattle 4, Washington

Sir:

Your claim for additional overtime compensation for services rendered as an employee of the United States Lighthouse Service and United States Coast Guard, during the period March 28, 1934, to May 14, 1948, has been carefully examined and it is found that no part thereof may be allowed for the reasons hereinafter stated.

There was no law authorizing the payment of additional or overtime compensation to lighthouse keepers paid per annum salaries prior to the act of December 22, 1942, 56 Stat. 1068. The provisions of Section 23 of the act of March 28, 1934, 48 Stat. 522, cited in partial support of claim, have no application to such per annum employees (13 Comp. Gen. 265 and 15 Comp. Gen. 937). ***

Under the act of December 22, 1942, supra, effective December 1, 1942, additional compensation of 10 per cent was authorized for employees haveing intermittent or irregular hours of duty (Section 7, Executive Order 9289, dated December 26, 1942). By Section 3(a) of the act of May 7, 1943, 57 Stat. 75, such employees were authorized to be paid 15 per cent additional compensation. The two said acts have been construed to authorize additional or overtime compensation only for the time spent in the actual performance of duty as distinguished from "stand-by" or "on-call" time during which employees hold themselves in readiness for the performance of duty should occasion arise (Conn et. al v. United States, 107 C. Cls. 422). Where such hours of actual work are intermittent or irregular, the statutes provided for the payment of additional compensation referred to in lieu of overtime.

Under the Federal Employees Pay Act of 1945, 59 Stat. 295, and subsequent legislation--which omitted the provision for additional compensation to employees having irregular or intermittent hours of duty--the administrative workweek for lighthouse

keepers was established at 44 hours based upon administrative finding that that number of hours closely approximated the hours of actual work performed by such employees each week and overtime compensation was authorized accordingly.

The record discloses that you were paid the 10 per cent and 15 per cent additional compensation provided by the acts of December 22, 1942, and May 7, 1943, supra, and the overtime compensation authorized by later legislation, thus having been fully paid in accordance with existing law during the period of your claim.

I therefore certify that no balance is found due you from the United States.

Respectfully,

LINDSAY C. WARREN

Subj: George J. Smith, Keeper; claim for overtime compensation

1. Reference is made to HQ letter of 15 September 1948, CG-75 (PC). From 1 December 1942 to 30 April 1943 Mr. Smith was paid 10% additional compensation in lieu of payment for overtime. From 1 April 1943 to 30 June 1945, 15% additional compensation was paid in lieu of overtime. The rate of pay was $1920 per annum plus $240 per annum for quarters making 15% the maximum allowed. From 1 July 1945 to the present time Mr. Smith has been paid basic compensation for 80 hours per pay period plus 4 hours at overtime rate for each Saturday, providing he actually worked 44 hours during the work-week and was not in a leave status.

2. The attached information was compiled from the pay cards and time and attendance reports on file in this office. Time and attendance records on Forms 1130 and 1135 date from 30 June 1946 and indicate the hours on duty each pay period. There is no detailed record of the actual hours worked from 1 July 1945 through 29 June 1946. The annual rates of pay including $240 per annum for quarters were $2160 through July 30 1945; $2298 through 30 June 1946 and $2619 from 1 July 1946.

3. The general personnel shortage has created the situation explained in the claim submitted by Mr. Smith.

Subj: George J. Smith, Keeper; claim for overtime compensation

1. There is transmitted herewith for your consideration and report a copy of a letter from the General Accounting Office, dated 9 July, 1948, together with the subject claim.

2. Since there was no provision for the payment of overtime or additional compensation to keepers or vessel employees prior to 1 December, 1942, the effective date of Public Law 821, 77th Congress, approved December 22, 1942, that portion of the claim dating from 28 March 1934 to 30 November 1942 can be disposed of with a statement to that effect.

3. From 1 December 1942 through 30 April 1943, keepers light attendants, and vessel employees were entitled to 10% additional compensation in lieu of payment for overtime under Public Law 821 above referred to. See in this connection the Navy Department's regulations dated 26 December 1942 forwarded by Headquarters Circular letter of 5 January 1943 (CP-75). From 1 May 1943 to 30 June 1945, keepers, light attendants, and vessel employees received additional compensation under the provisions of Public Law 49, 78th Congress, approved 7 May 1943. See Headquarters Circular Letter dated 13 May 1943 particularly paragraph 3 thereof, a part of which is quoted below.

> "3. Intermittent and irregular employees:
> (a) With basic salary rates of less than $2000 per annum shall be paid additional compensation at the rate of $300 per annum or at the rate of 25% of earned compensation during each pay period, whichever is the lower.
> (b) With basic salary rates of $2000 per annum and over shall be paid additional compensation at the rate of 15% of the earned basic compensation which is earned at a rate not in excess of $2900 per annum."

If Mr. Smith received the additional compensation provided under the laws and regulations above referred to during the period 1 December, 1942 to 30 June 1945, a statement to that effect will apparently be sufficient to answer that part of his claim.

4. Beginning 1 July 1945, keepers were compensated under the provisions of Public Law 106, 79th Congress, approved 30 June 1945. Under that law and regulations issued by the Civil Service Commission, employees who worked more than 40 hours a week were required to be paid on an overtime, rather than on an additional compensation, basis.

5. Headquarters Civilian Personnel Circular No. 15-45 contained instructions relative to the hours of duty and overtime for the different groups of employees.

RECEIVED
21 SEP 1948
C13CGD

13th CG District
15 September 1948

Keepers, light attendants, and vessel employees were, with the approval of the Navy Department, placed on an administrative 44-hour work week. This contemplated the payment of 4 hours at the overtime rate, provided employees worked the additional four hours above the basic 40 hour week. In other words, keepers were not to be paid at the overtime rate during periods of absence on annual or sick leave when overtime duty was not performed.

6. If your office finds that Mr. Smith was required to perform duty for hours in addition to the administrative 44-hour work week established for keepers, an explanation of the authority and necessity for requiring the additional hours of duty should be submitted; and separately, the dates and number of hours, by pay periods, of regular pay, overtime paid pursuant to Civilian Personnel Circular No. 15-45 (4 hours per week if worked), and the hours and amount of additional overtime beyond that provided for in the circular above referred to should be tabulated, in order that Headquarters may have a full and accurate statement of the amount already paid Mr. Smith and the amount due, if any, on the basis of hours shown to be on duty under proper authority.

Refs: (a) 5 USC 673 (c)
(b) 24 Op. Comp. Gen., 1945, 867 (B-49448)
(c) Article 452, Regulations for the USLHS, 1927

Dear Sir:

Pursuant to references (a) and (b), the undersigned employee desires to and does hereby claim credit for overtime compensation for periods worked in excess of the forty-hour week as provided for in the act of 28 March, 1934, on the basis of that which is contained below.

The undersigned was employed in the U.S. Lighthouse Service (now U. S. Coast Guard) from 1 November, 1925 to the present. On 28 November, 1933, he was assigned to duty on board the USLHS Lightship No. 113 (Swiftsure Bank), as first officer. The station for Swiftsure Bank Lightship No. 113 is 13 3/4 miles west of Cape Flattery, Washington, and was classified, therefore, as a Class I Lightship station for the purpose of leave and liberty as outlined in reference (c). This lightship had but two officers assigned, between the period 28 November, 1933 and 1 April, 1941, the undersigned as first officer and Mr. Eric H. Lindeman as master. The around-the-clock watch system on board this vessel as directed by LHS and CG Regulations required that either Mr. Lindeman or the undersigned be on watch at all times. As a result the undersigned, except during periods of shore leave, was on watch for twelve hours per day, seven days per week, or a work week of 84 hours for all but 120 days per year. On 1 April, 1941, the undersigned was transferred from Lightship 113 to a similar post on board Umatilla Reef Lightship No. 88, with station 13 miles south of Cape Flattery, Washington, Mr. L.A. Larsen, master, and at which station he served until 25 August, 1942. Consequently, the undersigned believes that he is entitled to overtime compensation for the above period from the enactment of reference (a) to 25 August, 1942, as follows:

Date	Days	Overtime (In Excess 8 hurs)	Base Pay

24 May 1948

On 26 August, 1942, the undersigned was assigned to Alki Point Light Station as keeper. At this station between 26 August, 1942 and 22 April, 1945, there were but the undersigned and one other man assigned. Regulations for the government of LH's directed a continual watch which necessitated the standing of watches at this station 12 hours per day, 7 days per week, or an 84 hour work week. As a result the undersigned worked at least 12 hours per day. On 22 April, 1945, a third man was assigned to the station which allowed the station personnel to work a three watch system or 8 hours per day, 7 days per week or a work week of 56 hours per week. This status continued until 13 September, 1946, when the third man assigned to Alki Point Lighthouse Station was transferred and the station watches reverted to the two man system of 12 hours per day, 7 days per week or a work week of 84 hours, except during periods of annual leave. Accordingly, I believe that I am entitled to overtime compensation for service at Alki Point Light Station as follows: (These figures takes into consideration 30 days annual leave.)

Date	Days	Overtime (In Excess 8 hrs.)
8-26-42 - 1-1-43	127	@4 hrs - 508
1-1-43 - 1-1-44	335	@4 hrs - 1340
1-1-44 - 1-1-45	335	@4 hrs - 1340
1-1-45 - 4-22-45	111	@4 hrs - 444
		(In Excess 16 hrs per wk)
4-22-45 - 1-1-46	224	32 weeks x 16 hrs - 512
1-1-46 -9-13-46	226	32 weeks x 16 hrs - 512
		(In Excess 8 hrs)
9-14-46 - 1-1-47	109	@4 hrs - 436
1-1-47 - 1-1-48	335	@4 hrs - 1340
1-1-48 - 5-24-48	145	@4 hrs - 580
		Total Overtime hours - 7,012

During the period 31 July, 1946 to the present (24 May, 1948) I have received overtime compensation at the rate of 4 hrs per week as established by the policy of the Commandant, U. S. Coast Guard in a Civilian Personnel Circular (#15-45) dated 14 July, 1945, paragraph (3) of which is quoted for the convenience of your office:

"3. While the Navy Department considers hat under the new legislation it is necessary for the basic work week for Keepers, Light Attendants, and Vessel employees to be 40 hours a week, Monday to Friday inclusive, as stated in its message above referred to, the Department has subsequently approved an administrative workweek of an average of 44 hours per week for these groups of employees. The matter of establishing a tour of duty for these groups must be considered as a somewhat arbitrary action in that for practical operations it will not change the actual working situations long in effect. However, because such employees have long been considered to be on a 44 hour week for sick and annual leave purposes and because it has been estimated that they perform work for the Government on an average of 44 hours a week, the effect of the present action will be to recognize 4 hours of the administrative workweek as overtime for such employees and to compensate them at the overtime rate for those 4 hours.

George J. Smith
CG-75

24 May, 1948

In this connection it appears that an administrative estimate has been made to the effect that the average keeper works for the Government at the rate of 44 hours per week. This certainly cannot be construed to mean that all keepers work at such a rate. In particular this cannot apply to the station which maintains fog s gnals and/or radio beacons which require around the clock watches and which is readily apparent from the foregoing analysis of my duties."

In summarizing the foregoing, I hereby claim overtime credit as follows:

3-28-34 - 8-25-42	8120 hours overtime
8-26-42 - 4-21-45	3552 hours overtime
4-22-45 - 9-13-46	768 hours overtime
9-14-46 - 5-14-48	2308 hours overtime
	14748 hours overtime credit

I respectfully request, therefore, the consideration of the Comptroller General, in determining my overtime credits and the settlement of this claim.

Very truly yours,

Signed
George J. Smith

Misc-2322968-ERP

Treasury Department,
United States Coast Guard,
Washington 25, D. C.

Sirs:

There is transmitted herewith for administrative examination and report the claim of George J. Smith for compensation for overtime (excluding night differential) performed for the United States Lighthouse Service.

With the return of the enclosure, it is requested that if any amount is found due there be submitted a short form pay roll, properly approved, showing rate of pay and period covered.

Since the claim was received in this office on May 26, 1948, and in view of the provisions of the act of October 9, 1940, 54 Stat. 1061, it is to be noted that recovery would be barred of any overtime compensation that may be found due prior to May 27, 1938. The appropriation applicable to each year should be separately set forth.

Respectfully,

P. E. Sours,
Chief of Section.

By: ~~W. B. Mason~~

DECISIONS OF THE COMPTROLLER GENERAL OF THE U. S.

Volume 24, Pages 863-945 June , 1945.

LINDSAY C. WARREN, COMPTROLLER GENERAL OF THE U. S.

(B-49448) OVERTIME COMPENSATION * FORTY HOUR WEEK EMPLOYEES RECEIVING NIGHT DIFFERENTIAL

Claims of employees under the forty hour week statute of March 28, 1934, for retroactive credits for a night differential in the computation of their overtime compensation should be forwarded to the General Accounting Office for direct settlement, where the particular appropriation account which would have been chargeable with the payments had they been made currently cannot be identified, or the appropriation is no longer available.

As an accounting expediency, where the claim of an employee under the forty hour week statute of March 28, 1934, for retroactive credit for a night differential in the computation of his overtime compensation extends back beyond the period for which administrative adjustment would not be authorized, either because of the lack of available appropriations or the operation of the ten-year limitation on the filing of claims prescribed by the act of October 9, 1940, the entire claim, including that portion which otherwise could be administratively adjusted, should be transmitted to the General Accounting Office for settlement.

A night differential should be included inthe computation of overtime compensation of employees subject to the forty-hour week statute of March 28, 1934, only to the extent that such differential forms a part of the basic compensation for the regular forty-hour weekly tour of duty; that is, regardless of whether the overtime work be performed in the daytime or at night, overtime compensation should be computed on the basic rate (or average basic rate in the case of employees a "split shift" including both day and night hours for which different rates are paid, 24 Comp. Gen. 550) for the regular tour of duty.

District Coast Guard Officer: C.G. - 75

Dear Sir:

Refering to ayour letter of the 13th inst, relative to service record of Geo. J. Smith, please be advised that the S/S Agron" was purchased by the National Oil Transport Co of N.Y. from the U.S. Shipping Board - E.F.C. on a bareboat charter contract, from which they reneged or withdrew and so advised me as Master, by copy of their correspondence with U.S. Ship. Board, after the initial payments, of a ten payment contract had been made. The ownership and title to the S/S Agron, as evidenced

by Shipping Register was, while Geo. D. Smith served as Chief officer, — vested in the U. S. Ship. Board - U. F. C. -

Trusting this information will set the Record straight

Very truly yours

Dear Sir:

In replying to request of this office for verification of the service record with the U. S. Shipping Board Emergency Fleet Corporation, of George J. Smith, the U. S. Maritime Commission stated that the SS AGRON from which Mr. Smith holds a discharge signed by you for services from June 8, 1920 to April 6, 1921, was sold to private interests January 26, 1920, and his services thereon were not creditable as government service.

Mr. Smith contends that the vessel was government owned during that period and his service as first mate thereon during that time should be allowed him as government service.

For use in communicating further with the Maritime Commission relative to the crediting of Mr. Smith's employment on the SS AGRON as government service, it is requested that you kindly furnish this office such information as you may have relative to the ownership of that vessel during the period stated, using the inclosed self-addressed franked envelope which requires no postage.

By direction of the District Coast Guard Officer, 13th Naval District,

Yours very truly,

1. In confirmation of verbal conversation this is to inform you that it is desired to designate men with military status as commanding officers of stations of this district. Since you are employed in a civilian status, it will be necessary to transfer you to some other position to carry out that plan.

2. There exists a vacancy in the position of Assistant Inspector of Hulls (Marine Inspector) in the Marine Inspection, Seattle, at $3200 per annum, plus the emergency war time increase in pay of $627.32, making a total of $3827.32 per annum as your gross rate of pay based on a 48-hour week. For overtime work after 5:00 PM and before 8:00 AM, one-half day's pay is authorized for each two hours, or portion thereof exceeding one hour. For work on Sundays or national holidays between the hours of 8:00 AM and 5:00 PM, two days pay is authorized irrespective of the time worked between those hours. The basis of overtime is 1/360 of $3200, or $8.88 per day. No overtime pay is allowed for work after 5:00 PM and before 8:00 AM, if the period worked is less than one hour. No information can be given you as to the amount of overtime that you might be required to perform in this connection, as it would be based on requests from operating companies and commanding officers of vessels. For estimating yearly income for income tax purposes, employees in similar capacities have estimated $40 per month.

3. Employees in the Marine Inspection are generally under the Civil Service Retirement Act which requires the deduction of 5% of basic salary which would be $3200 per annum in this case. The ruling has been made, however, that employees under the Lighthouse Retirement Act continue to be eligible for benefits thereof even though transferred to positions in the Coast Guard which generally are subject to the Civil Service Retirement Act. It appears that you might continue to be eligible for retirement under the Lighthouse Retirement Act, provided the Marine Inspection Service is considered a part of the Coast Guard same as the former Lighthouse Service. Definite information in this connection would

(PCP)

necessarily be based on ruling to be obtained from Coast Guard Headquarters, Washington, D. C.

4. In case it should be ruled that you would not be eligible for retirement under the Lighthouse Retirement Act, if employed in the Marine Inspection Service, you would be eligible for the retirement under the Civil Service Service Retirement Act. However, in order for you to receive credit for service after 30 June, 1920, it will be necessary for you to deposit 2½% of your pay from 1 July, 1920 to 30 June, 1926; 3½% from 1 July, 1926 to 23 January, 1942; 6% from 24 January, 1943. It is estimated that this would amount to approximately $1400, plus interest. Definite information as to the exact amount could be obtained only from the U. S. Civil Service Commission, Washington, D. C.

5. Under the Civil Service Retirement Act you would be eligible for retirement at 62 after 15 years on an annuity based on 1/40 of your average pay of the last 5 years up to $1600 per annum for each year of service up to 30 years, which would be approximately $1200 per annum for 30 years service.

6. At the present time you have completed 26 years, 5 months, 12 days of Government service according to the records of this office.

SEATTLE, WASHINGTON

ADDRESS REPLY TO
DISTRICT COAST GUARD OFFICER
AND REFER TO FILE 75

5 August, 1943.

To: G. J. Smith, CO; Keeper, Light Station, ALKI POINT.

Subj: Enrollment as temporary member of the Coast Guard Reserve.

1. Certain civilian employees of the U. S. Coast Guard will be given the opportunity of enrolling as temporary members of the Coast Guard Reserve, thereby placing them in a military status, in order to confer upon them necessary military authority and responsibility. The status of Civil Service employees of the Coast Guard electing to enroll as members of the Temporary Reserve will in no way be disturbed and they will continue to receive their Civil Service pay.

2. Whatever status you now have relative to retirement is retained, and under the Lighthouse Service Retirement Act of 20 June, 1918, (U.S.C. Title 33, Sec. 763), it has been held that military or naval service is creditable toward retirement. Attention is invited to the provisions of Sec. 212 of the Coast Guard Auxiliary and Reserve Act of 1941, pertinent to injury or sickness occurring while a member of the Coast Guard Temporary Reserve.

> "Sec. 212. When any temporary member of the Reserve is physically injured in the line of duty while performing active Coast Guard service, or dies as a result of such physical injury, such member or such member's beneficiary shall be entitled to all the benefits prescribed by law for civil employees of the United States, and the United States Employees Compensation Commission shall have jurisdiction in such case and shall perform the same duties, with reference thereto, as in the case of civil employees of the United States. Temporary members of the Reserve, who contract sickness or disease while performing active duty, shall be entitled to the same hospital treatment as is afforded members of the regular Coast Guard".

3. With respect to leave, all formal leave would continue on the basis of your civil service status. Should you elect to enroll as a member of the Temporary Reserve, your enrollment would be effected in the rating of B. M. 1c. , entitling you to $136.66 clothing allowance. Your acceptance should be indicated by completing the attached letter and forwarding it to the District Coast Guard Officer, Seattle, 13th Naval District. It is necessary that your reply be expedited in order to complete your enrollment with the least possible delay.

(b) Headquarters' letter dated 26 May 1942 (CP-75).
(c) Headquarters' circular letter dated 13 June 1940 (PB-75).

1. Your office brought up the question in reference (a) as to the eligibility of the subject employees for an administrative increase in compensation.

2. The record shows that all three of these employees were transferred to positions of keeper at rates of pay above the maximum of the salary range for the position in pursuance of the policy established in reference (c) from which the following is quoted -

> (b) "If a transfer cannot be effected as outlined under (a) and the person to be transferred is disqualified for induction through no fault of his, he shall receive the pay of the position to which transferred if it be higher than that he is receiving at time of transfer; if the pay of the position be lower, he shall be transferred at the rate of pay he was receiving in the former position."

3. Since these employees are now paid at rates above the maximum of the grade, they are not eligible to receive within-grade administrative increases given keepers on the basis of 18 months' of service, efficiency, and satisfactory conduct.

Reference: (a) Your letter of 29 April, 1942 (75).
(b) Headquarters circular letter dated 13 June, 1940 (PB-75).

1. Reference (a) inquires as to the rate of pay Mr. Smith would receive if transferred to Alki Point Light Station vice Charles N. Elliot, who is to retire at the close of 31 October, 1942.

2. Reference (b) established the policy for the transfer of the civilian employees of the former Lighthouse Service whose positions placed them under the jurisdiction of the Lighthouse Service Retirement Law of June 20, 1918, as amended. Paragraph 2(b) of that circular letter is as follows:

> (b) "If a transfer cannot be effected as outlined under (a), and the person to be transferred is disqualified for induction through no fault of his, he shall receive the pay of the position to which transferred if it be higher than that he is receiving at time of transfer; if the pay of the position be lower, he shall be transferred at the rate of pay he was receiving in the former position."

The record shows that Mr. Smith was not eligible for induction into the military branch of the Coast Guard, since he had insufficient service to meet the requirements as to age. The cash salary range of the position of keeper at Alki Point is $1380-1740 and family quarters valued at $240 per annum are attached to the position. Only a few transfers where the present pay of the individual was above that provided in the compensation schedule have been made and in those cases the family quarters were deducted from the present cash pay of the employee, so that his gross pay was not reduced; and those cases were effected while the Coast Guard was operated under the Treasury Department. However, if it is still desired to transfer George J. Smith vice Elliot upon the latter's retirement you may submit nomination together with Form 375 in duplicate

and Headquarters will endeavor to have his transfer approved without change in his present pay of $2160 per annum, that is at a cash pay of $1920 plus quarters valued at $240 per annum.

1. Charles N. Elliot, Keeper, Alki Point Light Station, will be automatically retired for age at the close of 31 October, 1942. It is proposed to fill the resulting vacancy by transfer of George J. Smith, 1st Officer, UMATILLA REEF, recommendation for which will be submitted at the proper time.

2. Reference (a) authorizes transfer to shore stations of certain civilian personnel from lightships "without change in pay or status." Mr. Smith's present pay is $2160 per annum, in addition to which he receives 66¢ per diem subsistence on the lightship. In the event he is transferred to the light station, quarters would be furnished at the rate of $240 per annum. Name: George J. Smith
(Given name in full, initial or initials, if any, and last name. Print or type.)

Section 9A of Public 252 - 76th Congress, approved August 2, 1939, otherwise known as the "Hatch Act", provides:

" (1) It shall be unlawful for any person employed in any capacity by any agency of the Federal Government, whose compensation, or any part thereof, is paid from funds authorized or appropriated by any Act of Congress, to have membership in any political party or organization which advocates the overthrow of our constitutional form of government in the United States.

" (2) Any person violating the provisions of this section shall be immediately removed from the position or office held by him, and thereafter no part of the funds appropriated by any Act of Congress for such position or office shall be used to pay the compensation of such person."

It is provided in various appropriation acts that no part of the funds so appropriated shall be used to pay the salary or wages of any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence, and that an affidavit shall be considered prima facie evidence that the person making the affidavit does not advocate, and is not a member of an organization that advocates, the overthrow of the Government of the United States by force or violence. Such acts provide further that any person who advocates, or who is a member of an organization that advocates, the overthrow of the Government of the United States by force or violence and accepts employment, the salary or wages for which are paid from any such appropriation, shall be guilty of a felony and, upon conviction, shall be fined not more than $1,000 or imprisoned for not more than one year, or both, and that the above penalty shall be in addition to, and not in substitution for, any other provisions of existing law.

Subject: Longevity pay.

1. It is understood that longevity pay allowance has again been restored to a certain extent, to employees of the former Lighthouse Service.

2. In my case, I received a five dollar increase on 16 June, 1938, although I had been 5 years in grade and 13 years in the service at that time, and at the present time close to 8 years in grade and 16 years in this district.

3. I realize that funds have not always been provided in sufficient amounts to pay all employees who had earned the longevity allowance, but I would greatly appreciate, if my case would be considered.

4. I would like to thank Captain Hunter for the good recommendation to Headquarters and the interest he has taken in my case, for the position as Master of Lightships or raise in pay grade.

From: Commander, Seattle District.

Subject: First Officer George J. Smith; promotion from First Officer to Master; request for.

1. Forwarded. Attention is invited to circumstances over which Mr. Smith had no control. By reason of the policy of not inducting lighthouse personnel into the military service who could not complete 30 years service at the age of 64 he was not eligible for induction, and by militarizing personnel of lightships he is barred from the promotion he requests. It is considered that Mr. Smith's qualifications entitle him to the promotion which he would have received under ordinary circumstances, and it is the opinion of the District Commander that he should not be penalized by the trend of events which unfortunately were not in his favor.

2. It is recommended that Mr. Smith be considered for promotion to master and assignment to a lightship carrying civilian personnel or, if this is not feasible, that he be advanced to the next higher pay grade.

Subject: Promotion from First Officer to Master; request for.

1. It is requested that I be considered for promotion from First Officer to Master and assigned to command SWIFTSURE BANK Lightship upon the retirement of Boatswain E. H. Lindman on or about 1 October, 1941.

2. I have served as First Officer on SWIFTSURE BANK Lightship since 28 November, 1933, approximately one-third of which service has been as commanding officer.

3. I hold Masters unlimited license (fourth issue) for steam and motor vessels. I have sailed as First Officer on the Oriental and Australian runs, also as Second and Third Officer on vessels of the Alaska Steamship Company's Alaskan run previous to my reentry into the former lighthouse service on 1 November, 1925, and believe that I am fully qualified for the promotion I seek.

To: George J. Smith, Mate
Swiftsure Bank Lightship No. 113
(Through the Master)

Subject: Status as to increase in pay.

Reference: Letters 24 July and 18 September, 1939.

1. Your inquiry why you are not receiving $5.00 additional as longevity pay is probably prompted by the former Lighthouse Service Regulations which provided as you have stated $10.00 per month longevity for officers with over 10 years' continuous service in the Lighthouse Service or 5 years' continuous service in grade. This regulation, however, has not been in effect since the Economy Acts of about 1932, and is still not in effect.

2. It is noted that you were given $5.00 per month additional pay in the nature of longevity as of 16 June, 1938. At that time there was not sufficient funds in the appropriation to have allowed all vessel employees the full longevity on the basis of the former longevity regulations no longer in effect.

3. The basis used by the then Bureau of Lighthouses was where an officer who would have earned $10.00 per month longevity if the old system of longevity were in effect and was not receiving any longevity previously allowed, a $5.00 per month increase in pay was authorized. This is how you and other officers of vessels received $5.00 per month additional in June, 1938.

4. If the officer was already receiving $5.00 per month previously allowed as longevity, he received no increase even though he may have been eligible for the full $10.00 per month longevity if the longevity regulations were in effect. This same basis was used in June, 1939, and is the reason why you were not granted a $5.00 per month increase at that time.

No reply has been received to my letter dated July 24, 1939 regarding longevity pay.

I entered the Service in November 1, 1925 and served in the capacity as Mate since November 28, 1933 and received only one $5.00 raise June 15, 1938.

It is understood if a person has 10 years continuous service and 5 years in grade he should be entitled to a $10.00 raise. On November 1st of this year, I will have 14 years service and six years in grade as Mate.

Please advise whether I am entitled to an additional $5.00 raise

INFORMATION FOR NOMINATING OR APPOINTING OFFICERS

Section 3 of the act approved April 27, 1938, making appropriations for the Department of Commerce, etc., provides that - -

"No part of any appropriation contained in this Act or authorized hereby to be expended shall be used to pay the compensation of any officer or employee of the Government of the United States, . . . whose post of duty is in continental United States unless such officer or employee is a citizen of the United States or a person in the service of the United States on the date of the approval of this Act who being eligible for citizenship has filed a declaration of intention to become a citizen or who owes allegiance to the United States: . . . ."

In effect, the above quoted provision prohibits the appointment within continental United States of persons who are not citizens of the United States, excepting those who on April 27, 1938, were in the service of the United States and (a) who on or before that date had filed a declaration of intention to become a citizen, which has not become invalid; or (b) owe allegiance to the United States (Filipinos).

Nominating or appointing officers should carefully ascertain from all applicants (except those certified from registers maintained by the Civil Service Commission) for positions in continental United States, whether they are citizens of the United States or, if noncitizens, they fall within either exception (a) or (b). Statements by applicants that they were in the service of the United States on April 27, 1938, must be verified. Doubtful cases should be referred with a full statement of facts, through official channels, to the Department.

NOTE: THE MAKING OR POSSESSION OF A COPY OF NATURALIZATION CERTIFICATE IS A FELONY PUNISHABLE BY FINE OF $10,000 OR IMPRISONMENT FOR 10 YEARS, OR BOTH. (18 USC 137)

1. As per recent correspondence you have been recommended for transfer to the position of Mate of Lightship #113 at $2100. per annum. You will probably be required to report for duty on November 28th, which is the date of the next trip to the lightships for transportation for supplies and personnel. You will be later advised as to whether you will be required to report on that date.

2. In order that arrangements might be made for the transportation of your household effects, it is requested that you advise where you expect to make your home, and with the weight as well as a list of your household effects to be transferred.

3. For your information you are advised that Lightship #92 usually makes the trips to the lightships from Port Angeles, which is her base port. In case the trip should be made from Seattle a stop is always made at Port Angeles for mail.

1. Having reference to your letter of January 16,1932, replying to letter from this office of January 14, relative to the purchase of range boiler for the Keeper's quarters, you are advised that no authority was granted by this office for the purchase of a range boiler, nor was a range boiler mentioned in the telephone conversation between the Assistant Keeper and the Chief Clerk. The Assistant Keeper reported the broken bushing and requested authority to purchase new fittings to replace it so as to complete connection with the new kitchen range. No reason is apparent why the breakage of this bushing should require new tank, nor is it understood why the Assistant Keeper was making this installation in the Keeper's quarters, which was the Keeper's duty and responsibility.

2. This office will not assume the expense of the new range boiler, and unless you can arrange for its return to the dealer and reinstall the old boiler, it will be necessary for you to make payment for the new boiler as requested in letter of January 14. Give this your prompt attention.

Sir:

I respectfully request a transfer as keeper to Point Wilson in case of a vacancy at that Station, or any other up Sound Station, with the exception of Point No Point and Alki Point.

The climate here does not agree with my health as well as my families.

I have suffered with sciatica rheumatism for three months, had my toncils removed, but it does not seem to help any, and previous to this I have never been sick a day in my life, the only way out would be to leave here.

I am not asking for a trasfer only to be moving from place to place at government expense but I am forced to leave on account of sickness.

Very respectfully,

Geo. J. Smith
Keeper.

11—2314

Form 73 of December 1[illegible] 1925, recommending transfer George J. Smith to Keeper, Smith Island Light Station.

REMARKS: This recommendation is made pursuant to Regs. 1915, Art. 474, (Transfers to Light Stations and depots), and is for the good of the Service. Smith is a probationary appointee, having entered on duty as 2d Officer on the tender HEATHER on November 1, 1925. His services on the tender have been satisfactory. He recently informed the Superintendent that he desired transfer to a light station in order that he might be with his family.

There is no keeper or assistant keeper in this district who has signified a desire for transfer to Smith Island Light Station. During the past week the position has been offered to three assistant keepers, all of whom have declined the transfer.

Inclosed is telegram of December 11, 1925, from Mr. Hagen.

Smith has had the following previous service in the Lighthouse Service:

Probationary 3d Asst. Keeper, Scotch Cap Light Station, Alaska, at $660 per annum, entered on duty May 26, 1916,
Promoted to 2d Assistant Keeper, Scotch Cap Light Station, Alaska, at $720 per annum, entered on duty July 19, 1916,
Last day as above January 11, 1918.

The approval of this recommendation will not be in violation of section 2 of Civil Service rule I relative to political or religious opinions or affiliations.

Quarters for his family are furnished by the Government.

Attention is invited to the Superintendent's letter of November 30, 1925, addressed to the U. S. Employees' Compensation Commission, copy of which was furnished the Bureau, forwarding letters of guardianship to Mrs. Meagher, wife of Bernard B. Meagher, to receive compensation on his behalf due to his injury in the performance of duty. No information has yet been received from the Commission as to final action it has taken in regard to awarding to Bernard B. Meagher compensation for an indefinite period, but it is expected that the allowance has been or will soon be made, and it is desired to transfer a permanent keeper to the light station in the place of Bernard B. Meagher. In view of the decision of the Assistant Comptroller of the Treasury of March 30, 1920, (Civil Service Act and Rules amended September 1, 1924, page 63, column 2), it appears that Bernard B. Meagher may be considered during the period that he receives compensation from the Commission as still holding the position of Keeper at this light station. He has been on leave without pay since his injury last spring. In view of these facts the position to which Smith is recommended for appointment is designated as a temporary additional keeper in case this procedure is necessary in view of the decision by the Assistant Comptroller of the U. S. Treasury refered to. If it is not necessary in this case to authorize a temporary additional position an ordinary appointment as Keeper vice Bernard B. Meagher is recommended; if a temporary additional position is authorized it is not known for what period of time it may be required.

Telegraphic action is desired.

Mrs Meagher has been employed as a substitute in charge of the station since her husband entered on leave without pay

Mr. George J. Smith, 2d Officer, Tender HEATHER, Seattle, Wash.
(Through the Master).

1. Referring to record of your previous Government Service:

2. This office is advised by the Superintendent of Lighthouses, 16th District, that you furloughed on January 11, 1918, without pay. Please advise the wording of the letter to you from the 16th Superintendent discontinuing your services at the close of January 11, 1918. The word "furlough" is not understood by this office and in order to have a complete record of your services this information is necessary.

(Through the Master)

1. Referring to my previous Lighthouse Service record, I wish to state that I have no letter or record from the Superintendent, 16th District, regarding my furlough. I entered the service May 25th, 1916 and went on leave Sept. 5th, 1917 and whatever time they allowed me for that service I do not know, for all my records are in Ketchikan, However, I received my last check while on leave for $100.30 through the Portland office in March, 1918, exact date not known. This is all the information I can give you regrading my previous service in the Lighthouse Service.

Respectfully,

Geo. J. Smith

The aim of the Executive order of June 18, 1923, and of this examination thereunder is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

NOTES FOR EXAMINING PHYSICIAN.

WEIGHT: Males, without clothing; females, clothed but without wrap or hat.

HEIGHT: Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations, as to—

(1) EYES: Ptosis; discharge; corneal scars; pterygium. In recording vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses.

(2) EARS: Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

(3) NOSE: Ability to blow through each nostril. If free, a speculum examination would not be indicated.

(4) THROAT: Tonsils; hypertrophy.

(5) MOUTH: Missing teeth; pyorrhea.

(6) THYROID: Presence of tumor in neck and tremor; exophthalmos; nervous highstrung disposition; especially in women.

(7) HEART: Murmurs. If valvular disease exists, state whether or not it is fully compensated.

(8) LUNGS: It is necessary that the auscultatory cough be used. Tuberculosis; if present state whether active or arrested, and if arrested your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

(9) INGUINAL RINGS: Hernia; no hernia but impulse on coughing; no hernia or impulse but abnormally large rings. Any other hernia should be noted, and if present describe fully and state whether it is retained by well-fitting truss.

(10 to 13) Scars, deformities, atrophies, paralyses, or flat foot of such a nature as to incapacitate or become aggravated by work or be later alleged as caused by accident or occupation. It is not intended that small, insignificant blemishes which might be referred to as marks of identification be recorded.

(14) Urinalysis to be made and blood pressure to be taken when especially indicated, particularly in persons over 40 when arteriosclerosis, nephritis, or diabetes is suspected.

Record, if taken: Urinalysis: Sp. gr. 1020 Albumen no Sugar no
