Beverly Oct. 19th 1810.

Sir,

Yours of sept. 11th was duly rec'd. and I have procured the Rocks, & had them placed around the Bier Beacon at the Barr, agreeable to your request. Likewise yesterday rec'd Yours of 12th Inst. handed me by Mr. Nichols, who delivered the Buoy, Rock, & Chain. the wind was so fresh it could not be well placed, and Mr. Nichols wished to return Immediately. therefore have put the Buoy in Store, & the Rock and Chain on a Wharf, where it can be conveniently taken away at any time, we shall choose to place it. if I find it desirable to have it placed this fall it shall be done, as soon as the Pilots &c shall point out the place, if not. let it remain untill next Spring. the Beacons are completed and put on the pins at the Barr & Ramshorn. expect to be in Boston soon and will bring the Bills. & Remain Your Humble Servant

Abm Wilkins
