Maj. Gen. H. Dearborn Esq.

Ellsworth, 12th June 1816

Sir,

Agreeable to the request in your letter of the 27th ult.
I have had the Island of Petit Manan surveyed &
for a particular description of it, I must refer you to the
Surveyors report & plan enclosed. From the best information, I am of opinion that the whole Island, & Islands
as appear by the plan, are not too much for the accommodation of a Light house, especially as there is no
landing on the outer Island, where the Light house must
be erected. I understand it is owned by the Commonwealth.

Enclosed I send you the several accounts of the
expence attending this Survey. I hope it will be satisfactory to you.

I am Sir
Your faithfull
& Obed.t Serv.t
Nathaniel Jordan
