Gen.l Henry. A. S. Dearborn
Collector of the customs
Boston

Carpenters Cove February 20th 1818

General Henry A. S. Dearborn

Sir

According to your request I have inspected the wall, built by Phineas Withington around the U. S. land on Cranberry Island, and after examination I pronounce it to be a strong and heavy wall

I am sir with due respect your most humble servant

Lewis Wm. Babot

P. S.

There is a post and rail fence through the pond where the wall could not be supported
