Petit Manan or Pit Manan as the Coasters call it.
lies off Goldsboro in the Dist. of Frenchmans Bay, about
2 miles from the main land, to which it is connected
by a bar. It has a fine harbor for boats, the entrance
to which is designated by 2 poles Stuck up on each
Side of the entrance — contains 20 or 30 acres of
barren land with here & there a Scattering tree — it
is a low Island — the harbor much frequented by
Small Craft. It is abt 4 Leagues east of Mount
Desert. The mouth of Union River must be very
near this place. Capt Lubin says a light
House is much wanted on this Pt.
