P. 493

Treasury Department,
OFFICE OF THE LIGHT-HOUSE BOARD,
Washington, June 2, 1884

Sir:

The Inspector of the 3d Light House District in the report of his inspection of Burlington Beacons, Lake Champlain, made 22 May '84, states that the keeper's dwelling on the Burlington Breakwater is in such bad condition that a heavy gale may cause it to fall, and he suggests that the house be disposed of in some way.

Your attention is called to this suggestion of the Inspector and you are requested to make

recommendation
