Office of Light-House Engineer,

FIRST AND SECOND DISTRICTS,

Boston, Mass., April 20, 1886.

To the Chairman:
Light-House Board
Washington, D.C.

Sir:

The Stone dwelling at Little River, Me. Light Station is old, and so damp and so much out of repair it is not sanitary and not suitable for further use as a dwelling and cannot be economically repaired; I therefore respectfully recommend that the $3500 allotted by the Board in its letter of 13th Aug. 85, and re-allotted in its letter of 30 Dec 85 for thoroughly renovating this dwelling, be applied to the erection at once on or near the site of the present Wood ho

Office of Light-House Engineer,

FIRST AND SECOND DISTRICTS,

Boston, Mass.,

, 188 .

at that Station, of a new frame dwelling with brick cistern in plan and elevation as shown in the design for "Keepers' Frame Dwelling for Stations North of the latitude of Cape Henry" copy herewith dated Office of the Light-House Board, October 1880.

Very Respectfully.

Your Obt. Servt.

W. L. Haulton

Major of Engineers.

Engr 1st & 2d L.H. Dists.
