Petit Manan Light-Station, Me. Nov. 6th, 1912.

Light-House Inspector.
Portland. Me.

Sir:

In reply to yours under date 7 Nov 2nd Inst. In regard to Mr Charles A. Radley, Assistant Keeper at Mount Desert Light-Station, Me.

I have to inform you, that Mr. Radley stopped at this station Oct 9th 1912. enroute for his station. At the time he landed, I was ashore after mail. when I returned his boat was hauled out on the slip. In conversation with him I learned that his gasoline tank had become loose, also the stuffing box. the gasoline tank was secured. and the stuffing box while here on

the slip. considering the weather unfavorable to proceed he decided to stop here over night. On the morning of Oct 10th. 1912, he started from here with his engine appearently in good condition, and the weather favorable for the trip. In my opinion his engine was working properly when he started from here.

News of Mr. Radley came to my notice a few days later that his boat had caught fire off of Schoodic.

Respectfully
Eugene W. Larrabee
Keeper.
Millbridge
Me.
