Enclosure

Mr. Roscoe House, Lighthouse Inspector,
Department of Commerce,
Room 302 Federal Bldg.,
Buffalo, N. Y.

Dear Sir:-

I am enclosing you signed proposal for the work at Bay View Park for the purpose of giving you electrical service to the two range lights as noted in yours of July 27th. You will note that the enclosed proposal is only good for thirty days and will be subject to revision by this office at that time. This proposal also is only valid if the contract herewith attached is entered into between our company and the government.

COPY

I would like to further advise that if is not our intention to do any interior construction work, but simply to attach our conductors to your service wires which must be installed according to the rules of this company which may be found on Page 14 of the Rate Schedule as filed with the Public Service Commission of this State.

Trusting that the enclosed is satisfactory, we are,

Yours very truly,

The Toledo Rys. & Lt. Co.

W. E. Richards

Supt. Electrical Dept.

Bidders please read conditions carefully and conform to instructions printed on the back of this form

SCHEDULE

| QUANTITY WANTED | UNIT OF MEASURE | DESCRIPTION OF ARTICLES OR SERVICES | NET PRICE PER UNIT | NET PRICE FOR ITEM |
|---|---|---|---|---|

**FRONT TOWER**

The tower to be connected with the 110 volt, 25 cycle current now at the yacht club building by a No. 10 wire lead encased in duplex cable of 1125 feet approximate length, properly laid and covered over at a suitable protective depth in a trench beneath the ground and the lagoon estuary.

**REAR TOWER**

The tower to be connedted with the 110 volt, 60 cycle current on Summit Street by the requisite length of No. 6 weatherproof wire supported on pole cross arms, the furnishing to include one 35 foot set and anchored pole, also the necessary arms, insulators, etc.

**GENERAL**

The contractor will obtain all necessary permits for and comply with the requirements of all local authority of city or state governing the premises; and the work will be done in conformity with the rules and regulations of the National Board of Underwriters.

The contractor in bidding agrees to guarantee the materials and conductors furnished and installed, and the performance in making this installation against all defects and inadequacy.

Payment will be made on completion of the work and a satisfactory operative test of the conductors.
