COMMITTEE ON APPROPRIATIONS

May 16, 1933.

Hon. Enoch D. Fuller
Secretary of State
Concord, New Hampshire

Dear Mr. Fuller:

In further reply to your recent letter transmitting to me a copy of the Concurrent Resolution recently adopted by the New Hampshire Legislature protesting against the lowering of the standard of the lighthouse station in Portsmouth, New Hampshire harbor, I am enclosing herewith, a copy of a letter received this morning from the Hon. G. R. Putnam, the Commissioner of Lighthouses.

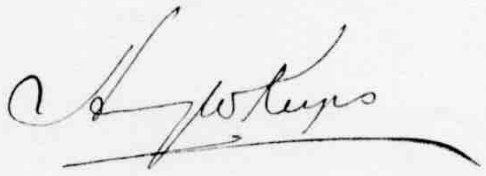

The letter of Mr. Putnam is explanatory and you will note that as yet the Department has reached no determination as to what will be done regarding this service. For your further information, I would state that I am to-day making a further protest against the curtailment of lighthouse service in Portsmouth harbor, by filing with the Commissioner of Lighthouses, a letter from Mr. James W. Pridham of New Castle, New Hampshire, in which he gives advice concerning the extent of the

MAY 18 33

shipping entering and leaving the harbor and the danger to navigation, should the fog signal be abolished.

Assuring you I will do everything possible to see that the service now maintained in the lighthouse is continued, and with kindest regards, I am,

Very Sincerely Yours,

HENRY W. KEYES
