Referring to Form 80 approved April 10, 1933, Bureau File 615, covering discontinuance of position Keeper, Manhattan Range Lighthouse, Ohio, and the employment of a Lamplighter at $300 per annum in lieu thereof, recommendation has been submitted in separate letter for the abolishment of the position of Keeper effective at the close of June 30, 1933.

Information is requested whether Department authorization of the position of Lamplighter is necessary or whether the approval of Form 80 is sufficient, also whether justification for filling position must be submitted.

Superintendent of Lighthouses.

RG:EMF Bureau of Lighthouses, Washington, D. C., May 31, 1933.

Returned to Superintendent of Lighthouses, Buffalo, N. Y., with advice that it is understood that the proposed position of lamplighter in lieu of the position of keeper is not a seasonal position. In that case Presidential authority for filling it will be necessary, and it is therefore requested that justification form be submitted in the usual manner. It is also requested that the economy involved in connection with the authorization of this position be brought out in the form.
