Mr. George L. Alley
Sprucehead, Maine

Dear Mr. Alley:

The Hon. Margaret Chase Smith has forwarded to this office a copy of an Application for Refund of Retirement Deductions which bears your signature.

The record shows that you were employed as keeper in the former Lighthouse Service and in the Coast Guard from 16 February, 1926, to 15 May, 1945, at which time you resigned. The record also shows that you were compensated for 99 days and 4 hours of annual leave at the time of your separation.

The position of keeper occupied by you in the former Lighthouse Service gave you a retirement status, so long as you continued in that position, under the Lighthouse Service Retirement Law of June 20, 1918, as amended; that law did not require a deduction from your salary for retirement purposes. Consequently, there is no refund of retirement deductions due you.

It appears that you may have been confused in this matter due to the fact that employees who occupy positions subject to the Civil Service Retirement Law do have a deduction of 5 per cent made from their salary for retirement purposes.

By direction of the Commandant:

Very truly yours,

CARL E. HERRICK

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1945 based on performance during period from 1 April, 1944 to 31 March, 1945.

ALLEY, George L. (Name of employee)

2nd Asst. Keeper, Whitehead Lt. Station (Title of position, service, and grade)

NAVY, CG, 1st Naval District-Group, Rockland, Maine
(Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: E

(Signature)
D.C.DAVIS, LIEUT., USCGR
Sr. Member, Dist. Eff. Rating Comm.
(Title)

15 May, 1945
(Date of notification)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 March, 1944 based on performance during period from 1 April, 1943 to 31 March, 1944

ALLEY, George L. (Name of employee) — 2nd Asst. Keeper (Title of position, service, and grade)

U. S. Coast Guard, 1ND — CG Station, Spruce Head, Me. — Whitehead Lt. Sta. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: Very Good

24 June, 1944 (Date of notification)

(Signature)
L. B. McGEE, Chairman
District Efficiency Rating Committee (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means—

(*a*) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(*b*) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(*c*) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

If a number appears after the adjective efficiency rating, it represents a further refinement of the adjective rating, as follows: Excellent 1; Very Good 2 or 3; Good 4, 5, or 6; Fair 7 or 8; Unsatisfactory 9.

Mr. C. S. Roberts, Attorney at Law
Rockland
Maine

Dear Sir:

With further reference to your letter of October 25, 1939, regarding complaint by Vincent Alley of Rockland against Mr. George L. Alley, 2d Asst. Keeper, Whitehead Light Station, Maine, in reference to his fishing for lobsters, etc., I am advised by the Keeper of Whitehead Light Station that Mr. Vincent Alley's complaint is based on the allegation that he lost some lobster traps and suspected Mr. George L. Alley of cutting them adrift or of otherwise disposing of them which the latter absolutely denies. Mr. George L. Alley also denies having fished for lobsters to sell, and this statement appears to be substantiated by the Keeper in his report.

In view of these conditions, it does not appear that Mr. George L. Alley has been guilty of any infractions of regulations, and as to the implied infraction of law, this office is not in a position to take any action on the basis of conflicting statements.

I regret, therefore, to advise you that in the absence of further conclusive proof that Mr. George L. Alley has been guilty of violating the law, this office will be unable to assist you.

Respectfully,

Your application for seven days' annual leave from October 3 to 9 is returned disapproved. This leave cannot be granted because, due to your long illness from May 11 to June 30, you have been charged with 11-1/2 days sick leave (all that can be allowed up to the close of Sept.), and 30 days annual leave (all that you can be allowed up to the close of December 31st). That absence involved 2-1/2 days' excess annual leave, for which a deduction from your pay will be made on October payroll.

Any further absence between now and December 31, 1936, will have to be without pay.

You will, however, accrue 3-1/2 days' sick leave between now and December 31st.
