Dear Sir:

Reference is made to your letter, dated November 20, 1947 (PHSBA), in which you requested further information concerning Mr. Ole N. A. Anderson, Claim No. XC 6 246 531.

You were advised by letter from this office, dated October 29, 1947, that Mr. Anderson served in a civilian capacity in the former Lighthouse Service, Department of Commerce from October 1, 1892 to the close of March 30, 1928, when he was retired. The Navesink Light Station at which he was serving during the period of World War I was transferred to the jurisdiction of the Navy Department from April 11, 1917 to the close of June 30, 1919, when it was restored to the Lighthouse Service, Department of Commerce.

A decision of the Judge Advocate General of the Navy Dated August 20, 1924, held that personnel transferred by the Executive Order referred to were entitled to adjusted compensation. The personnel in question were also awarded the Victory Medal and have been granted the benefits of the War Risk Insurance Act, in recognition of their status as veterans.

The personnel on the Lighthouse vessels so transferred during World War I continued in their civil status as employees of the Lighthouse Service; therefore, enlistment, commission, and discharge papers were not issued by the Navy or War Departments to individuals to cover their status with respect to that service, and in the absence thereof the Commissioner of Lighthouses issued to persons properly eligible therefor a certificate in evidence of their status in the matter.

Medical examination was not required at the time of his employment, and since his retirement was not on account of disability, no examination was required or made at that time, or at any other time during his employment.

LIGHT-HOUSE INSPECTOR 3E DIST. SEP 2 1913 RECEIVED TOMPKINSVILLE, N.Y.

Sept 1, 1913.

The Light house Inspector,
Tomkinsville, N.Y.

Sir:

Pursuant orders I proceeded from New York to Stamford Conn. on August 30, 1913 for the purpose of investigating the report of Captain John Boyle by letter to this office re: The red light in the ship channel of Stamford Harbor being out on the night of Aug. 22., and have the honor to submit the following report:

In speaking to Captain Boyle, who is harbor pilot of Stamford, I was informed that the harbor lights are out quite frequently. Captain Boyle's house is so situated that he can see the lights from his porch and windows. From here he noticed that the red light in the ship channel was blown out by the wind on Aug. 22, and again during a thunderstorm on August 29. He also noticed that Stamford Harbor Light was out on Aug 25 and Aug 26.

The keeper of the harbor lights, Frank Bunk, informed me that he filled the lamps and lit up in the afternoon, and made a final inspection of the lights at about

eight o'clock. On the evening of August 22
and August 29, the lights were burning
with full intensity at eight o'clock, and
if the lights failed out during the night,
he did not know about it.

The upper and lower lights in the
ship channel had not been reported. I
was informed that the letter had been
delivered to Stamford Harbor Light Station,
delaying the delivery of the letter to Frank
Bush until August 27. The keeper will
paint these lights Aug. 31.

I called on Mr Palmer, Harbor
master of Stamford for information concerning
the lights. He had only seen new harbor reports
about Stamford Harbor Lt. Sta.

At Shippan Yacht Club I was informed
that Stamford Harbor Light was out on Aug.
21 and Aug. 26, and that Mr Bayne
had been there on Aug 27.

The members of the Ponus Yacht Club
informed me that the maintenance of the
harbor lights were satisfactory.

The master of the "Bristol" an excursion
boat running to Great Captains Island,
informed me that he made a trip at
11-15 P.M. August 22, but as he

runs on courses and time, did not take any particular notice to the harbor lights. He informed me that Stamford Harbor Light was not lit up before 8-30 p.m. Aug 21, and that it was out all night on august 26.

I called up the North and East River Steamboat Co. for information about the harbor lights. They will write to this office at their earliest convenience giving us any information they obtain from the master of the vessel making the night trip.

Although unable to verify Captain Boyle's report, I believe that the red light in the Mill Channel blew out on Aug. 22 and Aug. 29. As the harbor lights are not attended to after eight o'clock, should they blow out, they remain unlit for the balance of the night.

Respectfully
F. C. Hemenway

Navesink Light Station.

Referring to your letter of August 4th and other correspondence concerning difficulty between yourself and the Keeper of the Navesink Light Station, I beg to inform you that the matter has recently been investigated, and this office is of the opinion that the difficulty referred to, is due to your persistent efforts to obtain for your use a room that has been assigned as a portion of the Keeper's quarters for his use.

You are informed that if the station is to be efficiently maintained to the best interests of the Service, it is absolutely necessary that harmony exsist between the Keeper and Assistant Keepers, and unless you conduct yourself in the future in such a manner as to eliminate all friction and difficulty between yourself and the Keeper of the station, it will be necessary for this office to take steps toward your separation from the Light House Service.

Inspector: Through the Keeper,

In relation to Mr. Bishops ~~counter~~ charges relative to my working in harmony on this station beg to inform you, that Mr. Bishop is the only man on this station that does not work in harmony. I have always done my work in as satisfactory manner as possible, which can be proved by both the 2nd & 3rd Assistant. Until the late instructions Mr. Bishop was seldom in the boat but since then he has always taken me as his assistant in the boat, because he knows I am willing to do all in my power to do the work, as Mr. Bishop is not able to handle himself in the boat or on the beacons. As Mr Bishop probably knows the other ~~the other~~ assistants would not do two mens work in the boat as they have often expressed themselves to that effect. As per the late Inspector Sturns instruction Mr. Bishop was in authority to go Through the Assistants quarters in their presence. On Aug. 4th 1911 when my family and myself were absent from the station Mr Bishop went into my entry looking for the key to my quarters. I have positive proof for this.

(75)

This is contrary to the Inspectors instruction. On Aug 7th 1911 there is a statement in the Journal that a new lens cover was put up in the north tower, as a matter of fact this was not a new lens cover, but the old one was washed and put up again. I have also proof for this. As has been proved before on this station that Mr. Bishop is a dishonest and untruthful man therefore it makes it very hard for all concerned to get their just rights

Inspector:-

The present charges against Mr Andersen not being made by the Keeper of the station, and made with the proviso that he confine himself strictly to the subject, it is my opinion that further comment is not desired, the facts being a matter of record.

Receiving your letter of the 8th am pleased to hear from you and and give you all information posible concerning that room. When I took the position as 1st Asst Keeper at the lights Ed Burges formor 1st Asst Keeper was to remain there for two months that was in July 1898 and his family remained with him for that time and my family remained at Sandy Hook till Ed Burges left, and the first information I received about the room was from my wife the day the furniture come & had been down the hill and when I got back my wife told me that Mrs B had been in and told her that the Inspector had told Rob he must have that room reserved for him so I asked Mr B about it and he said he was to keep it for the use of the workmen when they come down to make repairs. But that only lasted for a short while and then he tried to shove the men on the other Keepers and he used the room for the benifit and comfort of his Summer borders whom he receved 7.50 a week from. 543

Anderson Ole (75) 1912 file

Highlands, N.J.
July 24, 1911.

Light-house Inspector, 3rd Dis't,

Tompkinsville, N.Y.

Sir:-

In your communication of July 11, 1911 stating that hereafter in forwarding letter from Asst's requiring comment, I am directed to make same to accompany letter.

I consider it proper that you should be informed of the present case of dissatisfaction as expressed in complaint of 1st Ass't Keeper Andersen.

This matter is the second occasion that Mr A has taken since he has been here to override the orders of the Dep't, relative to his quarters and the public hall of the station. The first occasion took place in March 1904 when he had been here three months and complained to your office that I had taken a room that did not belong to me and the matter was decided by the office, and the decision has been the cause of petty troubles that have occurred, through his insistence in informing all who come here, that I have stolen a room from him, and in many ways doing all he can to injure me in the sight of other Asst's, and others out of the Dep't. He has in some cases been assisted by others in performing acts which are contrary to rules, and detrimental to good discipline, and where the Inspector has been called in to decide some frivolous matter. In this case he insists that the public hall is not to be left open, but is to be closed, which is contrary to the orders of your office.

The rooms given me when I was sent here in June 1898 are the same I now occupy, and I had the same for over five years before Mr Andersen came to the station without complaint from anyone. The Dep't at much expense altered the rooms with the express condition to give the 2nd and 3rd Ass'ts an extra room, they having had only three rooms up to that time.

The change made was done in such a way that no Keeper's quarters should interfere with any others, and is the only way it could be done.

Mr Andersen placed a lock on one of my rooms that enters into the public hall, and while I consider the matter one that should be forbidden, I have never made any complaint to him as I could use another entrance, through my dining room, but I should use it provided I had an occasion to do so. Such an occasion did occur when Mr VanRiper, and Mr Sullivan came to my quarters to sleep on July 1st last, and I took Mr VanRiper to the room, unlocked the door and showed him the place I had prepared for him, how to come and go at all times without detriment to anyone. When Mr Andersen found that I had opened my door leading from the public hall, he came to my window and stated that he had locked all doors and that no one should go through hall or enter my room from the public hall. This I call insubordination and jeopardizes the station and the light, should assistance be immediately needed in connection with the light, in case of fire, and especially in the case of the necessity of lighting the north tower light.

The keeping of the public hall open at all times has been impressed upon me by your office, by every Inspector and Engineer, for

the past 13 years,and has been kept open for such occurrences since the station was built,and was so used when I took charge. Mr Andersen insists that the hall doors be closed and used as private halls,which is contrary to the orders of the Dep't.

I received permission from Inspector Shepard to put in electric bells to the keepers quarters,with the proviso that should they be found unreliable I was to return to the old system and use the public hall,the idea of the bells being to accelerate the calling of the men.

The bells were found to be unreliable and were taken out,when the old power house was torn out,and the return to the old system was made.

As all outside doors of station are locked at night,the only way of entering the hall is at the power house door,a lighted lantern being kept for that purpose in case of necessity,so that the man on watch can call every man inside of two minutes. Every Keeper has a right to lock up his quarters,and the insinuation of danger from thieves is absurd. I have had no complaints from that source,and as far as my quarters are concerned I have doors removed from the hinges.The claim is made for some other purpose.

The Ass'ts say that they are not expected to board any of the help sent here by your office,and refuse to take them.I have for 13 years with hardly an exception boarded all the men that have remained on the station,and I feel that I should have some help in the matter.I have as well as my family been kept from their beds,sleeping on the floor,to accommodate the Dep't help, where if all would assist there would be ample room for several men.

All of the Asst's have four rooms,and I have five.

The Dep't has not put any closet in Mr Andersens part of the public hall as he says in his complaint,and he endeavors to misrepresent in such a statement. Mr Andersen prevailed upon a carpenter who was making repairs in his quarters,to place a shelf in the public hall outside his door,and when Mr W.D.Gardner who was superintending the work returned to the station and found the shelf and came to me very much put out,and stated that if the men had not finished and gone he would have the shelf removed, but when he returned to do more repairs,he would have the shelf removed.

Mr Gardner is well acquainted with the antagonistic feeling shown by Mr Andersen against me relative to the room question,and could speak as one who has been present and seen for himself.

There has not been or is there now any quarreling among the Keepers on the station,and I have not spoken of the present case to any of them.

It is my opinion that it is a matter of discipline,where the orders of your office take precedence over the wishes and desires of any Keeper,for his own personal convenience,and where his personal convenience is detrimental to the best interests of the Dep't.

In giving you this synopsis of the present case,I have refrained from going into other matters which are questions of orders of the Inspector while here,and as a matter of discipline should be lived up to,by all Keepers.

where an Ass't Keeper endeavors to dominate the minds and actions of other Keepers, to do things that he knows are contrary to the rules and the orders of the Dep't, it makes the more difficult the matter of discipline.

When Mr Andersen received your communication, stating he was to obey the Keeper in all matters pertaining to the Dep't, I told him to unlock all doors in the hall, also the room occupied by the men who were employed here, and he immediately complied.

Very Respectfully,

Robt A Bruce

You are informed that the matter of any unjust orders given you by the Keeper will be investigated and proper action taken when you make a specific report of any injustice done you.

Sir:

In reply to the Keepers report of even date wish to state that my hall doors have been left open from the first notice given me by Mr. Bishop July 29th 1910. the same date all the bell wires were torn down and burned up. The orders given by Mr Bishop were, that the hall doors should be open and the hall cleared out so as to give full access, between both towers which orders were obeyed. Mr. Bishop also stated that he would ask the Inspector upon the first inspection which was Nov 4th 1910 if the doors were to remain open.

The Assistant Keepers have had no reply to this statement. Since Nov 4th 1910 Mrs hall door has been opened nineteen times when positively no occasion. At all times when this door has been opened it has been opened from Mrs Bishops side of the hall and during the day when I and my family have been away from the house. On July 1st my hall door was opened between 8 and 12 o'clock a.m. when I was at work and my family away. In the afternoon about 4.30 I layed down on a couch in the Kitchen which is next to the hall and went to sleep. When I awoke I found the door had been opened again, some one having walked through my hall opened the door entering into the Second Assistant hall, also ~~taking~~ unhooking the hook from Keepers room door which

May 18 years & 8 month record proves that I am among the last to disobey orders as this is the first time I have been reported to my knowledge. I most respectfully ask that a thorough and complete investigation be made at this Station or give me the liberty to bring this matter before the Inspector to enable me to protect my belonging as it is very hard to explain my situation thoroughly by letter.

Sir:-

I have to report that on July 1st, 1911., at 6-30 P.M. the 1st Ass't Keeper, Mr Ole.N.A.Andersen, reported to me that he had locked the public hall doors running through the building, and that he would not open them.

I ordered him to leave the doors open as they had been, and he refused to do so. In the locking of these doors, the only means of reaching the 2st Ass'ts sleeping apartments would be by the use of a ladder to the upper story, and it also results in the shutting off of the Second Ass'ts quarters. It is imperative that access be had at all times of the night to Keeper's quarters that no unnecessary delay be had in case of accident to machinery.

I have been ordered by both Engineer's and Inspectors, to have these doors open at all times, that they were public halls and must not be locked.

A copy of these charges were handed to Mr Andersen this day.

NOTICE TO EMPLOYEE

KEEP THIS RECEIPT—IT IS IMPORTANT

Your employer has withheld a tax from your wages in accordance with the Revenue Act of 1942 and the Current Tax Payment Act of 1943. The amount the employer has withheld, which he is required to pay to the collector of internal revenue, is shown on the other side of this form. This amount should be taken as a credit against the tax shown in your Income and Victory Tax return for 1943 due to be filed on or before March 15, 1944. If the amount withheld is larger than your Income and Victory Tax combined, credit or refund of the balance is allowable. This statement is your receipt for the amount of tax withheld. You may be called upon to show it in support of the credit or overpayment. For this reason, you should *keep this receipt.*

Regardless of whether a tax has been withheld, you are required to make an Income and Victory Tax return: If you are single, or married and not living with husband or wife, and your gross income for the year was $600 or more, or if you are married and living with husband or wife, and your gross income for the year was $1200 or more.

NOTICE TO EMPLOYEE

KEEP THIS RECEIPT—IT IS IMPORTANT

Your employer has withheld a tax from your wages in accordance with the Revenue Act of 1942 and the Current Tax Payment Act of 1943. The amount the employer has withheld, which he is required to pay to the collector of internal revenue, is shown on the other side of this form. This amount should be taken as a credit against the tax shown in your income and Victory Tax return for 1943 due to be filed on or before March 15, 1944. If the amount withheld is larger than your income and Victory Tax combined, you may be entitled to a refund of the balance. This statement is your receipt for the amount of tax withheld. You may be called upon to show it in support of the credit or overpayment. For this reason you should keep this receipt.

Regardless of whether a tax has been withheld, you are required to make an Income and Victory Tax return if you are single, or married and not living with husband or wife, and your gross income in 1943 was $500 or more, or if you are married and living with husband or wife, and (1) your gross income in 1943 was more than $1,200, or (2) you and your spouse each has gross income in 1943 and the combined amount is $2,000 or more. Such return must be filed not later than March 15, 1944. No refund will be made unless

My dear Mrs. Andersen:

Headquarters has been advised of the death of your husband, Olaf K. Andersen, Keeper, Former Lighthouse Service, (now USCG), Retired, on 6 April, 1947. Please accept my sincere sympathy.

At the time of his death there was due the estate of your husband final retired pay in the amount of $13.46. This retired pay ceases at death and there is no law providing for the continuance of payment of any part to dependents. The forms necessary to effect settlement of the final pay are herewith inclosed.

If there will be no legal representative to administer the estate of your husband the next of kin or the person who paid, or will pay, the funeral expenses should execute the inclosed Forms No. 1055, claim for the final pay, in the presence of two witnesses, taking care to answer all questions as checked by pencil mark. If a representative is appointed a copy of the Court Order showing the appointment should be attached to Forms No. 1055. If the funeral expenses have been paid a bill receipted by the undertaker who conducted the services should be forwarded. Otherwise the undertaker should sign the inclosed waiver form. This information is necessary to support the claim for the final pay.

When the inclosed forms have been completed, they should be returned in the inclosed pre-addressed envelope, which requires no postage.

By direction of the Commandant.

Dear Madam:

This is in reply to your letter of November 29, 1944, relative to income tax withheld from the pay of your husband, Hans C. Anderssen, a retired Light Attendant of the former U. S. Lighthouse Service. You are advised that income tax at the rate of $11.60 per month is being deducted from the pay of Mr. Anderssen. This rate of deduction has been in effect since July 1943. A minor change will become effective in January 1945.

This office has no knowledge of past due taxes and is not required to execute payroll deductions to liquidate such taxes.

Very truly yours,

C. L. HERNDON

Dear Sir

Would appreciate information, regarding taxes (monthly) withheld from my husbands retirement check.

I am legally seperated from my husband, "Hans Chr. Andersen" of (26-) Margaret St. Plattsburg-N.Y. The "supreme" court handed me a judgement of $40.00 per month alimony, of which my husband is gradually cutting down as it suits his needs, without asking the court. His last monthly payment was at the $25.00 another $5.00 cut after formerly cutting off $10.00 per month.

husbands excuse is taxes, and I want to know if this is true. That $20.00 per month is withheld from each monthly check and that our government may take an additional $30.00 more, if he does not pay up due taxes of 1939 - 1942, as stated in his recent letter. Out of his $100.00 per month retirement check, he is now receiving $80.00 per month and may be cut to $50.00 per month if he does not pay up back due taxes of 1939-40 If this be true he would be unable to honor the judgement impose upon him by the "supreme" Court. I would appreciate a reply at your earliest convience

Respectfully
Condressey
Mrs. Hans Chr.
