Dec. 28, 1924.

Supt. of Lighthouses,
3rd District.

I beg to inform you that a power sloop came ashore here right off the fog signal building 6 A.M. this morning.

Their motor went dead right out in front here. They failed to put their anchor overboard so the boat came right in amongst the rocks.

The Asst. Keeper and I went out in our rowboat and rowed the anchor way out and when the tide came in we went aboard and hauled her out clear of the rocks, as the crew had left for Huntington to get another boat to tow here off which they did at 11 A.M.. It was a cold job, 12° above zero.

Respectfully,

Arthur Jensen,

Superintendent of Lighthouses,
3rd District.

I wish to report that the towboat "Thomas Moran" of N. Y. with 5 barges in tow Port Jefferson for N.Y. was caught in a westerly storm here to-day off Lloyds Neck. All 5 barges got adrift. 11 A.M. one struck a rock about 300 yds. off this point, 2 landed on the west bar here at EatonsNeck. The assistant keeper went to the one on the point here and got that man off while I got the man from the other barge on the west bar, had to drag my rowboat about 200 yds. in order to get there, then row across the channel and haul her up on the bar, then row out in the surf between the barge and beach, finally got there and got the man off. We all got wet but no lives lost. While this was going on, a 60 mile gale was blowing.

I believe it is my duty as Keeper in charge of this Station, to inform you that I believe that the assistant keeper Mr. Anderson has a defected eyesight which interferes with his work and he is blind.

The reason why I have not written you on this subject before, is that I have expected him to resign.

If you will write him a letter, directly him, to appear before a U.S. Marine Doctor for a physical Examination

Please do not mention to him that I have given you this information because when this man gets his temper up he is ready to Commit himself
