MEMORANDUM IN RE KEEPERS AND ASSISTANT KEEPERS.

The same examination is given for the positions of keeper and assistant keeper. In some districts the eligible registers state that the persons named thereon are eligible for appointment as keeper or assistant keeper, in others that they are eligible for appointment as assistant keeper, while in others that they are eligible for appointment as keeper.

Although Mr. Jerry T. Robinson's name appears on the eligible register for the position of assistant keeper, I can see no reason why he could not be appointed to the position of keeper, provided he is within reach for certification, as the qualifications of both positions are identical. Since the adoption of the new civil-service regulations for the Lighthouse Service the eligible registers for the positions of keeper and assistant keeper, etc., are not maintained in this Division, so I am unable to state whether Mr. Robinson is within reach for certification to the position of keeper of Ned Point Light Station, Massachusetts.

In this connection I am transmitting herewith the file and eligible-register card of William L. Anderson, Jr., who was selected from the assistant keeper eligible register in the Second Lighthouse District and appointed to the position of keeper of Nantucket East and West Breakwater Lights, Mass.

Commissioner of Lighthouses:

Receipt is acknowledged of the Second Inspector's communications of the 15th instant, recommending the promotion of Mr. Elliott C. Hadley, Jr., from the position of second assistant keeper at $552 per annum at The Graves Light Station, Massachusetts, to that of first assistant keeper at $552 per annum at the same station, and the promotion of Mr. William L. As these recommendations are in conflict with the Solicitor's Opinion of December 11, 1911, that promotions can not be made effective at a prior date the promotions in question have been made effective May 18, 1912, or as soon thereafter as the employees enter upon duty. It is noted that these changes do not involve any change in the compensation of the employees.

Vacancy at Nobska Point Light Station has already been filled by transfer of a keeper whose light is to be discontinued on June 30th. The keeper at Marblehead Light Station will not be eligible for voluntary retirement until June 5, 1930, and it is not known at present whether he intends to retire at that time. Anderson has no children, and should a vacancy occur at Marblehead a deserving keeper with children should be considered for this station, on account of school facilities. Letter of October 6, 1931 from 2nd Superintendent re the commendation of William L. Anderson, Keeper, Sandy Neck Light Station.

Returned to the 2nd District with advice that on basis of report submitted it would seem that commendation by the Superintendent is appropriate.

It is noted that the report in this case is very meager and is unverified, and apparently without means of verification. It would have been desirable for the Keeper to have obtained and mentioned the name of the owner of the boat, or members of the party; and in all similar cases this is advisable when practicable.

Should you consider it of sufficient importance to investigate the case further and as a result feel that commendation by the Commissioner is justified, there would be no objection to submitting further recommendation.

My dear Commissioner:

I understand there is a vacancy for Superintendent of Lighthouses, First District, Portland, Maine. In the event my understanding is correct, I am taking the liberty of presenting for your consideration the name of William L. Anderson, at present keeper, Nantucket Great Point Light Station, and who has been employed in the service for a great many years. I am making this recommendation in the event Mr. Anderson possesses the necessary technical qualifications.

I realize the importance of the position of Superintendent of Lighthouses of the First District, and recognize the fact that under Civil Service laws, and in common sense, that the person occupying that position must, in addition to years of experience, possess certain technical qualifications.

May I further suggest that if Mr. Anderson does not possess the necessary qualifications in the event a vacancy occurs around Boston, or any New England point in the future, which would be in the nature of a promotion, for which he is qualified, I will appreciate it if you will extend him every consideration possible.

Thanking you in advance, I am

Dear Mr. McCormack:

The Bureau's record of the training and experience, as well as the educational and other qualifications of Mr. W. L. Anderson, has been carefully examined in connection with your request of January 6, 1934, that his name be considered in the filling of existing vacancy in the position of Superintendent of Lighthouses at Portland, Maine.

I find that Mr. Anderson has served as keeper of various lighthouses since 1910, and that his record in such duty appears to have been satisfactory, and to merit consideration in the event of any suitable vacancy for which he may be considered qualified and eligible under Civil Service rules.

The position of superintendent of a lighthouse district, however, requires a high degree of technical and administrative training and experience for the proper discharge of the duties which, as you recognize, involve important responsibilities for the protection of life and property. For such duties, it is not considered that proper qualifications can be shown in Mr. Anderson's case either from the standpoint of Civil Service rules or that of the best interests of the Lighthouse Service. Your interest in Mr. Anderson, however, will be recorded for such consideration in the future as may be practicable to give him.

Sir:-

May I respectfully endorse the application of William L. Anderson, keeper of Great Point Light in Nantucket, for the vacant position of Superintendent of Lighhouses in the First District.

Captain Anderson was my next door neighbor fro some years at Sandy Neck Light in Barnstable Harbor, Massachusetts, and I have seen a good deal of him since his coming to Great Point. He is an exemplary keeper and a strict disciplinarian. In addition to his experience as keeper, he knows the coast of the First District intimately from having skippered coasting vessels fro some years before entering the service. His experience of some twenty years in the service would seem to be adequate preparation for the advanced office.

Dear Senator Walsh:

I have your letter of May 4, inclosing one from Mr. William L. Anderson, keeper of Dutch Island Light Station, Rhode Island, in regard to a disability retirement.

I am having this matter looked into and will advise you further at an early date.

Very truly yours,

E. D. KING

Office of Superintendent, Second District,
Chelsea, Mass., May 11th, 1936.

Returned to the Commissioner of Lighthouses.

The Bureau will undoubtedly concur in the opinion of this office that the action taken by Keeper Anderson insofar as taking the matter in question up with Senator Walsh was quite unnecessary. Just prior to receipt of the enclosures this keeper forwarded a letter to the Superintendent advising as to his present physical condition and in view of the advice received, steps have been taken to have Mr. Anderson undergo the required medical examination to determine his status for retirement on account of disability. Provided the results of the said examination warrant, proper action will be taken by this office insofar as recommending this keeper's retirement.
