1. Reference is made to your letter dated 21 April, 1948, transmitting Form 2660 for the promotion of subject employee from First Assistant Keeper to Keeper at Carysfort Reef Light Station.

2. You recommend that the range of the Keeper position be established at $2318.76-$2770.20 and that Mr. Bierer's salary be fixed at $2694.99 p.a. HQ records show that the proper range for the Keeper position at this station is $2243.52-$2694.96. If Mr. Bierer is to be promoted to the position of Keeper, such promotion would have to be at the established range and it would be effected at his present salary of $2394.00 p.a. which is within that range. Please advise whether or not you desire action taken on this basis. Advise also what disposition will be made of the person, presumably an enlisted man, who is now performing the duties of Keeper, and whether Mr. Bierer's replacement in the position of First Assistant will be military or civilian.

(From navy nomenclature, under which carried on sick list)

Summary of case history: This 57 year old light-housekeeper was sent to ~~Patient~~ the Infirmary for disposition in his case. According to the history as obtained from the patient, about one month prior to admission he began to be aware of cramp-like pains in calves of both legs coming on after exertion, such as walking several blocks, associated with this would be the sensation of numbness and weakness of both feet. If he would stop his activities, within several minutes the cramps in his calves and numbness of his feet would disappear. At no time does this patient give a history of swelling of his legs, neither does he have any symptoms referable to his upper extremity. System review entirely negative otherwise. P.E. revealed a well nourished middle aged white male not acutely ill. B.P. 142/84. The radial arteries were tortuous and visible pulsations of both radial arteries were observed on both upper sides. There were absent pulsations of the femoral, popliteal, post-tibial, and dorsalis pedis arteries, on the right side there were absent pulsations of the popliteal, post-tibial, & dorsalis pedis arteries. Pallor on elevation of the left lower extremity on depression of the legs was present with marked temperature of the toes. Rheumatic injections of histamine along the course of the left tibial revealed the presence of normal capillary response

(c) Act approved August 26, 1937, 50 Stat. 840 (U.S.C. Supp. V, title 33, sec. 745).

1. There are listed below the civilian employees under your jurisdiction who are entitled to one within-grade increase in salary under the provisions of references (a), (b) and (c). The Bureau of the Budget has decided that only one step-up in salary shall be given during the present fiscal year.

2. 3. In the event that any of the employees named herein have received salary increases subsequent to the date opposite their names, they are not entitled to and should not receive this promotion. Justification for Filling Vacancy under Authority of the Act approved June 30, 1932.

1932 OCT - 3 - AM 9:3

Bureau or Office: 7th District, U. S. Lighthouse Service

Position: Keeper, 3d Asst.

$1320

Compensation: $1560. per annum (Less $240. for family quarters.)

Location: Dry Tortugas Lighthouse, Florida.

Appropriation: Salaries, Keepers of Lighthouses.

Date of Vacancy: October 16, 1932 - Transfer.

Justification: This is the most isolated station in this district and in addition to the regular aid to navigation is equipped with radiobeacon and radio telephone. Due to the above and the long hazardous trip between this station and the nearest inhabited land, Key West, four keepers are necessary to properly maintain and operate it as it is the most important station in the Seventh District, and allows two keepers to make the trip in the station boat to and from station. This appointment is necessary on account of transfer of present incumbent to Sand Key Lighthouse. In justification of above it is certified that it is absolutely necessary to fill this position to adequately provide facilities for the needs of navigation.

Justification for Filling Vacancy under Authority of the Act Approved June 30, 1932.

Bureau or Office: **Lighthouses, 7th District, Key West, Fla.**

Position: **Keeper (3d assistant)**

Compensation: **$1320 per annum (range $1320-1680)**

Location: **Dry Tortugas Lightstation, Fla.**

Appropriation: **Salaries, Keepers of Lighthouses**

Date of Vacancy: **Transfer of incumbent pending**

Justification: **The complement necessary for the operation of this station is four keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled. The nonfilling of the position would interfere with the functioning of the aids and add to the hazards of navigation, thereby producing conditions endangering life and property.**

It is proposed to fill this position by appointment from the eligible register. An aggregate saving of $120 per annum is effected in the appropriation.

Subj: Reprimand.

1. In accordance with the report of the Investigating Officer based on the facts developed during his investigation of the damage to civil property by U. S. Coast Guard craft on 26 September 1949, you have been found negligent and lax in the performance of your duties.

2. The record shows that you displayed laxity in good seamanship in not using good judgment in mooring CG Boat 23390 at the Gulf Stream Fishing Lodge Wharf on 26 September 1949 at approximately 0900 E. This laxity on your part provoked the owner of the wharf and threatens to effect the cordial relationships now existing and privileges now extended to personnel of this service.

3. You failed to provide the proper equipment for mooring the CG-23390 in all kinds of weather and conditions.

4. You failed to contact the owner of the damaged craft and establish good faith on the part of the service.

5. You failed to assume the responsibility your position demanded by not reporting the damage to your superior officer and giving all available details.

6. Accordingly, you are hereby reprimanded for your conduct in this instance and you are cautioned that you should at all times conduct yourself in such a way as to leave no doubt as to your integrity and ability in the handling of matters for which you assume responsibility.

7. A copy of this letter will be placed in your personnel record and another furnished Headquarters.

Subj: Change in pay and hours of work

1. Under the provisions of Public Law 143, Eighty-first Congress, approved 29 June 1949, all overtime, night differential and holiday pay for Keepers and Vessel Employees of the Coast Guard is eliminated. However, in lieu thereof, additional compensation in the amount of 20% basic compensation is allowed.

2. This law increases basic pay and thus adds to the base for your retirement pay. However, it places you back under the same working conditions as when under the Lighthouse Service, namely, any and all hours required and as needed. There will be no reduction in your pay while on compensatory, annual or sick leave any more because the overtime, non-work day and holiday pay is abolished thereby.

3. As an illustration how an employees' pay will be effected, the following information is given:

	Base Pay	Overtime Pay	Night Differential	Gross Pay	Deductions remain same: Quarters same	Tax according to No. of exemptions
Old Bill	113.45	17.02	2.84	133.31		
Add 20%	22.69			22.69		
New Bill	136.14			136.14		

Regardless of the fact you may be on compensatory leave, annual leave, sick leave and/or on duty for any part or all of the pay period, these figures will remain the same. In this case, your retirement credit would be $136.14 instead of $113.45.

CARYSFORT REEF LIGHT STATION.

Miami, Florida,
9 August, 1942.

From: Wallace L. Bierer, 1st Assistant Keeper.
To : Commandant.

Via: Commanding Officer, KEY WEST BASE and District Coast Guard Officer, 7th Naval District.

Subject: Request for induction or enlistment in the Regular Coast Guard.

1. It is earnestly requested that I be inducted or allowed to enlist in the Regular Coast Guard for the following reasons:

(a) I am now a civilian keeper (1st assistant) at Carysfort Reef light where part of the personnel is military and part civilian. To have all personnel at Light stations military, would I am positive, add to the efficiency as well as to the morale of the personnel of these stations.

(b) Having served 6½ years in the U. S. Navy during the World War No. 1, in all ratings leading up to WTle., in the "suicide fleet", I know I am of more value to the Service as an enlisted man than as a civilian.

(c) I am 53 years of age, but I honestly believe I could pass any physical examination necessary. I am in tip-top physical condition and keep that way, and if Headquarters should see fit to let me enlist, I would go anywhere or do anything necessary in the rating in which I was enlisted. I am a trained man by reason of past service, and not a "green-horn", with which the Service is now cluttered. If Headquarters did not see fit to send me to sea, I could relieve some younger man at some shore unit, thus aiding the war effort.

(d) I fought in the last war and I want to fight in this one. By virtue of having fought in the last one, I think Headquarters should give me a chance to get my "oar" in on this one.

2. It is sincerely hoped that Headquarters will approve my request to be inducted or enlisted, and give me a chance to get back in harness with the "boys" again.

Justification for Filling Vacancy under Authority of the Act approved June 30, 1932.

Bureau or Office: 7th District, U. S. Lighthouse Service

Position: Keeper, 3d Asst.

Compensation: $1560. per annum (Less $240. for family quarters.)

Location: Dry Tortugas Lighthouse, Florida.

Appropriation: Salaries, Keepers of Lighthouses.

Date of Vacancy: October 16, 1932 - Transfer.

Justification: This is the most isolated station in this district and in addition to the regular aid to navigation is equipped with radiobeacon and radio telephone. Due to the above and the long hazardous trip between this station and the nearest inhabited land, Key West, four keepers are necessary to properly maintain and operate it as it is the most important station in the Seventh District, and allows two keepers to make the trip in the station boat to and from station. This appointment is necessary on account of transfer of present incumbent to Sand Key Lighthouse. In justification of above it is certified that it is absolutely necessary to fill this position to adequately provide facilities for the needs of navigation.
