There are many small supplies which takes time and labor to get up the hill and stow away for future use, each in its proper place.

Article 6 - Station power boat.

4 days The station power boat is hauled out twice a year, spring and fall, bottom scraped, inspected, repairs made if necessary, and repainted, the inside is thoroughly cleaned and painted, the engine taken down, each part thoroughly cleaned, oiled put back together, replacing any damaged parts with new if necessary, in fact this boat demands a certain amount of care, the year round, to keep it bailed out, and in good running order at all times.

2 to 4 hrs. One small row boat to clean and paint

8 hrs. I have two 4-hour watches to stand out of every 24, much of our work is done during watch hours.

If weather permits, if not it has to be in other hours, it is impossible to go into details about the time it takes, and the nature of the work of the unusual jobs, that comes up so often, and they do come up often on a station of this size.

In the absence of the keeper the station is in my care, I have to keep account of oils, fuel oils, length of time fog signals are sounded, write the journal each night, etc.

Respectfully submitted,

Dear Sir:

Reference is made to your letter dated 13 June, 1949 written in behalf of Mrs. Frank Bracey.

An inspection of Mr. Frank E. Bracey's official personnel record, which is on file with the Commander, 1st CG District, Civilian Personnel Section, indicates that he was absent on sick leave from 14 July, 1944 through the close of 7 November, 1944, at which time his accumulated and accrued sick leave became exhausted. On 14 November, 1944, having been discharged from inpatient treatment at the U.S. Marine Hospital, Brighton, Mass. he was relieved of all active duty and directed to proceed to his place of residence. He was also advised that he would be carried in an annual leave status until his retirement became effective at the close of 28 February, 1945. In view of this verification of Mr. Bracey's record, he did not have any annual leave due him at the time of his retirement.

Mr. Bracey's record also contains a copy of personnel notification Form 2249 dated 8 March, 1948 advising that his retired pay had been recomputed in accordance with the Comptroller General's decision dated 23 October, 1947 changing his retired pay from $804.45 to $947.52 per annum. In the event that payment of this adjustment had not been received prior to Mr. Bracey's death, it is suggested that Mrs. Bracey make inquiry regarding this payment directly to the General Accounting Office, Washington 25, D. C.

Very truly yours,

R. G. WHITTEMORE

Gentlemen:

We are trying to assist Mrs. Frank Bracey in getting the estate of her late husband settled, especially regarding pay, allowances, etc. Mrs. Bracey believes that there was some leave due her husband at the time of his retirement, March 1945. As she has not received back pay due her since his death she is planning on writing to the General Accounting Office, Washington, D. C. regarding this and was hoping to include a statement regarding leave if there is any due him. The back pay has been approved for which she has been advised by the General Accounting Office.

Would it be possible to ascertain whether or not Mr. Bracey had any annual leave due him at the time of his retirement, and if so, how much. Sorry to cause you this inconvenience but as there is no pension for Mrs. Bracey, due to his being a civilian light keeper, she needs everything possible in order to live.

Sincerely yours,
Isaac L. Hammond

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONARY or TRIAL PERIOD ( )

As of 31 March, 1944 based on performance during period from 1 April, 1943 to 31 March, 1944

BRACEY, Frank E. (Name of employee) — Keeper (Title of position, service, and grade)

U. S. Coast Guard, 1ND (Organization—Indicate bureau, division, section, unit, field station) — CG Station, Spruce Head, Me. ~~Eagle Island Lt. Sta.~~

Efficiency rating: Excellent

24 June, 1944 (Date of notification)

(Signature)
L. B. McGEE, Chairman
District Efficiency Rating Committee (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be available to you for inspection, if you request it of your supervisor or personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be obtained from your supervisor or personnel office. There are time limits in the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

NOTICE OF EFFICIENCY RATING

Annual Rating VG 3 as of 31 March, 1943

Probation, or Trial Period Rating ----

For service beginning 1 April, 1942

BRACEY, Frank E. (Name) ---- (Service-Grade) Keeper (Title)

NOV 3 - 1943 (Date of notification)

H. W. SIEGEL, Principal Clerk
~~Chairman, Efficiency Rating Committee~~
Civilian Personnel Officer
USCG, 1st Naval District

REPORT OF CONDUCT

Unless otherwise stated below, your conduct during this rating period was considered satisfactory.

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means—

(*a*) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(*b*) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(*c*) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

If a number appears after the adjective efficiency rating, it represents a further refinement of the adjective rating, as follows: Excellent 1; Very Good 2 or 3; Good 4, 5, or 6; Fair 7 or 8; Unsatisfactory 9.

At an inspection of your station made by Mr. Sampson on March 21 it was noted that you were not in uniform and that your personal appearance was not such as to reflect very great credit either on yourself or the Service on the part of any possible visitors.

Your attention is invited to the requirement that keepers be in uniform at the inspection of their stations and the necessity for their keeping themselves neat and in a presentable condition at all times. Your attention in this connection is invited to Article 14 and Article 17 of "Instructions to Employees, 1927."

Keeper, Seguin Lighthouse, Maine.

Referring to your telephone conversation relative to check received by F E Bracey, Assistant Keeper, in the amount of $15.58 covering the return on account of the excess deduction made from his December pay on account of leave of absence:

According to the records of this office, Mr. Bracey had already taken 9 days leave prior to the 15 days taken from November 1st to November 15th, which will be noted as being checked on his request for leave, Form 76, when returned. The 14 days and 21 hours charged for the above leave in November, in addition to the 9 days, makes a total of 23 days 21 hours which was his total leave to December 5th, the time ~~of~~ at which he left the station on account of sickness.

Mr. Bracey left the station again on December 5th and did not return until January 11th; therefore as leave does not accummulate from one calendar year to another, this leave was computed to December 31, 1929, inclusive. Inasmuch as the annual allowance at your station is 30 days, the time from December 5th to 12th (from 9 a.m. to 12 noon) amounting to 6 days, 3 hours, in addition to the 23 days 21 hours, makes his annual allowance to 30 days. The time from 12 noon, December 12th to close of December 31, 1929, amounting to 19½ days, is excess leave for the calendar year 1929 and has been charged to leave without pay, ~~which~~ which in computing Sundays and holidays are included. This differs from annual leave in which Sundays and holidays are not included.

Inasmuch as 19½ days are charged to leave without pay, it is the understanding of this office that Mr. Bracey should be paid for 10-1/2 days in December. It is believed that the check forwarded him is correct and may be cashed by him.

It is further noted that in some instances the time of leaving and return to station on your final reports of requests, Form 76, does not correspond with that stated on your monthly reports; the difference being one half hour to an hour in some cases. Please see that these reports are alike in future, in order that leave may be checked correctly by this office.

Enclosed find Service card and Time check for Frank E. Bracey. Have been holding same for inspection of master.

My Bracey's not coming back from liberty I suppose he is entitled to but three days pay for Nov.

It probably being due to a misunderstanding on his part, and the fact that he is not leaving the Service, and has time coming to him in excess of Nov liberty. am making out cards and time check up to and including Nov 12,

Subject to approval and signature by Mr. Geo K. Martin, master of this ship.

Capt Sherman

Dear Sir

Since my talk with you on June 1st I have thought the matter over fully and according to the dictates of my own consience I honestly beleave I am paying a penalty out of proportion to the sin committed. Altogather I have given the Light House Service most 3½ years of faithful service, I have tryed to be courteous at all times, and efficient, to the best of my ability,

And so I honestly believe I am entitled to something different than the decision you have rendered, and a service card marked insubord-ination, which in it self is a hindrance to my getting employment any where and of any kind.

If I understood you right in our interview you stated that we were well within our rights in making those charges, but we made the mistake of sending them in through irregular channels- Mr Hanna Mr. Butler and myself had absolutely no control over that mistake.

It was done without our
knolege or consent.
Please understand me right
I am not trying to shift the
blame on to some one else or
trying to shirk my part of
the responsibility, but if the
mistake of makeing a slight
error, in trying to correct a
positive error, constutes proper
cause for putting a natural
born citizen of the United
States and I have tried to be
an honerable one, out of his rightful
job and pay envelope, then I
do not know what the
meaning of to act uppon the
square with all man kind
more espicelly with a brother
means.

& honestly believe I am
entitled to go back on the
Light Ship as cook, the
position I held when discharged
. Please answer as soon as
convenient whatever you
in your wisdom may
decide, that I may govern
my self accordingly

Your obedient servent
