(Administration)

1. You are directed to discontinue Light Station Browns Head as an operating unit of the U.S. Coast Guard during the first quarter of FY-88. Advise Commandant (G-NSR) by message of the actual date of disestablishment with a copy to Commandant (G-OP), CG Supply Center, CG Institute, and CG Pay and Personnel Center when this action has been completed. Notification to the CG Institute must also include a roster of unit personnel affected by this change.

2. Unit OPFAC Number 01-41118, Unit Identification Code E41118, and DOD Activity Address Code Z41118 are canceled upon disestablishment. Reference to Light Station Browns Head should be removed from the SDL (C:j). Submit form CG-4183, Change of Mailing, Freight and Billing Address (Rev:Mar85) at least 30 days before the effective date of the change.

3. ANT Southwest Harbor is formally designated as the unit responsible for assuring the security and providing for maintenance of the light structure, outbuildings and real property after automation. Reference (a) identifies methods for providing security of the light structure and outbuildings after automation. Reference (b) and Chapter 14 of reference (c) provide guidance for the administration of maintenance responsibilities. The major structures are to be placed in a maintainable condition to survive the elements when the station is disestablished.

4. The personnel allowance list for this station is canceled upon automation. The BM1 billet will be reprogrammed to a BM2 and assigned to ANT Southwest Harbor for lighthouse maintenance.
