From: Commandant.
To: The Honorable, The Secretary of the Treasury
(Division of Appointments)

Subject: Transfer of Customs Service personnel to Coast Guard.

Reference: (a) Headquarters letter 28 November, 1934.

1. Referring to the order of the Secretary of the Treasury transferring harbor craft now operated by the Customs Service, together with their entire equipment, personnel and outfits, to the Coast Guard, I have the honor to request the transfer of the following named employees from the Customs Service to the Coast Guard, effective 1 July, 1935. These employees were originally transferred from the Customs Service to the Coast Guard on 16 November, 1934, and 1 January, 1935, and re-transferred to the Customs Service on 16 January, 1935, because of inability to effect transfer of the necessary funds for payment of their salaries. The appropriation "Civilian Employees, Coast Guard, 1936" provides for these positions.

NOTE.—If the oath is taken before a Notary Public the date of expiration of his commission should be shown.

TAKE NOTICE

2618 R. S., and Acts February 8, 1875 and March 2, 1895.—"That the oaths now required to be taken by subordinate officers of the Customs may be taken before the Collector of the Customs in the district in which they are appointed, or before any officer authorized to administer oaths generally, and the oath shall be taken in triplicate, two copies to be transmitted to the Secretary of the Treasury (Bureau of Customs), the remaining copy to be filed with the Collector of Customs for the district in which the officer appointed acts. And in default of taking such oath, or transmitting a certificate thereof, or filing the same with the Collector, the party failing shall forfeit and pay the sum of two hundred dollars, to be recovered with cost of suit, in any court of competent jurisdiction, to the use of the United States."

If the oath is taken before an officer authorized to administer oaths generally (except in the case of a judge of the United States or a United States attorney), such officer must affix his official seal, or in case he is not provided with a seal his authority to administer oaths and his official character must be duly certified.

WASHINGTON

HEADQUARTERS

5 October, 1934.

The Honorable,
The Secretary of the Treasury.
(Division of Appointments).

Sir:

Pursuant to the joint report and recommendation of the Commandant of the U. S. Coast Guard and the Commissioner of Customs, approved by Assistant Secretary Gibbons under date of 28 June, 1934, certain vessels heretofore operated by the Customs Service in the harbor of New York have been transferred to the Coast Guard, together with the personnel employed in their operation. In order to complete this transfer, it is recommended that the following-named employees be formally transferred from the Customs Service to the Coast Guard, at their present grades and rates of pay. The necessary funds for payment of their compensation for the remainder of the current fiscal year will be transferred from the appropriation "Collecting the Revenue from Customs" to the Coast Guard appropriation "Civilian Employees", and beginning with the fiscal year 1936, provision will be made for carrying these employees under that appropriation.

INSTRUCTIONS.

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred, the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.

In the case of a nominal reinstatement for the purpose of transfer, the department to which the employee is transferred should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each fiscal year, or part of fiscal year, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

SUBJECT: Transfer of Frank Brunner, keeper, from Penfield Reef to Great Beds Lt.Sta.,N.J.
REFERENCE: Form 73 of this date.

1. Referring to Form 73, forwarded to the Bureau this date, recommending the transfer and promotion of Frank Brunner from the position of Keeper (2nd assistant) of Penfield Reef Light Station, Conn., to Keeper of Great Beds Light Station, New Jersey, vice Alphonse Clovin, dismissed; the Bureau is advised that Great Beds Light Station is not a desirable station and it is difficult to fill vacancies on account of their being no applicants. In order to obtain a man for the position it was necessary to send letters of inquiry to various stations, and of the number written to Mr.Brunner was the only one who would accept the position. By the time replies had been received and Mr.Brunner was selected for the position it was then December 26th, which left insufficient time to obtain his appointment in advance in the usual manner so that he could be instructed to report at Great Beds Light Station by January 1st. In view of these conditions which constituted an emergency, he was ordered to enter on duty on January 1st, but weather conditions prevented him from doing so and he did not relieve the retiring keeper until January 4th. The approval of the action taken in this instance is recommended as same was necessary for the proper safeguarding of life and property.

INSTRUCTIONS.

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred, the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.

In the case of a nominal reinstatement for the purpose of transfer, the department to which the employee is transferred should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each fiscal year, or part of fiscal year, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

Commissioner of Lighthouses; Jan. 4,1923

SUBJECT: Transfer of Frank Brunner, keeper, from Penfield Reef to Great Beds Lt.Sta.,N.J.
REFERENCE: Form 73 of this date.

1. Referring to Form 73, forwarded to the Bureau this date, recommending the transfer and promotion of Frank Brunner from the position of Keeper (2nd assistant) of Penfield Reef Light Station, Conn., to Keeper of Great Beds Light Station, New Jersey, vice Alphonse Clovin, dismissed; the Bureau is advised that Great Beds Light Station is not a desirable station and it is difficult to fill vacancies on account of their being no applicants. In order to obtain a man for the position it was necessary to send letters of inquiry to various stations, and of the number written to Mr.Brunner was the only one who would accept the position. By the time replies had been received and Mr.Brunner was selected for the position it was then December 26th, which left insufficient time to obtain his appointment in advance in the usual manner so that he could be instructed to report at Great Beds Light Station by January 1st. In view of these conditions which constituted an emergency, he was ordered to enter on duty on January 1st, but weather conditions prevented him from doing so and he did not relieve the retiring keeper until January 4th. The approval of the action taken in this instance is recommended as same was necessary for the proper safeguarding of life and property.

This office has no objections to the installation of antenna as shown on the sketch accompanying your letter of above date. In connection with the ground lead for lightning purposes, it will not be necessary for you to run this ground line to the water as same will be an additional expense, also it will be damaged by ice in the winter. It will give equally as good results if you attach it to the foundation plates just below the deck level which will have the same effect if run into the water.

SUBJECT: Physical examination.
REFERENCE: Your letter October 3,1922.

1. You are advised that there should be no charge for the physical examination made by the Public Health Service doctor, as such examination is provided for by law to be made by a representative of the Public Health Service, who should make no charge either against the employee or the Lighthouse Service for making such an examination.

2. In view of the fact that your physical examination showed that you were qualified under the law and regulations on the subject, you are entitled to medical relief without charge at hospitals and other stations of the Public Health Service, as provided for by the Act of August 28,1916.

Doctor Trearten of the Public health service sent me a bill for $3.00 for a physical examination.

As I paid $3.00 for the the physical exam. on my application and took the second one at your request I am under the impression that the Light house service would pay for it.

I would appreciate any information on the subject

Mr. William E. Burton, Attorney-at-Law,

SUBJECT: Alleged indebtedness of Frank Brunner, Assistant Keeper of Penfield Reef Light Station.

REFERENCE: Your letter of September 5th addressed to this office and your letter of September 8th addressed to Mr. Brunner.

Sir:

1. You are advised that this matter has been taken up with Mr. Brunner who advises that your letter was addressed to this office before he was aware of the fact that you were endeavoring to collect $36.00 from him. He also advises that, in reference to your claim for rent of $12.00 per month, his wife was engaged as caretaker of the house and was to pay as rent the sum of $5.00 per month in addition to her services and that she has received no formal notice of a change in the arrangements referred to. Mr. Brunner also advises that he has not refused to pay the amount claimed but that he does not feel that he should be obliged to pay more than the sum of $5.00 per month or a total rental of $15.00 for a period of three months, in accordance with the arrangement referred to above.

2. In view of the circumstances of the case, as set forth in your letter of September 5th and as reported by Mr. Brunner it is believed to be a matter that should be settled by legal procedure.

3. In this connection it may be explained that the Lighthouse Service is not empowered to adjust obligations which may be contracted by its employees or to compell employees to make payment of alleged obligations, the only action that might be taken being the dismissal from the service of an employee where it is proven that he has refused to make payment of honest and just debts.

Respectfully,

Superintendent.

Dear Sir:

One Frank Brunner, an employee of the Lighthouse Service at the Black Rock light off Bridgeport, Conn. recently moved from 176 Brewster street, Bridgeport, owned by Zlate Miller, owing three months rent at the rate of $12 a month or $36. Being an employee of the United States Goyernment, he is immune from attachment or process of collection, and meanwhile my client has housed him and his family for three months, while this man was receiving good pay from the United States Government. I do not think that the Lighthouse Service wants to employ persons who do not pay their bills, or deliberately try to evade payment. I would request that this matter be called to attention of this man, so that he may be compelled to pay by the Lighthouse Service which must want in its ranks only men with clean financial records. Certainly this man should not expect to use his position with the Government as a shield to prevent payment of h is bills, as he is very evidently doing

Trusting that I may hear from you regarding this at an early date, I remain

Very truly yours

Enclosed is Form 206 "Record of Physical Examination of Light Keeper or Assistant Light Keeper", addressed to the United States Public Health Service, requesting that you be given a physical examination, for the purpose of determining whether or not you are entitled to medical relief without charge at hospitals and other stations of the Public Health Service, pursuant to the Act of Congress, approved August 28,1916. A copy of the provision contained in said Act is quoted in District Circular Letter No.187, dated May 21,1917.

Under the terms thereof it will be necessary for you to submit to said examination and be found physically qualified before you will be entitled to the benefits provided for by the Act of August 28,1916. As said benefits will be solely to your personal advantage it is to your interest to give this matter attention at the earliest opportunity.

After you have been given a physical examination by the medical officer designated on attached Form 206, said Form 206 will be returned to you by the medical officer. You will then send it to this office so that it may be recorded, after which it will be returned to you. The original copy of Form 206 will then be your property, and you are directed to preserve it and keep it in your possession for future reference.

(b) Your annual statement of retirement deductions for the fiscal year 1941.

1. It is noted from reference (a) that the balance forward from the fiscal year 1941 in the case of the subject employee is shown as $1069.17. It is believed that this was a typographical error, as the total credited to the employee at the end of the fiscal year 1941 was shown in reference (b) as $1069.18. Headquarters' copy of reference (a) has been amended in this respect, making the total deductions to the credit of Mr. Brunner at the end of the fiscal year 1942 $1134.22, and your records should be amended accordingly.

OATH OF OFFICE

(2616, 1757 R. S., and Act of May 13, 1884)

I, Frank Brunner, having been appointed

Marine Gasoline Engineer (Designation) CU-7, $ 2,100 per annum (Compensation)

New York, N.Y. (Port), U.S.Coast Guard (Office in which appointed)

do solemnly swear that I will use my best endeavors to prevent and detect frauds against the laws of the United States imposing duties upon imports.

And I do further swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter. So help me God.

NOTE.—If the oath is taken before a Notary Public the date of expiration of his commission should be shown.

TAKE NOTICE

2618 R. S., and Acts February 8, 1875 and March 2, 1895.—"That the oaths now required to be taken by subordinate officers of the Customs may be taken before the Collector of the Customs in the district in which they are appointed, or before any officer authorized to administer oaths generally, and the oath shall be taken in triplicate, two copies to be transmitted to the Secretary of the Treasury (Bureau of Customs), the remaining copy to be filed with the Collector of Customs for the district in which the officer appointed acts. And in default of taking such oath, or transmitting a certificate thereof, or filing the same with the Collector, the party failing shall forfeit and pay the sum of two hundred dollars, to be recovered with cost of suit, in any court of competent jurisdiction, to the use of the United States."

If the oath is taken before an officer authorized to administer oaths generally (except in the case of a judge of the United States or a United States attorney), such officer must affix his official seal, or in case he is not provided with a seal his authority to administer oaths and his official character must be duly certified.

The Honorable
The Secretary of the Treasury.
(Division of Appointments).

Sir:

Pursuant to the joint report and recommendation of the Commandant of the U. S. Coast Guard and the Commissioner of Customs, approved by Assistant Secretary Gibbons under date of 28 June, 1934, certain vessels heretofore operated by the Customs Service in the harbor of New York have been transferred to the Coast Guard, together with the personnel employed in their operation. In order to complete this transfer, it is recommended that the following-named employees be formally transferred from the Customs Service to the Coast Guard, at their present grades and rates of pay. The necessary funds for payment of their compensation for the remainder of the current fiscal year will be transferred from the appropriation "Collecting the Revenue from Customs" to the Coast Guard appropriation "Civilian Employees", and beginning with the fiscal year 1936, provision will be made for carrying these employees under that appropriation.

1/9/23 Form 73 to Dept.

Commissioner of Lighthouses;

Jan. 4, 1923

SUBJECT: Transfer of Frank Brunner, keeper, from Penfield Reef to Great Beds Lt.Sta., N.J.

REFERENCE: Form 73 of this date.

1. Referring to Form 73, forwarded to the Bureau this date, recommending the transfer and promotion of Frank Brunner from the position of Keeper (2nd assistant) of Penfield Reef Light Station, Conn., to Keeper of Great Beds Light Station, New Jersey, vice Alphonse Clovin, dismissed; the Bureau is advised that Great Beds Light Station is not a desirable station and it is difficult to fill vacancies on account of their being no applicants. In order to obtain a man for the position it was necessary to send letters of inquiry to various stations, and of the number written to Mr.Brunner was the only one who would accept the position. By the time replies had been received and Mr.Brunner was selected for the position it was then December 26th, which left insufficient time to obtain his appointment in advance in the usual manner so that he could be instructed to report at Great Beds Light Station by January 1st. In view of these conditions which constituted an emergency, he was ordered to enter on duty on January 1st, but weather conditions prevented him from doing so and he did not relieve the retiring keeper until January 4th. The approval of the action taken in this instance is recommended as same was necessary for the proper safeguarding of life and property.

For and in the absence of the Superintendent.
