Office of Superintendent, 17th Lighthouse Dist.
Portland, Oregon, March 18, 1931

1. Returned to Commissioner of Lighthouses, This office was familiar with provisions of Bureau circular No. 504 dated April 6, 1925 relative to transfer of employees in the same step in range. However, in view of the fact that this employee had been in the Service since December 6, 1928, without increase in pay, he was recommended for transfer at the second step in the lower range which made a decrease of $60.00 from his former pay. To transfer him at the same step in range which is at the minimum of his range would mean that he would begin in the new position at exactly the same rate of pay that a probationary appointee from civil service register, without previous experience as keeper, would receive. It is, therefore, again recommended that his transfer be made at $1200.00 per annum.

Your indorsement of March 18 recommending that transfer of Keeper Frederick Byers to Yaquina Head Light Station be made at rate of $1200 per annum instead of $1140 per annum as amended by the Bureau.

Your recommendation in this instance is not approved for the reasons that the principles governing transfer set forth in Bureau circular No. 504 are strictly adhered to, unless the nomination for transfer is accompanied by letter setting forth exceptional conditions which warrant a waiver of the principles in Bureau circular No. 504. Position No. _____

DEPARTMENT OF COMMERCE

Justification for Filling Vacancy under Authority of
the Act Approved June 30, 1932.

Bureau or Office: Lighthouses, 17th District, Portland, Oregon.

Position: Keeper (3d asst.)

Compensation: $1320 (range $1320-1680) per annum

Location: Cape Flattery Lightstation, Wash.

Appropriation: Salaries, Keepers of Lighthouses

Date of Vacancy: Approximately July 1, 1933

Justification: The vacancy in this position will come about in the following manner: The assistant keeper at Turn Point Lightstation, whose pay was $1260, resigned, and the assistant keeper at Smith Island Lightstation is being transferred to that vacancy without change in his present pay of $1320 p.a.; the third assistant keeper at Cape Flattery Lightstation is being transferred to the resulting vacancy at Smith Island at a demotion from $1320 to $1260 p.a.; the vacancy thus created at Cape Flattery is proposed to be filled by the transfer of the second assistant keeper from Yaquina Head Lightstation with an increase in pay from $1140 to $1320, the latter being the minimum of the salary range as above indicated. The vacancy which will thus result at Yaquina Head will not be filled. The present cost of the several positions involved is $5040 p.a.; the proposed cost will be $3900 p.a., a saving of $1140 p.a.

The complement necessary for the operation of the Cape Flattery Lightstation is four keepers, and the filling of this vacancy is necessary in order to maintain the complement at a minimum strength. This position requires the performance of duties directly concerned with the maintenance and/or operation of aids to navigation which must be either in actual operation or ready for immediate service at all times. In order that this service may continue without interruption, it is absolutely essential that the position be filled; otherwise the efficiency of the aids would be impaired and the hazards to navigation would be increased, endangering the safety of life and property.

In filling the vacancy at Cape Flattery Lightstation the need for economy and retrenchment has been given full consideration, and notwithstanding the reduction in available appropriations the position is considered essential to be filled.

There is returned herewith your Form 93 in the case of the resignation of Keeper Frederick Byers. It is noted this is to be effective at the close of May and this is considered too distant a date to act upon at the present time. From the remarks on the form it appears that your office granted this keeper a year's leave without pay and that he made arrangements and enrolled in school for the winter, and then that your office proposed to terminate his leave prior to the time for which it was granted, for the reason apparently that difficulty was experienced in obtaining a satisfactory person for temporary employment. Also since the resignation is not to be effective until the close of May the position could not be filled until following that date, and as stated above the action is too far in the future to be acted upon at this time.

Bureau of Lighthouses, Washington, D. C.
February 5, 1934.

Returned to Superintendent of Lighthouses, Portland, Oregon, together with form 93 and its inclosure. It appears doubtful to the Bureau that it would be proper or advisable to act upon this matter as submitted. It appears that Keeper Frederick Byers was granted one year's leave without pay expiring at the close of May 31, 1934, and that his resignation at that date is proposed. If this leave was granted without condition or without an understanding that he would be subject to recall to duty, it appears questionable that he could legally be required to report back to duty prior to expiration of the leave or have the alternative of submitting his resignation, which appears to be what is involved in the matter. Also, as the resignation is not effective until the close of May, the position could not be filled until that time and thus the advantage of acting on the matter that far is advance is not apparent. It is accordingly requested that further consideration be given the matter and that if it is desired to separate this employee by resignation that a new resignation be submitted to be effective currently rather than some months hereafter.

Hereafter please submit forms 93 in duplicate.
