Gentlemen:

Reference your File Misc-2870862. Inclosed is a letter of Mr. Millard W. Caler, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period October 1, 1941, to June 30, 1946. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Treasury Department Form 2249, describing this retirement. This form shows correct computation of retired pay to be $1,356.38 per annum, whereas, for the period October 1, 1941, to June 30, 1946, Mr. Caler was paid at the rate of $1,176.38 per annum - an underpayment of $180.00 per year, or $15.00 per month.

Computation of the amount due and appropriations chargeable are as follow:

2021255	Retired Pay, Former Lighthouse Service, CG, 1942 - - - - - - -	$135.00
2031255	Retired Pay, Former Lighthouse Service, CG, 1943 - - - - - - -	180.00
2041255	Retired Pay, Former Lighthouse Service, CG, 1944 - - - - - - -	180.00
2051255	Retired Pay, Former Lighthouse Service, CG, 1945 - - - - - - -	180.00
2061255	Retired Pay, Former Lighthouse Service, CG, 1946 - - - - - - -	180.00
	Total - - - - - - -	$855.00

For tax withholding purposes, the records of this office show that Mr. Caler claims two exemptions.

Mr. Caler's mailing address is Stony Point, New York, and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

By direction of the Commandant.

Very truly yours,

(d) Form 2249, approved 2 October, 1941.

1. Reference (a) requested that Mr. Caler's employment in the Public Health Service be verified, but a reply to reference (b), which requested additional information on his employment, was not received. Headquarters attempted to obtain verification of this employment but was advised by the Public Health Service it could not be verified without additional information, that when the data was obtained it would mean considerable searching of Field files with a resultant long delay. Since Mr. Caler had performed over thirty years' service without including his employment in the Public Health Service, and as his annuity would not be increased even though this service was verified, it was believed advisable to effect his retirement without delay.

Superintendent of Lighthouses,

Sir:

On January 6th about 7:30 P.M. I heard shouts about five hundred feet North of bell tower. I went to see what the trouble was and found two men swimming towards shore whose boat had sunk about twenty feet from shore while they were crossing the river. I got them out of the water as they were chilled through as it was very cold and blowing a North East gale. I helped them to the station as they were so cold they could hardly move. As soon as I got them in the house where it was warm I got their wet clothes off and gave them dry ones also gave them hot coffee to get them warmed up. I kept them about two hours and then got an automobile and got them to their people in Haverstraw. These men's home is across the river on Verhanks Point. They had a small boat about twenty feet long which was lost as the winds was blowing hard. They said the reason the boat sank was because it was so rough and the Newburgh boat passed them which made a cross sean and swamped them.
