Am sorry to say that John Campbell 2nd Asst.Keeper of Fire Island Lt.Sta. is not capable and extremely nervous to run the light.

He also told me that I had no say on the station and that he absolutely refuses to take any orders from me whatsoever.

He leaves the station any time he pleases and does not leave word that he is going.

On Friday night Aug.13,1926 his light was out for 30 minutes and he did not let me know that he had trouble to light up but as I walked out to look up at the light it was completely out. I quickly ran up to the tower as it was a stormy night, and asked him why he did not let me know and he told me that I have nothing to say but I put the light on and went down. He burnt up two new mantles that night.

Hoping you will look into this matter at your earliest convenience, as he is very incorrigable.

Respectfylly yours,

Subject: John S Campbell 2d asst Keeper Fire Island Light Station

In accordance with your instructions I asked keeper Karlin for additional data re his charges that 2d asst Campbell is incapable, eptremely nervous, and incorrigible.

Keeper Karlin can supply no dates on which the 2d asst refused to obey orders, and he had not much of a definate nature to add to what he wrote on aug 18, 1926 concerning the 2d asst.

On the night of Aug 13 1926 when 2d asst had trouble with the light, some words passed between the keeper and 2d asst which ended by the 2d ass stating that he would appeal to Staten Island, evidently referring to this office, and the keeper responded with, go ahead an take it up with Staten Island and find out who is in charge here.

2d assistant left station Sept 23 1926 and had not returned at 2 P M on Sept 25, 1926, The leave book shows that

he had previously been on leave Sept 7 to 12 inclusive both dates which is in excess of his allowance of 5 days when taken in one period,

His leave from Sept 22 on is unauthorized as the keeper has no power to grant an assistant keeper ~~leave~~ beyond that is provided by the regulations.

The second assistant verbal statement to 1st asst Ockenfels, that keeper Karlin is unable to write is false, Karlin writes a legible hand and reads writing without any difficulty.

Respectfully submitted

1. Forwarded herewith for the information of the Bureau is letter dated August 18,1926 from the Keeper of Fire Island Light Station, New York, relative to the services of John S.Campbell, 2nd Assistant Keeper of that station. Mr.Campbell entered the service in his present position on July 13,1926.

2. Commissioner of Lighthouses:

To obviate the necessity of returning notices of discontinuance of services during probation, dismissals, and acceptance of resignations, for amendment of effective dates, it is requested that the superintendents of the various lighthouse districts be instructed that hereafter whenever there is any question of doubt as to the date on which the action contemplated will actually become effective instead of arbitrarily setting a definite date, particularly when the employee concerned is located at an isolated station, recommendations should provide that the necessary action become effective at the close of a date to be later determined and reported to the Department.

The Acting Assistant Secretary:

Concerning the attached letter from the Superintendent of the Third Lighthouse District, forwarded by the Bureau's undated indorsement to the Department, in which recommendation is made that the discontinuance of John S. Campbell become effective at the close of September 30, instead of September 15, as originally fixed by you:

Since Mr. Campbell was apparently not advised of the fact that his appointment would terminate on September 15, this Office perceives no objection to approving the Bureau's recommendation.

In this connection, however, it has occurred to this Office that it would be well to have the Bureau instruct its superintendents that in handling cases of this character, particularly when such employees are located at isolated stations, instead of arbitrarily setting a definite date for discontinuance, hereafter whenever there is any question of doubt as to the date when the action contemplated will be carried into effect, recommendations should provide for discontinuance at the close of a date later to be determined and reported to the Department. It is felt that such a practice will obviate the necessity of subsequent amendment in effective dates.

If you concur in this suggestion, an appropriate letter will be drafted for your signature to the Commissioner.

Am sorry to say that. John Campbell 2nd Asst Keeper, of Fire Island light Sta, is not Capable and. extremely nervous to run the light. He also told me that I had no say on the station and that he absolutely refuses to take any orders from me Whatsoever,

He leaves the station any time he pleases and does not leave word that he is going.

On Friday night Aug 13, 1926, his light was out for 30 minutes and he did not let me know that he had trouble to light up but as I walked out to look up at the light it was completely out, I quickly ran up to the tower as it was a stormy night, and asked him why he did not let me know and he, told me that I have nothing to say but I put the light on and went down, He burnt up 2 new Mantles that Night
