Gentlemen:

Reference your file Misc-0916107.

Inclosed is a letter of Mr. Roger W. Campbell, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period May 1, 1935 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Standard Form 50 (9 Part) describing this retirement. This form shows correct computation of retired pay to be $1348.44 per annum, whereas, for the period May 1, 1935 to June 30, 1947, Mr. Campbell was paid at the rate of $1168.44 per annum - an underpayment of $180.00 per year, or $15.00 per month.

Computation of the amount due and appropriations chargeable are as follow:

13-65414	- Retired Pay, Lighthouse Service, 1935	$ 30.00
13-66414	" " " " 1936	180.00

Treasury Department,
United States Coast Guard,
Washington 25, D. C.

Sirs:

Transmitted herewith for administrative examination and report is the claim of Roger W. Campbell, 1812 Lake Shore Drive, Escanaba, Michigan, for the difference between retirement pay received based on net salary and that alleged to be due based on gross salary, as a former employee of the United States Lighthouse Service.

In connection therewith, it is requested that this office be furnished with copies of claimant's appointment, promotions, or any other personnel action taken while he was in a pay status for the five year period immediately prior to the date he became separated from the service and placed on retirement, together with a copy of his notice of retirement, showing the date retired and last day of duty.

It is also requested that a pay roll voucher be furnished showing the basis on which his retirement pay was computed and the amount he would have received if his retirement pay had been based on his gross salary, together with any other pertinent facts relative thereto. The payroll voucher should include complete citation to the appropriation or appropriations from which paid from the beginning of his retirement to the present date.

The enclosure should be returned with your report.

Respectfully,

P. E. Sours

Chief of Section.

Enclosure

April 16, 1935.

Mr. Roger W. Campbell,

Through the Commissioner of Lighthouses.

Sir:

In accordance with the provisions of the Act of March 4, 1925, entitled An Act to provide for retirement for disability in the Lighthouse Service, you are, upon recommendation of the Commissioner of Lighthouses, hereby retired from that service (Eleventh District), effective beginning May 1, 1935, with retired pay at the rate of $1,168.44 per annum.

By direction of the Secretary:

Respectfully,

WM. J. GARDNER, APR 28 1935

Mr. Roger W. Campbell,

Through the Commissioner of Lighthouses.

Sir:

The Department is today notifying you by separate letter of your retirement from the Eleventh Lighthouse District, effective May 1, 1935, on account of disability.

For myself, personally, and for the Department, I extend sincere thanks for your satisfactory services. I regret that impaired health has necessitated relinquishment of your official duties, and trust that the comfort you may well derive from your splendid record will soon be augmented by an improvement in your physical condition.

Sincerely yours,

DANIEL C. ROPER

Remarks: Transfer involving a reduction in salary is made at Mr. Campbell's request. The previous incumbent has been receiving $240 over the entrance salary of his grade at Grand Marais Light Sta., having been recommended for increases owing to the fact that this is a one-man station with two 5th order lights and air diaphone fog signal, the work is more arduous than other class 3 stations in the district having one keeper. It is recommended that Mr. Campbell receive $1440 notwithstanding the fact that at Detour LH his salary has been only $180 over the entrance of his grade.

Sir:-

I hereby tender my resignation as 2d Assistant Light House Keeper of Big Bay Pt. Lt. Station to take effect April 22nd 1918. my reasons for leaving the service is on account of the advancing cost of living & for me to try & support a family of nine on Assistant keepers salary, it is almost impossible I hoped to make the light house service a career but had to give up the notion for the time being. trusting you will understand my position in this matter. In the mean time should my resignation be accepted, I respectfully request that I be granted a letter of reference as a memory to the service trusting this will meet with your approval.

BUREAU OF LIGHTHOUSES

Washington

August 19, 1913.

Secretary of Commerce:

The Bureau recommends the discontinuance of Superior Pierhead Range Light Station, Wisconsin, effective at the close of June 30, 1913, in accordance with section 4674, R. S., the same having become unnecessary by reason of the establishment of Superior Entry South Breakwater Light Station, Wisconsin.

It is however recommended that the positions of keeper and assistant keeper of Superior Pierhead Range Light Station, at $624 and $480 per annum, respectively, be allowed to continue until the close of August 31, 1913, when it is recommended that they be abolished.

It is also recommended that the following complement of keepers be authorized for Superior Entry South Breakwater Light Station, Wisconsin, effective September 1, 1913:

Keeper, at $624 per annum,
First assistant keeper, at $480 per annum,
Second assistant keeper, at $516 per annum. It is recommended that the pay of the position of second assistant keeper continue at $516 per annum until such time as the incumbent of that position is provided with quarters by the Government, at which time the salary be fixed at $456 per annum, in accordance with Class IV of the Equalization of Pay Report. The keeper and first assistant keeper of this station will be provided with quarters.

Original in file

Form 73a will be submitted in due time reporting the transfer of Edwin C. Bishop, keeper, without change in title or compensation.

It is recommended that a new appointment be issued to Rodger W. Campbell, assistant keeper in the Lighthouse Service, assigned to duty at Superior Pierhead Range Light Station, Wisconsin, at $480 per annum, as first assistant keeper in the Lighthouse Service, at $480 per annum,

for assignment to duty at Superior Entry South Breakwater Light Station, Wisconsin, effective September 1, 1913 (new position).

Recommendation will be submitted in due time for filling the position of second assistant keeper at this station, if authorized.

A copy of the Inspector's letter of July 17, 1913, recommending a second assistant keeper for the new light station is inclosed, together with two letters from the Inspector on this subject, dated August 12, 1913.

The rates of pay recommended are not in excess of those for the same or similar services during the fiscal year 1913.

23 JAN 13 PM 2 41

Commissioner George R. Putnam,
Bureau of Lighthouses,
Department of Commerce,
Washington, D. C.

My dear Mr. Putnam:

Supplementing our telephone conversation this afternoon:

Mr. Rollie W. Campbell was in charge of the lighthouse station at Neebish, Michigan, and had an assistant. As he has a family of children, I think six or seven, it was finally necessary for him to secure a transfer somewhere so that his children might attend school and was transferred to Ashland, Wisconsin, and has been there since October 15, 1922. His present place is a lighthouse and fog signal station and he is there alone without an assistant, subject to duty at all times.

At Neebish, Michigan, which is not a fog signal station, he received a base pay of $70 per month, plus usual monthly bonus of $20 plus ration money 45 cents per day. He also had a house on Neebish Island. At Ashland he is getting only $65base pay, which is a reduction of $5 per month in his pay, and a reduction of $5 per month from the pay which his predecessor, Mr. J. H. Bergan, received. I believe Mr. Campbell would be entirely satisfied if his salary were restored to what he got at Neebish and I would greatly appreciate your investigating the matter and trust his request may be granted.

Thanking you for your reply, I am

Yours very truly,

F. D. Scott

1. Letter dated January 12,1923, from Honorable F.D.Scott, Representative in Congress, forwarded by Bureau indorsement of January 15, 1923, relative to the salary of Mr. R.W.Campbell, Keeper of Ashland Breakwater Light Station, Wisconsin, with report as follows: is returned.

2. This position was offered to Mr. Campbell for the principal reason that he had a large family of children. The station at Ashland affords school facilities and Mr. Campbell had previously expressed a desire tp be transferred to a less isolated station. He was informed of the fact that the position at Ashland carried a salary of $65.00 per month or $780.00 per annum base pay and accepted transfer, knowing that at his new station he would receive $5.00 per month less than he had been receiving at Middle Neebish Light Station. His household effects were transported from Middle Neebish to Ashland by tender.

3. The former keeper of Ashland redeived $5.00 per month longevity pay to which Mr. Campbell will not become eligible until August 21st of this year at which time his salary will be the same as that received by his predecessor.

4. It is not considered that the base pay of the keeper of Ashland Breakwater should be as much as is paid the keeper of Middle Neebish Light Station as the latter is a two keeper station with a number of auxiliary lights which require attendance with a motor boat, whereas Ashland is a one keeper station where the duties are comparatively light.

GJL-EK

January 27, 1923.

Hon. F. D. Scott,
House of Representatives,
Washington, D. C.

My dear Mr. Scott:

1. Referring again to your letter of January 12, 1923, with reference to the pay of Mr. Rollie W. Campbell, keeper at Ashland Breakwater Light Station, Wis.:

2. You are respectfully informed that it is the policy of the Lighthouse Service to transfer to desirable shore stations, keepers at offshore and isolated stations of longest service with good records, and, other things being equal, preference is given to keepers having children of school age, if the vacancy is at a station accessible to school facilities. Upon the occurrence of a vacancy at Ashland Breakwater Light Station, and in accordance with the above policy, the position was offered to Mr. Campbell, and he was advised that the pay of the position was $5.00 less per month than at Middle Neebish Light Station. Mr. Campbell accepted this position and his household effects were transported to the new station by a lighthouse tender.

3. The pay of all light stations is equalized according to the particular conditions at each station, and it is considered that the base rate of pay for the keeper at Ashland Breakwater Light Station compares favorably with the rates paid to keepers at other stations. In addition to the base rate of pay, the former keeper at Ashland Breakwater Light Station received $5.00 per month longevity pay, which is allowed keepers after five years' continuous service in the Lighthouse Service. It is understood that Mr. Campbell will be eligible for this longevity pay on August 21 of this year, at which time, his salary will be the same as that received by his predecessor. In view of these facts the Bureau would not feel justified in increasing his pay at the present time.

Very truly yours,

Commissioner of Lighthouses.

1. It is noted from your July Monthly Report that you went to the rescue of a 35 foot motor boat with six men on board on July 11, 1924, and succeeded in rescuing the boat and its occupants, towing them safely to the city dock at Ashland in spite of the rough weather which prevailed.

2. Your prompt action in proceeding to the rescue of persons and property in danger is considered worthy of commendation by this office and the fact that you have been so commended will be noted upon the official record of your service.

1. Mr. R.W.Campbell, Keeper of Ashland Breakwater Light Station, Ashland, Wisconsin, has submitted the following report relative to the rescue of a launch made by him on September 28th:

" On September 28th the keeper went to the assistance of a 28-foot motor boat U. 297 owned by Mr. Anderson, Manager of the Hupmobile Garage. After being stalled all night in the bay in a northeaster and their boat one-half full of water when I got to them by throwing out my anchor with 200 feet of line and then drifting forward in the breakers, I was able to get a line to them and pull them out in deep water and to the station dock. There were two men in the boat- Mr. Anderson and another man whose name I did not learn."

My dear Mr. Morgan:

The above captioned veteran is at the present time drawing a pension for three fourths disability on account of his service in the Spanish American War. He is desirous of making application for retirement pay from the Lighthouse Service, having been in the Government Service for thirty-two and one half years. I wish to ascertain whether or not Mr. Campbell may draw retirement pay and retain his status as a pensioner.

Your reply at your earliest convenience would be appreciated.

Advised per letter dated 9/12

Dear Sir:

I transmit herewith a communication addressed to the Director of Pensions by the Honorable Frank P. Bohn, on behalf of Roger W. Campbell, who, it is stated, is desirous of making application for retirement pay from the Lighthouse Service and the question is presented as to whether or not he may draw retirement pay and retain his status as a pensioner, S. C. 1,186,459.

As it was developed by telephone conversation with the Bureau of Lighthouses to-day that Mr. Campbell is now employed as a keeper of a lighthouse at Detroit and comes within the provisions of section 6 of the Act of June 20, 1918, the matter is referred to you for disposition. The Congressman has been advised of this reference.

Dear Mr. Bohn:

1. Receipt is acknowledged of your letter of September 9, which has been referred to this Bureau for reply, requesting information as to whether Roger W. Campbell, an employee of this Service, is entitled to receive retired pay in addition to his military pension.

2. You are respectfully informed that insofar as this office is aware, there is no legal objection to an employee receiving concurrently retired pay on account of civil service and a pension as the result of military service. In his present position of keeper in this Service, Mr. Campbell is subject to the Lighthouse Retirement Act of June 20, 1918, as amended, under the provisions of which he may be allowed credit toward retirement for any part of his military service which was not used as a basis for granting him a military pension.

Respectfully,

Acting Commissioner of Lighthouses.

Subject: Duties of Keeper, Grand Marais Lt. Sta.,Michigan.

1. With reference to letter dated February 25,1935, from Congressman Dow W. Harter, enclosing Father Kitter's letter of February 20,1935, in regard to the duties of lighthouse keeper Roger W. Campbell, Grand Marais Light Station, the letters referred to are returned herewith with the following report:

2. The Harbor of Grand Marais is a little used harbor. It is a harbor of refuge of such shallow depth that few of the larger lake boats could enter it in time of stress. There are only a few passages of vessels in and out of this harbor during the season. The keeper lives near the entrance to the harbor and has in his charge an automatic acetylene light, front range light located on the pierhead some little distance from his dwelling which requires very little attention, and a rear range light which likewise requires very little attention. In addition, the keeper has charge of a fog signal located at the pierhead which is remote controlled by cable. The fog signal house where the fog signal engines are located is near his dwelling. The keeper is authorized to employ a laborer when conditions require the continuous operation of the fog signal for at least 16 hours. From the keeper's fog signal report during the season of navigation 1934, the longest runs of the fog signal are given as follows:

May,	2 hrs.	Sept.,	10½ hrs.
June,	9 "	Oct.,	6¼ "
July,	10 "	Nov.,	4½ "
Aug.,	4½ "	Dec.,	12½ "

3. During this same year the office paid bills of the keeper for a laborer assisting the keeper on four occasions when the keeper was undoubtedly kept on watch for long periods of intermittent threatening fog runs.

4. Upon application of the keeper, this office is taking up the matter of his disability retirement at the present time. This keeper is in a highly nervous state, due to a physical condition, and the office has taken this into consideration in placing him at this station

(continued)

which is regarded as a very favorable location for keeper's duties so far as this District is concerned. The work is generally light and the aids to navigation are not so critical as in other locations.

5. The office records indicate that Mr. Campbell now draws a pension, certificate#1186459, for disability incurred as a result of military activities in the Spanish War, Philippine Insurrection and Boxer Uprising.

6. These facts would indicate that an erroneous impression has been created by the letter written by Father J. M. Kitter, St.Martin's Church, Valley City, Ohio. Perhaps this impression has been gathered by Father Kitter from the volubility of the keeper, who in his present condition is inclined to magnify his conditions of employment.

March 19, 1935

Hon. Dow W. Harter,
House of Representatives,
Washington, D. C.

Dear Mr. Harter:

In further reference to your letter of February 25 inclosing one from Father J. M. Kitter of St. Martin's Church, Valley City, Ohio, in the interest of Mr. R. W. Campbell, keeper of Grand Marais Light Station, Michigan:

While this is a single keeper station the keeper is authorized to employ additional help when conditions require the operation of the fog signal for an extended period. The station has a dwelling for the keeper, and on account of its location and the nature of the apparatus at the station it is generally regarded as a desirable station throughout the district. Mr. Campbell appears to have been in ill health recently and the question of his retirement on account of disability is under consideration at the present time, which action is provided for in the retirement law. The records also indicate that Mr. Campbell receives a military pension on account of previous service in the U. S. Army.

It appears that the condition of Mr. Campbell's health might possibly make his duties at the station seem unduly heavy, and as indicated his retirement on account of disability is under consideration and will result in his retirement in the event that medical examination in the case indicates him disabled for active duty. Father Kitter's letter in the matter is returned herewith.

Very truly yours,

Gentlemen:

We have an open account with R.W. Campbell, who has been retired from the Lighthouse Service, which we believe to be uncollectable in our regular course of business. This account is for garage repairs and could really be termed a necessity as when the bill was incurred Mr. Campbell lived at Grand Marais and needed a car to obtain necessary supplies as food etc.

We have attempted collection through our local courts, but this man has nothing of value except his monthly government check.

We pay over $1500.00 a year in taxes--part of which must go to help pay this mans salary. Now it doesn't seem fair to us that we must help support men of this kind and they in turn can cheat us out of our money. We should like to have your opinion in regard to this matter and advise us how far you will go in aiding us to collect this account.

Thank you.

Appears controversial case which should be for legal adjustment. There is no ability to hold basic check for retired pay. Advise writer -

Commissioner of Lighthouses,
Washington, D. C.

There is returned herewith letter of May 26, 1936, from Robert J. Wynn, Incorporated, Sault Ste.Marie, Michigan, as requested by endorsement of June 2, 1936, relative to an alleged indebtedness on the part of R. W. Campbell, a retired lighthouse keeper.

The matter was taken up by this office with Mr. Campbell and his reply dated June 5, 1936 reads as follows:

"Referring to your letter of June 4 in regard to Robert J. Wynn, Inc. of Sault Ste. Marie, Michigan, relative to indebtedness covering garage repairs. The cars bought of him were paid for in full and did not give me satisfactory service and I told them so, after leaving over $1500.00 in three years with them for two cars. I protested that I didn't get satisfactory service out of these cars for money spent but they made all repairs but gave me no satisfaction on my protest for not getting the service I should have had for money spent on a new car and a turned in car that cost me $6.00 to run 119 miles to my station before I retired from the Service last May and this was on the first trip out in this car. Because I did not take and trade in on a new car and take a big loss besides, that is why you get this letter from them for repair bills I think they should have made good on the money received.

"On my retired pay of $97.37 per month, supporting 8 months, clothing, medical care for myself for 9 months, pay rent, light, fuel and water and life insurance out of the above amount, is not meeting my monthly obligations some months at all, and if your office can see I am not justified in this stand, I will do all I can to take care of this matter."

June 11, 1936.

Robert J. Wynn, Inc.,
Sault Ste. Marie, Mich.

Gentlemen: Attention Mr. Joseph M. Turley, Secretary.

Further reference is made to your letter of May 26, 1936, in regard to alleged indebtedness to you of R. W. Campbell, a retired lighthouse keeper.

As you are probably aware, there is no authority of law for attaching or withholding a payment due from the United States for compensation, it being required that payment be made to person to whom it is officially due; and since Mr. Campbell is in a retired status, this Service is not in a position to exercise effective disciplinary authority over him.

Moreover, it appears that Mr. Campbell makes counterclaims regarding the matter in dispute, indicating that he may have some equities in the matter in view of which it seems that in any event the case would first call for legal adjudication.

For the Commissioner:

Respectfully,

As a former member of the Lighthouse Service and on the retired list from the Great Lakes under Captain Chas. A. I am also a War Veteran of three wars and would go into action again if they would let me because I know the type of people we are at war with now, and if I can't get into action you surely could use me at some station or base. I am quite familiar with all Coast Guard Duties and can operate any picket boat up to sixty-five feet from either end. My record is in your Washington Headquarters. Sir:

I am in receipt of your letter of December 11, in which you indicate your willingness to return to active duty in the Service in the event your services could be utilized.

It is noted from the record that you were retired from the Lighthouse Service on account of disability effective at the close of April 30, 1935, after having served more than thirty-two years in a civilian capacity and nearly four years in the United States Army. From this it appears that you have given the greater part of your life to the public service, and this office desires to express its hearty appreciation of your willingness to add to that record. Your further employment in the Federal Service, however, would require that you be in proper physical condition, and under the conditions of your retirement this would appear impracticable.

It is suggested that if you desire and feel able to participate in the work incident to the prosecution of the present war you endeavor to obtain employment in some branch of industry engaged in the national defense program or that you participate in the civilian defense program in your own community.

By direction of the Commandant.

Very truly yours,

T. O. ROBERTSON, Chief,
Civilian Personnel Section.

Gentlemen:

Inclosed is the claim of Roger W. Campbell, former Lighthouse Service Keeper, Retired, claiming the difference in retired pay based on gross pay over that based on het pay (gross pay less deduction for occupancy of Government quarters). Reference is made to Comptroller General's decision of 23 October, 1947 (B-70029).

It is requested that the claim be returned to the Commandant (FA-PA), Washington 25, D. C., for processing, after it has been recorded in your office.

Dear Mr Park:-

Hear I am again. to let you know I am still alive & well much more so. since last Feb 13th when I was operated on for a Strangle Herna which no doubt. was bothering me for years. I now weigh in at 190. Pounds some thing I've never had before & feel fine as well as the (2) girls I have left at home out of the 12. Children the rest are doing alright on their onward. so since Dec 11th 1941. when I wrote you last a lot of things has happened in this War of ours and you know I was turned down to help out in this War 4. days after Pearl Harbor well see What happened since? well I am going to try again. I want to do my share in this War even if it is only dock watchmen or to operate a small picket boat. or will go into any Light house duty on the Lakes or Coast. which work you know I am familiar with. We have several places in our old district where changes are being made. & would accept any of them for the duration of the War. and I am sure I am

Physically fit enough for the duration to fill in a lot of places and use the other man where he could be more useful I have 3. of my Sons in the Service now and I want to get in there and do my bit too. and I know I can do it If the Physical & Age Limits could be waived on account of my Experince of Coastmen Ships and Shel duties of the Lighthouse Service I know my retire pay would Stop for the duration but I can get along on Service pay If I go back to my rate of pay And if you can help approve my letter to duty in any Capacity I will appriciate it. The Copy Enclosed is for your Information. & hope this letter finds you in good health. also my Friendly regard to Mrs P. because of the late Mrs Campbell & Mrs Park. when you both visite us when I was Keeper at Key Dour In 1926. these little memories always will be with us. Thanking you Mr Park. for any thing you can do.

Subject: Request for reassignment to active duty for the duration of the war.

1. Having served for over thirty years in the lighthouse service prior to my retirement on April 30, 1935, and having had experience in three wars, I feel that I can be of some service to my county during the present emergency.

2. I am 61 years of age and at the present time believe myself to be in fit physical condition to perform some of the duties required of service personnel in lighthouse work or in small boat operations performing patrol duties. Being in civil service status, I assume I would not be eligible for duty with the Coast Guard in law enforcement but I do feel I could relieve some younger man now performing lighthouse duties.

3. I solicit your favorable consideration of this request and assignment to active duty at any light station unit where my services may be of value.

Mr. Roger W. Campbell,

Escanaba, Michigan.

Sir:

In reference to your undated letter in which you request that you be assigned to active duty, the record shows that you were retired on account of disability, effective at the close of 30 April, 1935.

The Act of August 5, 1939 provides for the filling of vacancies in positions of keeper by enlistment in the military branch of the Coast Guard; therefore, civilians from outside the Service are not being appointed to such positions. There are some positions, such as classified laborer, unskilled laborer, boilermaker, mechanic, and machinist, in which civilians may be employed. These positions ordinarily require physical ability to perform arduous duty,

Before you could be considered for any type of employment in this Service, it would be necessary for you to be found physically able to perform duty, and in that event your retirement pay would be suspended. If, under the circumstances, you desire to take the matter up further with a view to being returned to duty, you should apply to the District Coast Guard Officer, Ninth Naval District, Cleveland, Ohio, stating the position for which you want to be considered.

Very truly yours,

T. O. ROBERTSON, Chief,

Dear Reference Archivist:

The Michigan Department of State, Michigan Historical Center administers the Tawas Lighthouse as part of Tawas State Park, on Lake Huron in Michigan's Lower Peninsula. The original lighthouse, built in 1853, was replaced by the existing structure in 1876.

I write today seeking your assistance. We are looking for background information regarding Tawas Lighthouse lightkeepers. According to our records George Galbraith (1900-1901); Edward Sinclair (1901-1904); Roger W. Campbell (1906-07); Joseph A. Shorkey (1908-09); and Arthur A. Cleary (1910-1912); all served as assistant keepers at Tawas lighthouse.

Does the National Personnel Records Center Historical Center have any information regarding these men? The Michigan Historical Center is willing to pay for reproduction and mailing costs. Any information will be appreciated.

Thank you for your assistance. If you would like to speak to me by telephone I can be reached at (906) 475-7857. We look forward to hearing from you.

Dear Sir:

Your letter of 20 June, 1942, addressed to Commander F. P. Dillon, expressing your desire to enlist for active duty in the Coast Guard Reserve is acknowledged. The records show that you were retired from the former Lighthouse Service on 1 May, 1935, after examination by a physician of the U. S. Public Health Service who certified that you were permanently disabled for duty. In the absence of any evidence that you would be able at this time to pass the rigid physical examination prescribed for enlistment in the Coast Guard, and also of the fact that you are 61 years of age, which is six years over the maximum age limit, no encouragement can be given to your effort to enlist in the armed forces of the United States. It is suggested that you contact your local civic organization for home defense, where your abilities could no doubt be utilized in the cause for which those in all walks of life are contributing to the common welfare.

By direction, District Coast Guard Officer, Cleveland, Ninth Naval District.

Dear Mr Dillion:-

This letter may surprise you after being out of the service 6 years. but this War has me wanting to do my bit due to fact I was retired after 30 years on Disability does not mean I have not improved in health on the Contary I am sure I have, and I am sure for the duration of the War. I can be used some place. In the C.G. reserve If nothing else, I have operated boats up to 65 feet on Lake Superior and St Marys River and know these Waters very good and I've made application to Cleveland Office to get in the C.G. Reserve as bosun Mate 1st Class or better If I can get it due to my long years in this District under you and former Officers of the Lighthouse Dept I can find no better way to get into this thing for the duration than to write you of my desire for this service for the duration I used your name in my application. I am past the age Limits but due to

my past service & long Experience
in boatmen Ships seems to me the
age Limits could be waved
in my case. what do you think?
I am aware I will loose my retire
pay for the duration of War.
but after discharge I would
revert back to my retire status
this I think is correct. and if so.
I would appreciate it if you could
lend some aid for allowing me
to do my bit. in any way I can help in
winning this War. thanking you
for any help you might be able to give

Sirs:

Reference is made to your letter of August 18, 1938, regarding the unpaid balance of your account with Rollie W. Campbell, Escanaba, Michigan (C-111368), a retired lighthouse keeper.

Inasmuch as Mr. Campbell has been retired from active duty, this office is unable to exercise any administrative control over his personal conduct. The action taken in response to your previous communication, when a report was requested from Mr. Campbell, is about all that can be done in the matter. In other respects, he is of course responsible as a private citizen subject to, and is amenable to action of the court should you desire to make collection through due process of law.

Respectfully,

F. P. Dillon,
Superintendent of Lighthouses.

Dear Sir:

We wrote to you some time ago concerning Mr. Campbell and the account which he has with us. You were very kind and answered our letter. We most certainly appreciated that.

Mr. Campbell continues to disregard the terms of his agreement in not sending payments as he agreed to on his account. We received only $1.50 in June and July, only $2.00 in May and only $3.00 in April, etc. He promised us definitely to send us $7.00 a month.

Our customer told us he had an income of $97.50 a month but still he does not pay. We understand that there is no way to force payment on your part but we hope that you will aid us by speaking to him if you have the opportunity, explaining that it would be to his own advantage to pay regularly on the account.

Anything at all that you can do for us or any information you can give us that will aid us in a friendly settlement of the account will be greatly appreciated. Here is an envelope for your reply. Thank you.

Sirs:

Referring further to your letter of April 19, 1938 (C-111368) regarding your account with Mr. Rollie W. Campbell, a retired lighthouse keeper, Mr. Campbell has advised in response to letter of April 23 from this office that he is making payment to the best of his financial ability. He requests that it be brought to your attention that he does not now receive $130 per month but that his retired pay is $97.37 per month which is his only source of income.

It is contrary to the policy of this office to act in the capacity of a collection agency and it is therefore suggested that if you consider any further action necessary the matter be handled directly with Mr. Campbell.

Supt of Lighthouses,
Detroit. Mich,

Dear Sir N.M. Cross,

In reply to your copy letter regarding my bill with Montgomery Ward Co, they sent into your Office and they said I didnt make a full monthly payment since October 1936. I cannot deny that because most of receipts and other goods are in Storage and will be unable to check up on these receipts. but I have been sending them payments some what smaller because I could not make my $97.37 per month go around when there is no other money coming into this home but mine & to support payment fuel & light food cloths & Life Insurance. out of that and this Company keeps charging I am getting $120.00 per month yet. which was my regular salary when on active duty I wish you write them different please. (note) I ask them to reduce my payments but got no answer. also this bill was made by a party who came into my life and I had to get rid of her within a year. You can guess what I mean? and this is up to me to clean up this bill for her. Mr Cross. This is personal & I dont care to have

Ever body know what a mistake I made in trying to find some one to take care of my little motherless children.

If you will Explain to this Company that I am not making $130.00 but $97.37 and I am willing to settle this for what I am able to give them each month from $3.00 to $5.00 per month till this bill is paid up. that is really the best I can do. for the time being have a Son out of high school 2 years & unable to get a regular job of any kind made just enough to buy his Clothes and not able to give me a penney for his room & board and still going to school so you can figure out how far my retire pay can go. my rateing here is very good and I am trying to keep it that way. so. If you will word your letter to this company as you understand mine I will appreciate it.

Respectfully,

Last December, you were kind enough to tell us that Mr. Campbell was receiving a pension of $130.00 each month through your office as a retired lighthouse keeper. Is he still receiving this pension?

He has not sent a full $7.00 payment on his account with us since October, 1936. As he receiving $130.00 each thirty days, we know of no reason at all why he should fail to pay as he contracted to do. As you are probably aware, there is no authority of law for attaching or withholding a payment due from the United States for compensation, it being required that payment be made to person to whom it is officially due; and since Mr. Campbell is in a retired status, this Service is not in a position to exercise effective disciplinary authority over him.

Dear Sir:

Mr. Campbell has not kept his agreement to send us $7.00 a month for the merchandise he purchased under a conditional sales contract.

We were influenced in allowing him credit because he was employed as a light keeper by the United States Government. We understand that he is now retired and receiving a pension of $130.00 a month. Do you know of any reason why he can't pay? He has not sent us a full payment on his account since last February and before that he had sent us no money since October, 1936. His entire balance is very seriously past due. He has forced us to refer the account to an attorney for collection at his expense. Before authorizing definite action through the county courts, we are writing you in the hopes of effecting a friendly settlement. Perhaps you would feel justified in speaking to him about the account. Any information you care to give us will be greatly appreciated and held strictly confidential. WASHINGTON

June 11, 1936.

Robert J. Wynn, Inc.,

Gentlemen: Attention Mr. Joseph M. Turley, Secretary.

Further reference is made to your letter of May 26, 1936, in regard to alleged indebtedness to you of R. W. Campbell, a retired lighthouse keeper.

As you are probably aware, there is no authority of law for attaching or withholding a payment due from the United States for compensation, it being required that payment be made to person to whom it is officially due; and since Mr. Campbell is in a retired status, this Service is not in a position to exercise effective disciplinary authority over him.

Moreover, it appears that Mr. Campbell makes counterclaims regarding the matter in dispute, indicating that he may have some equities in the matter in view of which it seems that in any event the case would first call for legal adjudication.

Commissioner of Lighthouses,
Washington, D. C.

There is returned herewith letter of May 26, 1936, from Robert J. Wynn, Incorporated, Sault Ste.Marie, Michigan, as requested by endorsement of June 2, 1936, relative to an alleged indebtedness on the part of R. W. Campbell, a retired lighthouse keeper.

The matter was taken up by this office with Mr. Campbell and his reply dated June 5, 1936 reads as follows:

"Referring to your letter of June 4 in regard to Robert J. Wynn, Inc. of Sault Ste. Marie, Michigan, relative to indebtedness covering garage repairs. The cars bought of him were paid for in full and did not give me satisfactory service and I told them so, after leaving over $1500.00 in three years with them for two cars. I protested that I didn't get satisfactory service out of these cars for money spent but they made all repairs but gave me no satisfaction on my protest for not getting the service I should have had for money spent on a new car and a turned in car that cost me $6.00 to run 119 miles to my station before I retired from the Service last May and this was on the first trip out in this car. Because I did not take and trade in on a new car and take a big loss besides, that is why you get this letter from them for repair bills I think they should have made good on the money received.

"On my retired pay of $97.37 per month, supporting 8 months, clothing, medical care for myself for 9 months, pay rent, light, fuel and water and life insurance out of the above amount, is not meeting my monthly obligations some months at all, and if your office can see I am not justified in this stand, I will do all I can to take care of this matter."

Gentlemen:

We have an open account with R. W. Campbell, who has been retired from the Lighthouse Service, which we believe to be uncollectable in our regular course of business. This account is for garage repairs and could really be termed a necessity as when the bill was incurred Mr. Campbell lived at Grand Marais and needed a car to obtain necessary supplies as food, etc.

We have attempted collection through our local courts, but this man has nothing of value except his monthly government check.

We pay over $1500.00 ayear in taxes -- part of which must go to help pay this man's salary. Now it doesn't seem fair to us that we must help support men of this kind and they in turn can cheat us out of our money. We should like to have your opinion in regard to this matter and advise us how far you will go in aiding us to collect this account.

Thank you.

Very truly yours,

Commissioner of Lighthouses,
Washington, D.C.

Subject: Duties of Keeper, Grand Marais Lt. Sta.,Michigan.

1. With reference to letter dated February 25,1935, from Congressman Dow W. Harter, enclosing Father Kitter's letter of February 20,1935, in regard to the duties of lighthouse keeper Roger W. Campbell, Grand Marais Light Station, the letters referred to are returned herewith with the following report:

2. The Harbor of Grand Marais is a little used harbor. It is a harbor of refuge of such shallow depth that few of the larger lake boats could enter it in time of stress. There are only a few passages of vessels in and out of this harbor during the season. The keeper lives near the entrance to the harbor and has in his charge an automatic acetylene light, front range light located on the pierhead some little distance from his dwelling which requires very little attention, and a rear range light which likewise requires very little attention. In addition, the keeper has charge of a fog signal located at the pierhead which is remote controlled by cable. The fog signal house where the fog signal engines are located is near his dwelling. The keeper is authorized to employ a laborer when conditions require the continuous operation of the fog signal for at least 16 hours. From the keeper's fog signal report during the season of navigation 1934, the longest runs of the fog signal are given as follows:

May,	2 hrs.	Sept.,	10⅛ hrs.
June,	9 "	Oct.,	6¼ "
July,	10 "	Nov.,	4⅝ "
Aug.,	4½ "	Dec.,	12⅛ "

3. During this same year the office paid bills of the keeper for a laborer assisting the keeper on four occasions when the keeper was undoubtedly kept on watch for long periods of intermittent threatening fog runs.

4. Upon application of the keeper, this office is taking up the matter of his disability retirement at the present time. This keeper is in a highly nervous state, due to a physical condition, and the office has taken this into consideration in placing him at this station

(continued)

which is regarded as a very favorable location for keeper's duties so far as this District is concerned. The work is generally light and the aids to navigation are not so critical as in other locations.

5. The office records indicate that Mr. Campbell now draws a pension, certificate#1186459, for disability incurred as a result of military activities in the Spanish War, Philippine Insurrection and Boxer Uprising.

6. These facts would indicate that an erroneous impression has been created by the letter written by Father J. M. Kitter, St.Martin's Church, Valley City, Ohio. Perhaps this impression has been gathered by Father Kitter from the volubility of the keeper, who in his present condition is inclined to magnify his conditions of employment.

Roger W. Campbell, Keeper
Grand Marais Harbor of Refuge Light Station,
Grand Marais, Michigan.

In accordance with your request of February 27, 1935, there is inclosed herewith a certificate of medical examination for disability retirement. It is noted from your letter that there is no longer a Government doctor at Grand Marais, and you should therefore present yourself to the Public Health Service physician at one of the points named in the attached list. For your information it may be stated that the Government physician at Munising is absent from the city and will not return for some time. If you are found eligible for disability retirement, same would be effective at the end of the month in which examined.

Supt. Of Lighthouses,
Detroit, Michigan,

Sir:-

I have tried to avoid writing your Office any further about my physical condition after I received your letter of December, 1934, I made up my mind to carry on if it was at all possible for several reasons. You pointed out to me but due to increase dizzy spells I been having during the winter months. I find I will not be able to carry on the work as I done in the past.

So I therefore respectfully request I be allowed to appear before a U.S. Public Health Officer as soon as it is convinient to your Officer for disability retirement.

December 19,1934.

Keeper,
Grand Marais Harbor of Refuge Lt. Sta.,
Grand Marais, Michigan.

1. With reference to your letter dated December 16,1934, there has been so much written by you in regard to your physical condition, and so much informal discussion that it is about time you make up your mind definitely how you feel physically with respect to your duties as a Lighthouse keeper, and determine whether you desire to be examined by a U.S. Public Health Officer for disability retirement.

2. This office is not particularly desirous of having the local Public Health Officer at Grand Marais, Michigan, examine you. When you make up your mind you desire to appear before a Public Health Officer, this office will designate the proper officer to make the examination. There is no evidence in this office that you are not qualified to carry on the duties of a lightkeeper at Grand Marais, Michigan, which appear particularly favorable to your condition in comparison with duties of other keepers in this District. This office would not approve of permitting you to remain on active duty if upon examination by a Public Health Officer it was determined that you were unable to carry on the duties of a lighthouse keeper.

3. All the points which you raise in regard to the rent of houses, school terms and other such matters have nothing to do with the decision of whether you are physically disqualified to perform your duties. If you think that you are physically disqualified, then you should be examined at once and retired, so that this office may have an opportunity to fill the position at Grand Marais, as there are no doubt many in the Service who would be pleased to be appointed keeper at this station. You are requested to be guided accordingly.

Superintendent of Lighthouses.

Regulations require that if he should be found eligible for disability retirement it would be effective at the close of the month in which examined.

Sir;

Respectfully request to make application for disability retirement as my physical condition has not improved any in the past year and half. and during this long winter I have Rheumatism that has kept me more or less to quarters during most of the winter, besides the increasing dizzy spells that I have had off and on since I was keeper at Middle Neebish I918 toI922, caused by heart trouble. as your office records will show at that time.these increaseing dizzy spells makes it dangrous for me to climb my outside pierhead towers.for a fall from either one will mean most anything,that is my reason for request for disability retirement,and I still have six minor Motherless children needs me for awhile yet,

2. IN case examination is granted for retirement there is a new public health Doctor took over that office here about the last of January,I934, would it be possible for the examination take place here? being this offical has just arrived in this community.he would be fair to the service and myself and would save the expence of transportation else where,such as Duluth Marquette and Cheboygan,these places would be my preference If I cannot be examined here, for your information I am inclosing my WAR Service discharges from the US.Army during the three wars I served in over SEA .to check with your records for lenght of service with my goverment. please return them when convenient for they are something I am proud of as well as my children,

Sir;

I want your office to know that after so many years in this service it is mighty hard thing for me to do, to ask for disability retirement, for I love the service and all the personals and those who have been my superior officers, it has been a wonderful life to me and I will miss it very much should I be allowed to retired on disability.
but I believe it is the only thing to do if I have the approval of your office.I know sooner than later these pierhead towers is going to get me, for several times I have had some close calls in heavy winds trying to get up and down to light up or put out for these towers are entered from outside on iron ladders.
and these dizzy spells come when I less expect them, even going out to the outer pierhead it is dangerous for even a healthy man to go out there some time as there is no protection for a keeper if he has to go out there when something goes wrong with the Diaphone or compressors, but Inever made any complait.but I can see there is no chance of me carrying on much longer especially for high work and out over the breakwater like I use to do, so I will try to get out on disability retirement if you will approve of same, thanking you for anything you can do,

Respectfully,

Sir:-

I respectfully request my name be considered for transfer to any of the following stations, should there be a vacancy between now and July 1st 1934.

Cheboygan Range Light Station - Alpena Light Station.
Fort Gratiot Light Station - Little Lepids Cut Light Station
Marquette Light Station - Duluth Pierhead Ranges.

Any one of these station will be acceptable if given on account because of the better facilities for bring up my 7 motherless children all under age. and who has never had a chance and it is still worse since I had to take the place of both Mother and Father. I cannot get a women housekeeper to stay longer than two weeks in the past 4 years. they find this life to lonely. and they up and leave. and the environment is very bad for 6 motherless children which happens to be girls and no Mother to teach and guide them that is my reason for a transfer to any of the above Station

Copy to F. P. Dillon, Lighthouse Superintendent. This keeper, Mr. R. W. Campbell, makes request for transfer to some other station where there would be better advantages for his large family of children. He suggests Cheboygan Range, Duluth Range, Marquette, Little Rapids Cut or Alpena. The tenor of his letter is similar to that of others received from him in recent years, which have been given consideration by Mr. Park. In the past Mr. Campbell has been considered as fairly satisfactory for a station of but little importance, as in the case of the one at which he is stationed. At one time he was in charge of Detour Light Station and his transfer was found necessary to a station of less importance. The stations which he considers satisfactory are among the most desirable stations in the district and there are a large number of other keepers also desirous of obtaining transfer to these stations when they become vacant.

Superintendent Of Lighthouses,
Detroit .Michigan,

Sir;

AS I understand I cannot request retirement from the service under the general retirement act. which does not include any of the personals of the lighthouse service, unless the person is at the required retirement age. which again Bars me , after more than 33. years goverment service, but I too young to get out, so I therefore respectfully request a change of station for the reason of better advantages for my 7 Motherless children who has been with out a Mothers care for past 4 years, the care has been mine most of the time since my wifes death, 4 years ago there are 12 children in all 5 of them are out on there owen and I still have 7 with me. the oldest is 18 the youngest is## 5 years old past, all going to school but is doubtful if there will be shhool more than two month here, no money to continue, so the Superintendent of schools told me, so with that and the advantages thechildren would have to get to another place where they could earn something for there cloths during school vacation would help me a whole lot, and the change would be a relief to me this town is no place to bring up young girls or Boys there is no law here too much politic.s in this village, and there is no amusement for young people here, so anything you can do will be more than appreciated, any of the following stations will answer the purpose, Cheboygan Ranges, -Duluth Ranges -Marquette Sta. Little Rapides Cut. Ranges ST Marys River, Alpena Station, any of these 5. stations will be satfactory to me with the approval of your office,

1. Referring to your letter of March 3rd, in regard to the matter of possible retirement for disability, you are advised that this office knows of no restriction as to the seeking of employment by an employee of this Service who has been retired for disability, except that it would be presumed that he would be unable to perform duty of a character similar to that required by the Service, or otherwise he would be ineligible to retirement.

2. It is quite possible, however, that an employee might be unfitted for the work of this Service and at the same time be entirely able to perform certain other duty of not so exacting a character. Undoubtedly the right is reserved to require the re-examination of an employee at any time, who has been retired for disability, so that he may be reinstated to active service should his condition be found such as to warrant that action; also it would be necessary for this office to be able to certify at the time of your retirement that there was no other position available in the Service to which you could be transferred and in which you could perform the duty satisfactorily. The medical officer himself makes a statement as to whether or not the disability is permanent, and if it is not permanent, he recommends when a re-examination should be made and that is arranged for. Re-examination is not made sooner than one year after retirement in any case.

3. In regard to therpercentage cut of retirement pay, you are advised that the 8-1/3% appliéd to retired pay and that the 15% will likewise apply, although the base rate is computed on the average of the five years preceding retirement, not counting the cut. In other words, your rate of retired pay is computed as it always has been, regardless of the cut, but the amount you receive is reduced by 15% under the present economy legislation.

The Boy has been layed off from the railroad for 2 years and I couldent see them go in charity, as long as I could share with them.

2. In reference to my request for retirment on disability which you so generously offered to assist me. I feel at this time it would be against my better judgement to go threw with it. on account of the possibility of Steel having 2 familys to support on a smaller income, because as I understand or have been informed that the disability law will not permit me to seek extra employment outside of the service. even tho I have over 30 years service to my credite. this is a matter which is keeping me from desideing what to do.

1. Reply to your personal letter of the latter part of December, in regard to the possibility of transfer, has been delayed until this time as no action in the matter of transfers can very well be taken until they are all handled at the same time, also the availability of possible transfers is not known until decision has been arrived at as to retirement by all eligible keepers. Your desire for transfer to Duluth, Marquette, Fort Gratiot, Saginaw River, Cheboygan and Little Rapids Cut has been noted to receive consideration with others in the event of vacancies occurring at those stations. It may be stated, however, that no keeper vacancies at any of those stations are now expected this year.

2. In reference to the matter of your retirement for disability and your feeling that the examination by Dr. Willison was not sufficiently comprehensive to determine your real condition, you are advised that this office would have no objection to again ordering you before a physician of the Public Health Service for examination, but in view of Dr. Willison's report, it is believed that you should first be examined by some doctor in your locality and ask him to communicate to this office the result. If that indicates that your feeling as to your degree of disability is correct, then this office would issue request for a confirming examination by an officer of the Public Health Service. In view of your feeling as to examination by Dr. Willison, it is believed that it would be better if this Public Health Service examination could be arranged at some city where adequate facilities would be available, and if you expect to be in Detroit, Duluth, Marquette, or other such location at any time in the near future, it might be well to arrange for the examination at one of those points if possible. This office will take no action on the matter, however, pending your further advice.

Sir:-

I hope you will pardon me for writing you this personal letter as much as it is not the proper thing to do, but I know you will overlook it this time because of the intrest you have always taken in all your Employees thru out the district and especially in my case & to be frank with you Mr Park. I would like to know if it is at all possible I will have a chance to be considered for a transfer this coming season should there be vacancy in any of the following stations Duluth - East Detroit Marquette Ranges. Sag- naw Liver Ranges. or Cheboygan and Little Rapids cut, the first two stations would be the more preferable on account of the better opportunities for the children to learn some trade or profession but if this can not be done either of the other stations would do. and if this is not possible on either case to be transfered I would like to make application again for retirement under the same conditions as a year ago but would not care to be sent back to the Soo. to Dr Clayton Willison who did not give me a satisfactory Examination because of personal matters concerning the birth of my first child and the condition my wife was left in thru his neglect & this was a great chance I believe to get even with me because of this case 2 years ago. his Examination consisted of taking off my shirt to my waist & his report said 100 per cent Expansion. I wish to protest this Examination and try Dr. again some where else than the Soo if I cannot get a transfer to another station. - I am still taken the place of brother & father to my children & am anxious to do all I can for them & I know you have especially tried to help me gain these ends & I want you to know I apperiate what you have done & tried to do for me & my motherless children any decision you make I will abide by it.

Mr. Campbell further states that he has had very heavy expenses in hospital bills and doctor bills during the last two years, and that it has been extremely hard for him to meet necessary obligations, including food, life insurance for his large family, etc. He states that he is doing his very best to get this bill, owing to Mr. McDonald, settled, and advises if he can spare more than $3.00 per month he will do so. Under the circumstances as to the manner in which the sale was made, it would appear that Mr. McDonald should be satisfied with this arrangement, since it is undoubtedly the best Mr. Campbell can do in view of all the conditions with which he is confronted.

Referring to your letter from the Northern Wisconsin Mortgage Loan Company of Ashland Wisconsin as to the bill with J.B. McDonald for clothes I bought of him. Mr Park this has been thorn in my side for some time and I wish I had the means to get this paid up at once. because the sentence he Mr Woodward put on his letter to you I needed the clothes badly. Mr Park this is falsehood by both he and J B McDonald, for those clothes was wished on me and my boy. and Mr McDonald said you pay for them when ever you can and before accepting them I told him I would get along with what clothes I had because I had plenty of places for my money with a large family and he said you want be able to buy from me again? So take them & pay when you can after different letters & more than explaining my troubles this is way they are collecting, I could pay some $3.00 per month

as I have had over $550.00 hospital bills since Sept 1924
and still paying up and on top of that my little
girl taken down with Infantile paralysis ran into
$265.00 to date and then I myself had to have a
new set of teeth last January besides feed and cloth
my family and keep up life insurance,
so you can readily see where my money goes.
but they cannot see my side of it.
after forcing the goods on me which they knew
they could not sell any more goods to my family
after moving into Michigan so after patting me on
the back. this is the falsehood they write your Office
I wrote your Office the threatening Telegrams they sent
me collect one for $1.65 and another for $1.05 which was
taken over a public telephone here in Grand Marais
the wording of these telegrams was not pleasant to receive
after conversing over a public telephone in a store, and
the payment was not large enough to suite them
that is why they are dogging me by writing your Office
I am doing my best to get this bill settled and will
make ever effort to get it over with as soon as possible
If I can spare more than Three dollars per month I will do so.
If this is satisfactory to your Office, I rest respectfully,

C. H. Campbell
Keeper.

Sirs:

1. Referring to your letter dated November 28, 1928, regarding indebtedness of R. W. Campbell to your client, Mr. J. B. McDonald of Ashland, Wisconsin.

2. It is noted that the present balance due is stated to be $57.43 and that a total of $12.50 only is stated to have been paid during the last seven months. This matter is again being referred to Mr. Campbell and you will be further advised upon receipt of his reply.

Respectfully,

Superintendent of Lighthouses.

Copy to Keeper, Grand Marais Harbor of Refuge Light Station, Grand Marais, Michigan, for his information. The above mentioned letter from Mr. Woodward is couched in considerate language but he feels that $12.50 over a period of seven months is rather small in view of Mr. McDonald's action in providing you with clothes at a time when you needed them badly. This office feels that you should make some definite arrangement to satisfy this indebtedness as soon as practicable and it is requested that you advise what you can and will do to pay this claim off, stating also how soon it can be paid.

Dear Sir:

We regret that it is necessary to again call your attention to the fact that we are not getting any money out of R. W. Campbell. We appreciate your attitude on this debtor, and undoubtedly he is telling you the truth and us about his situation. However, this account of $69.93 originally has only been reduced to $57.43 since April 21, and we are sure that Mr. Campbell could have done more than $12.50 for our client who was good enough to clothe him up on credit at a time that he needed it very badly. Anything that you can do that will prompt Mr. Campbell to make another payment on this account will be greatly appreciated. We have no desire to take the necessaries of life from any mans family, but we do believe that Mr. Campbell can and should do something for our client at this time.

Sir:

1. Referring further to your letter dated September 27th and reply from this office dated October 4th regarding indebtedness of Mr. R.W.Campbell to your client, Mr. J. B. McDonald:

2. This matter has been referred to Mr. Campbell and he advises that he has written from time to time explaining why he could not send more money because of illness in his family including three operations on three children. It is understood that his little girl was attacked sometime ago with infantile paralysis and I presume that has been a source of worry and expense to Mr. Campbell who has a very large family of children.

3. Mr. Campbell advises that he sent what money he could spare in September and would try and send more as fast as possible. He apparently is doing the best he can to meet this obligation in full and advises that he will pay the bill in full as soon as possible.

4. It is understood that you have sent a lengthy telegram with threatening remarks to Mr. Campbell with telegram charges of $1.60 sent collect so that he paid it in order to receive the telegram. The telegram is received by telephone in a public store over the telephone where neighbors and friends can hear the reading of it, all of which constitutes considerable embarrassment to Mr. Campbell who this office feels is doing his best under trying circumstances.

Does he let your office decide that?
The doctor ask me a few questions about what I claimed for disability and I told him my back or spine trouble and heart - he then request me to take my shirt off to waist - no other clothes was removed and the only part of body was Examined was for blood pressure heart action and a look at my spine standing up. 4 other doctors who Examined me made the Examination standing up and laying face down on table this position is how they found my trouble and diagnosis my case as muscles torn from lower part of spine and this doctor ~~doctor~~ diagnosis my case as a displaced vertebrae. this he told me at the time. which was much different from 4 this doctors Examination. so I will leave your office judge whether I had a careful Examination made. and I believe your Office has on file records of my Spine trouble and the Belt was furnished by the public health Service in this case also my treatment for heart trouble. but I am satisfied to remain in active Service. because this is my vacation and I would be lost otherwise.

Hon. Dow W. Harter,

Washington, D. C.

Dear Mr. Harter:

In further reference to your letter of February 25 inclosing one from Father J. M. Kitter of St. martin's Church, Valley City, Ohio, in the interest of Mr. R. W. Campbell, keeper of Grand Marais Light Station, Michigan.

While this is a single keeper station the keeper is authorized to employ additional help when conditions require the operation of the fog signal for an extended period. The station has a dwelling for the keeper, and on account of its location and the nature of the apparatus at the station it is generally regarded as a desirable station throughout the district. Mr. Campbell appears to have been in ill health recently and the question of his retirement on account of disability is under consideration at the present time, which action is provided for in the retirement law. The records also indicate that Mr. Campbell receives a military pension on account of previous service in the U. S. Army.

To 11th

It appears that the condition of Mr. Campbell's health might possibly make his duties at the station seem unduly heavy, and as indicated his retirement on account of disability is under consideration and will result in his retirement in the event that medical examination in the case indicates him disabled for active duty. Father Kitter's letter in the matter is returned herewith.

Very truly yours,

Memorandum to Mr. Cross:

It would be cheaper to order Campbell to report for examination at Newberry, or even to Dr. Rathburn, who represents the Public Health Service at Grand Marais. My reason for ordering him to the Soo was that he mentioned Dr. Rathburn and the doctor at Newberry as having treated him and I thought that in order to get an impartial examination and recommendation as to his fitness for duty he should probably not be examined by either of those parties. Do you think that that reason would be sufficient for incurring the extra expense of his travel to the Soo?

If you do, we will let it go through, otherwise I will cancel this letter and instruct him to report to Dr. Rathburn at Grand Marais instead. I have no reason to suspect that either of these doctors would not give him a fair examination, but Campbell was influential in getting Dr. Rathburn as the medical officer at Grand Marais and it seemed to me better policy to have someone else make the examination if possible. I had in mind at the time that Campbell would drive to the Soo at his own expense, as I know that he makes such trips rather frequently in any case. Please let me know what you think.

1. This is to advise you that request on the proper form has been furnished to R. W. Campbell, Keeper of Grand Marais Harbor of Refuge Light Station, Grand Marais, Michigan, for physical examination, as he has made application to this office for disability retirement.

2. Provision for retirement for disability in the Lighthouse Service was made in the Act approved March 4, 1925 (Pub. No. 598), providing as follows:

> "That hereafter any officer or employee to whom section 6 of the Act entitled "An Act to authorize aids to navigation and for other works in the Lighthouse Service, and for other purposes," approved June 20, 1918, as amended, applies, who has been in the active service of the Government fifteen years or more and who is found, after examination by a medical officer of the United States, to be disabled for useful and efficient service by reason of disease or injury not due to vicious habits, intemperance, or willful misconduct on his part, shall be retired under rules to be prescribed by the Secretary of Commerce on an annuity computed in the manner provided by such Act.
>
> "Any such officer or employee, may, upon recovery, be restored to active duty, and shall from time to time, before reaching the age at which he may be retired under such Act, be reexamined by a medical officer of the United States upon the request of the Secretary of Commerce."

3. In accordance with instructions of the Lighthouse Bureau, your report to this office should state definitely whether or not, in your opinion, this employee is disabled for useful and efficient service in the position of lighthouse keeper, also stating whether or not the disability is permanent and, if not, your view as to when reexamination is desirable. Your certificate should also state definitely whether or not the disability is due to vicious habits, intemperance or willful misconduct.

To Public Health Service, Sault Ste. Marie.

4. The regulations of the Department require that

> "Unless the disability for which an officer or employee is retired is permanent in character, the annuitant shall be reexamined in order to determine continuance of disability or fitness for active duty at such times as may be directed upon the recommendation of the examining medical officer certifying to the disability."

This is the reason for requiring a statement as to when reexamination is desirable.

5. It is requested that you kindly make examination and submit report on the inclosed form and oblige. Mr. Campbell has been furnished a formal request which he will present to you at the time he appears for examination. He will also get in touch with you directly and arrange with you as to the time for the examination, which should be after the station closes for the end of the season, which will be about December 16th.

Sir:-

I respectfully request to be retired from active service on account of disability, this I regret very much to do. after so many years with this department, but my Physical condition is getting so now that I have to have some one of my family watch me, when I go up rear tower to light up. The reasons are fainting spells. which come on when I least expect them, which is called heart Murmer or heart trouble. and the 2nd reasons. is Torn muscles in lower part of spine which cause me to wear a Straight jacket belt - during my active hours. and my 3rd reason is at times I have spells of nervous Exhaustion which leaves me in a weaken condition for 3 or 4 days at a time Unable to do my duty regardless how I feel, twice since coming to this station I may near lost my life coming down from Rear Tower from fainting spells. this is the most important reasons for requesting retirement, on disability.

Respectfully,

1. Returned to Bureau of The Public Health Service, Washington, D.C. (Through the Commissioner of Lighthouses). Mr. Campbell, Keeper of Grand Marais Harbor of Refuge Light Station, Michigan, was on a duty status at the time he was being treated by Dr. Rathbun, A dwelling for the family of the Lighthouse Keeper is furnished by the Government on the Lighthouse Reservation where Dr. Rathbun attended Mr. Campbell, which explains the term "house visit." In view of the objections raised to the form of voucher previously submitted, another voucher is enclosed which is signed by the Superintendent of Lighthouses.

OFFICE

1st Indorsement.

Respectfully returned to the Commissioner of Lighthouses, Department of Commerce, Washington, D. C., with request that a signed statement be furnished, showing whether Roger W. Campbell was in a duty status or leave status during the time that he was being treated by Dr. Rathbun. See regulations approved by the Secretary of Commerce regarding such beneficiaries. The term "house visit" if related to duty status should be explained.

There is discrepancy in the name of the payee between the voucher and the certified bill. It is requested that this discrepancy be corrected.

The voucher should be properly certified. As the certificate provided by the General Accounting Office has been lined out, the voucher is not certified.

Proxy signatures to the certificate on public vouchers are not allowable. If Mr. Will is authorized to certify public vouchers the reference to absence of the Superintendent should be omitted on the new voucher to be submitted.

Campbell - RW

Keeper,
Grand Marais Light Station,
Grand Marais, Michigan.

1. Receipt is acknowledged of your letter of the 30th, in regard to the matter of disability retirement.

2. For your information, you are advised that disability retirement is based upon years of service in exactly the same way as retirement for age. For example, if you were to be retired for disability you would receive 1/40 of your average annual pay for the five years immediately preceding such retirement for each year of Lighthouse Service or of service in another Government Department having a retirement system, not exceeding, however, a maximum of 30/40 or 3/4 pay.

3. The determination as to whether or not a keeper shall be retired for disability rests chiefly with the examining doctors of the Public Health Service. If you feel that your physical condition is such that you are no longer able to perform the duties of a lighthouse keeper at your present station, or at another station, this office will request the proper official of the Public Health Service to make an examination to determine whether or not in their judgment you are incapacitated for further service. If their finding is in the affirmative, your retirement will then be recommended. It would be necessary for you to first formally request that you be retired for disability, stating in your letter the manner in which you are incapacitated for duty.

Dear Mr. Bohn:

1. Receipt is acknowledged of your letter of September 9, which has been referred to this Bureau for reply, requesting information as to whether Roger W. Campbell, an employee of this Service, is entitled to receive retired pay in addition to his military pension.

2. You are respectfully informed that insofar as this office is aware, there is no legal objection to an employee receiving concurrently retired pay on account of civil service and a pension as the result of military service. In his present position of keeper in this Service, Mr. Campbell is subject to the Lighthouse Retirement Act of June 20, 1918, as amended, under the provisions of which he may be allowed credit toward retirement for any part of his military service which was not used as a basis for granting him a military pension.

My dear Mr. Morgan:

The above captioned veteran is at the present time drawing a pension for three fourths disability on account of his service in the Spanish American War. He is desirous of making application for retirement pay from the Lighthouse Service, having been in the Government Service for thirty-two and one half years. I wish to ascertain whether or not Mr. Campbell may draw retirement pay and retain his status as a pensioner.

Your reply at your earliest convenience would be appreciated.

2. This account is submitted under the act approved May 22, 1926 (44 Stat. 626), which provides:

> "Sec. 3 (a). Hereafter officers and employees of the Lighthouse Service entitled to the benefits of the Public Health Service shall also be entitled to such benefits without charge at other than hospitals and stations of the Public Health Service under regulations promulgated by the Secretary of the Treasury and the Secretary of Commerce."

Mr. Campbell makes the following statement explaining why he did not go to the Public Health Service physician:

> "Owing to the exigency in my case it was necessary that I should get our local physician to attend me as the nearest Public Health Service station is at Newberry, Michigan, 54 miles away, and owing to the condition of the highway during this spring the local physician was against sending me there in the condition I was in, and this is theconly mode of transportation out of Grand Marais at this time of the year."

3. Mr. Campbell is entitled to free treatment by the Public Health Service under the provisions of the act of August 28, 1916 (39 Stat. 538), he having been in the Service since June 1, 1906.

Transfer.

Transfer involving a reduction in salary is made at Mr.Campbell's request. The previous incumbent has been receiving $240 over the entrance salary of his grade at Grand Marais Light Sta., having been recommended for increases owing to the fact that this is a one-man station with two 5th order lights and air diaphone fog signal, the work is more arduous than other class 3 stations in the district having one keeper.It is recommended that Mr.Campbell receive $1440 notwithstanding the fact that at Detour LH his salary has been only $180 over the entrance of his grade.

Sir:-

I hereby tender my resignation as 1st Assistant lighthouse keeper of Big Bay Pt. Lt. Station to take effect April 22, 1918, my reasons for leaving the Service is on account of the advancing cost of living and for me to try and support a family of nine on assistant keeper's salary, it is almost impossible. I hoped to make the lighthouse service a business but had to give up the notion for the time being. Trusting you will understand my position in this matter. In the mean time should my resignation be accepted, I respectfully request that I be granted a letter of reference as a memory to the Service. Trusting this will meet with your approval.
