Subject: Transfer to Split Rock Light Station, N.Y.

Reference, Your letter dated October 7, 1927.

Upon receipt of your letter of Oct 7, relative to transfer to Split Rock Light Station, I called the freight agent in New London, Conn. by telephone for information as to shipping rates on furniture, etc. to Essex New York, and was advised the cost would be approximately $32.50 for all transportation.

Upon this advise I telegraphed your office stating I would accept the transfer at once, but the agent called me back after I sent your telegram stating he had made an error in the rate he first gave me, and suggested I personally go in, and see him, it being difficult to hear on the telephone. October 9, I sent to your office the second telegram asking that the first telegram be cancelled. The purpose for this was to wait until I could see the freight agent, and obtain the correct rates, which was learned the date of this letter.

1. The application of Mr. Carr for disability retirement has been examined and he has been found to be disabled for further useful and efficient service. The official notice of his retirement will be issued in due time.

2. In checking the period of service claimed in the U. S. Navy, Headquarters has verified that while Mr. Carr was a member of the U. S. Naval Reserve Force during the period shown, he was actually on active duty only from 22 October 1917 through 6 September 1919, a total of 1 year 10 months 15 days. Since only active duty service is creditable in computing retirements under the Lighthouse Act, the total of all Government service to Mr. Carr's credit is 27 years 5 months 29 days.

3. With the above adjustments the annual rate of retired pay will be $1385.42. Form 2249 will be processed in accordance with the above.

CERTIFICATE OF MEDICAL EXAMINATION, DISABILITY RETIREMENT, CIVILIAN PERSONNEL

(Act of March 4, 1925)

NAME OF CLAIMANT CARR, Earl E. DESIGNATION Buoy Mechanic Helper

Height 5' 7 1/2" Weight 161 pounds. Complexion Ruddy

Color of eyes Blue Color of hair Gray

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination: There is a pigmented mole in the mid-back. There is a well-healed, right upper quadrant scar (cholecystectomy in April 1946).

Description of duties of position (to be filled in by district commander): Scraping and painting buoys and making minor adjustments of the mechanical parts of buoys. On specific assignments of a more difficult nature, the incumbent works with, and under the technical supervision, of a buoy mechanic.

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Patient alleges a one-year history of moderate upper G.I. complaints; epigastric distress, bloating, gaseous eructations; frequent frontal headaches, intermittent numbness of the skin of the face and posterior cervical region; intermittent aches and pains in the left chest, left axillary region, left upper back; intermittent cramps of the lower extremities usually brought on by excessive exercise and climbing.

(b) Tremor absent (f) Coordination normal

(c) Patellar reflexes physiological (g) Peripheral circulation normal

(d) Other motor disturbances none

Alcohol very little Drugs none Syphilis none Epilepsy none

Other neurological findings none

General impression No Disease

Here describe fully nature of disability: It is our opinion that this patient's multiple complaints have been brought on and aggravated by nervous tension. At the present time, he presents a fairly typical picture of moderate anxiety state. An attempt has been made at reassurance and it has been recommended that he try returning to his usual duty.

Is disability to perform duty of a permanent character? See above.

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? See above. Do you recommend reexamination with this in view? Should be re-checked in approximately three months.

I HEREBY CERTIFY that upon examination I did not find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

The examining physician must be in the Federal Service

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 31 Dec., 1946 based on performance during period from 1 July, 1946 to 31 Dec., 1946

CARR, Earl E. (Name of employee) — Buoy Mechanic Helper (Title of position, service, and grade)

TREASURY, CG, 1st CG District - CG Depot, Bristol, R. I. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: VG

FEB 18 1947 (Date of notification)

(Signature) J. F. BRADY, Lt. Comdr., USCGR
Sr. Member, Dist. Eff. Rating Comm. (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 30 June, 1946 based on performance during period from 1 Jan., 1946 to 30 June, 1946

CARR, Earl E. (Name of employee)

TREASURY, CG, 1st CG District - CG Depot, Bristol, R. I. (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: G

SEP 3-1946 (Date of notification)

C. M. GRAY, Ch. Pharm., USCG (Signature)
Sr. Member, Dist. Eff. Rating Comm. (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

Earl E. Carr, Keeper,
Block Island Southeast Light Station,
Third Lighthouse District.

(Through the Superintendent of Lighthouses, Staten Island, N.Y.)

The attention of this office has been invited to your letter of September 27th, in which you advise of the restoration of the radio-beacon at the station to service at 2:00 P.M. on September 26, 1938, and detail the manner in which the restoration was accomplished.

The initiative displayed in this instance by yourself and by the assistant keepers at your station in devising means of restoring this important aid, and in securing the necessary cooperation of representatives of the local light and power company to that end, is a matter of much gratification to the Bureau and is deserving of this commendation, which will be made a part of your record and the records of Assistant Keepers, Elmer F. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

NOTICE OF OFFICIAL EFFICIENCY RATING

REGULAR (X) SPECIAL ( )
PROBATIONAL or TRIAL PERIOD ( )

As of 30 June, 1945 based on performance during period from 1 Jan. 1945 to 30 June, 1945

CARR, Earl E. (Name of employee) — Rucy Mechanic Helper (Title of position, service, and grade)

NAVY,CG, 1st Naval District-Depot,Bristol,Rhode Island (Organization—Indicate bureau, division, section, unit, field station)

Efficiency rating: G

19 July, 1945 (Date of notification)

GEORGE W. COCHRANE (Signature)
Acting Sr.Member,Dist.Eff.Rating Comm. (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirement..

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

7 April, 1945 (Date of notification)

R. S. FEOLA, Lt. Comdr., USCG (Signature)
Sr. Member, Dist. Eff. Rating Comm. (Title)

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

Significance of Efficiency Ratings

The salary advancement act provides for successive salary advancements based on several factors, one of which is efficiency ratings. Ratings of "Good" permit periodic salary advancement by successive steps up to and including the middle rate for the grade (the fourth step in six rate grades), and ratings of "Very Good" and "Excellent" permit periodic salary advancement by successive steps above the middle rate of the grade.
The rate of compensation of an employee whose efficiency rating is "Fair" must be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it is not subject to reduction on that account.
An employee whose efficiency rating is "Unsatisfactory" is not permitted to remain in his position. He must be assigned to a position more nearly commensurate with his ability, either (1) in the same line of work, in which case the position must be in a lower classification grade and his rate of compensation must not be in excess of the middle rate for such grade, or (2) in some other line of work for which he is qualified, in which case he is considered as having received a new appointment to the extent that his rate of compensation must be at the minimum rate for such grade and he must begin a new probationary period; or if no suitable vacancy is available he must be separated from the service for inefficiency. A probationary employee, assigned to a position of lower classification grade, begins a new probationary period in the new position.

Interpretation of Efficiency Rating

Excellent (E) means that performance in every important phase of the work was outstanding and there was no weakness in performance in any respect.
Very Good (VG) means that performance in at least half of the important phases of the work was outstanding and there was no weakness in performance in any respect.
Good (G) means that performance met requirements from an over-all point of view.
Fair (F) means that performance did not quite measure up to requirements from an over-all point of view.
Unsatisfactory (U) means that performance in a majority of important phases of the work did not meet job requirements.

Inspection and Appeals

If you have any question regarding your efficiency rating, it is suggested that you discuss the matter with your immediate supervisor. Your efficiency rating sheet (Standard Form 51, Revised), or a copy of it, will be made available to you for inspection, if you request it of your supervisor or the personnel officer. Such a request is not considered as an appeal. You are also entitled to see the final ratings (not the rating forms) of all employees in your office or station. Information on appeals may be secured from your supervisor or personnel office. There are time limits governing the filing of appeals.

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means--

(a) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(b) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(c) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

NOTICE OF EFFICIENCY RATING

Annual Rating G 4 as of 30 June, 1943

Probation, or Trial Period Rating ---

As of ---

For service beginning 25 January, 1943

CARR, E. E. (Name) Civilian Buoy Mechanic Helper (Service-Grade) (Title)

SEP 22 1943 (Date of notification)

H. W. SIEGEL, Principal Clerk
~~Summary Efficiency Rating Committee~~
Civilian Personnel Officer
USCG, 1st Naval District

REPORT OF CONDUCT

Unless otherwise stated below, your conduct during this rating period was considered satisfactory.

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means—

(*a*) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(*b*) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(*c*) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

If a number appears after the adjective efficiency rating, it represents a further refinement of the adjective rating, as follows: Excellent 1; Very Good 2 or 3; Good 4, 5, or 6; Fair 7 or 8; Unsatisfactory 9.

1. Your efficiency rating and conduct report for the 12-month period ended March 31 is indicated below:

EFFICIENCY RATINGS	
ADJECTIVE	Very Good
NUMERICAL	2

CONDUCT REPORT	
SATISFACTORY	Yes (Yes or no)

RULES FOR SALARY ADVANCEMENTS.—Subject to conditions established by law and Executive order:

A. An employee whose efficiency rating is "Excellent" or "Very Good" is eligible for salary advancements to the highest rate of compensation in the grade.

B. An employee whose efficiency rating is "Good" is eligible for salary advancement up to and including the middle rate of compensation in the grade (C. S. C. Dept'l Cir. 302).

RULES FOR SALARY REDUCTIONS, DEMOTIONS, OR DISMISSALS.—The following rules are prescribed for the demotion of an employee to a lower grade position, reduction in salary, or both, or dismissal from the service as a result of an efficiency rating (C. S. C. Dept'l Cir. 302):

A. The rate of compensation of an employee whose efficiency rating is "Fair" shall be reduced one salary step if his rate of compensation is above the middle rate. If the rate of compensation is equal to or below such middle salary rate, it shall not be subject to reduction on that account.

B. An employee whose efficiency rating is "Unsatisfactory" shall not be permitted to remain in his position. If he is serving his probationary period, he shall be separated from the service under the rules prescribed for such cases. If he has completed his probationary period, he shall be assigned to a position more nearly commensurate with his ability, in a lower classification grade, and his rate of compensation shall not be in excess of the middle rate for such grade, or if no suitable vacancy is available in a lower classification grade, he shall be separated from the service for inefficiency.

C. No employee who has completed his probationary service shall be demoted to a lower grade position, reduced in salary, or dismissed from the service on the basis of an efficiency rating covering a period of less than 90 calendar days.

INSPECTION OF RATINGS BY EMPLOYEES:

A. A list of all ratings on Standard Form 52 shall be open to inspection by any employee of the department, independent establishment, or other agency under such conditions as to time and place as the head of such organization may prescribe (C. S. C. Dept'l Cir. 302).

B. Every employee has the right to see his rating form, Standard Form 51.

My dear Mayor Macauley:

Your letter of 8 January, 1942, written in the interests of Keeper Earl E. Carr, Block Island Southeast Light Station, addressed to H. D. King, Commissioner of Lighthouses, Staten Island, New York, has been referred to this office for reply.

The transfer of Mr. Carr from his present station is not contemplated at the present time. Mr. Carr has an excellent service record, and if a transfer should be necessary at some future date, this good record will be given appropriate consideration when assigning him to a new post of duty.

I believe that your opinion of Mr. Carr, as expressed in the last paragraph of your letter, is well founded, and this office appreciates the interest you have taken in Mr. Carr's welfare.

Very truly yours,

O. A. LITTLEFIELD,

Dear Mr. King:

I am interested in the case of Mr. Earl E. Carr, keeper of the southeast Block Island Light.

It has come to my attention that due to the influx of Coast Guardsmen it will be necessary for him to move from his quarters.

Mr. Carr has an excellent record, twenty one years of Government Service, and has been commended by the Commissioner of Lighthouses. He is particularly anxious to secure a post between Newport and Providence, preferably Warwick Light Station.

I am sure that you will find him as he has been in the past, faithful, capable, trustworthy and any consideration that you may give him will be greatly appreciated by me.

Very truly yours,

From: Commandant.
To: **CARR, Earl E., Keeper, Block Island Southeast Light.**

Via: **Commander, Boston District.**

Subject: Induction into Coast Guard.

Reference: (a) Regulations to Carry into Effect Section 4 of the Act of August 5, 1939 (Public No. 291, 76th Congress).

Inclosure: (A) Form letter to be returned to Commandant.

1. Under the provisions of reference (a) you are hereby tendered a [redacted] (regular enlistment) of three years as **boatswain's mate,1st cl.** subject to the physical examination prescribed by paragraph 6 of reference (a), and evidence that you meet the qualifications for enlistment contained in Personnel Instructions, U. S. Coast Guard, except for age and marriage.

2. For your information paragraph 6, mentioned above, reads as follows:

> "Each candidate shall be required to take the standard physical examination. If his service, as computed pursuant to section 6 of the Act of August 5, 1939, is less than fifteen years, the standard of physical qualification shall be the same as that required for original appointment; Provided, That minor defects may be waived upon the recommendation of Chief Medical Officer of the Coast Guard. If the service of the candidate shall exceed fifteen years, physical defects may be waived by the Secretary of the Treasury unless they impair ability to perform all the duties of his grade or are likely to result in premature retirement."

3. You are advised that, having accepted an enlistment in the Coast Guard, you will be eligible for promotion in the same manner and under the same regulations as other men in the Coast Guard in the same rate. You are further advised that your enlistment is for general service and that you may be transferred and assigned to duty as the needs of the Service require.

4. Should you decline induction such action will not operate to prejudice your present position and pay.

Newport, Rhode Island

The Commissioner of Lighthouses ,
Department of Commerce,
Washington, D. C.

Dear Sir:-

As you are aware, from previous correspondence, I am interested, through members of his family residing in my district, in Earl E. Carr, now attached to Block Island South East Light Station. I am told that there is a possibility, because of his serious illness, that the Keeper at Warwick Neck Light may not return to duty. Mr?Carr has an application in for assignment to that light in case of a vacancy in the keeper's position. Is in indicated that he might be favorably considered, in case the keeper vacancy occurred?

Very truly yours,

/s/ Clark Burdick

E-M-F Bureau of Lighthouses, Washington, D. C., Aug.3,1932

Referred to Superintendent of Lighthouses, Staten Island,N.Y., for report and return.

For the Commissioner,
/s/ W. P. Harman,
Administrative Assistant.

Commissioner of Lighthouses. Aug. 8,1932

SUBJECT: Earl E. Carr, Keeper, transfer.
REFERENCE: Bureau endorsement of Aug.3,1932 forwarding letter of Aug.1st from Congressman Clark Burdick.

1. Returned to Commissioner.

2. The Keeper of Warwick Light Station is in ill health, and it is impracticable at the present time to say whether or not it will be necessary to relieve him from active duty.

3. Earl E. Carr, 1st Assistant keeper of Block Island Southeast Light Station has, in accordance with existing regulations governing the matter of transfers, filed in this office a list of stations and positions to which he would accept transfer in the event of a vacancy, which includes Warwick Lt.Sta. Mr.Carr is one of 25 keepers and assistant keepers who desire to be considered for this position in the event of a vacancy. Six of the 25 applicants have longer service that Mr.Carr, some of them having entered the service in 1912 and 1914, whereas Mr.Carr entered the service in 1923. Other things being equal the keepers with the longest period of service are, under existing regulations, entitled to first preference. There being six other keepers with longer service than Mr.Carr who desire this position, it is not likely that he could be selected for this position in the event of a vacancy, unless for some unexpected reason the six men with longer service should hereafter cancel their requests to be transferred to this position.

4. It is to be further noted that should the position of Keeper at Warwick Lt.Sta.become vacant it is likely that it would be utilized in connection with the transfer of a man from some other station which may be discontinued and where it would be necessary to furlough keepers should there be no vacancies to which they might be transferred .

I respectfully ask if when I sign a letter written to the office by one of the assistant keepers to the office, does that mean that I vouch for the truth of the statements in the letter, or merely that I have read the same.

My reason for asking this is that I found out today that some of the statements in the letter written by the 1st asst keeper, Mr Carr, in regard to his indebtedness to G. P. Dunn Jr are not true, and I had signed that letter.

In reply to your letter of my indebtedness to L.P. Dunn, I will say that it is a just debt, but emphatically deny having promised to pay $10.00 a month until paid. The original bill was more than the amount specified ($30.85) by Mr. Dunn, and I have been paying him in small installments as best I could, while at times I neglected to send him a remittance, however, I paid him an installment in December, 1930, and sent him another on January 13, 1931.

Mr Dunn called at the station to see me on Sunday, Dec. 21st 1930, and during his conversation demanded I send him $10.00 in January. There was no agreement made to that effect by me, whatsoever however, I will endeavor to settle the account as soon as possible to avoid further trouble.

Sir:

As mentioned in your letter, Mr. Carr has somewhat amplified the list of stations to which he would accept transfer in the event of a vacancy. His former list included six stations whereas his new list includes ten stations. It may be stated that practically all of the stations that Mr. Carr has listed are the more desirable ones, at which vacancies very seldom occur. However, in the event of a vancancy occurring at any of the stations that Mr. Carr has on his list, he will be considered therefor. It is, of course, impossible to predict when any such vacancies may occur.

The father, living here in Newport, of Mrs. Carr, wife of Earl E. Carr, assistant keeper at, I think, Block Island Southeast Light, has been to see me about the possibility of getting Mr. Carr transferred to a light in some other locality. There are one or two personal aspects to the case which I prefer not to write about, but would like to speak with you personally about the case the next time you are in Newport. I thought I would bring it to your attention, first, however, so that you could look into the situation as regards vacancies in other light houses before we next met again.

1. You are advised you have been selected for the position of 1st assistant keeper of Block Island S.E.Light Station, and in accordance therewith you will later be directed as to the date on which you are to report for duty at that station. Robert M. Fitton, 1st Asst.Keeper of Little Gull, has been selected for the position of Keeper of that station, and, when you leave the station, you will turn over to him the station and all Government property under your charge, taking his receipt therefor in triplicate on Form 30, one copy of which is to be forwarded to this office. Three copies of Form 30 were sent you with letter of March 24th.

2. The effective date of your transfer will be between April 1st and 15th, but the date is indefinite as yet.

3. In reference to your request that you be moved by tender, you are advised that this can only be done when a tender is employed in the vicinity of Little Gull and Block Island, and it is expected that a tender will be in that vicinity around the middle of April, and possibly before. In the meantime you will see that your personal property to be moved is properly boxed, carted, etc.,so that it can be readily handled by the tender without unnecessary delay and on short notice.

4. Report to this office promptly by letter the date on which you turn the station over to Mr.Fitton. Acknowledge receipt of this letter.

Reason, Resigned (Salary $1320 p.a.)

Services terminated, Mar. 31,1928

Letter from Mr.Carr requesting this transfer attached hereto.

Members of family in Government service,

Date of birth,

Remarks: Mr.Carr's present pay as Keeper of Little Gull Is.Lt.Sta. is $1500 p.a., which is 3 steps up in the range ($1320-$1860) for that position,which would entitle him to pay of $1320 (3 steps up in range of $1140-$1500) in position of 1st Asst.Keeper at Block Is.S.E.Lt.Sta. As the pay of the 2d Asst.Keeper at Block Is.S.E.Lt.Sta.is $1320 p.a., the rate of pay recommended for Mr.Carr is $1380 p.a., in order that his pay, on account of greater responsibilities of the position,may be more than that of the 2d Asst.Keeper.

SUBJECT: Earl E. Carr, Keeper, Little Gull Island Light Station.

REFERENCE: Bureau endorsement March 10 forwarding letter of March 7 from Congressman Clark Burdick.

1. With the view of placing Earl E. Carr, Keeper of Little Gull Island Light Station at a Station where school facilities would be available, he was on October 7, 1927, offered transfer to the position of keeper of Split Rock Light Station. By telegram of October 8 he advised that he would accept the position; by telegram of October 9 he canceled his acceptance, and by telegram of October 10 he canceled his declination, again stating that he would accept the position. He was then nominated for appointment to the position of Keeper of Split Rock Light Station and appointment certificate was issued, and by letter of October 29 instructions were forwarded to Mr. Carr directing him to report for duty at Split Rock on November 15. By telegram and letter of November 5 he advised that he would be unable to accept transfer to Split Rock Light on account of illness of his wife.

2. On February 11, 1928, Mr. Carr was asked whether or not he would accept transfer to the position of 2nd Assistant Keeper at Navesink Light Station where school facilities are available, and by letter of February 20 Mr. Carr declined the position.

3. Both the positions referred to were offered to Mr. Carr, although they are not included in the list filed by him to show the stations and positions to which he would accept transfer, on account of the fact that school facilities are located in the vicinity of the stations named.

4. Enclosed is copy of list dated January 25, 1928, filed with this office by Mr. Carr showing stations and positions to which he would accept transfer in the event of a vacancy. All of the stations shown on his list are such that there are very few changes in the personnel, and vacancies seldom occur. A larger list of stations and positions would necessarily increase Mr. Carr's prospect of transfer.

applied he will be considered at any of the Stations for which with existing rules covering transfers of keepers, and will also be considered for vacancies that may occur at other stations where school facilities are available. It is impossible to predict when vacancies may occur at any of the stations shown on Mr. Carr's list, and it also cannot be stated what Mr. Carr's attitude may be in connection with other positions that may be offered him in view of the past experience in connection with Split Rock and Navesink Light Station vacancies.

J. T. YATES.

Dear Sir:-

When I made inquiry regarding the possibility of transfer last fall for Keeper Earl Carr of Little Gull Light, near Fisher's Island in Long Island Sound, you advised me with reference to the proper procedure and I heard later from relatives of Carr that a transfer was being consummated. Now I learn that the transfer did not go through, and that he has no way in which he can send his two children, aged six and eight, to school.

This seems to me to be a worthy case and I will appreciate any information you can give me regarding the chances that Carr has for getting duty nearer shore, that his children may have the benefits of school.

Very truly yours,

Washington, D. C.

Dear Mr. Burdick:

1. In further reference to your letter of March 7, regarding the transfer of Mr. Earl E. Carr from Little Gull Island Light Station to another station where it would be more convenient to send his children to school:

2. You are respectfully informed that the records indicate that since October, 1927, Mr. Carr declined several transfers which were offered to him. In October he accepted a transfer but when all the arrangements had been made to put it into effect, he declined on account of the illness of his wife. At the present time, however, he has accepted transfer to another station, and it is expected that this will be put into effect soon after April 1.

Very truly yours,

To Superintendent;

SUBJECT: Transfer to Split Rock Lt.Sta.,N.Y.
REFERENCE: Your letter dated Oct.7,1927.

1. Upon receipt of your letter of Oct.7th relative to transfer to Split Rock Lt.Sta. I called the freight agent in New London, Conn. by telephone for information as to shipping rates on furniture etc. to Essex, N.Y., and was advised the cost would be approximately $32.50 for all transportation.

Upon this advice I telegraphed your office stating I would accept the transfer at once, but the agent called me back after I sent your telegram stating he had made an error in the rate he first gave me, and suggested I personally go in and see him, it being difficult to hear on the telephone. October 9th I sent to your office the second telegram asking that the first telegram be cancelled. The purpose for this was to wait until I could see the freight agent and obtain the correct rates, which was learned the date of this letter. He informed me it would probably be three weeks or more before I would get my furniture, so I decided that while it would cost me slightly more by express, I would get it much quicker, and my final decision is that I am willing to accept the position if selected as my children have got to go to school as soon as possible.

Respectfully yours,

SUBJECT: Transfer to Split Rock Lt.Sta.
REFERENCE: Your letter Oct.10,1927.

1. Your letter dated October 10,1927 stating you wish to be transferred to the position of Keeper of Split Rock Light Station has been received. In order that you may understand the situation more thoroughly and not be disappointed should you be transferred to Split Rock Light, you are advised that this station while on shore is in an isolated locality, there being no nearby neighbors, stores, etc. The nearest provision markets are 4-1/2 miles distant, and it is understood that there is a school approximately two miles from the station. The light station is not located on a highway but there is a road from the station to the public highway which is in the nature of a private road and is not used to any great extent other than by the Keeper of the station. The winter season in this locality is necessarily more severe than on the coast in this vicinity, and during the winter no doubt difficulty is experienced in keeping the road open between the station and the public highway which condition would probably make it difficult to take children to and from school during the winter season.

2. These matters are brough to your attention at this time so that you may understand as fully as possible the conditions that exist in connection with this station. It is requested that you carefully consider the entire matter and advise this office whether you still wish to be considered for transfer to the position of keeper of Split Rock Lt.Sta.

I regret at having to inform your office, especially at this time, of my wifes illness.

On October 2, 1927 my wife slipped and fell down the cellar stairs, at the Station, hurting her back. We called Dr. Gamey of New London, about the matter, and he advised her what to do relative to treatment. It bothered her for nearly a month, apparently getting better, but the trouble has started again, and indications point to serious trouble at this time.

The Commissioner of Lighthouses,
Department of Commerce,
Washington, D. C.

Dear Sir:-

I am interested in Earl Carr, keeper of Little Gull Rock (?) Light, of New London, Connecticut, through the fact that Mrs. Carr is the daughter of a constituent of mine here in Newport. I understand that Keeper Carr has applied for a transfer to this vicinity, and I write to urge that this be granted, if possible, because of family conditions. There are two children, both now of school age, who are not able to start school because of the location of the light, as I understand it, who could get ashore if they were at one of the lights near Newport. Also, Mrs. O'Neill, the mother of Mrs. Carr, is an invalid confined in the local hospital, with no prospects of ever regaining her health, and with her daughter nearby, she would have some consolation from that source. It seems to me to be a meritorious case and I offer these facts, from personal knowledge, with the hope that a transfer of Carr might be accomplished.

I will appreciate any information you can give me.

Very truly yours,

(s) Clark Burdick

Sept. 29,1927

SUBJECT: Earl E. Carr, Keeper, transfer.

1. Returned to Commissioner.

2. Mr. Earl E. Carr has been employed as 2nd Assistant Keeper, 1st Assistant Keeper, and Keeper at Little Gull Island Light Station, New York, since Nov.17,1923.

3. Mr.Carr has not made particular application for transfer to the vicinity of Newport, Rhode Island, but has filed a list of stations and positions to which he would accept transfer in the event of a vacancy, the stations listed being in New York, Connecticut, and Rhode Island. Copy of this list filed by Mr.Carr under date of August 23,1927 is enclosed. It will be noted that many of the stations listed are the more desirable ones where vacancies seldom occur and for which many different keepers have applied some of whom have considerably longer service than Mr.Carr. There are no vacancies at light stations in the vicinity of Newport at this time and there are none in prospect. Mr.Carr's chances of transfer to any particular locality would be greatly improved if he desires to file a larger list of stations and positions to which he would accept transfer.

4. In the event of vacancies occuring at any of the stations for which Mr.Carr has applied, he will, of course, be considered therefor in accordance with the existing rules governing the transfer of keepers and assistant keepers, but it is impossible to predict when there may be vacancies at any of the stations which Mr.Carr has listed.

For and in the absence of the Superintendent.

Newport, Rhode Island.

Dear Sir:

1. In further reference to your letter of September 22, on behalf of the transfer of Mr. Earl Carr from Little Gull Island Light Station to some station in the vicinity of Newport, Rhode Island:

2. You are respectfully informed that Mr. Carr has filed a list of stations to which he would accept transfer, and upon the occurrence of a vacancy he will be duly considered with others. It is suggested, however, that his chances of transfer to any particular locality would be increased if he filed with the Superintendent of Lighthouses of his district a larger list of stations and positions which would be acceptable to him.

Subject: Charges against Earl E. Carr. First Ass't Kpr. of this station.

As I am required by the instructions to employees to report disobedience of subordinates, I hereby make the following charges against said Ass't.

He accepts all orders with contempt and disdain and is very disrespectful.

Harry Lewis, 2nd Ass't Kpr. came on this sta. in January, open minded and willing and said 1st. Ass't has so prejudiced him that, they have, with their wives, formed a combination, trying to weaken my authority and apparently causing Ass't Lewis, to make a complaint to Mr. Luther, in regards to working hours at this Station.

The working hours on this station, are from 8 30/A.M. to 12 noon and from 1 P.M. to 3 30/P.M.

The said 1st. Asst. has repeatedly complained about afternoon work.

SUBJECT : Doctor's bill.

REFERENCE: Your letter dated January 5, 1925.

1. You are advised that this office is unable to furnish you with any information in reference to the matter referred to in your letter. It is presumed that the bill for the examination of your eyes was submitted to the Public Health Service for payment and not approved by that service. If, as stated in your letter, the result of the examination showed that your eyes are normal and not in need of medical attention, it was, presumably, decided to be an unnecessary expense and, therefore, not payable by the Government. It may also be stated that so far as shown by the records of this office, the name of Dr. Douglas P. A. Jacoby of Newport, R. I. is not listed as a Public Health Service doctor and if such is the case he would, therefore, not be in a position to furnish medical attendance without charge to qualified employees of the Lighthouse Service.

I am in reciept of a letter from Doctor Douglas P.A. Jacoby of Newport, R.I. concerning a visit I made to his office on Dec 21, 1924. The contents of the letter states that the Government refuses to pay for said visit due to the fact that my eyes are normal. The purpose of my visit was that I had had a headache for quite a few days, and for that reason, consulted Doctor Jacoby to determine whether or not, my eyes was the cause of my trouble. Upon examination, Doctor Jacoby found my eyes normal.

As I would like the matter straightened out, I am writing for your advise, concerning same. I was on leave at the time designated.

Captain J. T. Yates, Superintendent,

Staten Island, New York.

Dear Captain Yates:-

It has been informally reported to me that George Manders, keeper at Beavertail Light, is to leave the Lighthouse Service. What basis there is for the report I do not know. However, if such is the case, could you consider Earl E. Carr, now at Block Island Southeast Light, for transfer there to the vacancy?

If it is a matter of promotion at Beavertail, I suppose Edward A. Donahue, assistant keeper, who has been in the service since some time prior to the war, would go into Manders' place. But in any event, I hope you will find it possible to look with favor to Carr's transfer there, if a vacancy is to occur.

Beavertail Light is one of those on Carr's preference list, on file with you.

With all good wishes, I am

Sincerely yours,

SUBJECT: Earl E. Carr, transfer.
REFERENCE: Your letter Feb.23,1931.

1. Receipt is acknowledged of your letter dated February 23,1931 relative to transfer of Earl E.Carr from Block Island Southeast Light Station to Beavertail Light Station. You are advised that, so far as known to this office, Keeper Manders at Beavertail is not planning to leave the service at this time. However, should he leave the service and the position of Assistant Keeper at Beavertail Light Station become vacant as the result of his leaving, this office would be glad to consider Mr.Carr in connection therewith.

SUBJECT: Transfer.
REFERENCE: Your letter April 26, 1927.

1. Upon receipt of your letter of April 26, 1927 the list of stations to which you would accept transfer in the event of a vacancy, which you filed on March 14, 1927, was examined, and it was found that you had listed only nine stations to which you would accept transfer, and all nine for the position of Keeper only. All transfers are made strictly in accordance with the instructions and regulations that have heretofore been furnished you. Your prospects of transfer are of course proportionate to the list of stations and positions to which you would accept transfer, and it is therefore suggested that you submit a revised list showing a greater number of stations and positions to which you would accept transfer in the event of a vacancy.

2. It may be stated that the nine stations which you now have listed are all of a type where vacancies seldom occur.

Subject: Children of school age.

I am writing relative to my two children who are of school age, and who are at the Station with me.

My boy is going on eight years old, and my girl is five.

I have been at this Station about 3½ years, and like both the Station, and the Lighthouse Service, but feel that the welfare of my children should be attended to.

I cannot afford to send them to a boarding school, and while I am at this Station it is impossible to get them to school, even part time.

I would appreciate very much being considered for transfer to some Station where it would be convenient to send them to school by September 1927, if at all possible.

Respectfully Yours,
Earl E. Capo.

General impression Psychoneurosis, moderately severe.

Here describe fully nature of disability: This man has been returned to duty as previously advised but continues to complain of numerous aches, pains and other symptoms which make it impossible for him to be usefully employed. It is believed that, because of the length of time he has suffered from the alleged symptoms - although no organic disease can be found - it will never be possible to return him to further useful duty. It is believed, therefore, that it is to the advantage of all to retire him from further active duty.

Is disability to perform duty of a permanent character? Apparently yes.

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? No Do you recommend reexamination with this in view? No

I HEREBY CERTIFY that upon examination I find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

(Act of March 4, 1925)

NAME OF CLAIMANT CARR, Earl S. DESIGNATION Buoy Mechanic Helper

Height 5' 7 1/2" Weight 161 pounds. Complexion Ruddy

Color of eyes Blue Color of hair Gray

Here give a complete personal description, together with permanent marks and scars other than those described below in physical examination: There is a pigmented mole in the mid-back. There is a well-healed, right upper quadrant scar (cholecystectomy in April 1946).

Description of duties of position (to be filled in by district commander): Scraping and painting buoys and making minor adjustments of the mechanical parts of buoys. On specific assignments of a more difficult nature, the incumbent works with, and under the technical supervision, of, a buoy mechanic.

Claimant makes the following statement in regard to the origin, nature, and extent of the alleged disability: Patient alleges a one-year history of moderate upper G.I. complaints; epigastric distress, bloating, gaseous eructations; frequent frontal headaches, intermittent numbness of the skin of the face and posterior cervical region; intermittent aches and pains in the left chest, left axillary region, left upper back; intermittent cramps of the lower extremities usually brought on by excessive exercise and climbing.

PHYSICAL EXAMINATION

Here describe fully nature of disability: This man has been returned to duty as previously advised but continues to complain of numerous aches, pains and other symptoms which make it impossible for him to be usefully employed. It is believed that, because of the length of time he has suffered from the alleged symptoms - although no organic disease can be found - it will never be possible to return him to further useful duty. It is believed, therefore, that it is to the advantage of all to retire him from further active duty.

Is disability to perform duty of a permanent character? Apparently yes.

Is it indicated that applicant may recover from disability and be fit for restoration to active duty? No Do you recommend reexamination with this in view? No

I HEREBY CERTIFY that upon examination I find the above-named claimant to be disabled for useful and efficient service by reason of the disability above described, which is not due to vicious habits, intemperance, or willful misconduct on his part.

Subj: Earl E. Carr, Buoy Mechanic Helper; disability retirement of

1. The application of Mr. Carr for disability retirement has been examined and he has been found to be disabled for further useful and efficient service. The official notice of his retirement will be issued in due time.

2. In checking the period of service claimed in the U. S. Navy, Headquarters has verified that while Mr. Carr was a member of the U. S. Naval Reserve Force during the period shown, he was actually on active duty only from 22 October 1917 through 6 September 1919, a total of 1 year 10 months 15 days. Since only active duty service is creditable in computing retirements under the Lighthouse Act, the total of all Government service to Mr. Carr's credit is 27 years 5 months 29 days.

3. With the above adjustments the annual rate of retired pay will be $1385.42. Form 2249 will be processed in accordance with the above.

Sirs:

Reference is made to your certified invoice in the amount of $15.00, representing charge for packing and hauling by van the household effects of Earl E. Carr, Keeper, U.S. Coast Guard. It is noted that your bill includes packing. It is requested that Headquarters be advised concerning this charge, inasmuch as it appears packing was also performed at point of origin, Southeast Light Station. It is also requested that scale tickets, showing gross, tare and net weights, be forwarded in support of this charge. If scale tickets are not available, a statement to that effect should be submitted, together with list of goods hauled, showing approximate weight of each article and the total weight of the shipment.

When forwarding same, reference should be made to this letter.

By direction of the Commandant.

Very truly yours,

W. H. WEBB,
Chief, Audit and Examination Section,
Division of Finance.

Earl E. Carr, Keeper,
Block Island Southeast Light Station,
Third Lighthouse District.

(Through the Superintendent of Lighthouses, Staten Island, N. Y.)

The attention of this office has been invited to your letter of September 27th, in which you advise of the restoration of the radiobeacon at the station to service at 2:00 P.M. on September 26, 1938, and detail the manner in which the restoration was accomplished.

The initiative displayed in this instance by yourself and by the assistant keepers at your station in devising means of restoring this important aid, and in securing the necessary cooperation of representatives of the local light and power company to that end, is a matter of much gratification to the Bureau and is deserving of this commendation, which will be made a part of your record and the records of Assistant Keepers Elmer F. O'Toole and Roger H. Green.

The Commissioner of Lighthouses,
Department of Commerce,
Washington, D.C.

Dear Sir:-

I am interested in Earl Carr, keeper of Little Gull Rock (?) Light, of New London, Connecticut, through the fact that Mrs. Carr is the daughter of a constituent of mine here in Newport. I understand that Keeper Carr has applied for a transfer to this vicinity, and I write to urge that this be granted, if possible, because of family conditions. There are two children, both now of school age, who are not able to start school because of the location of the light, as I understand it, who could get ashore if they were at one of the lights near Newport. Also, Mrs. O'Neill, the mother of Mrs. Carr, is an invalid confined in the local hospital, with no prospects of ever regaining her health, and with her daughter nearby, she would have some consolation from that source. It seems to me to be a meritorious case and I offer these facts, from personal knowledge, with the hope that a transfer of Carr might be accomplished.

SUBJECT: Earl E. Carr, Keeper, transfer.

1. Returned to Commissioner.

2. Mr. Earl E. Carr has been employed as 2nd Assistant Keeper, 1st Assistant Keeper, and Keeper at Little Gull Island Light Station, New York, since Nov.17,1923.

3. Mr.Carr has not made particular application for transfer to the vicinity of Newport, Rhode Island, but has filed a list of stations and positions to which he would accept transfer in the event of a vacancy, the stations listed being in New York, Connecticut, and Rhode Island. Copy of this list filed by Mr.Carr under date of August 23,1927 is enclosed. It will be noted that many of the stations listed are the more desirable ones where vacancies seldom occur and for which many different keepers have applied some of whom have considerably longer service than Mr.Carr. There are no vacancies at light stations in the vicinity of Newport at this time and there are none in prospect. Mr.Carr's chances of transfer to any particular locality would be greatly improved if he desires to file a larger list of staticns and positions to which he would accept transfer.

4. In the event of vacancies occuring at any of the stations for which Mr.Carr has applied, he will, of course, be considered therefor in accordance with the existing rules governing the transfer of keepers and assistant keepers, but it is impossible to predict when there may be vacancies at any of the stations which Mr.Carr has listed.

Dear Sir:-

When I made inquiry regarding the possibility of transfer last fall for Keeper Earl Carr of Little Gull Light, neareFisher's Island in Long Island Sound, you advised me with reference to the proper procedure and I heard later from relatives of Carr that a transfer was being consummated. Now I learn that the transfer did not go through, and that he has no way in which he can send his two children, aged six and eight, to school.

This seems to me to be a worthy case and I will appreciate any information you can give me regarding the chances that Carr has for getting duty nearer shore, that his children may have the benefits of school.

SUBJECT: Earl E. Carr, Keeper, Little Gull Island Light Station.

N1009
Mar 14

1. With the view of placing Earl E. Carr, Keeper of Little Gull Island Light Station at a Station where school facilities would be available, he was on October 7, 1927, offered transfer to the position of keeper of Split Rock Light Station. By telegram of October 8 he advised that he would accept the position; by telegram of October 9 he canceled his acceptance, and by telegram of October 10 he canceled his declination, again stating that he would accept the position. He was then nominated for appointment to the position of Keeper of Split Rock Light Station and appointment certificate was issued, and by letter of October 29 instructions were forwarded to Mr. Carr directing him to report for duty at Split Rock on November 15. By telegram and letter of November 5 he advised that he would be unable to accept transfer to Split Rock Light on account of illness of his wife.

2. On February 11, 1928, Mr. Carr was asked whether or not he would accept transfer to the position of 2nd Assistant Keeper at Navesink Light Station where school facilities are available, and by letter of February 20 Mr. Carr declined the position.

3. Both the positions referred to were offered to Mr. Carr, although they are not included in the list filed by him to show the stations and positions to which he would accept transfer, on account of the fact that school facilities are located in the vicinity of the stations named.

4. Enclosed is copy of list dated January 25, 1928, filed with this office by Mr. Carr showing stations and positions to which he would accept transfer in the event of a vacancy. All of the stations shown on his list are such that there are very few changes in the personnel, and vacancies seldom occur. A larger list of stations and positions would necessarily increase Mr. Carr's prospect of transfer.

5. Should vacancies occur at any of the Stations for which Mr. Carr has applied he will be considered therefor in accordance with existing rules covering transfers of keepers, and will also be considered for vacancies that may occur at other stations where school facilities are available. It is impossible to predict when vacancies may occur at any of the stations shown on Mr. Carr's list, and it also cannot be stated what Mr. Carr's attitude may be in connection with other positions that may be offered him in view of the past experience in connection with Split Rock and Navesink Light Station vacancies.

Dear Mr. Burdick:

1. In further reference to your letter of March 7, regarding the transfer of Mr. Earl E. Carr from Little Gull Island Light Station to another station where it would be more convenient to send his children to school:

2. You are respectfully informed that the records indicate that since October, 1927, Mr. Carr declined several transfers which were offered to him. In October he accepted a transfer but when all the arrangements had been made to put it into effect, he declined on account of the illness of his wife. At the present time, however, he has accepted transfer to another station, and it is expected that this will be put into effect soon after April 1.

Dear Sir:-

As you are aware, from previous correspondence, I am interested, through members of his family residing in my district, in Earl E. Carr, now attached to Block Island South East Light Station. I am told that there is a possibility, because of his serious illness, that the keeper at Warwick Neck Light may not return to duty. Mr. Carr has an application in for assignment to that light in case of a vacancy in the keeper's position. Is it indicated that he might be favorably considered, in case the keeper vacancy occurred?

SUBJECT: Earl E. Carr, Keeper, transfer.
REFERENCE: Bureau endorsement of Aug.3,1932 forwarding letter of Aug.1st from Congressman Clark Burdick.

1. Returned to Commissioner.

2. The Keeper of Warwick Light Station is in ill health, and it is impracticable at the present time to say whether or not it will be necessary to relieve him from active duty.

3. Earl E. Carr, 1st Assistant keeper of Block Island Southeast Light Station has, in accordance with existing regulations governing the matter of transfers, filed in this office a list of stations and positions to which he would accept transfer in the event of a vacancy, which includes Warwick Lt.Sta. Mr.Carr is one of 25 keepers and assistant keepers who desire to be considered for this position in the event of a vacancy. Six of the 25 applicants have longer service that Mr.Carr, some of them having entered the service in 1912 and 1914, whereas Mr.Carr entered the service in 1923. Other things being equal the keepers with the longest period of service are, under existing regulations, entitled to first preference. There being six other keepers with longer service than Mr.Carr who desire this position, it is not likely that he could be selected for this position in the event of a vacancy, unless for some unexpected reason the six men with longer service should hereafter cancel their requests to be transferred to this position.

4. It is to be further noted that should the position of Keeper at Warwick Lt.Sta.become vacant it is likely that it would be utilized in connection with the transfer of a man from some other station which may be discontinued and where it would be necessary to furlough keepers should there be no vacancies to which they might be transferred .

Dear Mr. Burdick:

1. In further reference to your letter of August 1 in the interest of Mr. Earl E. Carr, Lighthouse Keeper, who desires a transfer to Warwick Light Station:

2. You are respectfully informed that the keeper at the station referred to is in ill health, but it is impracticable at the present time to say whether or not it will be necessary to relieve him from active duty. Mr. Carr has an application pending with the Superintendent of Lighthouses at Staten Island, N. Y., for transfer to various stations, including Warwick, and in the event a vacancy occurs Mr. Carr's application will be considered, together with the applications of other keepers, it being the policy of the Service to give preference to such transfers to the keepers of good record having the longest service.

APPOINTING OFFICER BEFORE WHOM THE FOREGOING CERTIFICATE IS MADE:

Before appointment is further considered this form must be submitted to the appropriate civil-service office for approval *if*—

(1) *Citizenship.*—Answer to question 2 (*a*) hereon shows foreign birth, while answer to similar question in the application shows birth in the United States.

(2) *Age.*—Discrepancy exists between the answer given to question 2 (*b*) hereon and that given to the corresponding question in the application, and if questioning of the applicant (in the manner described in Departmental Circular No. 195) either substantiates doubt as to eligibility or indicates willful misrepresentation. (This instruction applies only in probationary appointments.)

(3) *Members of family.*—Answer to question 8 hereon includes the names of two or more persons at the same address as the appointee.

(4) The appointee holds any State, Territorial, county, or municipal office or position, whether by election or appointment, in possible contravention of the Executive orders of January 17 and 28, 1873, and does not agree to resign such position or office if necessary. (See Civil Service Commission Form 1236 quoting these orders and listing *exceptions* thereto.) (See applicant's answer to questions 11 (*a*), (*b*), and (*c*).)

If the appointee's answer to question 18 is "Yes," he cannot be given appointment.

Please fill in and sign the following in connection with *probationary appointment.*

Have you, for purposes of identification and to prevent impersonation—

(1) Questioned the appointee on his personal history for agreement with his application statements? Yes

(2) Checked the appointee's personal and physical appearance for agreement with his medical certificate and descriptions given in preliminary and declaration sheet? Yes

(3) Checked the appointee's signature and handwriting in this form with that in the examination papers and application? Yes

[OVER]

The aim of the Executive order of September 4, 1924, under which this examination is made, is to obtain information as to the physical condition of appointees to the classified civil service with a view to promoting efficiency and minimizing accidents and claims under United States employees' compensation laws.

Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to *remove the glasses at least one-half hour before testing uncorrected vision.*

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. Flat foot of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a *weak* foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. Scars, deformities, atrophies, and paralyses should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. Urinalysis to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected, and when obesity is found on examination.

Record of urinalysis, if made: Sp. gr. ——— Albumen ——— Sugar ——— Casts ———

If tachycardia is present, give pulse rate: Sitting ——— Immediately after exercise ——— Two minutes after exercise ——— Cardiac reserve ———

REMARKS:

A photostatic copy of a birth record from the Bureau of Vital Statistics, Columbus, Ohio, was examined, and it attests that Edna Charles Fuller was born in that city on January 5, 1909. The applicant states that her parents, Charles S. Fuller, and Laura A. Fuller, nee Slay, were born in the United States. In 1931 the applicant married Edwin B. Carr, a chemical engineer by profession, who, she said, was born in Indiana, and with whom she has lived since that time. She is now known as Edna Fuller Carr.

Mrs. Carr displayed a diploma from Ohio State University which relates that she graduated from that institution in 1931 as a Bachelor of Science in Education with the degree of M.A.

Copy of report of character
investigation attached for your files

Carr, Edna F.
(nee Fuller)
CCO 6144 A&C

At the office of the Collector of Internal Revenue, Buffalo, N.Y., where the applicant has been employed since January 1943, she is said to have manifested all of the qualities required for the satisfactory performance of the duties assigned to her. This has been her first remunerative position, she asserted. Other persons described her character and reputation as outstanding, and her loyalty to this government is believed by them to be unimpeachable. She has a good record for paying her bills.

The U.S. Civil Service Commission, New York, N.Y., and the Federal Bureau of Investigation, Buffalo, N.Y., report that there is nothing in their files to indicate that she ever engaged in subversive activity. Mrs. Carr denied ever having been a member of any Communist or German American Bund organization, or of any group that moves to overthrow our form of government, and she said that she has never signed a communist petition. The Buffalo Police Department reported no record of arrest against her.

Mrs. Carr, together with her husband with whom she has been living since 1931, claims the basic exemption for married persons for the taxable period 1937 to 1941, inclusive. She declares that she had no income during that five years period. She listed her husband's earnings as totaling $2400 in 1937, $2413 in 1938, and $2400 in 1939, none of which required the filing of a return. The Collector for the 1st District of Illinois, Chicago, Ill., informed by mail that returns are in his files in the name of Edwin B. Carr for 1940 and 1941, and that they are numbered 697148 and 2031834 , respectively.

CONCLUSION:

I certify that my investigation disclosed this applicant to be of good character and reputation and to be loyal to this government.
