Commissioner of Lighthouses, Washington, D.C.

Referring to Par. 469 of the Regulations 1914.

Authority is requested to make a deduction from the pay of assistant keeper David W. Collison, Thomas Point Shoal Light Station, Md. on account of leave taken in excess of the amount allowed under the Regulations in the amount of 8 days and 13 hours.

The facts are as follows: Assistant Keeper Collison was employed at Cove Point Light Station, Md. from Jan. 1 to June 15, 1915 and at Thomas Point Shoal Light Station, Md. from June 16 to December 31, 1915. Cove Point station is in Class II as to leave of absence and Thomas Point Shoal station in Class I. The total amount of leave due Mr. Collison in the calendar year 1915 was 52 days and 18 hours; total amount taken by Mr. Collison, 61 days and 7 hours: of which [illegible] days and 18 hours were taken at Cove Point light station and 38 days and 13 hours at Thomas Point Shoal light station.

Inclosed is a letter of January 11, 1916 addressed to Mr. Collison by this Office and his reply of January 20, 1916. The reasons stated by Mr. Collison are not deemed sufficient to warrant remission of the penalty.

I am of the opinion that Thomas Point Shoal is a station at which there is a strong tendency to exceed the authorized allowance of leave and that this tendency should be corrected by the enforcement of the regulations in this instance.

Lighthouse Inspector, Baltimore, Md.

The Bureau is in receipt of your nomination of July 18, 1916, for the temporary appointment of David W. Collison ad additional keeper of Baltimore Light Station, Md., at $624 per annum, for a period not to exceed three months, effective July 19, 1916, or as soon thereafter as he enters on duty. The nomination was forwarded to this office by the local civil service district secretary, bearing the indorsement "Pending reinstatement of Collison (Phone from Lighthouse Bureau 7/19/16)."

In view of the district secretary's conditional approval, the Bureau has this day recommended to the Department that Collison be given a temporary appointment for not to exceed one month, effective July 18, 1916, or as soon thereafter as he entered on duty, and that steps be taken to have the Civil Service Commission issue a certificate for the reinstatement of Collison as additional keeper of the Baltimore Light Station, Md., at $624 per annum. If Collison is reinstated, as recommended, he may then be considered for appointment to a permanent position at the first opportunity. His appointment to another station would not prevent the retention of his services at the Baltimore Light Station until the question of Berentsen's return is settled, as he could be reported as temporarily detailed to the Baltimore Light Station beginning with the date of his appointment to another station.

ABSTRACT OF OFFICIAL RECORD OF U. S. GOVERNMENT EMPLOYEE

(For the use of the department to which the employee has been transferred)

INSTRUCTIONS

1. The act, approved February 14, 1922, prescribes that "each executive department, and each independent establishment of the Government not within the jurisdiction of any executive department, shall establish and maintain such record as will enable it to determine the amount deducted within each fiscal year from the basic salary, pay, or compensation of each employee within its jurisdiction to whom this act applies. When such employee is transferred from one office to another a certified abstract of his official record shall be transmitted to the office to which the transfer is made."

2. A complete official record in the Federal service of the employee named should be set forth on this abstract. If an employee is transferred to another department, an abstract will be prepared in duplicate, showing his appointment in the department from which transferred and all changes of grade or compensation while therein. The original, properly executed, will be transmitted to the department to which transferred, the duplicate to be retained in his personal file. Should such employee be again transferred the second department will prepare an abstract setting forth the data contained in that received by it, with the addition of his record while in the second department, such abstract to be transmitted to the department to which he is transferred, a duplicate being retained.
In the case of a reinstatement, the department in which the employee is reinstated should apply to the establishment in which the former service was rendered for an abstract of record in the case. Statements of employees must not be accepted unless verified from official records.

3. In Table II show the amount deducted for the retirement fund during each **fiscal year**, or part of **fiscal year**, the employee was in your service.

4. This certificate must be signed and countersigned (if necessary) by an official recognized by the Bureau of Pensions as authorized to sign certificate of administrative officer on application for refunds.

5. In the case service was per diem and continuous through the calendar year, so state; if intermittent, give dates of beginning and ending of actual employment, with the number of days served.

Sirs: Re: Bureau of Lighthouses.

It is requested that an administrative report be furnished relative to the claim of David W. Collison, 205 Chesapeake Avenue, Eastport, Maryland, for increase of compensation on account of services rendered by him as an employee of the Lighthouse Service, during the period July 1, 1917, to August 6, 1917.

Your report should contain a verification of the dates of service and a statement showing whether claimant was paid increase of compensation during the period involved. Your report should also contain definite information showing whether he was certified for increase of compensation and if certified, the effective date should be shown.

Respectfully,

For the Unit Head.

David W. Collison,

Eastport, Maryland.

Sir:

Your claim for increase of compensation believed to be due on account of services rendered as an employee of the Watch Force, United States Naval Academy, Annapolis, Maryland, during the period July 1, 1917, to June 30, 1924, has been carefully examined and it is found that no amount is due you for the reasons hereinafter stated.

Reports from the Treasury Department, United States Coast Guard; and the Navy Department, Bureau of Supplies and Accounts, disclose that you were employed in the Lighthouse Service during the period July 1 to August 6, 1917, and with the United States Naval Academy from August 7, 1917, through June 30, 1924, during which periods you were paid all the increase of compensation authorized by law. Therefore, it must be held that you are not entitled to any additional amount on that account for services rendered during the above-stated period.

There is no provision of law authorizing payment of increase of compensation for the services rendered prior to July 1, 1917, or subsequent to June 30, 1924.

I therefore certify that no balance is found due you from the United States.
