1 Referring to nomination forwarded this day in the case of Steven Coludrovich, Second Assistant Keeper, South Pass Range Rear Light Station, for the position of keeper, to succeed Andrew Jackson, Jr., who has been recommended for retirement on account of disability, the following is submitted:

2. Mr. Coludrovich was keeper at this station from January 22, 1931, to July 22, 1935, when he requested transfer to Brazos River Light Station. He was transferred, again at his request, to Head of Passes Light Station February 16, 1936, and was transferred to the position of Second Assistant Keeper, South Pass Range Rear Light Station, February 1, 1936. He has had longer service than the present First Assistant Keeper, Archie E. Fox, and is better qualified for the position of keeper therefore the reason for recommending his promotion.

The nominee's name (include full Christian name and middle initial or initials, if any) should be correctly spelled and the official name of the position and station accurately stated. In nominating a person already in the Lighthouse Service his last appointment should be examined for official name of position, station, salary, etc.

In case a nominee's legal residence as stated on this nomination is different from that contained in his last appointment, or is different from that stated on the eligible register if the nomination is for probationary appointment, a statement to that effect should be made under "Remarks."

The instructions in regard to transfers of employees, as set forth in Regulations, 1927, articles 415 and 429, should be carefully followed.

Under "Action recommended" indicate clearly the kind of appointment desired, as temporary, probationary, etc. If temporary, indicate under that heading or under "Remarks" the period for which appointment is desired and the necessity therefor.

If a license from the Steamboat Inspection Service is required for the position to which appointment is recommended, state grade, waters, and tonnage covered by the license, and whether or not the same is sufficient to cover the position.

When it is proposed to fill a new position, indicate the fact by inserting, after the words "Previous incumbent," the words "New position," and give the date of Department letter. Always ascertain that proper report or recommendation for the disposition of the services of the previous incumbent has been made before submitting recommendation for the appointment of a successor.

In recommending the reinstatement, or original appointment, of a person whose papers show that he has already served under some branch of the Department of Commerce, include a brief note of that fact on the nomination.

Recommendation for permanent or temporary appointment or extension of appointment to positions for which eligible registers are maintained by the Civil Service Commission at Washington, D. C., or for appointment to excepted positions, or for transfer (including transfer from other Government agencies), promotion, reduction, or reinstatement, shall not be forwarded through the civil service district secretary; but all other nominations, including selections from eligible registers maintained by the civil service district secretary or by the local civil service board for the Lighthouse Service, whether for permanent or temporary appointment or extension shall be forwarded through the district secretary.

When a person recommended for probationary appointment, or reinstatement, states that he has two or more members of his family in the Government service, he should be directed to properly fill out civil service Form No. 1769, which should be forwarded with the nomination.

When a person recommended for reinstatement has been out of the service over one year, Form S. S. 93–A, supplemental, should be submitted in duplicate.

In recommending the appointment of a keeper, state under "Remarks" whether or not quarters are furnished by the Government for his family.

After "Other eligibles considered" superintendents will state the names of the eligibles who "declined" or "failed to reply," and those "who were merely considered without other action," and will indicate the same after each name by the use of the key terms "D," "FR," and "C," respectively.

Opposite "Rank on eligible list" superintendents will state whether the person recommended stands first, second, or third, as the case may be, of the eligibles available for appointment to the position in question.

In submitting nominations for temporary appointment, state under "Remarks" whether or not the work is job employment, and, if job employment, make certificate that upon completion of the work the services of a person in the position will no longer be required. State also as definitely as possible the period for which the services of the person will be needed.

INSTRUCTIONS

This form requests information to permit the Social Security Administration to determine whether the veteran had active military or naval service during World War II (September 16, 1940--July 24, 1947) or post- World War II (July 25, 1947--December 31, 1956) for which military service wage credits may be granted.

The duplicate copy of this form should be kept in the veteran's military file. If there is ever a subsequent change made in the service or retirement record which affects the information furnished on this form, the Social Security Administration should be advised accordingly.

PART I—The items identifying the veteran are completed by the requesting Social Security Administration office shown in the upper right corner of the form. That office will also check block(s) after "Part II" and/or "Part III" to show the type of information being requested.

PART II—When this block is checked in Part I, all applicable items in Part II are to be completed by the certifying agency. If additional space is needed, use the space under "Remarks" below or on the reverse side of the form. List each period of service and identify all periods of service designated as "active duty for training."

PART III—When this block is checked in Part I, all applicable items in Part III are to be completed by the certifying agency. Additional explanations may be entered under "Remarks" below or on the reverse side.

Military retired pay is based on the WW II or post-WW II period of service, as the case may be, if active service in the period *has ever* been directly credited (used) in establishing eligibility to the retired pay, or in computing the amount of such pay. Transfer to the Fleet Naval (or Marine Corps) Reserve is treated the same as a normal retirement for purposes of completing this form. A decision to retire an individual, when officially approved, constitutes a retirement even though for any reason no retired pay is ever made.

Items 1(c) and (d)—Active service was "used" in establishing eligibility to retired pay if it comprises part of the total minimum service required for retirement according to the provisions of law under which the veteran was actually retired. The fact that he was eligible for retirement under some other provision of law is immaterial.

Item 2(a)—Retired pay is "fixed" when one of several applicable formulas for computing retirement pay is selected. If the individual is given the option of deciding which formula is to be used, the pay is not "fixed" until the selection is made and approved.

Items 2(a), (b) and (c)—A "multiple of active service" is that number used to represent years of active service when computing retirement pay. For purposes of this multiple, fractions of one-half year or more of active service are counted as a whole year. However, when computing longevity retirement and pay from the Public Health Service, the multiple is the last full year.

Item 3—The terms "active duty" and "active duty for training" have the same meaning as defined in Sec. 102 of Public Law 881, 84th Congress (Servicemen's and Veterans' Survivor Benefits Act).

Lieutenant Commander Alger Y. Barbee, U. S. Coast Guard Reserve, member and recorder;
Surgeon B. Oliver Lewis, U. S. Public Health Service, member;
Surgeon (R) D. H. Donath, U. S. Public Health Service, member.

John E. Lau, chief yeoman (a), U. S. Coast Guard Reserve, entered as reporter and was duly sworn.

The board decided to sit with open doors.

Steven Coludrovich (222-201), chief boatswain's mate, U. S. Coast Guard, the party under examination, entered and stated that he did not desire counsel.

The recorder read the precept, copy hereto prefixed marked "A"; the recorder read an amendment to the precept, relieving Commander George W. McKean as president, copy hereto prefixed marked "B"; the recorder read an amendment to the precept, appointing Commander Philip A. Short, U. S. Coast Guard, as president, vice Commander George W. McKean relieved, copy prefixed marked "C"; the recorder read an order from the Commandant to the party under examination, dated 21 August, 1944, directing him to appear before the board, copy prefixed marked "D"; the recorder read the order of the president of the board, constituting the membership thereof and fixing the time of the hearing, dated 26 August, 1944, original hereto prefixed marked "E"; the recorder read an order from the Medical Officer in Charge, U. S. Marine Hospital, New Orleans, dated 26 August, 1944, appointing two medical officers of the U. S. Public Health Service as members of the board, original hereto prefixed marked "F"; the recorder read the order of the president of the board to the party under examination, requiring him to report at the time and place fixed for this hearing, dated 26 August, 1944, copy hereto prefixed marked "G".

The party under examination was informed of his rights.

The party under examination stated that he did not object to any member.

The board and the recorder were duly sworn.

No witnesses not otherwise connected with the inquiry were present.

A. The only aggravation could be that of paralysis of other nerves of the body; however, as I stated at the start of this testimony, if the underlying cause of this paralysis is the effect of this facial lesion, then there may be other complications that would develop.

16. Q. Is it possible to determine what the underlying reason may be?
A. No, it is not.

17. Q. There appears in his health record "Tumor of larynx 4-1-44". He has testified that he was in the hospital on or about that date for the removal of a tumor. Does that indicate there is an error in his health record?
A. Yes.

18. Q. And that should be "removal of tumor" or something to that effect?
A. I think I can clarify this whole matter if you like. In the early part of his admission he came with hoarseness and some enlarged lymphnodes, in the upper part of his neck on the right side. A biopsy was made in order to determine a possible connection between the enlarged lymphnodes and the hoarseness; no connection was found. At a later time a biopsy was made of the lesion on the left side of this man's face to determine the nature of this lesion. It was shown to be cancer. As a consequence, the more extensive operation was performed on the left side of his face to remove the cancer.

19. Q. When you speak of tumor and of cancer, you are speaking of the same thing?
A. They are synonymous.

Examined by the board:

20. Q. Does this drainage indicate an activity of the tumor?
A. No. This drainage indicates that the duct which previously connected the salivary gland in front of the ear with the mouth has been severed. That was done in the removal of the cancer of the face.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Surgeon B. Oliver Lewis, U. S. Public Health Service, the senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does chief boatswain's mate Coludrovich's disability proceed?
A. He has several disabilities; he has a paralysis of the nerve

supplying the left vocal cord; he has a disfigurement of his face, the result of contraction of scarred tissue from removal of a cancer; and he has hoarseness, which is a symptom of paralysis of the nerve supplying the left vocal cord. Intermittently he has a drainage of saliva from his duct on the left cheek, which was cut necessarily in order to remove all of the tumor.

2. Q. And he does have paralysis of the laryngeal nerve?
A. Yes, the left recurrent laryngeal nerve that supplies one of the vocal cords.

3. Q. Is there a possibility of one underlying cause for the disability of the fistula and the paralysis?
A. Yes, the paralysis could be either due to the tumor or the operation cutting the nerve, or a spread of the tumor following the original tumor.

4. Q. Is the disability permanent?
A. Yes, it is.

5. Q. Is chief boatswain's mate Coludrovich's disability such as to incapacitate him for active service?
A. I think so, because, as he testified, it is necessary that he do a certain amount of telephoning long distance from his station, and if he were in one of these spells when he could not talk he would be unable to conduct his business properly if it became necessary to contact the Coast Guard or some other agency.

6. Q. Have all reasonable measures for the amelioration of the disabling conditionsbeen tried?
A. They have.

7. Q. Your report states that the incapacity will be permanent unless corrected by surgery, but that this is not advisable at this time. Could you elaborate on that?
A. At the time this saliva duct was draining, it was thought that an operation might correct it. There is an operation where they can connect the two ends of the duct together, but he was not in good shape and there was some doubt as to whether the thing might spread or close, so it was thought better to wait and see what happened. It so happened that the thing closed up of its own accord, but, as Doctor Donath has testified, it is apt to break down again at any future time.

8. Q. Is there any surgical treatment that could be administered for the paralysis?
A. Not that we know of.

9. Q. Is his disability the result of an incident of service?
A. It is.

10. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?

A. There was not.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as a member.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

Chief boatswain's mate Coludrovich, the party under examination, desired to make no statement.

Chief boatswain's mate Coludrovich, the party under examination, desired to make no argument.

The recorder desired to make no argument.

The inquiry was finished, the party thereto withdrawing, having been informed that he would receive due notification when he might regard himself as discharged from further attendance before the board.

After full and mature deliberation the board finds as follows:

FINDING OF FACTS

That Steven Coludrovich (222-201), chief boatswain's mate, U. S. Coast Guard, is incapacitated for active service by reason of Fistula of the Parotid (Stensen's) Duct, left, and paralysis, left recurrent, laryngeal nerve; that his incapacity is permanent; is the result of an incident of service; and is not the result of his own vicious habits.

A letter appended, marked "H" was received from headquarters, transmitting the papers named therein, which are appended, marked "1" to "3". Those marked "1" and "2" were read by the recorder.

The party under examination was asked by the president whether he wished to be retired and replied in the affirmative.

The party under examination was duly sworn as a witness.

Examined by the recorder:

1. Q. State the nature of your disability.
A. One thing is my shoulder. (He indicated that he could only raise his right arm about 60% normal.)

2. Q. Do you have a pain when you raise your right arm?
A. It is sore.

3. Q. Do you have any other disability?
A. Yes, my voice.

4. Q. What is the trouble with your voice?
A. My voice gets hoarse at times down at my station by that salt air, and when I come up here it is all right.

5. Q. Does it stay hoarse all the time you are down at your station?
A. It gets hoarse if I try to talk loud.

6. Q. Is your voice affected in any other way than by hoarseness?
A. That is the only way.

7. Q. Can you still talk when you are hoarse?
A. Yes, sir.

8. Q. How long have you had this trouble with your voice?
A. Since January, 1944.

9. Q. Did it come on you suddenly?
A. In my sleep. When I woke up I had this hoarseness.

10. Q. How long was it before you went to the hospital?
A. About a week or so.

11. Q. Did you remain hoarse all that time?
A. Pretty much.

12. Q. Do you have any other disability?
A. My face, since they operated on me, has drawn my cheek up and is very stiff under the ear. (He pointed out a scar on his left cheek about 3" long.)

13. Q. When did you have that operation?
A. I think it was in May, 1944.

14. Q. At this hospital?
A. Yes, sir.

15. Q. How long were you in the hospital for that operation?
A. About two months.

16. Q. Did you have any other trouble at that time?
A. My hoarseness.

17. Q. You only had one operation at that time?
A. No, sir, I had two or three operations.

18. Q. There were three tumors removed?
A. No, sir, only one tumor.

19. Q. And as a result of that operation you say you have a stiffness in your face?
A. Yes, sir.

20. Q. Does that cause you any discomfort other than just a stiff feeling?
A. Not so much. I cannot take a cup and drink out of it like anybody else on account of my lip being drawn up.

21. Q. In other words, the operation has drawn up one side of your face?
A. Yes, sir. I have to drink out of one side.

22. Q. Have you noticed whether this is loosening up any?
A. It is about the same.

23. Q. Your health record shows that you came to the hospital on July 12, 1944. For what reason did you come then?
A. My face was draining. I did not know whether it would be dangerous or not.

24. Q. How long had you had this tumor before you were operated on for it?
A. About a year and a half.

25. Q. Was it enlarged?
A. Yes, sir.

26. Q. Was it causing you any pain?
A. No, sir, only when I shave it would get raw.

27. Q. Have you had any operations in the Coast Guard other than those you mentioned?
A. No, sir.

28. Q. How long have you been on your station where you are stationed now?
A. About 29 years.

29. Q. You have put in all of your service in that vicinity?
A. Yes, sir, most of the time.

Examined by the board:

30. Q. Do you have any difficulty in talking?
A. Yes, sir, sometimes it is difficult for me to talk.

31. Q. What is your difficulty, does it hurt you?
A. No, sir, it does not hurt so much, but if I try to talk over the phone I can hardly be understood.

Reexamined by the recorder:

32. Q. Do you desire to say anything further concerning your case?
A. No, sir.

Neither the board, the recorder, nor the party under examination desired further to examine this witness; the witness resumed his seat as the party under examination.

The medical members, having been directed by letter, original appended hereto marked "4", which was read by the recorder, to examine into the past and present physical and mental condition of Steven Coludrovich (222-201), chief boatswain's mate, U. S. Coast Guard, submitted a written report, which was sworn to, read by the recorder, and is appended marked "5".

Surgeon (R) D. H. Donath, U. S. Public Health Service, the junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1. Q. From what cause does chief boatswain's mate Coludrovich's disability proceed?
A. The Fistula of the Parotid (Stensen's) Duct is due to the removal of the cancer of the face, which was done in April or May of this year. We have a feeling that there may be some connection between the paralysis, left recurrent, laryngeal nerve and the growth on this man's face, although we are not sure as to the exact cause ofthe paralysis of the left laryngeal nerve. The fact that the fistula is healed over at the present time does not mean that it will remain healed; it may open and drain again at any time.

2. Q. Is the disability permanent?
A. Yes, as near as we can tell.

3. Q. Is chief boatswain's mate Coludrovich's disability such as to incapacitate him for active service?
A. I think it is, yes.

4. Q. Have all reasonable measures for the amelioration of the disabling conditions been tried?
A. They have.

5. Q. Is his disability the result of an incident of service?
A. Yes.

6. Q. Was there any information before the medical members of the board which would lead you to believe that his condition might be due to vicious practices of his own?
A. No.

7. Q. What effect does the fistula have on Coludrovich?
A. The left side of his face is apt to become infected at any time.

8. Q. You have heard him say that it causes a stiffness in his face and he has difficulty in drinking; is that the result of the fistula?
A. The scar on his face is.

9. Q. And is there a possibility that it might drain some more?
A. I think it is quite likely.

10. Q. Is that drainage internally or externally?
A. Externally.

11. Q. What effect does the paralysis have on him?
A. It will make for a weak voice. He may be able to talk all right for a time, but talking over any period of time will make for hoarseness because he will be using one vocal cord instead of two.

12. Q. He explained in his testimony that he is not as hoarse now as he was down at his station; why is this?
A. It is probable that he has had more of an opportunity to rest.

13. Q. But that condition is permanent?
A. To the best of my knowledge.

14. Q. Is there complete paralysis of the left laryngeal nerve?
A. Every indication is that there is complete paralysis of the left recurrent laryngeal nerve.

15. Q. Could this paralysis become more aggravated?

NOTE 6 - The combining of Option 4 with any of the options elected will allow the termination of all deductions from retired pay when there is no potential annuitant remaining under the option. If Option 4 is not elected, the deductions will be continued *throughout the life of the member*, whether or not all potential annuitants become ineligible, either by predeceasing the member or for some other reason, such as a child's reaching 18 years of age.

INSTRUCTIONS

This form requests information to permit the Social Security Administration to determine whether the veteran had active military or naval service during World War II (September 16, 1940--July 24, 1947) or post- World War II (July 25, 1947--December 31, 1956) for which military service wage credits may be granted.

The duplicate copy of this form should be kept in the veteran's military file. If there is ever a subsequent change made in the service or retirement record which affects the information furnished on this form, the Social Security Administration should be advised accordingly.

PART I—The items identifying the veteran are completed by the requesting Social Security Administration office shown in the upper right corner of the form. That office will also check block(s) after "Part II" and/or "Part III" to show the type of information being requested.

PART II—When this block is checked in Part I, all applicable items in Part II are to be completed by the certifying agency. If additional space is needed, use the space under "Remarks" below or on the reverse side of the form. List each period of service and identify all periods of service designated as "active duty for training."

PART III—When this block is checked in Part I, all applicable items in Part III are to be completed by the certifying agency. Additional explanations may be entered under "Remarks" below or on the reverse side.

Military retired pay is based on the WW II or post-WW II period of service, as the case may be, if active service in the period *has ever* been directly credited (used) in establishing eligibility to the retired pay, or in computing the amount of such pay. Transfer to the Fleet Naval (or Marine Corps) Reserve is treated the same as a normal retirement for purposes of completing this form. A decision to retire an individual, when officially approved, constitutes a retirement even though for any reason no retired pay is ever made.

Items 1(c) and (d)—Active service was "used" in establishing eligibility to retired pay if it comprises part of the total minimum service required for retirement according to the provisions of law under which the veteran was actually retired. The fact that he was eligible for retirement under some other provision of law is immaterial.

Item 2(a)—Retired pay is "fixed" when one of several applicable formulas for computing retirement pay is selected. If the individual is given the option of deciding which formula is to be used, the pay is not "fixed" until the selection is made and approved.

Items 2(a), (b) and (c)—A "multiple of active service" is that number used to represent years of active service when computing retirement pay. For purposes of this multiple, fractions of one-half year or more of active service are counted as a whole year. However, when computing longevity retirement and pay from the Public Health Service, the multiple is the last full year.

Item 3—The terms "active duty" and "active duty for training" have the same meaning as defined in Sec. 102 of Public Law 881, 84th Congress (Servicemen's and Veterans' Survivor Benefits Act).
