Superintendent of Lighthouses,
Staten Island, N. Y.

Enclosed is copy of letter dated May 7, 1931, from the Bureau relative to Civil Service status of Jerry Conley.

In this connection attention is invited to your letter of April 22, 1921. In this communication it is stated that the employment of Conley is temporary and this was understood to be temporary employment on relief Lightship #78 and not temporary appointment.

It is requested that you advise whether or not Conley was actually selected from an eligible register or whether or not he ever submitted application for examination.

In view of his previous service in the Second District a copy of this communication is being furnished to the Superintendent of Lighthouses at Chelsea, Mass., with request that he make certain report.

1. Returned to Superintendent 12th Lighthouse Dist. When Mr.Conley was appointed in this District to the position of Assistant Engineer on Relief Lightship 78, he was appointed from outside the register and given a temporary appointment, his appointment having been issued to cover a period not to exceed 30 days from the date of establishment of a register of eligibles for appointment to the position named. Mr.Conley never submitted an application for examination to this District, but his service card includes a note that he passed a Civil Service Examination for Asst.Engineer in May,1916, which was probably during the time he was employed in the 2nd L.H.Dist.

SUBJECT: Transfer of Jerry Conley, Assistant Engineer.

1. You are advised that Jerry Conley, formerly Assistant Engineer on Relief Light Vessel No. 78, went aboard Light Vessel No. 103, last night, with the understanding that his date of entrance on duty as Assistant Engineer on Light Vessel No. 103 would be taken up as of April 22, 1921, his last day of service on Relief Light Vessel No. 78 being April 21, 1921. His employment on L.V. 78 was temporary. Enclosed is a copy of his Service Record Card. It is presumed that the 12th District has taken the necessary action toward Conley's appointment as Assistant Engineer on Light Vessel No. 103.

May 7, 1931.

Superintendent of Lighthouses,
Milwaukee, Wisconsin.

According to the Department's records Jerry Conley, at present serving as Assistant Engineer on Lightship #89 in your District, originally entered this service under temporary appointment pending certification and has had no change in his civil service status, his record being in part as follows:

Temporary appointment pending certification, effective May 26, 1918, as Assistant Engineer on Lightship #66, second district.

Discontinued under this temporary appointment effective at the close of July 18, 1918.

Temporary appointment pending certification, effective October 22, 1920, as Assistant Engineer on Lightship No. 78, 3rd District.

Transferred to 12th District as Assistant Engineer on Lightship No. 103, effective April 22, 1921.

Transferred to Lightship No. 89, 12th District, in September 1929.

It is requested that the Bureau be fully advised as to the status of this employee, including a statement as to why he has been indefinitely retained without civil service status and recommendation as to what steps you propose to take with a view to adjusting this situation.

OFFICE OF SUPERINTENDENT, 12TH DISTRICT
MILWAUKEE, WIS.

May 28, 1931.

Superintendent of Lighthouses,
Chelsea, Mass.

Referring to my letter dated May 19, 1931, relative to Jerry Conley, which letter remains unanswered.

There is enclosed a copy of endorsement furnished Mr. Conley, copy of the letter of May 19 referred to and copy of his letter of May 22, 1931. It will be observed from a letter from Mr. Conley that he states he passed examination in the Second District and in the Third Lighthouse District.

This office would be pleased to establish a Civil Service status for Mr. Conley and if he passed examination the Department might issue to him an appointment, carrying a permanent status. However, it is noted from two appointments furnished by Conley that statement is contained on both to the effect that the same shall continue for not to exceed thirty days from the date of establishment of register.

C. H. Hubbard, Superintendent

By

Chief Clerk.

Copy referred to Supt. Lighthouses, Staten Island, N. Y. for information. The enclosures referred to above are also furnished herewith for your information and particularly relative to statement of Conley about passing an examination in the Third Lighthouse District. Kindly advise if Conley took examination.

Supt. of Lighthouses,

Referring to your letter dated May 15, 1931, relative to Jerry Conley.

You are informed that the Superintendent at Staten Island, N. Y. advises service card for Conley indicates that he passed civil service examination for Assistant Engineer in May 1918. Advise whether or not Conley took this examination in the Second District and if his name was placed on an eligible register as a result of this examination.

C. H. Hubbard, Superintendent

By A. H. Thomas,
Chief Clerk.

Copy referred to Conley, Thru Master Lightship #89. Enclosed is copy of letter dated May 7, 1931, from the Commissioner of Lighthouses, relative to your Civil Service status and copy of letter from this office dated May 11, transmitted to the Supt. of Lighthouses at Staten Island, N. Y. and Supt. of Lighthouses, Chelsea, Mass., with endorsement thereon to the Bureau.

This office assumed from statement of the Supt. at Staten Island that you were temporarily employed on Lightship #78 but it now develops that your appointment was temporary and that you do not have a civil service status. This office is at a loss to understaa d why you permitted your temporary status to continue. It hardly appears possible that you did not, through your term of years of service, learn that an examination and permanent appointment are required for offices of vessels.

Advise the office whether or not you knew of your temporary status.

Unless some means can be provided for securing your permanent appointment, your services will in all probability have to be replaced by another employee selected from an eligible register, however, the selection of an eligible to fill the position you now temporarily hold will not be undertaken until specifically advised by the Bureau of Lighthouses that such step is necessary.

1. Referring to your letter of February 5, 1921, in regard to application of Jerry Conley for transfer from the position of assistant engineer on Light Vessel No. 78 to the position of assistant engineer on Light Vessel 103 at $1,260 per annum, base pay.

2. Your attention is invited to Bureau indorsement on copy of telegram of January 6, 1921, to the 3d Superintendent stating that it was considered that the two officers aboard Light Vessel 103 and the four men to be employed by the 3d Superintendent would be sufficient complement for this vessel during the winter while remaining in the 3d District, and no action will therefore be taken at this time looking to the transfer of Conley to Light Vessel 103. However, the Bureau has no objection to the transfer of Conley to Light Vessel 103 when the full authorized complement assumes duty, provided that such transfer is agreeable to the 3d Superintendent, and to Conley at that time. You are therefore requested to confer with the 3d Superintendent in regard to this matter and request that he submit nomination to the Bureau at the proper time. Copy of this letter has been furnished the 3d Superintendent.

My dear Mrs. Conley:

Receipt is acknowledged of your letter of 21 January 1956 advising Coast Guard Headquarters of the death of your husband, Jerry Conley, Keeper, former Lighthouse Service, now United States Coast Guard, Retired. Please accept my sincere sympathy.

It is requested that a certified copy of the certificate of death, and a certified copy of the public record of marriage be forwarded to Commandant (PS) so our records may be complete.

At the time of death there was due the estate of your husband final retired pay. This retired pay ceases at death and there is no law providing for the continued payment of any part thereof to surviving dependents. The forms necessary to effect settlement of the final retired pay are herewith enclosed.

If there will be no legal representative to administer the estate of your husband, the next of kin, or the person who paid, or will pay the funeral expenses should execute the enclosed Forms No. 1055, claim for the final pay, in the presence of two witnesses, taking care to answer all questions as checked. If a representative is appointed, a copy of the Court Order showing the appointment should be attached to Forms No. 1055. If the funeral expenses have been paid, a bill receipted by the undertaker should be forwarded, otherwise, the undertaker should sign the enclosed waiver form. This information is necessary to support the claim for the final retired pay.

In the event you have in your possession any uncashed retired pay checks, these should be returned to Coast Guard Headquarters for settlement with the claim for retired pay due on date of death.

Veterans Administration Forms Nos. 530 and 534 are enclosed for making application for the burial allowance and for filing claim for compensation or pension.

When the enclosed forms have been completed, return them to Commandant (PS) in the enclosed pre-addressed envelope which requires no postage.

Very truly yours,

4 June 1956

Veterans Administration

Attention: F. G. Fraser
Chief, Office Services Division

Dear Sir:

Reference is made to your letter dated 24 April 1956 in regard to Jerry Conley, 3HCD, XC 19 678 294.

The record of this office shows that Mr. Conley served intermittently on various Light Ships and Tenders in the former Lighthouse Service from 7 April 1914 to 28 February 1945. From 11 April 1917 to 6 March 1918 Mr. Conley served as Fireman on the Tender ZIZANIA, from 7 March 1918 to 27 May 1918 as Machinist on Light Ship No. 54 and from 28 May 1918 to 18 July 1918 as an Assistant Engineer on Relief Light Ship No. 66. Pursuant to Executive Order dated 11 April 1917, issued under authority of the Act of Congress approved 29 August 1916 (39 Stat. 602), the Tender ZIZANIA, including equipment and personnel, was transferred to the service and jurisdiction of the War Department on 11 April 1917 and subsequently to the Navy Department on 1 July 1917. Relief Light Ship No. 66, including equipment and personnel, was transferred to the service and jurisdiction of the Navy Department on 11 April 1917. Light Ship No. 54 was notunder the jurisdiction of the War or Navy Department. At the close of 30 June 1919 the Tender ZIZANIA and Relief Light Ship No. 66 were restored to the service and jurisdiction of the Lighthouse Service in the Department of Commerce.

Under a decision of the Judge Advocate General of the Navy dated 29 August 1924 it was held that personnel transferred by the Executive Order above referred to were entitled to adjusted compensation. The personnel in question were also awarded the Victory Medal and have been granted the benefits of the War Risk Insurance Act in recognition of their status as veterans.

Enlistment, commission, and discharge papers were not issued by the Navy Department or the War Department to individuals to cover their status with respect to such service under those Departments, and in the absence thereof certificates were issued by the Commissioner of Lighthouse to persons properly eligible therefor in evidence of their status in the matter.

Photostatic copy of Medical Record is enclosed.

Sincerely yours,

JUN 4 1956

Gentlemen:

Reference is made to your letter dated 24 April 1956 in regard to Jerry Conley, 3HCD, XC 19 678 294.

A review of the muster rolls of the U. S. Revenue-Cutter ANDROSCOGGIN reveals that J. Conley enlisted in the U. S. Revenue-Cutter Service (now the U. S. Coast Guard) on 23 July 1910 at Portland, Maine, as Coal Heaver. On 17 August 1910 he was rated fireman. He served until 22 July 1911 when he was honorably discharged at expiration of enlistment.

That portion of your letter pertaining to Lighthouse Service will be answered by separate letter.

Very truly yours,

B. A. SHAW

Gentlemen:

In order to give consideration to an application for death benefits in the case of the above-named, it is requested a verification of service and medical records be furnished this Administration. It is also requested you advise the period of service performed aboard any vessel which was under the jurisdiction of the U. S. Navy.

Service is alleged to have been performed from July 23, 1910 to July 21, 1911; from April 7, 1914 to July 18, 1918 and from March 23, 1920 to date retired, on March 1, 1945. It is believed the service was performed in the Revenue Cutter Service and the Light House Service. The individual was born December 29, 1884, Ireland and died January 17, 1956.

Very truly yours,

The Honorable,

The Secretary of Commerce.

Sir:

Referring to the Department's letter of November 21, requesting authority for the permanent appointment of Jerry Conley as assistant engineer in the Twelfth Lighthouse District, Milwaukee, Wisconsin, the Department is advised that the Commission will authorize Mr. Conley's permanent appointment, effective the date of his entrance on duty in the Second Civil Service District, October 22, 1920.

By direction of the Commission:

November 21, 1931.

The Civil Service Commission:

Reference is made to the Commission's letter of November 5, 1931 (File X-SJ:gt), requesting a statement as to the authority under which the transfer of Jerry Conley was effected from the Third to the Twelfth Lighthouse District in April, 1921.

Apparently no civil service authority was obtained for Mr. Conley's transfer. The Superintendent, Twelfth Lighthouse District, reports that although the Third Superintendent, in a communication dated April 22, 1921, stated that Mr. Conley's employment on Lightship No. 78 was temporary, it occurred to him that it merely meant a temporary complement on Lightship No. 78. In his nomination for the transfer of Mr. Conley, the Superintendent stated that the transfer was necessary in order that Lightship No. 103 could make passage from Thompkinsville, New York to Milwaukee, Wisconsin.

Since Mr. Conley's transfer, without the approval of the Civil Service Commission, was apparently an oversight by all concerned, and in view of his long and faithful service, the Department would appreciate it if the Commission will authorize his permanent appointment to his present position.

By direction of the Secretary:

Respectfully,

Secretary of Commerce:

In compliance with Department indorsement of November 7 on letter of November 5 from the Civil Service Commission, relative to the authority under which Jerry Conley was transferred from the 3rd to the 12th Lighthouse District, there is herewith submitted for the Department's information a report in the matter dated November 13 from the Superintendent of Lighthouses, Milwaukee, Wis. Attention in this connection is invited to Bureau letter of June 13 in which it was pointed out that Mr. Conley at one time acquired a civil service status, in view of which it is recommended that his present status be made regular, if this is at all practicable.

Authority under which Jerry Conley, Assistant Engineer on Lightship 89 was transferred from 3d District to your district.

Inclosed for your information and return with prompt report to the Bureau is a letter of November 5 from the Civil Service Commission, which was referred to the Bureau by Department indorsement of November 7, relative to the authority under which Jerry Conley, Assistant Engineer on Lightship No. 89, was transferred to your district from the 3d Lighthouse District. The return of the inclosure is requested.

Superintendent of Lighthouses, Milwaukee, Wis., November 13, 1931.

Returned to the Bureau enclosing copy of letter dated April 22, 1921, from the Superintendent of Lighthouses, Thompkinsville, N. Y. The letter of April 22, advises that the employment on L.S. #78 was temporary. In preparing nomination Form 73 for Conley as suggested by the Third Supt., no mention was made of temporary, it occurring to this office that the temporary service of Conley merely meant a temporary complement on Relief L.S. #78 however, when appointment of May 3, 1921 was received the word "temporary" was not noted or entered in the records against the name of Conley. Many changes in the status of Conley occurred thereafter but neither the nomination Form 73 nor the certificate issued by the Department made reference to temporary status and it was not on record that Conley was temporary until the receipt of Bureau letter dated May 7, 1931.

Indorsement on Bureau letter of November 10, 1931, re:- Authority under which Jerry Conley, Assistant Engineer on Lightship #89 was transferred from 3d District toyour district.

Endorsement of June 6, 1931 from this office, returning Bureau letter of May 7, 1931, furnishes a complete history of this case and the last paragraph recommends that Conley be given a permanent appointment in view of his name appearing on an eligible register in the Eastern District at the time of his transfer.

For and in the absence of the Superintendent.

SUBJECT:- Transfer of Jerry Conley, Assistant Engineer.

1. You are advised that Jerry Conley, formerly Assistant Engr. on Relief Light Vessel No. 78, went aboard Light Vessel No. 103, last night, with the understanding that his date of entrance on duty as Assistant Engineer on Light Vessel No. 103 would be taken up as of April 22, 1921, his last day of service on Relief Light Vessel No. 78 being April 21, 1921. His employment on L.V. 78 was temporary. Enclosed is a copy of his Service Record Card. It is presumed that the 12th District has taken the necessary action toward Conley's appointment as Assistant Engineer on Light Vessel No. 103.

The Honorable,

The Secretary of Commerce.

Sir:

With further reference to the Commission's letter of October 2 and to the Department's letter of September 26, regarding the permanent appointment of Jerry Conley as assistant engineer on Lightship No. 89, the Commission would appreciate from the Department a statement as to the authority under which the transfer of Mr. Conley was effected from the Third Lighthouse District to the Twelfth Lighthouse District in April of 1921. Mr. Conley has apparently been carried on the rolls of the Department as a temporary employee thruout the entire period of his services and under the civil service rules temporary employees are not eligible for transfer.

The Commission would appreciate an early reply from the Department as it is endeavoring to close the case of Mr. Conley.

By direction of the Commission:

Very respectfully,

November 7, 1931.

Copy transmitted to the Commissioner of Lighthouses for information and report to the Department.

The Civil Service Commission:

Reference is made to the Commission's letter of October 9, 1931 (File X:SJ:VA), requesting certain information regarding the service record of Jerry Conley, assistant engineer at $1740 per annum in the Lighthouse Service.

The records in the case show that Mr. Conley was appointed as assistant engineer at $1500 per annum on Lightship No. 78 on October 22, 1920 under Section 2, Rule VIII. On April 22, 1921 he was transferred to Lightship No. 103 at $1260 per annum. His salary was increased to $1320 per annum by reason of an allowance of $60 per annum longevity pay on October 22, 1922. His compensation was readjusted to $1620 per annum, effective July 1, 1924. This action was reported on Journal Sheet No. 143 on August 7, 1924. Mr. Conley's compensation was increased to $1680 per annum on October 22, 1925 by reason of the allowance of $120 per annum longevity pay. A report of this was made on Journal Sheet No. 772 of October 7, 1928. Under the Welch Act his salary was increased to $1800 per annum on July 1, 1928. A report of this was made on July 2, 1928, Entry No. 2196. His transfer to his present position on Lightship No. 89, was reported on Journal Sheet No. 2419 of August 31, 1929. Prior to July 1, 1924 the present journal form was not in use.

The Honorable,

The Secretary of Commerce.

Sir:

Referring to the Department's letter of September 26, regarding the permanent appointment of Jerry Conley as assistant engineer on Lightship No. 89, at $1740 per annum, in the Lighthouse Service, the Department is advised that the Commission has requested reports from the District Managers under whose jurisdiction Mr. Conley has served since October 1920. It has been learned that Mr. Conley competed in an examination in the First District and an effort is being made to locate the records of this examination.

It is expected that the Commission will be able to make a definite report at an early date and the Department will be advised at that time.

By direction of the Commission:

Very respectfully,

Civil Serfice Commission:

The Department would appreciate a response to its letter of July 23, 1931, requesting the Commission to authorize the permanent appointment of Jerry Conley as assistant engineer on LIGHTSHIP No. 89, at $1740 per annum, in the Lighthouse Service.

Mr. Conley has been serving under Section 2 of Rule VIII since October 22, 1920.

By direction of the Secretary:

Respectfully,

July 23, 1931

The Civil Service Commission:

The records of the Department indicate that Jerry Conley, assistant engineer on LIGHTSHIP No. 89 at $1740 per annum in the Lighthouse Service has been serving continuously since October 22, 1920, under section 2 of Rule VIII.

Mr. Conley's appointment was authorized by the Secretary, Second Civil Service District. On April 22, 1921, he was transferred to relief Light Vessel No. 103 assigned to the Twelfth Lighthouse District with headquarters in Milwaukee, Wisconsin. On February 14, 1929, Mr. Conley was transferred to his present position on LIGHTSHIP No. 89, which is also under the Twelfth Lighthouse District.

Information received from the Bureau of Lighthouses is to the effect that Mr. Conley acquired a civil service status for permanent appointment in an examination held in May, 1918 by the local board in the Second Lighthouse District and was entered on the eligible register of that district on September 13, 1918, with a rating of 80.00. Mr. Conley also served as assistant engineer on LIGHTSHIP No. 66 from May 26 to July 18, 1918, authorized by the Secretary, First Civil Service District under section 2 of Rule VIII.

It appears that the existing condition is partly due to the employee's transfer from the Third to the Twelfth Lighthouse District in 1921, and also to a misunderstanding on the part of the latter office as to his civil service status.

In view of Mr. Conley's long and faithful service and the fact that he passed the examination in 1918 while serving temporarily, the Department would appreciate it if the Commission will authorize his permanent appointment to his present position.

By direction of the Secretary:

Respectfully,

EDW. J. GARDNER JUL 24 1931

Chief of Appointment Division.

Secretary of Commerce:

1. There is submitted herewith for the Department's consideration a file of correspondence relating to the continuous employment under temporary appointment since October 22, 1920, of Jerry Conley, at present serving as Assistant Engineer on LIGHTSHIP 89 in the 12th District. The relevant facts concerning the record of this employee are as follows:

Served under temporary appointment pending certification from May 28, 1918 to July 18, 1918, inclusive, as Assistant Engineer on LIGHTSHIP NO. 66, Second Lighthouse District.

Entered on duty under temporary appointment pending certification October 22, 1920 as Assistant Engineer on LIGHTSHIP NO. 78, Third Lighthouse District.

Transferred to 12th Lighthouse District as Assistant Engineer on LIGHTSHIP NO. 103, effective April 22, 1921, and has since been continuously employed in that district.

2. It appears that this condition is partly in consequence of this employee's transfer from the Third to the Twelfth Lighthouse District in 1921 and was due to a misunderstanding on the part of the latter office as to his civil service status. It will be noted from the attached correspondence that Conley did acquire a civil service status for permanent appointment in an examination held in May 1918 by the local board in the Second Lighthouse District and was entered on the eligible register of that district on September 13, 1918 with a rating of 80 percent. He apparently never received an appointment as the result of such eligibility, however, as his next period of employment in this Service began on October 22, 1920 when he was given a temporary appointment as Assistant Engineer on LIGHTSHIP NO. 78 in the Third District.

3. In view of the long and faithful service of this employee and the fact that he at one time had a regular civil service status, it is recommended that such steps as deemed most practicable be taken to make this employee's status regular.

According to the Department's records Jerry Conley, at present serving as Assistant Engineer on Lightship 89 in your District, originally entered this Service under temporary appointment pending certification and has had no change in his civil service status, his record being in part as follows:

28 (?)
26, Temporary appointment pending certification, effective May 1918, as Assistant Engineer on Lightship No. 66, 2d District.

Discontinued under this temporary appointment effective at the close of July 18, 1918.

Transferred to 12th District as Assistant Engineer on Lightship No. 103, effective April 22, 1921.

Transferred to Lightship No. 89, 12th District, in September, 1929.

It is requested that the Bureau be fully advised as to the status of this employee, including a statement as to why he has been indefinitely retained without civil service status and recommendation as to what steps you propose to take with a view to adjusting this situation.

Superintendent of Lighthouses, Milwaukee, Wis. June 6, 1931.

Returned to Bureau with statement that this office did not understand Jerry Conley to have a temporary appointment. He was transferred from a Lightship in the Third District to Relief Lightship #103, at the time that vessel proceeded from the Atlantic Coast to the Great Lakes.

Endorsement on Bureau letter of May 7, 1931 continued.

Upon receipt of the above letter an examination of a notice in change of salary indicates that to be temporary, but the temporary feature of the notice was not placed in the records of the 12th District.

The situation with regar to civil service status in the case of Conley is unfortunate but it appears that he passed civil service examination and his name was placed on an eligible register in the office of the Supt. of Lighthouses at Chelsea, Mass. The Second Supt. advises that there is no copy of the register on which the name of Conley appears available but in view of his name standing on an eligible register in the Second Lighthouse District at the time he was serving in the Third District, it is recommended that the Civil Service Commission authorize the transfer of his eligibility from the Second District to the Third District and that appointment to Lightship #89 be modified to show selection made from eligible register, it being assumed that his name would be within reach for consideration if eligibility transferred from Chelsea to Staten Island.

Enclosed are copies of the following letters:

Letter May 11, to Supt. Lighthouses Staten Island and endorsements thereon.

Endorsement of May 15, from Supt. at Staten Island, returning letter of May 11.

Letter May 15, from Supt. of Lighthouses, Chelsea, Mass. in reply to endorsement on letter of May 11.

Letter May 19, to Supt. Lighthouses Chelsea, Mass. and endorsement thereon to Conley.

Letter May 22, from Conley in reply to endorsement of May 19.

Letter May 28 to Supt. of Lighthouses, Chelsea, Mass. and endorsement thereon.

Endorsement May 27 from Supt. of Lighthouses, Chelsea, returning letter May 19.

Letter June 1, from Supt. Lighthouses, Staten Island, N.Y.

Letter June 1, from Supt. Lighthouses, Chelsea, Mass.

With reference to last paragraph of Bureau letter May 7, this office will take no steps looking toward the replacement of Mr. Conley until the Civil Service Commission at Washington has ruled as to his eligibility in connection with Civil Service examination taken in the Second Lighthouse District upon the basis of which his name was placed on eligible register Sept. 13, 1918, with a rating of 80%.

Y. and Supt. of Lighthouses, Chelsea, Mass, with endorsement thereon to the Bureau.

This office assumed from statement of the Supt. at Staten Island that you were temporarily employed on Lightship #78, but it now develops that your appointment was temporary and that you do not have a civil service status. This office is at a loss to understand why you permitted your temporary status to continue. It hardly appears possible that you did not, through your term of years of service, learn that an examination and permanent appointment are required for officers of vessels.

Advise the office whether or not you knew of your temporary status.

Unless some means can be provided for securing your permanent appointment, your services will in all probability have to be replaced by another employee selected from an eligible register, however, the selection of an eligible to fill the position you now temporarily hold will not be undertaken until specifically advised by the Bureau of Lighthouses that such step is necessary.

July 13, 1922.

Commissioner of Lighthouses;

Referring to the readjustment of pay list dated June 27, 1922, for the Twelfth District, transmitted by the Bureau's recommendation of July 3, 1922, your attention is called to the following changes made by the Department:

Lloyd S. Auld, shown by the Department records to have entered on duty August 28, 1918. It is presumed that in computing his longevity credit has been given him for service as Quartermaster on the Tender SUMAC. However, before issuing Mr. Auld a notice in change of salary, the Department requests to be further advised in the matter.

Lewis F. Allard, shown by Department records to have entered on duty July 11, 1917, therefore, the effective date of longevity is July 11, 1922.

Olaf K. Andersen, shown by Department records to have entered on duty in grade June 16, 1915, therefore, entitled to $120 longevity pay. Total pay $1260.

Thorwald Berntzen, shown by Department records to have entered on duty in grade April 19, 1917, therefore, entitled to $120 longevity pay. Total pay $1560.

Daniel A. Garrett, shown by Department records to have entered on duty, as Mate, August 5, 1920, therefore, not entitled to longevity pay.

Jerry Conley, shown by Department records to have entered on duty October 22, 1920, therefore, not entitled to longevity pay.

Returned to the Commissioner of Lighthouses.

A new oath of office in the case of Jerry Conley was forwarded to the Bureau with the Superintendent's letter of the 22nd ultimo. As the old oath and the letter from the Chief Clerk of the Department were returned at the same time, it appears that the new oath must be in the Bureau's office or have been forwarded to the Department. If the Bureau will indicate the nature of the report required, the Superintendent will be glad to furnish it.

Dear Mr. Reynolds:

1. Referring to your letter of September 14, 1931, with further regard to the case of Jerry Conley, the following information is submitted:

2. Card record file kept in this office at that time, indicates that Mr. Conley's name was entered on the eligible register for the position of assistant engineer of lightship in this district, on September 13, 1918 with a rating of 80 per cent. In regard to your enquiry as to whether or not his name was ever certified, etc., this office is unable to state as we have no copy of the eligible register on file or any record giving this information.

3. The above information, and that previously furnished you in our letter of August 7, is all the information on hand in this office on the above case. It is very much regretted that there is no record on hand concerning certification, etc.

Dear Mr.Curran:

With further reference to the case of Jerry Conley, about whom you wrote this office on August 7,1931, I have further correspondence with the Commission in which it requests to be advised with the following information:

When was Mr.Conley's name entered on the eligible register?
Where was Mr.Conley's name entered on the eligible register?
For what position did he file application?
What rating did he receive?
Was his name ever certified, and if so, how many times?
If his name was certified, where did it stand on certificate - Number 1, 2, 3, etc.,?
Did he accept, decline, or fail to respond?

This apparently is a most important case, as I understand the Commission has been requested to give Mr.Conley a classified status, and the Commission wants to know if his name was ever within reach for probational appointment during the time it appeared on the register.

There has been a most careful search made here, but we can not locate the register on which Mr.Conley's name appeared. We have registers from 1919 on, but can not find your copy of the register for 1918, on which you state Mr.Conley's name appeared. I understand that these registers are filed away in your office somewhere, and in order that I may fully advise the Commission, it will be very much appreciated if you will make every effort to locate the register on which Mr.Conley's name appeared, and furnish me with the above information.

Your cooperation in this matter will be greatly appreciated.

Dear Sir:

Confirming telephone conversation with your office this morning, with reference to your letter of August 6, 1931, case of Jerry Conley.

In the absence of a Register of Eligibles for the position, Mr. Conley was given temporary appointment, effective May 28, 1918, for a period not to exceed thirty days from the date of establishment of a Register of Eligibles, as assistant engineer on Lightship No.66, this district. He served in this position under the above temporary appointment until July 18, 1918, at which time he resigned. It further appears from office records that he filed an application for assistant engineer of lightship in May 1918 and that he was placed on the eligible register for that position on September 13, 1918, with a rating of 80 per cent. It will be noted that his entry on the eligible register occurred after the termination of his services in this district. There is no copy on hand of the above register.

Enclosed is copy of letter dated May 7, 1931, from the Commissioner of Lighthouses, relative to your Civil Service status and copy of letter from this office dated May 11, transmitted to the Supt. of Lighthouses at Staten Island, N. Y. and Supt. of Lighthouses, Chelsea, Mass., with endorsement thereon to the Bureau.

This office assumed from statement of the Supt. at Staten Island that you were temporarily employed on Lightship #78 but it now develops that your appointment was temporary and that you do not have a civil service status. This office is at a loss to understaa d why you permitted your temporary status to continue. It hardly appears possible that you did not, through your term of years of service, learn that an examination and permanent appointment are required for offices of vessels.

Advise the office whether or not you knew of your temporary status.

Unless some means can be provided for securing your permanent appointment, your services will in all probability have to be replaced by another employee selected from an eligible register, however, the selection of an eligible to fill the position you now temporarily hold will not be undertaken until specifically advised by the Bureau of Lighthouses that such step is necessary.

According to the Department's records Jerry Conley, at present serving as Assistant Engineer on Lightship #89 in your District, originally entered this service under temporary appointment pending certification and has had no change in his civil service status, his record being in part as follows:

Temporary appointment pending certification, effective May 26, 1918, as Assistant Engineer on Lightship #66, second district.

Discontinued under this temporary appointment effective at the close of July 18, 1918.

Temporary appointment pending certification, effective October 22, 1920, as Assistant Engineer on Lightship No. 78, 3rd District.

Transferred to 12th District as Assistant Engineer on Lightship No. 103, effective April 22, 1921.

Transferred to Lightship No. 89, 12th District, in September 1929.

It is requested that the Bureau be fully advised as to the status of this employee, including a statement as to why he has been indefinitely retained without civil service status and recommendation as to what steps you propose to take with a view to adjusting this situation.

Superintendent of Lighthouses, Milwaukee, Wis.

According to the Department's records Jerry Conley, at present serving as Assistant Engineer on Lightship 89 in your District, originally entered this Service under temporary appointment pending certification and has had no change in his civil service status, his record being in part as follows:

Temporary appointment pending certification, effective May 26, 1918, as Assistant Engineer on Lightship No. 66, 2d District.

Discontinued under this temporary appointment effective at the close of July 18, 1918.

Temporary appointment pending certification, effective October 22, 1920, as Assistant Engineer on Lightship No. 78, 3d District.

Transferred to 12th District as Assistant Engineer on Lightship No. 103, effective April 22, 1921.

Transferred to Lightship No. 89, 12th District, in September, 1929.

It is requested that the Bureau be fully advised as to the status of this employee, including a statement as to why he has been indefinitely retained without civil service status and recommendation as to what steps you propose to take with a view to adjusting this situation.

W P Harman

W. P. HARMAN,
Acting Commissioner of Lighthouses.

RLC:EMF

AHT:MJS- -
Superintendent of Lighthouses, Milwaukee, Wis. June 6, 1931.

Returned to Bureau with statement that this office did not understand Jerry Conley to have a temporary appointment. He was transferred from a Lightship in the Third District to Relief Lightship #103, at the time that vessel proceeded from the Atlantic Coast to the Great Lakes.

Endorsement on Bureau letter of May 7, 1931 continued.

Upon receipt of the above letter an examination of a notice in change of salary indicates that it be temporary, but the temporary feature of the notice was not placed in the records of the 12th District.

The situation with regar to civil service status in the case of Conley is unfortunate but it appears that he passed civil service examination and his name was placed on an eligible register in the office of the Supt. of Lighthouses at Chelsea, Mass. The Second Supt. advises that there is no copy of the register on which the name of Conley appears available but in view of his name standing on an eligible register in the Second Lighthouse District at the time he was serving in the Third District, it is recommended that the Civil Service Commission authorize the transfer of his eligibility from the Second District to the Third District and that appointment to Lightship #89 be modified to show selection made from eligible register, it being assumed that his name would be within reach for consideration if eligibility transferred from Chelsea to Staten Island.

Enclosed are copies of the following letters:

Letter May 11, to Supt. Lighthouses Staten Island and endorsements thereon.

Endorsement of May 15, from Supt. at Staten Island, returning letter of May 11.

Letter May 15, from Supt. of Lighthouses, Chelsea, Mass. in reply to endorsement on letter of May 11.

Letter May 19, to Supt. Lighthouses Chelsea, Mass. and endorsement thereon to Conley.

Letter May 22, from Conley in reply to endorsement of May 19.

Letter May 28 to Supt. of Lighthouses, Chelsea, Mass. and endorsement thereon.

Enclosed is copy of letter dated May 7, 1931, from the Bureau relative to Civil Service status of Jerry Conley.

In this connection attention is invited to your letter of April 22, 1921. In this communication it is stated that the employment of Conley is temporary and this was understood to be temporary employment on relief Lightship #78 and not temporary appointment.

It is requested that you advise whether or not Conley was actually selected from an eligible register or whether or not he ever submitted application for examination.

In view of his previous service in the Second District a copy of this communication is being furnished to the Superintendent of Lighthouses at Chelsea, Mass., with request that he make certain report.

1. Returned to Superintendent 12th Lighthouse Dist. When Mr.Conley was appointed in this District to the position of Assistant Engineer on Relief Lightship 78, he was appointed from outside the register and given a temporary appointment, his appointment having been issued to cover a period not to exceed 30 days from the date of establishment of a register of eligibles for appointment to the position named. Mr.Conley never submitted an application for examination to this District, but his service card includes a note that he passed a Civil Service Examination for Asst.Engineer in May,1918, which was probably during the time he was employed in the 2nd L.H.Dist.

1. Referring to your endorsement to this district on copy of your letter to the Superintendent of Lighthouses, Staten Island, New York, and to copies of letters attached thereto, regarding the case of Jerry Conley, formerly employed in this district.

2. You are advised that Mr. Conley was employed in this district on March 11, 1918, as machinist on Lightship No. 54, and served in that capacity until the close of May 27, 1918. In the absence of of a Register of Eligibles for the position, he was given temporary appointment, effective May 28, 1918, for a period not to exceed thirty days from the date of establishment of a Register of Eligibles, as assistant engineer on Lightship No. 66, this district. He served in this position under the above temporary appointment until July 18,1918, at which time he resigned.

Copy referred to Conley, Thru Master Lightship #89. Enclosed is copy of letter dated May 7, 1931, from the Commissioner of Lighthouses, relative to your Civil Service status and copy of letter from this office dated May 11, transmitted to the Supt. of Lighthouses at Staten Island, N. Y. and Supt. of Lighthouses, Chelsea, Mass, with endorsement thereon to the Bureau.

This office assumed from statement of the Supt. at Staten Island that you were temporarily employed on Lightship #78 but it now develops that your appointment was temporary and that you do not have a civil service status. This office is at a loss to understand why you permitted your temporary status to continue. It hardly appears possible that you did not, through your term of years of service, learn that an examination and permanent appointment are required for offices of vessels.

Advise the office whether or not you knew of your temporary status.

Unless some means can be provided for securing your permanent appointment, your services will in all probability have to be replaced by another employee selected from an eligible register, however, the selection of an eligible to fill the position you now temporarily hold will not be undertaken until specifically advised by the Bureau of Lighthouses that such step is necessary.

Office of Supt. of Lighthouses, Milwaukee, Wis. August 1, 1931

Returned with statement that Jerry Conley is serving as Assistant Engineer on Lightship 89. This office has recently been advised by the Bureau of his temporary status while employed in the 3rd District, although at the time of his transfer to the 12th District in April, 1921, it was assumed that he held a permanent appointment with a temporary assignment on Relief Lightship 78 in the 3rd District.

This matter has been taken up with the Commissioner at Washington and upon receipt of reply, you will be advised.

Inclosed for your information and return with prompt report to the Bureau is a letter of November 5 from the Civil Service Commission, which was referred to the Bureau by Department indorsement of November 7, relative to the authority under which Jerry Conley, Assistant Engineer on Lightship No. 89, was transferred to your district from the 3d Lighthouse District. Superintendent of Lighthouses, Milwaukee, Wis., November 13, 1931.

Returned to the Bureau enclosing copy of letter dated April 22, 1921, from the Superintendent of Lighthouses, Thompkinsville, N. Y. The letter of April 22, advises that the employment on L.S. #77 was temporary. In preparing nomination Form 73 for Conley as suggested by the Third Supt., no mention was made of temporary, it occurring to this office that the temporary service of Conley merely meant a temporary complement on Relief L.S. #78 however, when appointment of May 3, 1921 was received the word "temporary" was not noted or entered in the records against the name of Conley. Many changes in the status of Conley occurred thereafter but neither the nomination Form 73 nor the certificate issued by the Department made reference to temporary status and it was not on record that Conley was temporary until the receipt of Bureau letter dated May 7, 1931.

Indorsement on Bureau letter of November 10, 1931, re:- Authority under which Jerry Conley, Assistant Engineer on Lightship #89 was transferred from 3d District toyour district.

Endorsement of June 6, 1931 from this office, returning Bureau letter of May 7, 1931, furnishes a complete history of this case and the last paragraph recommends that Conley be given a permanent appointment in view of his name appearing on an eligible register in the Eastern District at the time of his transfer.

WASHINGTON, D.C.

November 5, 1931.

The Honorable,

The Secretary of Commerce.

Sir:

With further reference to the Commission's letter of October 2 and to the Department's letter of September 26, regarding the permanent appointment of Jerry Conley as assistant engineer on Lightship No. 89, the Commission would appreciate from the Department a statement as to the authority under which the transfer of Mr. Conley was effected from the Third Lighthouse District to the Twelfth Lighthouse District in April of 1921. Mr. Conley has apparently been carried on the rolls of the Department as a temporary employee thruout the entire period of his services and under the civil service rules temporary employees are not eligible for transfer.

The Commission would appreciate an early reply from the Department as it is endeavoring to close the case of Mr. Conley.

In accordance with your letter 18 December, 1944, File 75, the furniture and household effects of subject were removed from the quarters at Point Betsie Light Station and delivered at his home at Charlevoix via Coast Guard Truck T-6749, Frankfort Lifeboat Station, this date.

I, Jerry Leonley do hereby certify that I will not hold the U.S. Government, or the U.S. Coast Guard or any of its personnel responsible for any damage sustained in the movement of my household effects from Point Betsie Light Station via U.S. Coast Guard truck No. T-6749 to Charlevoix, Michigan.

The movement of my household effects via government vehicle is by my own request.

Subj: Jerry Conley, retired; household effects.

1. In accordance with your recommendation of 15 December, 1945, file 75, regarding request of subject employee for Frankfort Lifeboat Station to move his household effects from Point Betsie Light Station to his present residence in Charlevoix by Coast Guard truck, same is approved provided such use of equipment will not interfere with the regular work of the station.

2. As a general rule civilian employees, upon their separation from the Service, are expected to vacate their quarters at personal expense. In this case, however, deduction of $20 per month is being made for quarters from Mr. Conley's salary, and the fact that he is willing to make the quarters available for Coast Guard use prior to the date of his retirement is considered as a convenience for the Government justifying the moving of his household effects.

Dear Sir:-

As you know from the Cleveland letters regarding my husbands retirement (Jan 1st) We may occupy the Pt. Betsie quarters until March.

As we have no further use for them due to my husbands condition and being too far from a Doctor and probably they would like them at Pt Betsie for the third man. We would like to get our furniture there moved up here before roads get bad.

could you have your truck move it for us? I would like to go down a day ahead to have things ready.

Its not a large load, a bedroom set, electric refrigerator and washer is the bulk of it.

If Mr. Hayes is still at Pt Betsie he wished to buy the living room pieces.

If you could move the things for us both my husband and I would appreciate it very much.

Our phone no is 206 - if you wished to phone us you may reverse the charges

Thanking you

Very Truly

Subj: Retirement due to disability

1. Inclosed find Forms 2521 for your retirement due to disability effective at the close of 28 February, 1945, at a retirement salary of approximately $1014.33 per annum. This action is necessary due to the fact that Dr. McMillan has advised that you will be unable to perform the duties required of a light keeper.

2. It is requested that you sign the inclosed forms, being sure to answer all questions on reverse side. Also indicate your address after retirement if known at this time. Otherwise forward this information as soon as available in order that your retirement checks may be sent to the proper address. You will not be required to vacate your present quarters until the date of your retirement.

3. In this connection you are advised that although your accrued leave would carry you to the close of 8 March, 1945, your retirement was figured as becoming effective at the close of February, 1945. By doing this you will receive a retirement check amounting to approximately $84.00, whereas by being carried on leave for eight days in March and leave without pay for the balance of the month you would receive a salary check amounting to approximately $39.40 for the month of March. However, it will be necessary for you to submit a letter in duplicate to this office stating that you desire to forfeit all earned leave to your credit at the close of 28 February, 1945.

4. Return completed forms to this office promptly.

Dear Dr. McMillan:

Reference is made to your recent report in the case of Jerry Conley (Re: C.G. 775). It is noted that Mr. Conley has been ill and under your care for the past few months and suffering from a coronary occlusion, probably spastic in its nature but which renders him unable to exert himself to any degree. It is noted also that you feel that Mr. Conley will not be able at any time to return to active duty.

Under the Lighthouse Service Retirement Act for disability, a lighthouse keeper who is found after examination by a medical officer of the United States to be disabled for useful and efficient service by reason of disease or injury not due to vicious habit, intemperence, or willful misconduct on his part, shall be retired.

It is requested that the inclosed Form 2523, Certificate of Medical Examination, Disability Retirement, Civilian Personnel, be completed in triplicate and returned to this office with your recommendation in this case.

Subj: Subsistence and quarters allowances for enlisted man at Point Betsie Light Station

1. Reference is made to your letter of 28 July, 1944, File CG-775, outlining the conditions existing at Point Betsie Light Station. Inasmuch as the furniture of Jerry CONLEY, Assistant Keeper, is in the quarters that would ordinarily be occupied by a substitute, DCGO, Cleveland, first indorsement of 8 July, 1944, on your letter dated 4 July, 1944, file CG-521, is hereby amended in that quarters allowance of $1.25 per day is also authorized for the enlisted man who is assigned as substitute at Point Betsie Light Station in the absence of Conley.

2. Using this letter as authority, submit to this office necessary forms 2668 and 2599 claiming these allowances as of the time and date the enlisted man from your station is assigned this detail. Similar forms will be submitted terminating these allowances at such time as civilian Assistant Keeper Jerry CONLEY resumes his regular duty.

Subj: CONLEY, Jerry; civilian, Ass't Keeper, Pt. Betsie Light Station; absent sick.

1. This office is in receipt of the Final Medical Certificate, copy of which is attached, from A.A. Surgeon F. F. McMillan, M.D. Charlevoix, Michigan dated 25 July, 1944, stating that subject named man, "is not fit for duty", and carrying the following under Remarks: "Patient has cardiac enlargement, and still angina on exertion. He should be hospitalized in government hospital for diagnosis and treatment".

2. At the present time Conley is occupying government quarters at Pt. Betsie Light Station and DCGO, Cleveland, 9th ND, by letter dated 4 July, 1944, file CG-521, did authorize a subsistence allowance of $1.80 per day for an enlisted man to substitute at Pt. Betsie Light in Conley's place.

3. However, Conley's furniture, etc., is in the quqrters the substitute would have to occupy. Due to this reason, I have not detailed a man to Pt. Betsie Light to take up Conley's duties. A man should be assigned to that Light as only two men are now stationed there.

4. If Conley is now unfit for duty and is to be hospitalized as recommended, the District Office is requested to take action to vacate his quarters so that another man can be assigned to that Light without having to occupy quarters which are filled with Conley's household goods.

Remarks: In accordance with the Comptroller General's Decision B-70029 dated 10-23-47, which reversed Decision A-31584 of 5-28-30, your retirement pay has been recomputed on the basis of the average gross pay (which includes the valuation of quarters for the period occupied) received during the last five years of your active duty. The computation on this basis changes the rate of your retirement pay from $1200.23 to $1317.90, and this notice is issued in order that you may have accurate information as to the rate of retirement pay which you are authorized to receive.

Justification:

Total Service: 30 years, 2 months, 15 days.

Computation: ($1757.20 x 30.0000 ÷ 40)= $1317.90

Consideration given all other eligible employees
Certified as to sufficiency of Appropriated Funds

Miss Gertrude M. McNally,
Secretary-Treasurer
National Federation of Federal
10 Independence Avenue, S. W.
Washington, D. C.

Dear Miss McNally:

Reference is made to your letter of July 3, 1943, in which you made reference to the pay of Lighthouse Keepers Jerry Conley and Henry Lafreniere and stated that you had been unable to reconcile the compensation given employees from December 1942 to May 1943, with the adjustments provided by law.

This matter has been taken up with the Chicago office of this Service and the tabulation furnished by that office to show how these employees were compensated from December 1942 to June 1943, inclusive, is shown below:

	CREDITS			TOTAL	CHARGES		
Period	Pay	Addt'l Compensation	Qtrs. Allow.	Gross Income	Qtrs. Allow.	Victory Tax	Net Paid
Dec.1942	$125.00	-	$20.00	$145.00	$20.00	-	$125.00
Jan.1943	125.00	12.50)	20.00	157.50)	20.00	4.90	132.60)
" 1943	-	2.00)	-	2.00)	-	-	2.00)
Feb.1943	125.00	14.50	20.00	159.50	20.00	4.90	134.60
Mar.1943	125.00	14.50	20.00	159.50	20.00	4.90	134.60
Apr.1943	125.00	14.50	20.00	159.50	20.00	4.90	134.60
May 1943	125.00	25.00	20.00	170.00	20.00	4.90	145.10
Jun.1943	125.00	25.00)	20.00	184.50	20.00	4.90	159.60
		14.50)					

In explanation of the delay in making the adjustments the Chicago office has advised that the 10% additional compensation to keepers for December 1942, was not paid until June 1943, when it was included in the June check for the reason that the office was awaiting a decision from Headquarters as to whether or not the 10% was to have been given keepers retroactive to December 1, 1942.

(PCP)

Miss Gertrude McNally

As you are aware, the 10% additional compensation was allowed through April 30, 1943, following which under Public Law 49 these employees were to be paid additional compensation at the rate of $300 per annum or at the rate of 25% of earned compensation during each pay period, whichever was lower. In the present cases the keepers were given additional compensation effective from May 1, 1943, at the rate of $300 per annum.

The Chicago office has advised that the keepers herein referred to made no inquiry of that office as to how their rate of compensation was arrived at.

Very truly yours,

Sir:

Reference is made to an informal visit to your office by a representative of this Federation concerning the rates of pay for civilian Lightkeepers Jerry Conley and Henry Lafraniexes (Lafreniere) stationed at Point Betsie Light, Frankfort, Michigan.

According to the provisions of Public Law 821, 77th Congress and Public Law 49, 78th Congress where hours of duty are intermittent or irregular or the nature of the duties requires the presence of the employee on the official station, a percentage adjustment in basic compensation is to be made. We are advised that these Lightkeepers receive a basic salary of $125 per month or $1500 per annum. For the month of December 1942 their pay checks were $125, for January 1943 they were $132.60, for February - $136.60, for March - $134.60, for April - $134.60, and for May - $145.10.

As we are unable to reconcile these figures with the adjustments provided for by law, we would appreciate your investigating this situation and advising us of your findings.

Sincerely,

Gertrude M. McNally

Secretary-Treasurer.

	CREDITS			TOTAL	CHARGES		
Period	Pay	Addt'l Compnstn	Qtrs Allow	Gross Income	Qtrs Allow	Victory Tax	Net Paid

		14.50)					

2. The 10% additional compensation due keepers for December, 1942 was not paid until June, 1943 when it was included in the June check for the reason that this office was awaiting a decision from Headquarters as to whether or not it was to have been paid for December, 1942. Payment of the 10% additional compensation for December was made in accordance with Headquarters' letter of 24 May, 1943 (CG-CP-75).

3. The total paid for January, 1943 was $134.60. When the roll was first made for this period this office did not know whether or not the quarters allowance was to be included in the gross salary for the purpose of computing the 10% additional compensation. Upon receipt of Headquarters' letter of 15 February, 1943 (CG-CP-75) a supplemental payroll was made in which payment was made to all keepers for the 10% additional compensation due on the quarters allowance. Payment for the months of February thru April was made on this basis, that is, the 10% additional compensation was computed on the basis of gross salary which is the combined cash salary and valuation of quarters. The 10% additional compensation terminated 30 April, 1943 and commencing 1 May, 1943 the additional compensation was computed on the basis of $300.00 per annum in accordance with Public Law 49, 78th Congress, approved 7 May, 1943, wherein

3-2 1943 JUL 26 AM 9 33

intermittent and irregular employees with basic salary rates of less than $2000.00 per annum were to be paid additional compensation at the rate of $300.00 per annum or at the rate of 25% of earned compensation during each pay period, whichever was the lower. In the case of subject keepers the $300.00 per annum rate was lower than 25% of the earned compensation.

4. Subject keepers have never contacted this office for information as to how their compensation has been arrived at.

REC'D JUN 26 1941

Dear Sirs -

Could you please inform me whether or not a man named Jerrimiah Conley is still in the service and if so what is his present address?

Mr. Conley and the writer were shipmates on U. S. Lightship # 74 located at Portland, Me. for several years from 1917 to about 1922. He was later an engineer on one of the Lightships on the Great Lakes.

I would say that he is about 48 or 50 yrs. of age at this time.

I would greatly appreciate anything you can do to help

me locate him as I would like very much to communicate with him.

Respectfully Yours.
Byron E. Pinkham.

In compliance with Department indorsement of November 7 on letter of November 5 from the Civil Service Commission, relative to the authority under which Jerry Conley was transferred from the 3rd to the 12th Lighthouse District, there is herewith submitted for the Department's information a report in the matter dated November 13 from the Superintendent of Lighthouses, Milwaukee, Wis. Attention in this connection is invited to Bureau letter of June 13 in which it was pointed out that Mr. Conley at one time acquired a civil service status, in view of which it is recommended that his present status be made regular, if this is at all practicable.

Returned to the Bureau enclosing copy of letter dated April 22, 1921, from the Superintendent of Lighthouses, Thompkinsville, N. Y. The letter of April 22, advises that the employment on L. S. #78 was temporary. In preparing nomination Form 73 for Conley as suggested by the Third Supt., no mention was made of temporary, it occurring to this office that the temporary service of Conley merely meant a temporary complement on Relief L. S. #78; however, when appointment of May 3, 1921, was received the word "temporary" was not noted or entered in the records against the name of Conley. Many changes in the status of Conley occurred thereafter but neither the nomination Form 73 nor the certificate issued by the Department made reference to temporary status and it was not on record that Conley was temporary until the receipt of Bureau letter dated May 7, 1931.

The Honorable,

The Secretary of Commerce.

Sir:

With further reference to the Commission's letter of October 2 and to the Department's letter of September 26, regarding the permanent appointment of Jerry Conley as assistant engineer on Lightship No. 89, the Commission would appreciate from the Department a statement as to the authority under which the transfer of Mr. Conley was effected from the Third Lighthouse District to the Twelfth Lighthouse District in April of 1921. Mr. Conley has apparently been carried on the rolls of the Department as a temporary employee thruout the entire period of his services and under the civil service rules temporary employees are not eligible for transfer.

The Commission would appreciate an early reply from the Department as it is endeavoring to close the case of Mr. Conley.

By direction of the Commission:

Very respectfully,

November 7, 1931.

Copy transmitted to the Commissioner of Lighthouses for information and report to the Department.

Secretary.

Chief Clerk.

June 13, 1931.

Secretary of Commerce:

1. There is submitted herewith for the Department's consideration a file of correspondence relating to the continuous employment under temporary appointment since October 22, 1920, of Jerry Conley, at present serving as Assistant Engineer on LIGHTSHIP 89 in the 12th District. The relevant facts concerning the record of this employee are as follows:

Served under temporary appointment pending certification from May 28, 1918 to July 18, 1918, inclusive, as Assistant Engineer on LIGHTSHIP NO. 66, Second Lighthouse District.

Entered on duty under temporary appointment pending certification October 22, 1920 as Assistant Engineer on LIGHTSHIP NO. 78, Third Lighthouse District.

Transferred to 12th Lighthouse District as Assistant Engineer on LIGHTSHIP NO. 103, effective April 22, 1921, and has since been continuously employed in that district.

2. It appears that this condition is partly in consequence of this employee's transfer from the Third to the Twelfth Lighthouse District in 1921 and was due to a misunderstanding on the part of the latter office as to his civil service status. It will be noted from the attached correspondence that Conley did acquire a civil service status for permanent appointment in an examination held on May 1918 by the local board in the Second Lighthouse District and was entered on the eligible register of that district on September 13, 1918 with a rating of 80 percent. He apparently never received an appointment as the result of such eligibility, however, as his next period of employment in this Service began on October 22, 1920 when he was given a temporary appointment as Assistant Engineer on LIGHTSHIP NO. 78 in the Third District.

3. In view of the long and faithful service of this employee and the fact that he at one time had a regular civil service status, it is recommended that such steps as deemed most practicable be taken to make this employee's status regular.

W. P. HARMAN,
Acting Commissioner of Lighthouses.

RLC:EMF

being assumed that his name would be within reach for consideration if eligibility transferred from Chelsea to Staten Island.

Enclosed are copies of the following letters:

Letter May 11, to Supt. Lighthouses Staten Island and endorsements thereon.

Endorsement of May 15, from Supt. at Staten Island, returning letter of May 11.

Letter May 15, from Supt. of Lighthouses, Chelsea, Mass. in reply to endorsement on letter of May 11.

Endorsement May 27 from Supt. of Lighthouses, Chelsea, returning letter May 19.

Letter June 1, from Supt. Lighthouses, Staten Island, N. Y.

Letter June 1, from Supt. Lighthouses, Chelsea, Mass.

With reference to last paragraph of Bureau letter May 7, this office will take no steps looking toward the replacement of Mr. Conley until the Civil Service Commission at Washington has ruled as to his eligibility in connection with Civil Service examination taken in the Second Lighthouse District upon the basis of which his name was placed on eligible register Sept. 13, 1918, with a rating of 80%.

According to the Department's records Jerry Conley, at present serving as Assistant Engineer on Lightship 89 in your District, originally entered this Service under temporary appointment pending certification and has had no change in his civil service status, his record being in part as follows:

Temporary appointment pending certification, effective May 26(?), 1918, as Assistant Engineer on Lightship No. 66, 2d District.

Discontinued under this temporary appointment effective at the close of July 18, 1918.

Temporary appointment pending certification, effective October 22, 1920, as Assistant Engineer on Lightship No. 78, 3d District.

Transferred to 12th District as Assistant Engineer on Lightship No. 103, effective April 22, 1921.

Transferred to Lightship No. 89, 12th District, in September, 1929.

It is requested that the Bureau be fully advised as to the status of this employee, including a statement as to why he has been indefinitely retained without civil service status and recommendation as to what steps you propose to take with a view to adjusting this situation.

Acting Commissioner of Lighthouses.

Superintendent of Lighthouses, Milwaukee, Wis. June 6, 1931.

Returned to Bureau with statement that this office did not understand Jerry Conley to have a temporary appointment. He was transferred from a Lightship in the Third District to Relief Lightship #103, at the time that vessel proceeded from the Atlantic Coast to the Great Lakes. Upon receipt of the above letter an examination of a notice in change of salary indicates that to be temporary, but the temporary feature of the notice was not placed in the records of the 12th District.

The situation with regard to civil service status in the case of Conley is unfortunate but it appears that he passed civil service examination and his name was placed on an eligible register in the office of the Superintendent of Lighthouses at Chelsea, Mass. The Second Superintendent advises that there is no copy of the register on which the name of Conley appears available but in view of his name standing on an eligible register in the Second Lighthouse District at the time he was serving in the Third District, it is recommended that the Civil Service Commission authorize the transfer of his eligibility from the Second District to the Third District and that appointment to Lightship #89 be modified to show selection made from eligible register, if

Referring to my letter dated May 19, 1931, relative to Jerry Conley, which letter remains unanswered.

There is enclosed a copy of endorsement furnished Mr. Conley, copy of the letter of May 19th referred to and copy of his letter of May 22, 1931. It will be observed from a letter from Mr. Conley that he states he passed an examination in the Second District and in the Third Lighthouse District.

This office would be pleased to establish a Civil Service status for Mr. Conley and if he passed examination the Department might issue to him an appointment, carrying a permanent status. However, it is noted from two appointments furnished by Conley that statement is contained on both to the effect that the same shall continue for not to exceed thirty days from the date of establishment of register.

Y. and Supt. of Lighthouses, Chelsea, Mass, with endorsement thereon to the Bureau.

This office assumed from statement of the Supt. at Staten Island that you were temporarily employed on Lightship #78, but it now develops that your appointment was temporary and that you do not have a civil service status. This office is at a loss to understand why you permitted your temporary status to continue. It hardly appears possible that you did not, through your term of years of service, learn that an examination and permanent appointment are required for officers of vessels.

Advise the office whether or not you knew of your temporary status.

Unless some means can be provided for securing your permanent appointment, your services will in all probability have to be replaced by another employee selected from an eligible register, however, the selection of an eligible to fill the position you now temporarily hold will not be undertaken until specifically advised by the Bureau of Lighthouses that such step is necessary.

SUBJECT: Transfer of Jerry Conley, Assistant Engineer.

1. You are advised that Jerry Conley, formerly Assistant Engineer on Relief Light Vessel No. 78, went aboard Light Vessel No. 103, last night, with the understanding that his date of entrance on duty as Assistant Engineer on Light Vessel No. 103 would be taken up as of April 22, 1921, his last day of service on Relief Light Vessel No. 78 being April 21, 1921. His employment on L.V. 78 was temporary. Enclosed is a copy of his Service Record Card. It is presumed that the 12th District has taken the necessary action toward Conley's appointment as Assistant Engineer on Light Vessel No. 103.

/s/ J. Yates.

May 7, 1931.

Superintendent of Lighthouses, Milwaukee, Wis.

According to the Department's records Jerry Conley, at present serving as Assistant Engineer on Lightship 89 in your District, originally entered this Service under temporary appointment pending certification and has had no change in his civil service status, his record being in part as follows:

Temporary appointment pending certification, effective May 26, 1918, as Assistant Engineer on Lightship No. 66, 2d District.

Discontinued under this temporary appointment effective at the close of July 18, 1918.

Temporary appointment pending certification, effective October 22, 1920, as Assistant Engineer on Lightship No. 78, 3d District.

Transferred to 12th District as Assistant Engineer on Lightship No. 103, effective April 22, 1921.

Transferred to Lightship No. 89, 12th District, in September, 1929.

It is requested that the Bureau be fully advised as to the status of this employee, including a statement as to why he has been indefinitely retained without civil service status and recommendation as to what steps you propose to take with a view to adjusting this situation.

Gentlemen:

Reference your file Misc-2877006. Inclosed is a letter of Mr. Jerry Conley, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period March 1, 1945 to June 30, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Treasury Department Form 2249, describing this retirement. This form shows computation of retired pay to be $1317.90 per annum, whereas, for the period March 1, 1945 to June 30, 1947, Mr. Conley was paid at the rate of $1200.23 per annum - an underpayment of $117.67 per year, or $9.81 per month.

Computation of the amount due and appropriations chargeable are as follow:

2051255-Retired Pay, Former Lighthouse Service, Coast Guard, 1945 -	$ 39.24
2061255-Retired Pay, Former Lighthouse Service, Coast Guard, 1946 -	117.67
2071255-Retired Pay, Former Lighthouse Service, Coast Guard, 1947 -	117.67
Total - - - - -	$274.58

For tax withholding purposes, the records of this office show that Mr. Conley claims two exemptions.

Mr. Conley's mailing address is 413 Prospect St., Charlevoix, Mich., and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.
