Chief, Civilian Personnel Division, U. S. Coast Guard, Washington, D. C.

Mr. Walter Daniels, retired Keeper; recomputation of retired pay for

In your letter of January 30, 1948, regarding subject matter (your file Misc-2873537 WJK) you requested that the administrative report regarding this claim "should include a statement as to the effective date on which claimant was retired, and copy of claimant's appointment for the five years immediately preceding the date of his retirement, showing his rate of pay during such peridd".

You are advised that the appointments issued by the Department of Commerce to Lighthouse Keepers were on a net basis, exclusive of quarters. For example, if such an employee at that time occupied quarters valued at $180 per annum, the net salary was shown in the appointment; this net amount was increaded by $180 to arrive at the gross rate. This procedure is necessary in the case of Mr. Daniels. The record shows that during the last five year period of service from 1 May 1930 to 30 April 1935, the date of his retirement, Mr. Daniels served at stations having quarters valued at $180 per annum. His case is summarized as follows:

Total gross compensation for last five years of active service $9889.67

Average compensation for last five years of service $1977.93

Annual Rate of retired pay ($1977.93 x years 30 ÷ 40) = $1483.45

Mr. Daniels annual rate of retirement pay on the net basis, exclusive of value of quarters, was $1348.45

Therefore the current method of computation on the gross basis results in an increase in the annual rate of retired pay of $ 135.00

Dear Mr. Daniels:

The Department is today notifying you, by separate letter, of your retirement from the Eleventh Lighthouse District, effective May 1, 1935, on account of disability.

For myself personally, and for the Department, I extend sincere thanks for your satisfactory services. I regret that impaired health has necessitated relinquishment of your official duties, and trust that the comfort you may well derive from your splendid record will soon be augmented by an improvement in your physical condition.

Sincerely yours,

INTERPRETATION OF THE X-RAY PLATES TAKEN FEBRUARY 11, 1935.

WALTER DANIELS

The diaphram is slightly irregular on both sides. Haziness and slight retraction of the ribs in the central portions on both sides, suggesting thickened pleura and probably some interstitial fibrosis of the lung. Marked thickening of the fifth interspace trunks on the right and the paravertebral and descending trunks on the left. Haziness in the cardio phrenic angle on the left.

CONCLUSIONS.

No evidence of clinical tuberculosis but considerable thickening of the pleura and evidence of chronic bronchial infection and probably a slight bronchiectasis at the left base.

Commissioner of Lighthouses,

1. Referring to letter from this office dated October 6, 1922, recommending the dismissal of Alex Cadotte, as Keeper (second assistant) of Outer Island Light Station, Michigan, and to the statement that counter charges preferred by Cadotte against the Keeper would be investigated, there is enclosed herewith copy of letter dated October 13, 1922, from Keeper Walter Daniels. It would appear from the Keeper's report that he has been, if anything, too lenient with Cadotte in not reporting to the office at the time the fact that he had been asleep on watch, and that Cadotte did not appreciate the consideration that was shown him.

2. The Keeper of Whitefish Point Light Station, where Cadotte was first assigned, made the following report relative to his services:

"It is my opinion Mr. Cadotte's services do not measure up to the standard, caused chiefly by noninterest in the work of the Service. But as he had a year or more military service overseas in the World War, and was wounded there, I am unwilling to reject him, and would suggest his retention in the Service. I will do my best to try and make something of him."

3. In view of the fact that Cadotte' has admitted being drunk and absent from duty without permission on two occasions, and of his unsatisfactory record as a whole since entering the Service on May 18, 1921, it is the opinion of this office that Keeper Daniels' statement should be accepted and Cadotte's charges ignored, and it is so recommended. Mr. Daniels, will however, be cautioned against making and use of wine having alcoholic content in excess of that allowed by law.

The Supt.

Sir:

In reply to your letter of October 6,th, about the charges that Alex Cadotte has preferred against me, will respectfully state about not letting him use the station boat, that is not true, both of the assistante know that the boat is here for the use of the Keepers. I went to town with Cadotte one trip to learn him the route and to run the engine, that was the first time he got intoxicated and was away for two weeks. he knew that he could take the station boat any time, but he told me that he didnt want to take the boat that he would rather go to town on the fish boat. I would then run him out to the fishermen so he could go in. In regards to the first assistant being intoxicated on watch thatis not true. He was perfectly sober when he relieved me at 8 o'clock to my knowledge there has not been anybody intoxicated here at the station, as I would not allow it.

It is true that I made some dandelion wine but it was not strong as my wife and children drank it with no ill effects.

I will respectfully state that if the first assistant was asleep on watch that I did not know it, but one night Cadotte was snoring so that he kept the first assistant awake he was on watch at the time and another time when I came on at 4 o'clock he was asleep.

I did not make any report of that as I thought that he would try and do better. I have told the assistants that if they cant keep awake to call me and I would stand their watch, besides standing my own. we hardly ever work over six hours a day there is no excuse for a man to sleep on watch as we all have plenty of time to get our rest.

He said if the engine in the station boat was taken care of it would not have to be sent to the factory, I have run gasoline engines for 13 years and I have always taken the best of care of them. This engine get plenty of oil and grease after every trip it is thoroughly cleaned and once a season the pistons are taken out and cleaned.

In regards to swearing at the 1st assistant that charge is false as we all get along very good at the station, and I am not in the habit of using profane language.

COPY

ELEVENTH DISTRICT

(Depot, Vessel, or Light Station)

....., 19

Cadotte could not have been treated any better at the station, when he first came here he didn't bring any bed out with him, so I let him take a cot and a pillow to sleep on and at different times my wife would have him and the 1st assistant down for meals. he couldn't have been treated any better, and he said that he liked it here. but when he went to town liquor got the best of him.

He said he could not come back here under me, the reason is that he knows that he hasn't done what was right, and he knows that he has made false reports about me.

I sincerely hope that the office and the Commissioner will look at this matter as a man who is trying to getrevénge.

I try to run the station as it should be run and treat the assistants as I would want to be treated.

I hope there will be no trouble about this.

I make it pretty hard for a Keeper sometimes, when it is necessary to report a man then he will report the Keeper.

I am past 40 years old and have a wife and two children to support and I try to be careful and not get into anytrouble.

I will respectfully write that everything in this letter is the truth.

Respectfully yours,

(Signed) Walter Daniels.

1. Referring to Bureau's indorsement of May 16, 1919 on copy of District letter of April 30, addressed to Walter Daniels, Keeper of Outer Island Light Station, cautioning him for his conduct at the Station, said indorsement calling for further report and recommendation in this case.

2. No further complaints have been received as to Daniel's treatment of subordinates and so far as known the caution has had the desired effect in improving his conduct to the required standard. A personal conversation with Daniels on my inspection of the station indicated that the complaining assistants were not particularly efficient in their duties and to a degree aggravated the conditions complained of. It is accordingly recommended that no further action be taken in this case.

Walter Daniels,

April 30, 1919.

Keeper, Outer Island Light Station,
Bayfield, Wis.

1. Complaints have been filed with this office by former assistants John Eckel and Lewis N. Clarke, as to your conduct of the station, with special reference to treatment of your subordinates while they were employed at the station, as follows:

(a) That the assistants are not allowed any time for themselves after station work is completed, nor allowed shore leave each month as permitted by the Regulations.

(b) That you have used abusive language in giving orders, and at other times, and in general oppress the assistants in various ways.

(c) That, under your orders, you have had the assistants cut wood at the station, procured nearby, for your personal use at your home in Bayfield.

2. From corroborative statements made by other District employees, it appears that the above complaints are justified, and, aside from the foregoing, it is indicated that your personal habits are not fully up to the standard required of employeed of the Lighthouse Service.

3. Your attention is accordingly called to paragraph 13, of Instructions to Employees, 1915, as follows:

> "Superiors of every grade are forbidden to oppress those under them by tyrannical conduct or by abusive language. Authority over subordinates shall be exercised with firmness and justice, and each person shall set a good example to others. The use of profane language in giving and enforcing orders or the nagging of any subordinate at any time is forbidden."

4. You are directed that, in future, your conduct must conform to the required standard for employees of this Service, by a strict observance of the Instructions to Employees. In view of your length of service, no more drastic action will be taken at this time than to caution you for your conduct in this case. In the event, however, that further complaints are received, a rigid investigation will be made, and if found warranted, steps will be taken toward your separation from the Service.

Dear Mr. Daniels:

This is in reply to your letter of 31 December 1957 relative to medical care benefits as a retired Lighthouse Keeper, former Lighthouse Service.

In reply you are advised that uhder present law and regulations you are entitled to medical care benefits in Public Health Service facilities provided you report in person to the facility and are found in need of treatment.

The card that you received recently was intended for identification of retired military members of the Coast Guard and had no application to retired personnel in your status.

Very truly yours,

Walter Daniels,

Keeper, Outer Island Light Station,
Bayfield, Wis.

5/16/19 Orig to Dept

1. Complaints have been filed with this office by former assistants John Eckel and Lewis N. Clarke, as to your conduct of the station, with special reference to treatment of your subordinates while they were employed at the station, as follows:

(a) That the assistants are not allowed any time for themselves after station work is completed, nor allowed shore leave each month as permitted by the Regulations.

(b) That you have used abusive language in giving orders, and at other times, and in general oppress the assistants in various ways.

(c) That, under your orders, you have had the assistants cut wood at the station, procured nearby, for your personal use at your home in Bayfield.

2. From corroborative statements made by other District employees, it appears that the above complaints are justified, and, aside from the foregoing, it is indicated that your personal habits are not fully up to the standard required of employees of the Lighthouse Service.

3. Your attention is accordingly called to paragraph 13, of Instructions to Employees, 1915, as follows:

> "Superiors of every grade are forbidden to oppress those under them by tyrannical conduct or by abusive language. Authority over subordinates shall be exercised with firmness and justice, and each person shall set a good example to others. The use of profane language in giving and enforcing orders or the nagging of any subordinate at any time is forbidden."

4. You are directed that, in future, your conduct must conform to the required standard for employees of this Service, by a strict observance of the Instructions to Employees. In view of your length of service, no more drastic action will be taken at this time than to caution you for your conduct in this case. In the event, however, that further complaints are received, a rigid investigation will be made, and if found warranted, steps will be taken toward your separation from the Service.

1. Referring to letter from this office dated October 6, 1922, recommending the dismissal of Alex Cadotte, as Keeper (second assistant) of Outer Island Light Station, Michigan, and to the statement that counter charges preferred by Cadotte against the Keeper would be investigated, there is enclosed herewith copy of letter dated October 13, 1922, from Keeper Walter Daniels. It would appear from the Keeper's report that he has been, if anything, too lenient with Cadotte in not reporting to the office at the time the fact that he had been asleep on watch, and that Cadotte did not appreciate the consideration that was shown him.

2. The Keeper of Whitefish Point Light Station, where Cadotte was first assigned, made the foll owing report relative to his services:

> "It is my opinion Mr. Cadotte's services do not measure up to the standard, caused chiefly by noninterest in the work of the Service. But as he had a year or more military service overseas in the World War, and was wounded there, I am unwilling to reject him, and would suggest his retention in the Service. I will do my best to try and make something of him."

3. In view of the fact that Cadotte' has admitted being drunk and absent from duty without permission on two occasions, and of his unsatisfactory record as a whole since entering the Service on May 18, 1921, it is the opinion of this office that Keeper Daniels' statement should be accepted and Cadotte's charges ignored, and it is so recommended. Mr. Daniels, will however, be cautioned against making and use of wine having alcoholic content in excess of that allowed by law.

Sir:

Will respectfully report that on Nov. 15, myself, 1st and 2nd assistants helped a fisherman pull his boat up on the beach to save it from being swamped, as it was blowing hard from the N.W.

I also let the fisherman stay at the station for three days until the weather was so that he could go to Bayfield.

Respectfully yours,

Walter Daniels

INTERPRETATION OF THE XRAY PLATES TAKEN FEBRUARY 11, 1935.

WALTER DANIELS.

The diaphragm is slightly irregular on both sides. Haziness and slight retraction of the ribs in the central portions on both sides, s ggesting thickened pleura and probably some interstitial fibrosis of the lung. Marked thickening of the fifth interspace trunks on the right and the paravertebral and descending trunks on the left. Haziness in the cardio phrenic angle on the left.

CONCLUSIONS.

No evidence of clinical tuberculosis but considerable thickening of the pleura and evidence of chronic bronchial infection and probably a slight bronchiectasis at the left base.

Sirs:

Transmitted herewith for administrative examination and report is the claim of Walter Daniels, Bayfield, Wisconsin, for the difference in retired pay between his gross salary and net salary during the period May 1, 1935 to June 30, 1947.

In the event any amount is found due the claimant, a properly prepared short form payroll should be forwarded with your report, showing the rate of pay, amount due, periods involved and the appropriation chargeable. Your report should also show whether deductions were made from the gross salary for allowances, or whether allowances were made in addition to the base salary. In the event allowances were made in addition to base salary, it is requested that this office be also furnished a copy of the letter of appointment covering the five year period preceding the claimant's retirement date.

The claim should be returned with your reply.

CIRCULAR LETTER

November 3, 1930.

To Retired Keepers and Vessel Employees:

1. Under the provisions of an Act of Congress, approved June 24, 1930, retired employees of the Lighthouse Service, who were eligible for free benefits of the U. S. Public Health Service while in active service, may be furnished treatment at any Marine Hospital and outpatient treatment at any regularly established relief station of the Public Health Service in charge of a medical officer, but not at a station of the fourth class, or at a place where the only representative of the Public Health Service is a physician appointed specially to furnish medical relief to active personnel of the Lighthouse Service and the Coast Guard.

2. Application for treatment will be made on Form 307 which will ordinarily be issued upon request addressed to the Superintendent of Lighthouses of the district in which the retired employee formerly served. Where by reason of emergency this is not practicable, the retired employee should present his certificate of retirement to the medical office and notify the district office that he is making request for treatment.

3. An applicant must present himself, at his own expense, at a Marine Hospital if he needs hospital treatment or at an outpatient office if he needs only office treatment. Transportation to or from Public Health Service stations of the second and third classes is not chargeable to the public funds.

4. Keepers and vessel employees on the retired list, admitted to Marine Hospitals, will be entitled to all the facilities available therein, but dental treatment elsewhere except by a salaried officer is not authorized, nor is treatment in contract hospitals. At second or third class relief stations, expense is not authorized for orthopedic apparatus, medicines except those in stock, or for attending specialists.

5. Listed below is the U. S. Public Health Service Hospital and Outpatient Office nearest to the place where you now reside, also all second and third class Relief Stations in the State. Addresses for other states will be furnished on request if desired.

Marine Hospitals: Chicago, Illinois, or Detroit, Michigan.

November 26, 1938.

Mr. Walter Daniels,
Bayfield, Wisconsin.

Replying to your letter of November 23, 1938, retired lighthouse keepers are not entitled to the full benefits of the Public Health Service as when in active service. The U. S. Public Health Service has restricted medical treatment to retired persons to U. S. Public Health Service Marine Hospitals and regularly established relief stations, excluding the local contract physicians and fourth class stations in charge of Collectors of Customs.

There are marine hospitals located at Detroit, Michigan, and Chicago, Illinois. For treatment at either place it would be necessary that you go to the hospital and return to your home at your own expense, and in the same way at relief stations. At the latter places, only such medicines are furnished as are in stock and any especial prescriptions required must be furnished at the applicant's expense.

The nearest relief stations to your home are at Hancock, Michigan and Duluth, Minnesota. Other stations are located at Marquette, Michigan and Sault Ste. Marie. Should you at any time desire to make application for free Public Health Service treatment, advise this office and give the name of the place at which you will apply for treatment so that the necessary application blank can be prepared in this office and forwarded to you.

INTERPRETATION OF THE X-RAY PLATES TAKEN FEBRUARY 11, 1935.

WALTER DANIELS

The diaphram is slightly irregular on both sides. Haziness and slight retraction of the ribs in the central portions on both sides, suggesting thickened pleura and probably some interstitial fibrosis of the lung. Marked thickening of the fifth interspace trunks on the right and the paravertebral and descending trunks on the left. Haziness in the cardio phrenic angle on the left.

CONCLUSIONS.

No evidence of clinical tuberculosis but considerable thickening of the pleura and evidence of chronic bronchial infection and probably a slight bronchiectasis at the left base.

1. Replying to your letter of February 5, 1935, your retirement rate of pay were you to retire on April 1st would be $1,347.70. It is assumed that you do not receive a pension for your military service, otherwise it would be necessary to deduct that period of service in computing annuity.

2. It would be necessary that you be examined by a Government physician, the nearest one to you being at Duluth, travel to be at your own expense. The retirement regulations require that in cases of disability the employee shall retire at the end of the month in which the medical examination is taken.
