INSTRUCTIONS

Enter result as "Primary reaction" (PR); "Accelerated reaction" (AR); "Immunity reaction" (IR) or "Failure" (F).

Inspect primary vaccinations ten (10) to fifteen (15) days after vaccination, revaccinations two (2) to four (4) days after revaccination and later if a primary or slow accelerated reaction is developing. Upon a revaccination first make a control scarification unless the "multiple pressure" method is used.

PR.

Primary reactions are those in which the broadest redness occurs eight (8) to fourteen (14) days after vaccination; they always have a vesicle.

AR.

Accelerated reactions are those in which the broadest redness occurs four (4) to seven (7) days after vaccination; they also have a vesicle.

IR.

Immunity reactions are those in which the broadest redness occurs eight (8) to seventy-two (72) hours after vaccination; such a reaction is evidence of immunity only if fully potent vaccine was used. The vaccine should be kept constantly at or below freezing or be used within two weeks after leaving the manufacturers and be kept in an icebox meanwhile. If these conditions are not known to have been fulfilled, an apparent immunity reaction should be marked with a question mark (IR?).

F.

Failures are all other reactions or no reaction.

There is herewith forwarded from the Veterans Administration Form 9-4457, National Service Life Insurance Renewal Endorsement, regarding the expiration of the term period of the $7,000 National Service Life Insurance issued to you under policy number V 1421 90 19. $6.93 - $7,000 Level Term Insurance V 1421 90 19 ren. effective 1 February 1950

If the insurance is renewed, a new allotment in the amount of $8.89 should be established with the month of first payment January 1955 and the present allotment of $6.93 should be discontinued with the month of last payment December 1954 to confirm the administrative change authorized by Headquarters.

4. The necessary Allotment Authorization, Nav S&A Form 545, should be forwarded to Commandant (PS).

this by demonstrating the positive aspects of the six negative points I have covered. Let's try it that way.

The first point I made, I believe, was that the Coast Guard does not offer you a free education with pay. That's true. But the Coast Guard does offer you an excellent education, with pay, plus a lifetime career in the service of your country and humanity. It is true that some may find Service life not to their liking. But the vast majority who become regular officers via the Academy are sold on it. There are many advantages. I'll mention a few. First and foremost, there is the deep comradeship and fellowship of service life. Your fellow officers are like your brothers. You recognize them as capable, courageous men of high character. They recognize you like-wise. You live together, work together and sometimes, die together, dedicated to upholding the best traditions of the Coast Guard, in the service of country and humanity. This leads to a fellowship which is without parallel in civilian life. It is, in my opinion, the finest aspect of Service life. There is financial independence and security for you and your family. You never have to worry about strikes, layoffs, depressions, and the like. Your job is secure and your progress upward is assured, so long as you do your part. You don't have to worry about medical expenses or heavy loads of insurance or what will happen in the event you are disabled or what you will do for income when your earning power is diminished. All of these things are taken care of for you. Your horizons are unlimited. You will not spend a lifetime wearing a groove between home and office. If "monotony is the weak acid that rusts men's souls", yours will remain untarnished. You will move all over the world, you will tackle all sorts of challenging jobs, you will mix with many different peoples, and you will grow and develop accordingly. You will never make a move into new surroundings as a stranger. Because of the deep fellowship of service life, which I mentioned before, there will always be old friends wherever you go who are waiting to welcome you, plus new friends waiting to meet you.

I further understand that even though I am not accepted for enlistment or appointment in the Coast Guard, I may be subject to civil prosecution for false certification in any of the foregoing respects. Fully appreciating the foregoing, I hereby certify that the statements above constitute a correct and full disclosure (to the extent that privilege has not been expressly claimed) of all my present and past connections of any nature with any one or more of the groups named on the attached list, and of any and all conduct or associations of or similar to the character of those set forth in paragraph 2 of reference (a), copied above, in which I am now engaging or have at any time engaged.

Subject: DeBOER, Peter (102-765) C.B.M.

1. The subject named man has been suffering considerable pain and discomfort from large callouses on the soles of both feet. This condition, incident to service, has existed for a period of nearly ten years and was the outgrowth of a leg fracture which caused him to walk unevenly. The above condition also causes soreness of leg muscles because of tendency to walk on sides of feet.

2. DeBOER, according to his available Coast Guard medical history, has been receiving treatment for this condition for a period of at least five years with little or no resultant improvement.

3. In view of the above, it is our opinion that this man is not physically fit for sea duty and that he should be transferred to a shore station.

Subj: National Service Life Insurance, Policy No. N 1 595 235
Expiration of Term Insurance

1. There is herewith forwarded a notification from the Veterans Administration that the $7,000 level term National Service Life Insurance issued under policy number N-1 595 235 will expire on 31 January, 1950. In order that you may continue to have the protection of this insurance, it must be renewed or, if you prefer, it may be converted to one of the six permanent plans, i.e., Ordinary Life, 30-Payment Life, 20-Payment Life, 20-Year Endowment, Endowment at age 60 or Endowment at age 65.

2. In view of the fact that the application for renewal of insurance on the five-year level term plan or application for converted insurance must reach the Veterans Administration before the expiration of the current term period, you are urged to take immediate steps toward completing the application and making the necessary allotment adjustment.

3. There is in effect at the present time an allotment of your pay in the amount of $5.53 per month for premiums on National Service Life Insurance as follows:

$5.53-$7,000 term insurance N-1 595 235 effective 1 February, 1942.

If insurance is renewed, the new allotment should be $6.93. Your authorized certifying officer should be instructed to discontinue the $5.53 allotment with the month of last payment December, 1949, and to establish the new allotment, reflecting the increased premium, effective with the month of first payment January, 1950.

4. The completed application, in duplicate, together with the necessary allotment adjustment (Forms CG-2528 and CG-2528-A) should be forwarded to Commandant (PMM) for transmittal to the Veterans Administration.

5. Advise Commandant (PMM) of action that will be taken by you in connection with your National Service Life Insurance.

Subj: Transfer; request for

1. Having reported to this unit from the USS GEORGE M. RANDALL under authority of Alcoast No. 2-44, it is requested that I be transferred to the Seventh Naval District for duty in accordance with Personnel Bulletin No. 100-43.

2. The reason for making this request is that I have served aboard various sea-going units since 29 November, 1942. These units include the USCGC NEMESIS, USS BRISK and the USS GEORGE M. RANDALL. I served aboard the USS RANDALL from 25 March, 1944 to 22 August, 1944. This vessel performed transport duty in the South Pacific and Asiatic Theater.

3. I desire this transfer to the Seventh Naval District to be near my home and family.
