Via: Commanding Officer, U. S. Coast Guard Station, Fort Trumbull, New London, Connecticut.

Subject: DOIG, George 1st Asst. Keeper-Latimer Reef Light Station. medical report in the case of

1. This medical report and concommittant recommendations concern the subject named lighthouse keeper who has recently come under our observation. His presenting complaints are deafness, dizziness and weakness; difficulty in locomotion and marked tremor. He is also troubled with constipation and other minor gastrointestinal complaints. He has been stationed at the present post for eleven years, and now finds he is unable to continue with his duties.

2. A thorough physical examination bears out the following diagnoses:- a definite Parkinson's disease with marked tremor, beginning bilateral cataracts, a bilateral moderately severe eighth nerve deafness and moderate generalized arteriosclerosis.

3. It is the opinion of this sickbay that this man's disabilities cause him to be a liability to himself and to the service and that he is unable to perform his duties. At present he is confined to his home in Massachusetts.

4. In conclusion, it is deemed advisable that this man be given a disability retirement, and that he should be put on sick leave until his retirement is affected.

P. E. SHAW
Chairman, Efficiency Rating Committee.

REPORT OF CONDUCT

Unless otherwise stated below, your conduct during this rating period was considered satisfactory.

INTERPRETATION OF EFFICIENCY RATING

Excellent (E) means that performance in every important phase of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Very Good (VG) means that performance in a majority of important phases of the work has been outstanding and that performance has been at least fully satisfactory (adequate) in all the other phases.

Good (G) means—

(*a*) that performance has been at least fully satisfactory (adequate) in all the phases of the work, although not outstanding in a majority of the important phases; or

(*b*) that performance in all the important phases has been at least fully satisfactory (adequate) and performance that has not met job requirements has been fully compensated by outstanding performance in other phases of the work; or

(*c*) that performance in a majority of important phases has been at least fully satisfactory (adequate) and that performance that has not met job requirements in important phases has been over-compensated by outstanding performance in other important phases.

Fair (F) means that performance in a majority of important phases of the work has been at least fully satisfactory (adequate) and that performance that has not met job requirements has not been fully compensated by outstanding performance in other phases.

Unsatisfactory (U) means that performance in a majority of important phases of the work has not met job requirements.

As used above, "adequate" means that the service rendered in a particular phase of the work is what would be expected of a fully competent, qualified, acceptable employee in the same kind and level of work after a reasonable period of training. The word "outstanding" means that the service rendered in a particular phase of the work is distinctly better than what would be expected from such an employee.

If a number appears after the adjective efficiency rating, it represents a further refinement of the adjective rating, as follows: Excellent 1; Very Good 2 or 3; Good 4, 5, or 6; Fair 7 or 8; Unsatisfactory 9.

My dear Mrs. Smith:

Information has been received at Coast Guard Headquarters of the death of your father, George Doig, Keeper, former Lighthouse Service, now United States Coast Guard, Retired, on 10 February 1954.

It is requested that a certified copy of the certificate of death be forwarded for our records.

At the time of death there was due the estate of your father final retired pay. This retired pay ceases at death and there is no law providing for the continued payment of any part thereof to surviving dependents. The forms necessary to effect settlement of the final pay are herewith enclosed.

If a representative is appointed, a copy of the Court Order showing the appointment should be attached to Forms No. 1055. This information is necessary to support the claim for the final retired pay.

In the event you have in your possession any uncashed retired pay checks, these should be returned to Coast Guard Headquarters for settlement with the claim for retired pay due on date of death.

When the enclosed forms have been completed, return them to Coast Guard Headquarters in the enclosed pre-addressed envelope which requires no postage.

Dear Sir:

Reference is made to your telephone request for a statement of service for Mr. George Doig.

You are advised that the records of this office show that Mr. Doig served intermittently on various Tenders in the former Lighthouse Service, Department of Commerce from 28 May 1916 to 9 June 1918. The actual dates of his employment during the period of World War 1 are shown below, together with the names of the tenders on which he served:

ANEMONE	28 May 1916	22 August 1916
MAYFLOWER	2 June 1917	9 June 1918

Pursuant to Executive Order dated 11 April 1917, issued under the authority of the Act of Congress approved 29 August 1916 (39 Stat. 602), the Tenders ANEMONE and MAYFLOWER and the personnel employed thereon, were transferred to the service and jurisdiction of the War Department and subsequently to the Navy Department. They remained under such jurisdiction until the close of 30 June 1919 when the vessels and personnel were duly restored pursuant to law to the service and jurisdiction of the Lighthouse Service in the Department of Commerce.

Personnel so transferred by the Executive Order above referred to were held in a decision of the Judge Advocate General of the Navy , dated 20 August 1924, to be entitled to adjusted compensation. The personnel in question were also awarded the Victory Medal, and have been granted the benifits of the War Risk Insurance Act in recognition of their status as veterans.

Enlistment, commission, and discharge papers were not issued by the Navy Department to individuals to cover their status with respect to this service under the jurisdiction of that department, and in the absence thereof, a certification was issued by the Commissioner of Lighthouses to persons properly eligible therefor in evidence of their status in the matter.

Gentlemen:

Reference your file Misc-1007565.

Inclosed is a letter of Mr. George Doig, a retired member of the former Lighthouse Service, in which he claims the difference due in retired pay based on gross salary, which includes the amount deducted as a charge for occupancy of Government quarters, over that paid him based on net salary, for the period 1 November, 1944 to 30 June, 1947. In this connection, reference is made to the Comptroller General's decision of October 23, 1947 (B-70029).

Also inclosed is Treasury Department Form 2249, describing this retirement. This form shows correct computation of retired pay to be $934.64 per annum, whereas, for the period 1 November, 1944 to June 30, 1947, Mr. Doig was paid at the rate of $900.68 per annum - an underpayment of $33.96 per year, or $2.83 per month. Computation of the amount due and appropriations chargeable are as follows:

2051255	Retired Pay, Former Lighthouse Service, Coast Guard, 1945 -	$22.64

2071255	Retired Pay, Former Lighthouse Service, Coast Guard, 1947 -	33.96
	Total	$90.56

For tax withholding purposes, the records of this office show that Mr. Doig claims two exemptions.

Mr. Doig's mailing address is 83 Narragansett Ave., Portsmouth, R. I. and his claim is forwarded for settlement. No part of this claim has been or will be paid by this office.

1. There has been received letter of 2 February, 1945 from the District War Bond Office forwarding copies of two letters from Mr. Doig in which he refers to a deduction of $12.50 from his pay received on or about 1 November, 1944. He also refers to deduction of $5.00 a month for quarters.

2. It appears that correspondence relative to the bond deduction of $12.50 was previously forwarded to Headquarters as the record contains a copy of a letter dated 2 January, 1945 to your office which refers to deductions apparently made prior to the retirement of Mr. Doig. If the deduction of $12.50 towards payment for a war bond was made by your office, correspondence with the retired employee should be conducted by your office ~~also~~ since Headquarters is not familiar with the transaction.

3. As to the $5.00 for quarters, if as keeper the employee was attached to a station having individual quarters valued at $60 per annum and he is merely referring to the period after he left the station on terminal leave prior to the effective date of his retirement, then there should be no change in the method of compensating him. If however the quarters had been discontinued from his position prior to his retirement and Headquarters had processed a Form 2249 showing such discontinuance, his cash pay would of course have been increased by $60 per annum or $5.00 a month. According to the record in Headquarters however, the $60 quarters were still attached to his position at the time of retirement. These matters should be handled by your office directly with Mr. Doig.

Keeper of Latimer Reef Lt.Sta.,and the transportation of his household goods from Burlington,Vt. to Stonington,Conn.; the Bureau is advised proposals were invited for the transporting of his household effects from the dock at Burlington to the freight station at Burlighton, and two bids were received as follows:-

It is recommended the lowest bid received, that of J. C. Dumas, in the sum of $5.00 be accepted.

2. It is also recommended this office be authorized to ship his household goods by railroad on Government Bill of Lading from Burlington, Vt. to Stonington, Conn.,as previously recommended in Form 73 dated June 23,1933, and letter from this office July 21,1933.

SUBJECT: George Doige, Keeper New Haven Light Station - Reprimand.

The Bureau is advised that no further difficulty has been experienced with Mr. Doige since he was reprimanded on March 5. It may be also stated that he has been transferred to Conimicut Light Station which is a smaller Station having no oil engines and therefore involving less responsibility than is attached to the keepership of New Haven Light Station. In view of the foregoing, it is recommended that no further action be taken in the case of Mr. Doige.

SUBJECT: Reprimand.

1. By letter of February 20,1926 you reported the South engine at your station out of commission, with the result that a Machinist was sent to the station when it was found that the trouble was due to piston rings breaking, and rings already on the station were, with some fitting, made to suit the piston and place the engine in commission. There was no apparent reason why these rings should not have been fitted and installed by you, or at least an attempt made to do so, instead of going ashore on leave and leaving the one fog signal engine disabled. It was found that one automatic characteristic regulator was not working due to the adjusting rod being set to prevent roller touching dogs on cam. This difficulty was readily removed by adjustment, which should have been done by you. When the station was inspected on March 3,1926 the oil engines were found to be dirty due to waste oil not having been wiped up, also that unnecessary tin screens had been placed around fly wheels to catch flying oil instead of wiping up the oil and cutting down the oil feed where excessive. The lens, clock, and brightwork in the lantern room were dirty and had not been polished for sometime. In this connection it is to be noted that it has been necessary to send a Machinist from this Depot on two occasions within three weeks to make repairs to the fog signal engines.

2. You are hereby reprimanded for the conditions described herein and advised that a continuance of such conditions will result is drastic disciplinary measures being taken.

3. The fact that you have been reprimanded will be made a part of your official history in the Lighthouse Service.

SUBJECT: Promotion, George Doige, Keeper.
REFERENCE: Form 73 of this date.

1. Referring to Form 73 of this date recommending the promotion of George Doige from 1st Assistant Keeper to Keeper of New Haven Light Station, Connecticut, effective December 8,1925, vice Walter J. Ross, dismissed: the Bureau is advised that there are no applicants for transfer to the position of Keeper at New Haven Light Station except from second assistant keepers at other stations who have had considerably less experience in this service than Mr. Doige. While Mr. Doige was recently cautioned on account of absence etc., his services as 1st assistant keeper have otherwise been satisfactory, and it is considered preferable to promote him to keeper rather than to transfer and promote a 2nd assistant keeper from some other station to Keeper at this station.

REFERENCE: Letter from this office Nov.16th and your reply Nov.20.

1. Your explanation re leaving the light station temporarily in your charge to be operated by one man alone, thereby impairing the efficiency of the station as well as its reliability as an aid to navigation, is not satisfactory in that you state that you "would not have gone in but we needed provisions" when as a matter of fact you remained on shore from October 27th to October 31st, which in itself indicates that the need, if any, for provisions could not have been sufficiently urgent to justify your action as 1st Assistant Keeper in charge in remaining absent for four days and leaving the station to be operated by the 2nd Assistant Keeper alone.

2. You are hereby cautioned for your neglect of duty and lack of judgment shown in this instance, and advised that a repetition at any future time will necessarily result in more drastic disciplinary action being taken. The fact that you have been cautioned will be made a part of your official history in the Lighthouse Service.

My Dear Sir

One of my former constituents Mr George Dodge who has been in the Light House Service for several years, and I assume that he must have been efficient in the performance of his duties. He was I believe first employed as assistant keeper, afterwards as a machinist on the Penders, and is now employed as an Engineer Assistant on the Second District. I understand that he has applied for the position of Asst Superintendent in the Light House District. If he is qualified for this position, I should be pleased to see him promoted. Commissioner.

The following correspondence re George Doige, 1st assistant keeper of Race Rock Light Station, New York, is enclosed for the Bureau's consideration:-

1. Letter dated April 30,1914 from George Doige.
2. Copy of letter of charges dated May 2, to George Doige.
3. Letter dated May 9,1914 from Keeper Biedermann.
4. Letter dated May 16,1914 from George Doige.

While in answer to the charges Mr. Doige states that the reason he left the station without giving due notice of his intentions, was on account of his being sick and wanting to be home, the spirit of his letter of April 30,1914 does not indicate that his desire to leave the station was due to illness.

It is therefore recommended that his resignation be accepted, but not without prejudice, effective at the close of May 8,1914.

Mr. Doige has not been granted leave in excess of the accrued rate.

Hon. Wm. G. Greene,
House of Representatives,
Washington, D. C.

Dear Sir:

Referring again to your letter of August 25, 1913, on behalf of Mr. George Doige, 875 Bay Street, Fall River, Massachusetts, who desires to be reinstated in the Lighthouse Service.

The records show that Mr. Doige was appointed keeper at Fire Island Light Station, New York, on August 27, 1910; was transferred September 17, 1910, to the position of assistant keeper at Execution Rocks Light Station, New York, and resigned from that position on January 11, 1911; was reinstated as assistant keeper at Plum Beach Light Station on June 15, 1911, and again resigned on October 31, 1912.

The fact that Mr. Doige desires to be reinstated to a position where quarters are provided for family makes his chances for reinstatement slight, as when such vacancies do occur, which is seldom, they are usually filled by the transfer of a deserving keeper already in the service who has requested such transfer. As the period during which Mr. Doige is eligible for reinstatement, without examination, will expire at the close of October 30, 1913, it is doubtful if there will be a vacancy before that time to which he could be appointed.

It is suggested, however, that Mr. Doige may apply to the Lighthouse Inspector, at Tompkinsville, New York, for an application blank, execute the same and return it to him, who will rate the paper, when the next examination is held, and enter Mr. Doige's name on an eligible register, if he passes, and consider him for appointment in accordance with civil service rules.

Very respectfully,
(Signed)
Commissioner.

GENERAL DEPOT OF LIGHTHOUSES
OFFICE OF INSPECTOR, 3D DISTRICT
TOMPKINSVILLE, N. Y.

August 27, 1913

Returned to Commissioner.

George Doige was appointed Second Assistant Keeper at Fire Island Light Station on August 27,1910 and was transferred on September 17,1910 to the position of Assistant Keeper at Execution Rocks Light Station. He resigned from the above position on January 11,1911.

He was reinstated as Assistant Keeper at Plum Beach Light Station on June 15,1911 and again resigned on October 31,1912.

As Mr.Doige has twice resigned from the service he is not considered as a very desirable man for reinstatement.

The fact that he wishes to be reinstated to a position where family quarters are provided militates very much against his chances, as when such vacancies do occur, which is very seldom, there is generally some man already in the service who has requested transfer to such position in case of a vacancy.

As the period during which he is eligible for reinstatement will expire on Oct.30,1913, it is doubtful if there will be a vacancy before that time to which he could be appointed. If he desires to again get his name on the eligible list, it is suggested that he apply to this office for an application blank.

SUBJECT: George Doige, Keeper New Haven Light Station- Reprimand.

The Bureau is advised that no further difficulty has been experienced with Mr. Doige since he was reprimanded on March 5. It may be also stated that he has been transferred to Conimicut Light Station which is a smaller Station having no oil engines and therefore involving less responsibility than is attached to the keepership of New Haven Light Station. In view of the foregoing, it is recommended that no further action be taken in the case of Mr. Doige.

APPOINTMENT DIVISION

George Doige, Keeper,
New Haven Light Station, - 1620.
P. O. Box 114,
West Haven, Conn.

SUBJECT: Reprimand.

1. By letter of February 20, 1926, you reported the South engine at your station out of commission,with the result that a Machinist was sent to the station when it was found that the trouble was due to piston rings breaking, and rings already on the station were, with some fitting, made to suit the piston and place the engine in commission. There was no apparent reason why these rings should not have been fitted and installed by you, or at least an attempt made to do so, instead of going ashore on leave and leaving the one fog signal engine disabled. It was found that one automatic characteristic regulator was not working due to the adjusting rod being set to prevent roller touching dogs on cam. This difficulty was readily removed by adjustment, which should have been done by you. When the station was inspected on March 3, 1926 the oil engines were found to be dirty due to waste oil not having been wiped up, also that unnecessary tin screens had been placed around fly wheels to catch flying oil instead of wiping up the oil and cutting down the oil feed where excessive. The lens, clock, and brightwork in the lantern room were dirty and had not been polished for sometime. In this connection it is to be noted that it has been necessary to send a Machinist from this Depot on two occasions within three weeks to make repairs to the fog signal engines.

2. You are hereby reprimanded for the conditions described herein and advised that a continuance of such conditions will result in drastic disciplinary measures being taken.

3. The fact that you have been reprimanded will be made a part of your official history in the Lighthouse Service.

Through the Keeper,
New Haven Light Station
West Have, Connecticut.

SUBJECT: Charges.
REFERENCE. Letter from this office Nov. 16 and your reply Nov.20.

1. Your explanation re leaving the light station temporarily in your charge to be operated by one man alone, thereby impairing the efficiency of the station as well as its reliability as an aid to navigation, is not satisfactory in that you state that you "would not have gone in but we needed provisions" when as a matter of fact you remained on shore from October 27th to October 31st, which in itself indicates that the need, if any, for provisions could not have been sufficiently urgent to justify your action as last Assistant Keeper in charge in remaining absent for four days and leaving the station to be operated by the 2nd Assistant Keeper alone.

2. You are hereby cautioned for your neglect of duty and lack of judgment shown in this instance, and advised that a repetition at any future time will necessarily result in more drastic disciplinary action being taken. The fact that you have been cautioned will be made a part of your official history in the Lighthouse Service.

1. Referring to Form 73 of this date recommending the promotion of George Doige from 1st Assistant Keeper to Keeper of New Haven Light Station, Connecticut, effective December 8,1925, vice Walter J. Ross, dismissed: the Bureau is advised that there are no applicants for transfer to the position of Keeper at New Haven Light Station except from second assistant keepers at other stations who have had considerably less experience in this service than Mr. Doige. While Mr. Doige was recently cautioned on account of absence etc., his services as 1st assistant keeper have otherwise been satisfactory, and it is considered preferable to promote him to keeper rather than to transfer and promote a 2nd assistant keeper from some other station to Keeper at this station.

The following correspondence re George Doige, 1st assistant keeper of Race Rock Light Station, New York, is enclosed for the Bureau's consideration:-

1. Letter dated April 30,1914 from George Doige.
2. Copy of letter of charges dated May 2, to George Doige.
3. Letter dated May 9,1914 from Keeper Biedermann.
4. Letter dated May 16,1914 from George Doige.

CHIEF CLERK MAY 27 1914

While in answer to the charges Mr.Doige states that the reason he left the station without giving due notice of his intentions, was on account of his being sick and wanting to be home, the spirit of his letter of April 30,1914 does not indicate that his desire to leave the station was due to illness.

It is therefore recommended that his resignation be accepted, but not without prejudice, effective at the close of May 8,1914.

Mr.Doige has not been granted leave in excess of the accrued rate.

Submitted to the Secretary of Commerce for his information and with recommendation that the resignation of Doige be accepted effective at the close of May 8, 1914. March 5,1926

SUBJECT: Reprimand.

1. By letter of February 20,1926 you reported the South engine at your station out of commission, with the result that a Machinist was sent to the station when it was found that the trouble was due to piston rings breaking, and rings already on the station were, with some fitting, made to suit the piston and place the engine in commission. There was no apparent reason why these rings should not have been fitted and installed by you, or at least an attempt made to do so, instead of going ashore on leave and leaving the one fog signal engine disabled. It was found that one automatic characteristic regulator was not working due to the adjusting rod being set to prevent roller touching dogs on cam. This difficulty was readily removed by adjustment, which should have been done by you. When the station was inspected on March 3,1926 the oil engines were found to be dirty due to waste oil not having been wiped up, also that unnecessary tin screens had been placed around fly wheels to catch flying oil instead of wiping up the oil and cutting down the oil feed where excessive. The lens, clock, and brightwork in the lantern room were dirty and had not been polished for sometime. In this connection it is to be noted that it has been necessary to send a Machinist from this Depot on two occasions within three weeks to make repairs to the fog signal engines.

2. You are hereby reprimanded for the conditions described herein and advised that a continuance of such conditions will result is drastic disciplinary measures being taken.

3. The fact that you have been reprimanded will be made a part of your official history in the Lighthouse Service.
