Dear Mr. Yates:

I am informed that Joseph H. DuBois, first assistant lightkeeper of Latimer's Reef off Stonington, Conn., has made application for a transfer to the Second District.

Mr. DuBois is a brother of mine in both the Masonic and Odd Fellow fraternities and I am writing to express my regard for him and the hope that you may see your way clear to grant him this transfer in order that he may be nearer his family.

I have known Mr. DuBois for sometime and have always found him trustworthy and dependable and should like to see him located, if possible, at a family station.

Sincerely yours,

Stanton Barbeau

Washington, D. C.

Dear Mr. Martin:

In further reference to your letter of May 30 in the interest of Mr. Joseph Dubois who desires transfer from his present position of keeper in the third lighthouse district to a position with family quarters either in the second or third district:

This office regrets to advise that there are no vacancies at the present time either in the second nor third districts at stations with family quarters. However, in the event of a vacancy due consideration will be given to his request, and to this end it is suggested that he file with the Superintendent of his district, a list of the stations for which he desires to be considered, this being the prescribed procedure of the Service for assisting keepers who desire transfer to other stations.

SUBJECT: J.H.Dubois,A.K.,Latimer Reef Lt.Sta.
REFERENCE: Bureau endorsement May 31 forwarding letter from Congressman J.W.Martin,Jr.

1. Returned to Commissioner.

2. Mr.Dubois was one of the many keepers placed on furlough on June 30,1933. On July 20,1933 he was restored to service and appointed 1st Assistant Keeper at Latimer Reef Lt.Sta.,Conn.,where he is at present employed.

3. Aside from the attached letter this office has had no knowledge of the fact that Mr.Dubois was desirous of obtaining transfer, since he has not filed in this office a statement to indicate his desire for transfer together with a list of stations and positions to which he would accept appointment in the event of a vacancy, as provided for by detailed instructions on the subject heretofore issued to all keepers in the District. There are no vacancies at the present time at stations provided with family quarters, and it is of course impossible to predict when such a vacancy might occur, particularly under present conditions, since vacancies are a comparatively rare occurrence.

Dear Senator Walsh:

1. In further reference to your letter of October 20, in the interest of Mr. Joseph DeBois of 581 Palmer Street, Fall River, Mass., who desires a transfer from his position of lighthouse keeper in the third lighthouse district to the second lighthouse district:

2. You are respectfully informed that the matter has been made of record and that Mr. DuBois will be considered for transfer upon the occurrence of a suitable vacancy. This office has to advise, however, that owing to the economy measures necessary to maintain expenditures within the appropriations, a number of keepers have been furloughed in the second lighthouse district, and in accordance with the policy of the Service these furloughed employees will be given special consideration for restoration to duty upon the occurrence of a suitable vacancy. As stated, however, Mr. DuBois' application for transfer will also be duly considered.

Sir:--

1. This office is pleased to receive your commendatory remarks concerning Keeper Joseph H. DuBois, as this office also regards Mr. DuBois' abilities very highly.

2. This office, however, is sorry to advise you that it has become necessary to place Keeper DuBois on furlough and to put another employee in his place at Lloyd Harbor Light Station. This action is necessary owing to the fact that several light stations are being discontinued at the present time, and it is necessary to furlough Mr. DuBois in order that a man who is equally as efficient, and who has had a far greater length of service, may be placed in this position.

3. You can rest assured, however, that this office will place Mr. DuBois in one of the first vacancies that becomes available at any light station.

Dear Mr. Yates:

Word has come to me in a round-about manner that your Department is considering the transferral of Mr. Joseph DuBois, Lighthouse keeper at the Inlet to Huntington Harbor from Huntington Bay,(near the old Lloyd's Harbor Light) to some other station.

I know that I am far from being alone in saying that it is hoped this rumor is unfounded. Mr. DuBois is very well liked in Huntington and has served his three years at the Lighthouse in an outstandingly satisfactory manner. I have a cabin cruiser, and know the value of having a man like Mr. DuBois as Lighthouse keeper in Huntington Bay.

I reiterate the hope that there is no intention at headquarters of transferring this able public servant to another station.

SUBJECT: Furlough.

1. You are advised that you will be placed on furlough without pay effective at the close of June 30, 1933 for a period not to exceed one year. This action is made necessary by reason of the fact that a number of light stations are being discontinued, or the lights are being changed to automatic unwatched lights. The present keepers of such lights all being men with extended periods of service, are to be transferred to other stations to take the place of keepers with a shorter period of service.

2. All furloughed keepers will be listed to receive first consideration in connection with such vacancies as may hereafter occur.

3. Three copies of Form 30 are enclosed herewith. Fill out these forms to show all the Government property under your charge at this station, holding forms at the station until receipt of further orders.

SUBJECT: Complaint.

1. The Keeper of Great Captain Island Lt.Sta.has reported that on Dec.17,1929 you wife was in the engine room and that the Keeper requested her to leave as her presence near the engine while in operation was not desirable, with the result that your wife addressed threatening and improper language to the Keeper. You are advised that each Keeper is responsible and will be held strictly accountable for the conduct of any members of his family while on a Lighthouse Reservation. You are accordingly directed to see that there is no repetition of the occurrence of Dec. 17th, as otherwise you will be subject to charges and proper disciplinary action.

2. It is further reported that you are not inclined to readily and willingly comply with the instructions and orders of the Keeper. A continuance of such an attitude on your part will not be tolerated, but if continued will be dealt with as provided for by the regulations of this Service. Dear Sir:

A man named Joseph Dubois who we understand is in charge of the Seaconnet Lighthouse is indebted to us in the amount of $23.36 for clothing.

We regret very much the necessity for having to call this matter to your attention, but knowing the high standard that you exact from the men under your control, we feel that we might count on your assistance in adjusting this matter.

We have repeatedly called Mr. Dubois' attention to this indebtness and to say the least his attitude has been indifferent.

We wonder if you would kindly call this matter to his attention as we feel sure that a word from you would go a long way to assist us towards a satisfactory adjustment.

Hoping to hear favorably from you, we remain

Very truly yours,

With reference to yours of January 14th directed to J. Dubois through the keeper of the Seaconnet Light Station, Little Compton, R. I., please be advised that we have this day agreed with the Butler Company of this city on the payment of this account about which you wrote.

We trust that the letter to you will not bar the record of Dubois as there seems to be a question in his mind as to the quality of the goods and he has been acting under our advice. However, since he had signed a conditional bill of sale he is legally liable and must suffer the consequence.

Dear Sir:-

When one of your employees presents himself for examination at this office and states that he has been sent here to me by an intelligent official, I presume he knows what he is talking about.

Please do not criticize me for making this examination and sending a bill to your office at his request. If you have no intelligent officials in your department to direct an employee to the proper examiner, it seems to me that a wise measure for you to adopt would be to have a printed form for examination of such employees on which the employee himself could read such directions as you would like carried out. This man did the best he could and so did I.

I shall not press the United States Public Health Service for five dollars, but I believe that with the application of ordinary business principles in your own office, similar mistakes would be obviated in the future.

Do you not know the name of your Medical Officer in this district? Dubois has been to one other doctor at least in this community for examination. Evidently his services were rejected. It seems to me it would save a lot of trouble if someone in your office would exercise a little intelligence.

Sincerely,

P. E. Truesdale M.D.

Sir:

Having learned that Mr.Ohman the Engineer has resigned from this vessel. Would it be an infringement of the rules of the service for me to apply for the berth of engineer of L.V.#48. I have had considerable experience with stationary and hoisting and gasoline Marine engines, and having been associated with the oil engines on this vessel, and Relief L.V.#16 for over two years am confident of my ability to operate the same and fulfill duties of Engineer of this vessel, at present rate of pay for engineer. Thanking you for information asked for,

Sir:

October 28, 1932 at 11:30 a.m. sighted a 14-ft. flat bottom row boat with two men and one woman aboard having a hard time north of station trying to row for Harbor with a strong N.W. wind blowing. I immediately prepared service boat (14-ft. dory) with life preservers and proceeded to render assistance. Before I could reach them I saw their boat capsize and all three occupants thrown overboard. With the help of life preservers I managed to get woman in service boat and two men to cling to side of dory, one on each side of dory, and beach them S.E. of station, then had neighbors on beach to escort three persons in automobile to their destination. After much difficulty I salvaged their boat for them.

The Bureau is advised that there are no vacancies existing at the present time; neither is any contemplated to occur in the near future at any station in this district, including the Narragansett Bay section to which Joseph Dubois, present 2nd Assistant Keeper of Latimer Reef Light Station, could be transferred.

The fact must be noted that there are at present several keepers with considerable previous satisfactory service to their credit in this district who were placed on furlough at the close of June 30, 1933 on account of certain changes made at their stations resulting in the discontinuance of their position. Consideration must ben given to the rehiring of these men in the event of suitable vacancies beforeaction in so far as arrnaging transfer of the above 2nd Assistant Keeper can be taken.

It is suggested, however, that this man forward written request to this office through the Third Superintendent, and at the proper time consideration will be given to arranging his transfer to some station in this vicinity in the event of a suitable vacancy.

2. You are respectfully informed that no vacancy exists at the present time to which Mr. Dubois' transfer could be considered, and unfortunately there appears little prospect of any because of the fact that there are a number of surplus keepers in the Second Lighthouse District, who have been furloughed as a result of the economy program and who are in line for consideration for such vacancies as may occur. It is suggested, however, that Mr. Dubois submit application through the superintendent of his district in connection with the matter in order that he may be duly considered when opportunity occurs.

2. You are respectfully informed that the matter has been made of record and that Mr. DuBois will be considered for transfer upon the occurrence of a suitable vacancy. This office has to advise, however, that owing to the economy measures necessary to maintain expenditures within the appropriations, a number of keepers have been furloughed in the second lighthouse district, and in accordance with the policy of the Service these furloughed employees will be given special consideration for restoration to duty upon the occurrence of a suitable vacancy. Washington, D. C.

Dear Mr. Martin:

In further reference to your letter of May 30 in the interest of Mr. Joseph Dubois who desires transfer from his present position of keeper in the third lighthouse district to a position with family quarters either in the second or third district:

This office regrets to advise that there are no vacancies at the present time either in the second or third district at stations with family quarters. However, in the event of a vacancy due consideration will be given to his request, and to this end it is suggested that he file with the Superintendent of his district, a list of the stations for which he desires to be considered, this being the prescribed procedure of the Service for assisting keepers who desire transfer to other stations.

Very truly yours,

Honorable Charles L. Gifford
House of Representatives
Washington, D. C.

My dear Mr. Gifford:

Further reference is made to your letter of May 10, 1943, and to the acknowledgement from this office of May 15, 1943, regarding the desire of Lighthouse Keeper Joseph H. Dubois, Cape Poge Light Station, Edgartown, Massachusetts, to be inducted into the military branch of the Service.

The district office of this Service under whose immediate jurisdiction Mr. Dubois is employed, advises that it has no record of a communication from Mr. Dubois on or about December 26, 1939, to the effect that he desired to be inducted into the military establishment. One of the requirements for the induction of former Lighthouse Service employees into the military establishment of the Coast Guard pertained to age and length of service. It has been found upon a careful review of the record that since Mr. Dubois was born on February 15, 1889, and did not enter the Lighthouse Service until 1925, and since his service was not continuous from that date, he did not meet the requirements pertaining to age and length of service, and therefore was not eligible for induction under the Act of August 5, 1939.

For your information it is stated that according to the record this employee's health has not been particularly good since about 1935, and in January 1941, he was examined by the Public Health Service physician at Vineyard Haven, Massachusetts, and was indicated to be not fit for duty and to require treatment for approximately 30 days. More recently he was referred by the Marine Hospital at Brighton, Massachusetts, to the Marine Hospital at Baltimore, Maryland, for periodic treatment in connection with some physical ailment.

Sincerely yours,

ROBERT DONOHUE

To : Commandant.

Subject: DUBOIS, Joseph H., Civilian Keeper, Cape Poge Light Station.

Reference: (a) Headquarters' letter, 15 May, 1943 (CG-CP-75).

Inclosure: (A) Form 2522, dated 15 January, 1940, in the case of subject.

1. Headquarters is informed that no record of subject's letter dated 26 December, 1939, could be found in the District personnel folder.

2. The file transferred from the Lighthouse Service shows that subject's health has been poor as far back as October, 1935. Inclosure (A) is evidence of his physical condition on 15 January, 1941, which was approximately during the period when Lighthouse Keepers were processed from civilian to military pursuant to the Act of 5 August, 1939. Headquarters is further informed that subject has been given the Hotchkiss treatments periodically at the U. S. Marine Hospital at Baltimore, Maryland, to which place he was directed by the U. S. Marine Hospital, Brighton, Massachusetts. Dr. Kaufman of the latter Hospital informally advised this office that subject has a suspected case of cancer. He is still required to report periodically to the Hospital at Baltimore, Maryland. In order to avoid alarming subject or any members of his family, this office has been extremely cautious to informally advise his Commanding Officer to assign him to light duties and in the near future we may recommend his retirement on account of physical disability. This District has endeavored to extend subject every courtesy possible under the circumstances.

My dear Mr. Gifford:

In response to your letter of May 10, 1943, you are advised that the record in Coast Guard Headquarters does not contain the communication of December 26, 1939, from Keeper Joseph H. Dubois relative to induction into the military establishment of the Coast Guard.

However, I am having the matter investigated and will advise you further when adequate information is available.

Chief, Division of Personnel

Sir:

I shall appreciate it if your office can advise me what may be done to assist in the case outlined below.

Joseph H. Dubois, the lighthouse keeper at Cape Poge Light Station, Edgartown, Massachusetts, was advised of his right to apply for a change in status from civilian, to enlisted, personnel at the time the Lighthouse Service was taken over by the Coast Guard. According to my understanding, Mr. Dubois communicated with the District Coast Guard Office in Boston, under date of December 26, 1939, stating that he wished to be considered for such a change in status.

However, it appears that no acknowledgment was ever made of his letter and no action taken thereon. Mr. Dubois understands that the time has now expired during which he might have been transferred to the enlisted personnel and he has inquired of me what can be done in his case.

If it is a fact that Mr. Dubois did write to the District Coast Guard Office in December of 1939, it would seem that his failure to receive any reply may have been due to some oversight or error.

I shall appreciate it if you will advise me what can now be done to effect Mr. Dubois' admittance to the enlisted personnel of the Coast Guard.

Sincerely yours,

Charles L. Gifford
