SUBJECT: Temporary position as keeper.

1. Referring to your application filed in this office for the position of keeper or assistant keeper. Advise this office by return mail whether or not you would be willing to accept temporary appointment to the position of keeper of Morgan Point Light Station, located on shore near Noank, Connecticut, for a period covering probably one or two months time. The pay of this position is $83.50 per month, which consists of base pay at the rate of $720 per annum; a ration allowance of 45 cents per day which is paid in cash at the end of each month, and a temporary increase of $10 per month for the period up to June 30,1919. In order that you may not misunderstand the situation you are advised that a man now in the service has already been selected for appointment as keeper of this station but probably will not be able to enter on duty for a month or two. Family quarters are provided for the keeper. There is no assistant keeper. There are no furnishings in the quarters at this station for the use of the keeper, with the exception of a cook stove. Acceptance of temporary employment as stated above will not effect your chance for appointment at some other station in the event of a vacancy.
