FAULKINGHAM, Frank (227-273) BM1/c, USCG (Retired), S. W. Hrbr., Me.

Dear Sirs:

An old shipmate and friend of mine (I used to relieve him on Baker's Island Light, Frenchman's Bay, as BM1/C USCGR, in WWII) is Frank Faulkingham.

Frank Faulkingham, in connection with Social Security benefits, to which he may now be entitled, needs a certified copy of his record of birth,

Frank Faulkingham says that he was born at Jonesport, Maine, November 16th, 1888.

The Town Hall burned, and all the records with it. His own personal gear was lost at one time, and never recovered.

Hence, the Social Security people have agreed that a certified copy of a Coast Guard Record, dated well back before Social Security ever started in the 1930's, would suffice to establish his age.

Since Frank Faulkingham first joined the old U. S. Lighthouse Service on January 7, 1919, and he presumably gave his correct birth date at the time, there should be some record of it in his folder.

Will you please send down to me a certified copy of a Coast Guard record, showing Frank Faulkingham's date of birth, and that should be acceptable to the Social Security people.

Thank you very much indeed.

Very truly yours,

George B. Lauriat

Claims Division

Gentlemen:

Claim of Frank Faulkingham (227-273) BM1, U. S. Coast Guard (Retired), for an increased rate of retired pay over that rate which he was receiving during the period September 1, 1945 to June 30, 1946, is referred to your office for direct settlement. This claim for an increase in his retired pay is based on the fact that he was in receipt of retired pay based on his military service during the period Setpember 1, 1945 to June 30, 1946, which exceeded his "saved rate" of retired pay, excluding $240.00 per annum for quarters. Comptroller General's Decision B-70029 dated October 23, 1947, allowed former Lighthouse Service personnel to include the quarters allowance in computing their rate of retired pay. You will also note that Mr. Faulkingham was retired for physical disability, and therefore, his retired pay is not subject to a witholding tax.

Inclosed is Treasury Department Form 2249, showing the rate of pay he was receiving at the time of his change in status - from civilian to military. Also inclosed is a copy of his retirement letter dated August 25, 1945.

By direction of the Commandant.

Very truly yours,

The board met at 2:10 p.m.

Captain Frank M. Meals, U. S. Coast Guard, president;
Lieutenant Commander Charles T. Scott, U. S. Coast Guard Reserve, member;
Lieutenant James F. Farr, U. S. Coast Guard Reserve, member and recorder;
G. C. Lake, Medical Director, U. S. Public Health Service, member; and
J. R. Nickerson, Passed Assistant Surgeon, U. S. Public Health Service (Reserve), member.

George J. Apostolos (594-786), Yeoman, first class, U. S. Coast Guard Reserve, entered as reporter and was duly sworn.

Frank Faulkingham (227-273), Boatswain's Mate, first class, U. S. Coast Guard, the party under examination, entered and stated that he did not desire counsel.

The recorder read the precepts and the order to the party under examination, copies hereto prefixed marked "A", "A-1", "A-2", "A-3", "B", and "C".

The party under examination was informed of his rights.

The party under examination stated that he did not object to any member.

The board and the recorder were duly sworn.

No witnesses not otherwise connected with the inquiry were present.

A letter appended marked "D", was received from Headquarters transmitting papers which are marked "D-1" through "D-9", inclusive. These papers were examined and read by the board.

Prior to the meeting of the board, the medical members had been directed to examine into the past and present physical and mental condition of the party under examination, therefore, it was unnecessary for the board to adjourn at this time for this purpose; copy of letter of instructions here appended marked "E".

The party under examination was asked if he wished to be retired and he replied as follows:

> "Well, sir, I really can't do the work on the station. I haven't been doing it for some time. I'm not able to do it".

The party under examination was again asked if he wished to be retired and replied as follows:

> "Yes. There is no use of my staying on and keeping another man with me and me not doing anything".

The party under examination was duly sworn as a witness and took seat as such.

Examined by the recorder:

1-Q Give us your full name, rate and present station.
A Frank Faulkingham (227-273), stationed at Southwest Harbor, Maine. I'm a boatswain's mate, first class.

2-Q How old are you and how long have you been in the service?
A I'll be 55 years old the 16th of November, and I've been in the service 26 years, 6 months, the 7th day of this month.

3-Q Have you had any other military service?
A No, sir.

4-Q How long have you been at Southwest Harbor?
A 13 years, this November coming.

5-Q What have you been doing there?
A I'm at the station, sir.

6-Q Will you describe to us the nature of your disability, that is, how you feel?
A I'm pretty lame. It bothers me if I stand any length of time in my ankles. My hands bother me and my shoulders bother me in wet weather, and I don't know exactly how long I've been this way, but I've been this way for, I'd say, 7 or 8 years, anyway.

7-Q Is you condition changing any?
A You mean getting worse? Yes, it is getting worse all the time.

8-Q How much movement have you got in your arms?
A I can move them this way (raises his arms in front of him), but I can't get them up this way (attempting to raise arms up from his sides).

9-Q About a foot from your side?
A Yes, it hurts in my neck and shoulder.

By medical Director G. C. Lake:

Can you see how the palms of ~~your~~ his hands are wrinkled and shrunken down and the fingers are stiff?

By Passed Assistant Surgeon J. R. Nickerson:

He can't straighten his fingers out and he doesn't have a very good grip.

By the party under examination:

I can hardly lift my arms or pick up anything.

Examined by the medical members of the board:

10-Q I noticed you had a little difficulty walking up stairs. Does that bother you very much?
A Yes, if I walk any distance it bothers me.

Examined by the recorder:

11-Q In your opinion, you are not able to perform the duties of a boatswain's mate, first class?
A No, sir.

Neither the board nor the recorder desired further to examine this witness.

The board informed the witness that he was privileged to make any further statement relative to his case which he thought should be a matter of record in connection therewith, which had not been fully brought out by the previous questioning.

The witness stated that he had nothing further to say.

The witness resumed his seat as the party under examination.

The report of the medical members of the board was submitted and sworn to, read, and appended marked "F" and "F-1".

Passed Assistant Surgeon (R), J. R. Nickerson, the junior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1-Q Will you indicate from what cause Faulkingham's disability proceeds?
A His disability is due to Early Dupuytren's Contractures, bilateral, Periarticular fibrositis of shoulders associated with osteoarthritis of the cervical spine, and moderate hypertension.

2-Q Is that a permanent disability?
A Yes, it is permanent.

3-Q Is it static or progressive?
A Progressive.

4-Q Is it such as to incapacitate him for active Coast Guard service?
A I believe it is.

5-Q Have all reasonable measures for the amelioration of the disabling condition been tried?
A Yes, they have.

6-Q Is his condition the result of an incident of service?
A It is an incident of service.

7-Q Was there any information before the medical members of the board which would lead you to believe that his present condition is due to vicious practices of his own.
A No, there is none.

Neither the board, the recorder nor the party under examination desired further to examine this witness.

The witness resumed his seat as a member of the board.

Medical Director G. C. Lake, U. S. Public Health Service, the senior medical member of the board, was duly sworn as a witness.

Examined by the recorder:

1-Q Will you tell us, Dr. Lake, from what cause Faulkingham's disability proceeds?
A From Early Dupuytren's Contractures, bilateral, Periarticular fibrositis of shoulders associated with osteoarthritis of the cervical spine, and moderate hypertension.

2-Q Is that disability permanent?
A Yes.

3-Q Is it static or progressive?
A It is progressive.

4-Q Is it such as to incapacitate him for active Coast Guard service?
A I believe it is.

5-Q Have all reasonable measures for the amelioration of the disabling condition been tried?
A They have.

6-Q Is his disability the result of an incident of service?
A Yes, it is an incident of service.

7-Q Was there any information before the medical members of the board which would lead you to believe that his present condition is due to vicious practices of his own?
A No, there were none.

Neither the board, the recorder, nor the party under examination desired further to examine this witness.

The witness resumed his seat as a member of the board.

Neither the board, the recorder, nor the party under examination desired to call any more witnesses.

Frank Faulkingham (227-273), Boatswain's Mate, first class, U. S. Coast Guard, the party under examination, desired neither to submit a statement nor to make an argument.

The recorder desired to make no argument.

The inquiry was finished, the party thereto withdrawing, having been informed that he would receive due notification when he might regard himself as discharged from further attendance before the board.

After full and mature deliberation, the board finds as follows:

FACTS ARE AS FOLLOWS: 55 YEAR OLD WHITE MALE, ADMITTED TO HOSPITAL BECAUSE OF PAIN IN BOTH SHOULDERS OF ABOUT 3 YEARS DURATION, WHICH HE STATES IS OF SUCH SEVERITY AS TO MAKE PERFORMANCE OF HIS DUTIES ALMOST IMPOSSIBLE. PHYSICAL EXAMINATION REVEALS NO JOINT DEFORMITY; BUT EXTENSION OF THE RIGHT ARM BEYOND A RIGHT ANGLE WITH THE TRUNK PRODUCES SEVERE PAIN IN THE RIGHT SHOULDER. THERE IS ALSO CONSIDERABLE PAIN ON FORWARD FLEXION OF THE HEAD. THERE IS MODERATE DEGREE OF DUPUYTREN'S CONTRACTURE OF THE PALMAR FASCIA OF EACH HAND. X-RAY REVEALS MARKED LIPPING AND SPUR FORMATION OF THE CERVICAL VERTEBRAE, BUT NO ABNORMALITY OF THE RIGHT SHOULDER JOINT. URINE ANALYSIS AND BLOOD COUNT WERE WITHIN NORMAL LIMITS, AS IS THE ERYTHROCYTE SEDIMENTATION RATE. IN VIEW OF THESE FINDINGS IT IS RECOMMENDED THAT THIS MAN BE PLACED ON A LIMITED DUTY STATUS, CLASS "M". IT IS QUITE POSSIBLE THAT IN THE FUTURE A BOARD OF SURVEY MAY RECOMMEND MEDICAL DISCHARGE; BUT IN VIEW OF THIS MAN'S MANY YEARS OF SERVICE IT IS FELT THAT AN ATTEMPT SHOULD BE MADE TO RETAIN HIM ON A LIMITED DUTY STATUS.

FROM: Medical Director G.C.Lake and P.A.Surg.(R) J.R.Nickerson

TO: President, U. S. Coast Guard Retiring Board

SUBJECT: Examination of FRANK FAULKINGHAM (227-273) Boatswain's Mate, 1/c, U.S. Coast Guard.

We have carefully and separately examined Frank Faulkingham, BM, 1/c, as to his past and present physical and mental condition together with the records pertaining to his case and following is our report:

Frank Faulkingham is 54 years and 7 months old. He has served 4 years in the U. S. Coast Guard, and 22 years, 5 months and 3 days in the Lighthouse Service.

The subject-named man has suffered from various minor ailments, also severe appendicitis in 1937 from which he made a complete recovery, up to the onset of the condition for which he is now being examined.

He was seen at the Marine Hospital at Portland, Maine on 3/5/45, complaining of pain in his shoulders. A Board of Medical Survey was held on 3/12/45 and reported the following findings:

"55 year old white male, admitted to hospital because of pain in both shoulders of about 3 years duration, which he states is of such severity as to make performance of his duties almost impossible. Physical examination reveals no joint deformity; but extension of the right arm beyond a right angle with the trunk produces severe pain in right shoulder. There is also considerable pain on forward flexion of the head. There is moderate degree of Dupuytrens Contracture of the palmar fascia of each hand. X-ray reveals marked lipping and spur formation of the cervical vertebrae, but no abnormality of the right shoulder joint. Urinalysis and blood count were within normal limits, as is the erythrocyte sedimentation rate. In view of these findings it is recommended that this man be placed on a limited duty status, Class "M". It is quite possible that in the future a Board of Survey may recommend medical discharge; but in view of this man's many years of service it is felt that an attempt should be made

"2"

to retain him on a limited duty status."

He was discharged from that hospital with recommendation of from two to three weeks of light duty. Subject-named man now states that all his symptoms date from 1941, at which time he began to have some pain in his shoulders and stiffness and weakness of his hands. He got along quite well for a couple of years, although he continued to have some trouble. About two years ago pains in his shoulders became so severe that he had difficulty performing his duties. During the past year condition has become progressively worse until now he states that he is unable to do any work requiring extended use of his hands and arms.

Physical examination now shows a blood pressure of 160/100. Other positive significant findings are limited to arms, shoulders and the neck. There is no atrophy or paralysis of either arm. There is 30° limitation of abduction at the shoulder on the left, external rotation is limited to 50% and internal rotation is normal. On the right there is 150° limitation of abduction at the shoulder, 10% limitation of external rotation and 10% loss of internal rotation. There is pain on all extremes of motions at both shoulders. The palmar skin is wrinkled and firmly attached to the deep structures in both palms causing limitation of extension of the ring and middle fingers, bilaterally. There is limitation of all motions of the neck and pain on all motions of the neck. X-ray reveals marked lipping and spur formation of the cervical vertebrae. Other laboratory data, including urinalysis and blood count are within normal limits.

We believe that Frank Faulkingham, BM, 1/c, U.S. Coast Guard, is suffering from:

(1) Early Dupuytrens Contractures, bilateral.
(2) ~~Periarterial~~ Periarticular fibrositis of shoulders associated with osteoarthritis of the cervical spine.
(3) Moderate hypertension.

In the past two years he has been given intensive symptomatic treatment without relief and symptoms have become progressively more severe.

We believe that all reasonable measures for the amelioration of this man's disabilities have been tried. We consider his disabilities to be permanent, by reason of which he is incapacitated for further service in the U.S. Coast Guard. We believe that his disabilities are incident to service and not the result of misconduct or his own vicious habits.

COMMANDING OFFICER, S.W.HBR.BASE, ME.

May 10 1944

Dear Clint,

Hold on to this letter; it will tell you a lot of things you may need to know while I'm away. The Coast Guard wants you to have this information so that you will know about, and be prepared to benefit from, the assistance and protection to which you are entitled.

First, there's my service number: 127-173 Always use it when writing the Navy Department (Coast Guard) or other official organizations on service matters concerning me. Give them my name, rating (or rank) and service number like this: Faulkingham Frank B.M 1/c 127-173

I've applied for family allowance and you should receive each month $_____. In addition, I've allotted directly out of my pay $ 84 each month to Lizzie O. Faulkingham South West Harbor Me. if you change your address, the check is not received, or a mistake is made in the amount, write to the Field Branch, Bureau of Supplies and Accounts, (Family Allowance Division), Navy Department, Cleveland, Ohio.

I have authorized an allotment of $_____per month for war bonds, which are being mailed to_____.
I have taken out $_____worth of National Service Life Insurance, Policy No._____(if known).....The premiums are being paid by (allotment from my pay) (direct payment to Veteran's Administration).

I also have $ 1000.00 worth of private company life insurance issued by Mass. Protective Life Insurance Co. Policy No. 53879. The Premiums are being (paid by allotment from my pay) (paid directly to the company) (postponed under the provisions of the Soldier's and Sailor's Civil Relief Act).

On the back of this letter is a list of my valuable papers and where to find them. You may be asked to furnish certified or photostatic copies of my birth certificate and (in the case of wives) our marriage certificates, so be sure to have them available.

Now for all the "ifs" that might come up:
If you need advice on medical problems or hospital treatment, talk to your local Red Cross Chapter
If you can't meet any of your debts, or pay our commercial life insurance premiums when they are due, see our lawyer, _____, the legal assistance officer at any Naval or Coast Guard establishment, the Chairman of your State Bar Association, the American Red Cross, or a Veteran's Organization about the Soldiers' and Sailors' Civil Relief Act.

If you have urgent need for money, and need financial aid, go to the Navy Relief Society, if there is an auxiliary of the society near you; otherwise, to the American Red Cross. I would be able to repay a loan by allotment from my Service Account at the rate of (up to) $ 15.00 per month.

If you want to move back to our permanent home (if not there now), get information from the Supply Officer at any Navy or Coast Guard Station, for reimbursement by the Navy or Coast Guard for transportation of my family and household goods to our permanent home.

If you are unable to pay and Federal Income Tax I may owe, when it is due, go to any Office of Collector of Internal Revenue and fill out their form explaining the reason you can't pay, and request that payment be deferred until six months until my Naval Or Coast Guard Service ends.

If I am wounded, you may be notified, although of course, I will probably be writing you myself. If I am disabled, and entitled to disability benefits after my discharge, these will be arranged through the U. S. Veterans' Administration, Washington 25, D.C.

If I am reported missing, missing in action, or captured by the enemy, my pay and allowances will go right on. My insurance allotments will continue, and so will any allotment for the support of a dependent, if designated as such. If the allotment should prove insufficient for your reasonable support, write to the Commandant, U. S. Coast Guard, Washington, 25, D.C., requesting that it be increased. If there is any change in my status, the Commandant will notify you as soon as possible. If my commercial life insurance premiums are not paid by allotment notify the Commandant immediately, giving them the name and address of the insurance company, the policy number, and the amount of the premium.

If I should die while on active duty, you are entitled to six month's pay in a lump sum. Claim blanks for this will be sent to you. If you do not receive them, write to the Commandant, U. S. Coast Guard Washington, 25, D.C.. Settlement will also be made of any pay remaining due me, and any savings on deposit with the Paymaster. Claims are paid by the Claims Division, General Accounting Office, Washington, 25, D.C. but the proper forms will be sent by the Commandant of the Coast Guard without request.

My National Service Life Insurance would be paid to the designated beneficiary in monthly installments. If my beneficiary were aged_____at that time, the monthly installments would be about$_____. In the event of my death, the Coast Guard Headquarters would notify the Veterans' Administration, which maintains the insurance records. They would forward you the necessary blanks on which to file demand for payment. Address U. S. Veterans' Administration, Washington, 25, D.C.

To see if you are entitled to a pension, go to the local American Red Cross or Veterans' Administration office, and make your application to Dependents' Claims Service, U. S. Veterans' Administration, Washington, 25, D.C. The pension is in addition to my government insurance, and would probably be, in your case, about $_____a month. (Also, pension of $45.00 a month is payable to a dependent parent, $25.00 each if there are two).

I have (have not) executed a power of attorney, naming_____ _____. You will find it (inclosed with this letter) (among my valuable papers). A copy of my will is (inclosed in this letter) (among my valuable papers).

If you need legal advice or assistance, see one of the following: our own attorney,_____, the Legal Assistance officer at any Coast Guard or naval establishment, a civilian attorney, a member of the Selective Service Advisory Board who is an attorney, a member of the local Bar Committee on War Work (an activity of the American Bar Association), or a member of the armed forces who is a licensed attorney.

Remember the agencies that can help you -- the Commandant of the Coast Guard, Navy Relief Society, the American Red Cross, the Veterans' Administration, and the welfare and recreation officer and chaplains at any Coast Guard or Naval Station, ready at all times to guide and assist you.

DEPARTMENT OF COMMERCE
LIGHTHOUSE SERVICE

First District

Moosepeak Lt. Sta.

July 22, 1932.

Superintendent of Lighthouses,

Portland, Maine.

Sir:

I finished work at this station today and am leaving today for Petit Manan. The entire fog signal apparatus has been thoroughly overhauled and is now in first-class condition.

Please note that I have put a little stronger certification on the engine record for this station.

The condition of the fog signal apparatus as reported by the assistant keeper was somewhat exaggerated. Engines were in good working order except that one vaporizer was out of order, and the only good vaporizer was being shifted back and forth between the two units. One whistle clock was also out of commission; also lubricating oil supply ran out.

These things should have been reported to the office in the beginning and I have again cautioned keeper in regard to this. Fog signal however has a better general appearance than on my previous two visits here.

I have requested keeper to send in for repairs, 2 vaporizers complete for H.A. engines, and one whistle clock; also one stop watch for replacement. Have also asked him to requisition vaporizer and other spare parts for IOV light which should be on hand.

The practice of cleaning IOV vaporizers but once in four or five days is still being kept up here. The vaporizers are not soaked in kerosene and cleaned every day with a brush as is the practice at other station, but are ram rodded out with a piece of copper wire every four or five days. Consequence is accumulation of carbon and wires broken off in vaporizers.

The unjacketed vaporizer cap #4 for H.A. engines requisitioned by keeper is needed soon as the one now in use has a small hole coming in it.

Respectfully,

LETTER OF CAUTION

1. According to report on your station, as submitted by Machinist Morong, you have been keeping your station short of necessary spare parts, such as only one unjacketed vaporizer at station to use on two fog signal engines, and not enough spare parts for IOV light.

2. You are cautioned to make out requisition for such spare parts as are needed for the proper upkeep of your station, so that if anything breaks or is disabled you have spare parts to make repairs and adjustments with. Important light and fog signal stations, such as Moosepeak, are equipped with two fog signal engines, spare parts for light and two keepers, so it may be an absolutely dependable aid to navigation, and you are there to see that such spare parts are on hand, and are in such condition that they can be used immediately in an emergency. If such parts are not on hand, and the light or fog signal is out of commission through such neglect on your part, it is cause for your dismissal from the service.

3. Be guided accordingly in future.

CAUTIONARY LETTER.

Frank Faulkingham,
Keeper, Moose Peak LH., Me.

1. Your monthly report, form 65, for July is again returned - for the third time - for correction of information under item 8.

2. The printed lay-out of item 8 is sufficiently explanatory of the form in which report of absences is to be made to require no further explanation or instruction. Re-submit the form, properly executed, using each column under item 8 for what it was intended.

3. The records show that as originally received, your report failed to include entries under item 8 to cover your absence from July 3 to 16 and Asst. Keeper's (Wilson) absence from July 16 to 27, that the report was returned to you with memo attached requesting the insertion of this information, was again received without these entries, and returned by letter of August 15, 1932, specifically directing that you "insert in detail x x all absences in excess of six hours". Notwithstanding these explicit instructions, your report was received back here showing merely the fact that you left the station on July 3 and that Mr. Wilson left the station on July 16, neither the hour of departure nor date and hour of return being shown in either case.

4. The only exception to the requirement that absences be reported in detail as to date and hour of departure and return is in the case of absences covered by Article 135, Instructions to Employees, 1927, 1st paragraph, i. e. absences not exceeding six hours for any of the reasons stated therein, which absences you were authorized by memorandum sent all keepers in 1928, to report as to dates only for each keeper. Nowhere in any instructions furnished you is there any authority for you to omit a detailed record of all absences in your "Record of Absences," form 303, as required by paragraph 2 of printed instructions therein, nor to omit from your monthly report, form 65, a detailed record of all absences of over six hours and all absences at night (after sunset).

5. The necessity for returning this report to you three times denotes either a lack of the required intelligence for the position of principal keeper, negligence in keeping your records and submitting your reports, or an utter disregard of instructions furnished you, and as the instructions regarding this matter are so simple and plain that anyone should be able to understand and follow them to the letter, it must be assumed as attributable to one of the latter two reasons. In any event you are cautioned that any further failure to observe strictly instructions regarding this and

other reports or records will be deemed justification for disciplinary action.

Your nominations of September 15 for the exchange of positions of Keepers Frank Faulkingham and Joseph Muise are herewith returned. The former rule as to making transfers at the corresponding salary step will continue operative when the effect is to decrease pay, but it will not be operative when the effect is to increase pay, in the latter case the pay to be at the minimum of the new range or at a step in the new range not exceeding the transferred employee's present pay if practicable. In this connection it appears that the case of Faulkingham could be approved without Presidential authority. However, the transfer of Muise from $1380 (1380-1740) to $1440 ($1440-1800) involves an administrative promotion to a higher grade for which Presidential authority must be obtained and therefore justification must be submitted, although the total cost to the Service would not be increased. Resubmit both cases accordingly if you desire.

1. Your letter of the 20th, offering as a reason for your not showing the Assistant Keeper, Moose Peak Lighthouse, while keeper of that station, my letter of October 25, 1932, regarding assistance to be granted workmen, as directed therein, the fact that the letter was misplaced by your wife and later found among your personal effects upon arrival at Baker Island Lighthouse:

2. This reason is not considered sufficient to excuse your failure to obey orders. Official correspondence should not be handled by your wife. Any letter received from this office should be thoroughly read immediately upon receiving it, and if it contains orders these orders must be carried out at the first possible moment, after which the letter should be filed in a gum-stub letter file, such as are provided for the purpose upon requisition.

Frank Faulkingham - Follow-up report on caution.

1. Since the Superintendent's letter of caution, dated July 27, 1932, the efficiency of this keeper with respect to the lack of attention for which he was cautioned has shown some improvement and he has performed his duties in a degree consistent with his capabilities and general makeup, with the exceptions noted in cautionary letters, dated Augusut 23, 1932, and December 22, 1932.

2. I am not yet satisfied, however, that this man should be retained in the Service, and as he has but recently been transferred to a one-keeper station which was in A-1 condition when he assumed charge of it a careful check on subsequent developments thereat will be maintained and should he fail to keep the station up to the standard maintained by his predecessor, recommendation for suitable disciplinary action will follow.

With reference to your reply of December 10 to my letter of the 7th regarding light at your station showing fixed at 5.00 a.m. of December 5, you are informed that your explanation for the failure of your light to show its proper characteristic is not satisfactory. You should see that your apparatus is in good condition at all times; that is what you are there for, and what will be required of you in the future.

It is a serious thing to exhibit a false light along the coast which might lead to disaster. It is hoped that there will not be any further complaints, and you are cautioned to see that there are none for which you are responsible as I will be compelled to take drastic action if there should be.
